Ever since I was a young child I have wanted to be an artist. Between then and now I have experienced so many special moments in nature, and this has inspired my artworks in so many ways. Whenever I have been in nature I have noticed details of shapes, light and colour. I am often reflecting on how to capture the beauty of nature in art.

In my retirement years from full time employment, I pursued my interest in creating metal garden art sculptures as a hobby. The artwork is made from recycled materials. My main passion is creating different species of birds from scrap metal. My sculptures are created with a welder, angle grinder and basic tools of the trade.

Jenny has recently sold the old storeroom of memories in her home and is now venturing outside to look at the world that surrounded that home.

Laurie Allison Bullied

This exhibition will mostly feature contemporary figurative works that often incorporate stencilling, rich textural and gold leaf elements and atmospheric, slightly abstracted landscapes that strive for beautiful colour harmonies.

Su Berghuis-Garde

Born in Adelaide, visual arts studies at UWCSEA Singapore, Claremont School of Art and ECU, Bunbury, and travel to France and Italy...it all seeps in, and maps a story. The creative act is a refuge; a place to sort through memory and mystery. In making images—in that space of colour, shape and line—we can explore what takes place beyond words.

susan.garde1957@gmail.com 0427 184 956

Gemma Lawlor

Artwork that is semi abstract and sometimes a little fanciful, creating a surreal element in the composition. Using a mixture of perspectives, her artwork combines texturally painted backgrounds and layered collage of botanical prints from her garden and the native bush. The main focus of her work is capturing the strange beauty of Australian landscapes.

The Rotary Tour of the Blackwood 9 March 2024

All funds raised go toward Youth Mental Health in the Blackwood region.

The major recipient is the BYA based in Bridgetown.

The Rotary Tour of the Blackwood is one of the most challenging rides in Western Australia.

Starting by the banks of the mighty Blackwood River, the Full Tour meanders some 130km through stunning countryside between beautiful Bridgetown and the magical townsites of Balingup and Nannup, and features over 2000m of climbing including a Category 4 ascent toward the finish line.

The beautiful Half n Best 65km and new Not-So-Cozy 30km courses are great fun too!

The Blackwood Marathon that started in 1979, is a relay race held annually on the last Saturday of October.

The competitors enter this event in teams of 5 members, or ironmen and ironwomen: a runner, a canoeist, a swimmer, an equestrian (optional) and a cyclist.

The race begins in the town of Boyup Brook and finishes in Bridgetown after journeying around 60kms through some of Western Australia's most picturesque countryside in the Blackwood River Valley.
