**Shipping rates** are additional and are available instantly online. Items ship direct from the manufacturers to your facility. Smaller items can ship UPS but a majority of products will be sent via motor freight using one or more of the following procedures:

**Standard tailgate** is the most economical method and requires that someone is available at delivery to inspect, sign receipt and unload product off the truck's tailgate and into your facility.

**Liftgate service** is a recommended add-on for facilities that do not have a loading dock or personnel/equipment needed to lower large or heavy freight to the ground level.

**Inside Delivery** service is available for an upcharge; however the driver may still need assistance with oversized products. Inside delivery service is first floor, threshold delivery only.

**Return authorizations** are issued before any merchandise may be returned. Most shipments may be returned, but may be subject to restocking and return shipping fees.

**Damages** should be noted on the delivery receipt at the time of delivery. Inspect all cartons for damage or shortages and report them within 5 days to our customer service team. Digital photos may be requested to expedite replacements.

**Billing accounts** are standard with schools and other established educational institutions. Commercial and business firms desiring to establish credit, please email a request to [accounting@worthingtondirect.com](mailto:accounting@worthingtondirect.com). Terms: Net 30 days.

**Financing** is available through LeaseProcess. For details and to submit an application, please go online: [leaseprocess.com/app-worthington](http://leaseprocess.com/app-worthington).

**Sales Tax** is required on orders in all states, unless you are tax-exempt and can provide us with a certificate, or already have one on file with us.

**Prices:** Printed prices are subject to change without notice due to unforeseen cost fluctuations of raw materials and imported products. Please visit our website for current pricing; many times pricing may be lower due to online promotions.
