

Caspian®

Automotive Adhesives

CBTR10 Primerless Polyurethane Adhesive

Features

Strong bonding - High flexibility - Non-toxic and odorless - Resistant to acid and alkaline - Paintable

Applications

Car glass installation, Heavy & semi-heavy vehicles, sports and fishing boats manufacturing industry

Packaging & Color

- 600mL Sausage
- Black & White

BETASEAL 1125 Primerless Polyurethane Adhesive

Features

UV resistant - Paintable - Humidity resistant - High flexibility

Applications

Ideal for glass installation across a range of light and heavy vehicles, as well as light aircraft and ships

Packaging & Color

- 600mL Sausage
- Black

Seam Sealer

Features

For soundproofing and sealing of the vehicle cabin - Higher rheology than other plastisols, easily extruded up to 2cm thickness - Thermal resistant - Resistant to possible stresses inside the body

Applications

Applicable by nozzle on the door and hood joints - Used in car roof gutter, door protector and around car lights

Packaging

- 25Kg Container
- 100-250Kg Barrel
- 1250 & 1350Kg Tanker

Setting Sealer (EP-268)

Features

Modified type of seam sealer - Using in very large areas and gaps where the seam sealer is unusable - Lighter than seam sealer and easily extruded up to 4 cm thickness - Very high tensile and shear strength - Excellent compatible with ED and primers

Applications

Suitable for using on the door and hood gaps - In the waterways of the roof and around car lights

Packaging

- 25Kg Container
- 100-250Kg Barrel

BETAPRIME 5500 Primer

Features

Low odor - Proper curing time

Applications

Enhance bonding and adhesion between surfaces, Enhance the adhesion of polyurethane adhesive to glass and metal

Packaging

- 1L Metal Bottle

BETACLEAN 3300 Glass Cleaner

Features

Based on organic solvents

Applications

Cleaning greases from glass and body surfaces before bonding

Packaging

- 1L Polyethylene Bottle

Betaguard Bi-functional Coating DC 2010/5 I

Features

Sprayable and extrudable - Resistant to corrosion, humidity, impact, bending and stone chips - Compatible with ED and primer - Long expiration date

Applications

Used for soundproofing and sealing in the vehicle's cabin and preventing abrasion under the car body

Packaging

- 20Kg Container
- 100-200Kg Barrel
- 1200Kg Tanker

Underbody Coating

Features

Proper rheology for thickening of car underbody up to 1500 microns without sagging - Use with conic spray and flat shape nozzles

Applications

Protecting the vehicle's underbody against stone chipping and humidity - Enhancing resistance of car underbody against decay

Packaging

- 25Kg Container
- 100-250Kg Barrel
- 1250Kg Tanker

Application of Products

Mazda Gasket Maker

Features

High temperature resistant up to 330 °C - High resistance to water - UV radiation - Ozone and chemicals
High elasticity after curing - Excellent adhesion and durability - No shrinkage when fully cured

Applications

For cylinder heat gaskets, sealing heat exchanger joints, electrical insulation, cooking utensils, motor vehicles and flanges

Packaging & Color

- 30gr & 85gr Tube, 340gr Cartridge
- Grey, Black, Red

Special Black Silicone

Features

Humidity and high temperature resistant - Stable against oxidation from ozone - thermal and optical radiation and humidity - Anti-bacterial

Applications

Specifically for installing vehicle glass

Packaging & Color

- 600mL Sausage & 330gr Cartridge
- Black

Neutral Silicones

Features

Odorless and suitable for small and without air conditioner spaces - Durable - Waterproof and Flexible - Anti-bacterial - Humidity and high temperature resistant

Applications

Designed for mirrors, glass, vehicle lights, steel parts, metal surfaces, various plastics, and polycarbonates

Packaging & Color

- 600mL Sausage & 330gr Cartridge
- Transparent, Black & White

All-purpose Silicones

Features

Wide range of application - Durable - waterproof and flexible - Anti-bacterial - Humidity and high temperature resistant

Applications

Suitable for installing decorative vehicle parts

Packaging & Color

- 600mL Sausage, 330gr Cartridge, 85gr & 30gr Tubes
- Transparent, Black & White

Viscosil Neutral Gasket Maker

Features

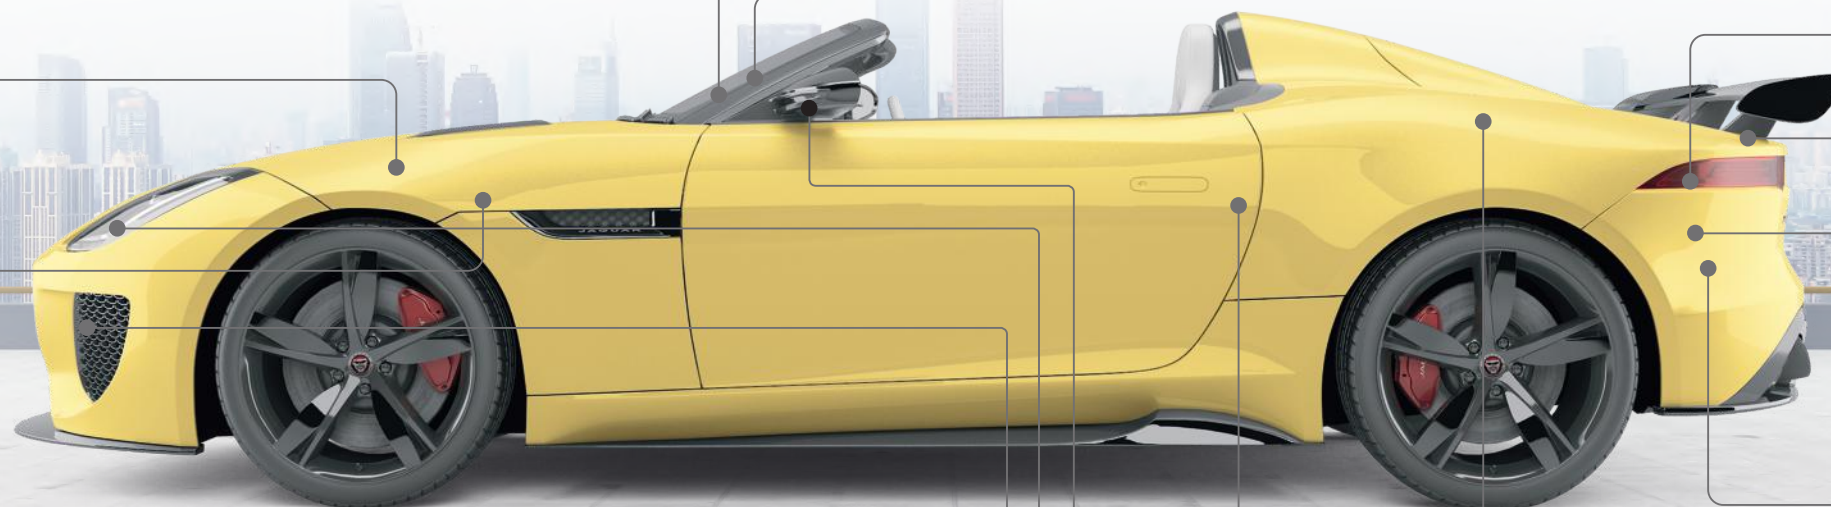

German technology - Outstanding temperature resistance to 330°C
Neutral formula - Low odor - Suitable for oxygen sensor equipped engines - Excellent resistance against petrol - diesel & biodiesel fuels - oils - grease - lubricants - water - seawater - sunlight and ozone - Non corrosive - Optimum cure rate - Permanent elasticity

Applications

All surfaces in engine, gearbox, drive axle & cylinder, Excellently suited for rough sealing surface, All usage in all motors, modern vehicles and heavy duties

Packaging & Color

- 30gr & 85gr Tube
- Dark Grey

Caspian Fast Adhesive & Super Glue

Features

Based on cyanoacrylate - Instant & strong bond - Excellent Strength - Transparent - High resistance against humidity, water and oils

Applications

Bonds rubber components, door seals, and other small vehicle parts

Packaging & Color

- Fast Adhesive: 100 & 200 & 400mL Spray
- Super Glue: 3mL Tube

Automotive Adhesive

Features

Modified oxime with customized formula for car trims - High resistance to water - UV radiation - Ozone and chemicals - No shrinkage when cured - Non corrosive - Very good adhesion on different types of surfaces

Applications

Automotive trim, mirror, headlight, decorative parts, polymer surfaces, glass and steel

Packaging & Color

- 30gr Tube
- Transparent & Black

Industrial (Metalplast), Contact & Premium Contact Adhesives

Features

Variety of formulations (C.R & S.B.R based) - German Technology - For professional & industrial applications - Fast drying formula - Strong adhesion - Rapid adhesion - Contains adhesion enhancers - Resistance of glue joint against water, detergent, heat, low temperature, diluted acidic and alkaline environments

Applications

Suitable for bonding carpets & various types of vehicle flooring - Rubber components - Washers - Felt surfaces - Joining flexible surfaces to the metal surface

Packaging & Color

- 50 & 100mL Tube
- 200 & 700mL Can
- 17L Pail

Acrylic Sealant

Features

Non-Corrosive - Paintable - Washable (before curing) - Anti-Bacterial - Long lasting and Flexible

Applications

Repair Car body

Packaging & Color

- 470gr Cartridge & 110gr Tube
- White (Paintable)
