Howdy Friends,

We know what a busy time of year it is, so we appreciate the time you have taken to support our program! Most of the next set of calves are on the ground here at Cardinal Charolais and breeding decisions are being made currently, as ciders have been placed in the heifers and will be AI bred right after the sale.

A big percentage of Cardinal bulls go to the high country. Customers tell us they are athletic with a big foot that can travel to the top. We develop the bulls here at the ranch with an emphasis on longevity and a lifetime of breeding soundness. They are built to get out and move, in either tough sand and sage or rocky mountains.

Two new herd sires are being introduced this year. The Bar Six Bull came from Oregon, where the cattle run in big country! The cows are range-calved on their own!! They are gathered at weaning and then their calves are DNA'd for parentage. Bar Six offspring boast tremendous muscle expression, like our Cardinals Pure Power, yet they have the small heads with smooth shoulders for calving ease that reminds us of our Cardinals Duke.

Red Wolf is a Gentle Purebred Red Factor Charolais Bull from Effertz Key Ranch, North Dakota. Several of our most successful herd sires have come from them and we count Effertz as part of our trusted Charolais family.

Red Charolais was added to our bull battery with one idea in mind, to offer you the ability to breed heterosis into your herd while maintaining a darker color in your calf crop. The red factor genetics are showing impressive length and depth while reducing birth weights and pushing weaning weights higher. By being a purebred Continental, they will fully express hybrid vigor on British cattle, resulting in extra performance that will go on to kick butt in the feed yard.

Just as I predicted in last years letter, "it is an exciting time to be in the Cattle Business!"

Talk to you soon, Pat, Luan, Michael & Samantha

SUNRISE AT PREWITT RESERVIOR

BID FROM WITH ANYWHERE

• VIEWING THE AUCTION

Just go to www.live-ag.com and hit the the purebred auctions tab and scroll to Cardinal Charolais.

The videos and catalog are just a click away.

No account is needed to watch the auction or view videos of the sale offering.

• ONLINE BIDDING

Just go to www.live-ag.com and “create an account”, scroll to Cardinal Charolais and click register to bid.

• NEED HELP

CALL (817) 533-6699 for questions.

a powerful
dna selection tool
for your herd

Q•select

Select the traits you want in your herd

Q-select focuses on beef production traits that are economically important. Choose the traits that are important to you and identify which animals carry the essential DNA genetics to promote those traits in your herd. Pair Q-select genotypes with other physical attributes to select the best bulls.

Each genetic marker has undergone extensive peer reviewed research studies, and the economic traits that have been associated with each genetic marker have been proven through rigorous large scale testing.

Genotype, double starred, (★★) fed cattle are more profitable than lean genotype (no starred). Differences in profit range from \$14 to \$60 per head, Dr. Eric DeYuyst, OSU Ag Economist wrote in the circular "The Economics of Gene Testing.
