

LH48

DIRECT DRIVE LIVE HAUL/AGRICULTURAL FAN

Shown with optional wall box kit

Ideal for poultry houses, dairy barns, and greenhouses, the LH48 live haul or agricultural fan has a robust galvanized steel construction for long-lasting corrosion resistance.

Making it ideal for commercial and industrial usage, it features a permanently sealed ball bearing and an IP55 motor rating. Each box fan includes mounting holes in the cabinet for hanging options.

FEATURES

- Galvanized steel construction for long lasting corrosion resistance
- Permanently sealed ball bearings
- IP55 motor rating
- Mounting holes on frame
- Tested per ANSI / AMCA Standard 210-16, in a AMCA certified test facility

APPLICATIONS

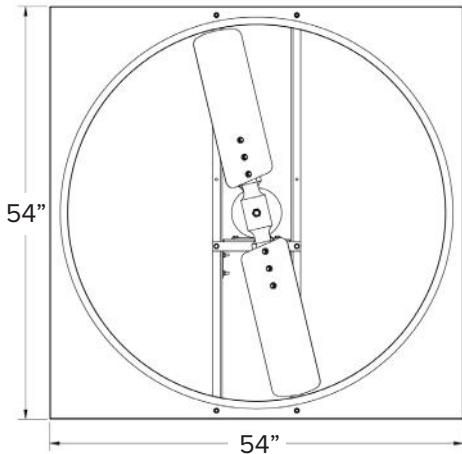

- Poultry
- Dairy
- Greenhouse
- Commercial
- Industrial
