Developing Future Tennis Stars – The Brentwood Way

Individual player development is at the heart of the Brentwood School Tennis Academy programme.

At Brentwood School, our Tennis Academy is committed to nurturing the whole player, developing key attributes across four core pillars: **Head, Heart, Athlete, and Weapons/Skills**.

Head

Our players cultivate focus, strong decision-making, and reflective thinking. With a growth mindset and courage under pressure, they learn to approach challenges with composure and intelligence to achieve their goals.

Heart

Players compete and train with passion, resilience, and joy. A strong work ethic and love for the game are at the core of our culture. We promote a competitive spirit balanced by humility and respect for partners, opponents, and the sport itself.

Athlete

Each player develops high-level movement and physical capability to meet the demands of tennis. Our programme builds speed, agility, power, and robustness, with strength and conditioning integrated into every stage of coaching.

Weapons & Skills

Players are encouraged to discover and refine their unique playing style. With tactical awareness and technically sound execution, they develop the skills and weapons that define their individual identity on court.

**Ages
3-6**

BSTA Blue – Racket Size 17in or 19in

Children will develop balance, agility, and coordination through fun, engaging games, all while being introduced to the sport we love. At this stage, it's not about winning or losing — it's about developing good habits and having fun along the way.

**Ages
6-8**

BSTA Red – Racket Size 21in

Children begin practising overarm serves, volleys, and learning how to rally, all while continuing to develop their coordination, balance, speed, and agility. Using soft balls and smaller courts, they'll also be gently introduced to friendly competition.

**Ages
7-9**

BSTA Orange – Racket Size 23in

Children start linking shots together and it's time to introduce tactics, problem-solving, and the foundations of sportsmanship and leadership. They'll start learning how to compete through learning the rules and hitting their serve, return, and rally with real purpose.

**Ages
9-11**

BSTA Green – Racket Size 25in

It's time for children to take the full-sized court. Now, the focus shifts to growing their game by fine-tuning and refining the techniques they've developed so far. At this stage, children should be ready to make more independent decisions on court.

**Ages
10+**

BSTA Yellow – Racket Size 26in or 27in

It's all about playing on a full size court with the same size court and balls that the pros use. Children will continue to explore different game styles and start to develop their own identity on court. By this point we hope children will be tennis players, and fans of the game for life!

**Ages
13+**

BSTA Academy – Racket size 27in

We combine coaching, training, physical conditioning and competition to work towards developing the complete tennis player. Our program is built around four core pillars—Head, Heart, Athlete, and Weapons/ Skills – nurturing mental toughness, character, physical performance and technical ability so players can confidently compete for their school team and beyond.

The Brentwood School Tennis Academy offers a clear and inclusive development pathway, supporting players from Foundation through to Sixth Form. Our mission is to help every student grow both on and off the court, empowering them to realise their full potential.

We also invite aspiring tennis players to join our BSTA Elite Player Pathway, where they will receive comprehensive support and development in order to fulfil their true potential as tennis stars of the future.

Each programme is individually tailored to meet the specific needs of every player. It can include one-to-one coaching sessions on-site at Brentwood, group sessions, tournament support, and access to strength and conditioning sessions designed to enhance the physical demands of their game.

Pupils will have the opportunity to represent the School in many tennis fixtures during the Trinity Term and our Senior School will compete in the National Schools Championships, Schools Team Tennis and Independent Schools Tennis Championships each year.

If you would like to find out more information about the Brentwood School Tennis Academy and the tennis programme, please contact our Head of the Brentwood School Tennis Academy, Mr Simpson-Crick on simpson-crickm@brentwood.essex.sch.uk

Private Tennis Lessons

We offer private tennis lessons all year round. Pupils in EYFS and KS1 can have private tennis lessons before school, during lunchtime or at the weekend. KS2 and Senior School pupils can have a daytime tennis lesson in replace of a different academic lesson each week. They also have the opportunity to have evening or weekend lesson too.
