## CARE

## CARE

- Oak and walnut wood have an open structure which is sensitive to humidity and temperature. To best take care of your furniture, we recommend keeping it in a relative humidity of 40–60% and a relative temperature of around 20 °C.
- To clean your furniture, wipe with a damp, warm cloth and a gentle soap.

## CRATING & CONDITIONS

### CRATING

- For shipments abroad we advise to pack the furniture in crates.
- The costs for crating depend on the sizes and volumes, and therefore are upon request.
- Please note that we do not accept responsibility for any damages if crates are not used.

### CONDITIONS

- Prices are public prices and ex-works.
- With delivery, the terms of the Central Association of Furniture producers apply. Available upon request.
- Sample finishes and colours are to be used as a guide only.
- Improvement of parts and/or constructions of models can be made without prior notification.
- Wood is a natural product and will always show variations in size and thickness depending on changes in temperature, humidity and the age of oak.
- Features like knots and little cracks are natural to wood and will vary from piece to piece.  
In these cases complaints and/or returns will not be accepted.
- This price list replaces all previous price lists.
