Discover the Solymar Muses

In the heart of Hotel's lobby stands a painting of two bohemian ladies—the Solymar Muses. Representing a painter and a poet, they inspire creativity and individuality, inviting guests to embark on their own artistic journeys.

A Mythical Connection: Inspired by ancient muses who guided poets and artists, the Solymar Muses embody timeless creativity, reminding us that beauty lies in art, nature, and connection.

Their Story: In a sunlit coastal town, two friends—a painter and a poet—found inspiration in shared adventures. From sandy shores to vibrant markets, they expressed life's beauty through art and words, becoming symbols of freedom and self-expression.

Your Creative Invitation: More than a painting, the Solymar Muses encourage guests to explore their inner muse—through art, music, or conversation. Take a moment in our lobby to reflect on your inspirations and share your story.

Sustainability at Solymar

At Solymar, we embrace eco-friendly practices like towel conservation, water-efficient fixtures, and biodegradable amenities, offering a luxurious and sustainable experience.
