### A Journey of Excellence

Our story began in 1990 in a home garage. Back then, we were known as Aqua Kleen, a one-man operation dedicated to cleaning and refinishing resort patio furniture. As the years passed, our owner and lead designer, Carl Buhr, realized that "good enough" simply wasn't enough for his customers. He saw a pressing need for furniture that didn't just look good, but could truly withstand the relentless Florida elements. Driven by the belief that he could build a superior product from the ground up, Carl transitioned the business from restoring furniture to manufacturing it. By 2005, we officially incorporated as A&K Enterprise of Manatee. We chose to keep the "A" and "K" in our name as a tribute to our Aqua Kleen beginnings—a constant reminder of the grit, history, and hands-on craftsmanship that still define every piece we build today.

### 40+ Years of Design Expertise

With over 40 years of experience in the resort, patio furniture industry, Carl Buhr leads our team with a commitment to quality that is hard to find in today's world of "disposable" products. Today, we are proud to be a family-owned and operated business, treating every order with the personal care and attention it deserves.

### Meet the Artisans

We don't use assembly lines; we use talented hands. Our staff is composed of skilled patio furniture artisans who work year-round to bring your vision to life. We specialize in:

- Premium Sling Collections: Sleek, modern comfort designed for relaxation.
- Vinyl Strap Furniture: The gold standard for commercial durability and style.
- Acrylic, Fiberglass & All Aluminum Tables: Offered in various sizes and styles.

### Built to Last, Made for You

Why settle for mass-produced pieces that fade after a few seasons? Our premium all aluminum collections are hand-crafted and made-to-order right here in the USA. We build every piece to your exact color specifications, ensuring unparalleled durability and a timeless style that lasts for decades. When you work with A&K, you aren't just buying furniture—you're joining a tradition of quality that has been decades in the making.

Timeless durability for hotels and beachfronts. Powder-coated aluminum frames with strap, sling, and tables in acrylic, fiberglass, and aluminum punch top.

Modern and sophisticated. Crafted from 1-1/2" x 3/4" flat aluminum extrusion. Sandblasted and powder-coated for superior strength and comfort.

Elegant and contemporary. Built from 2-1/8" x 3/4" oval aluminum extrusion. Lightweight yet durable—ideal for luxury resorts and upscale spaces.

Modern style with high-end functionality. Handcrafted from 1" x 2" rectangular aluminum extrusion. Designed to endure heavy traffic while showcasing sleek design.

A woman with long brown hair, wearing a white lace-trimmed top and dark blue jeans, sits on a white metal beach chair. A young child with long brown hair, wearing a light-colored top, sits beside her. They are both looking out over a sandy beach towards the ocean under a clear blue sky. ### Maintenance & care:

Investing in quality commercial patio furniture means ensuring its longevity and appearance. Our furniture is designed for durability in outdoor environments, but consistent care is essential to maintain its pristine condition for years of enjoyment.

#### General Care Recommendations for All Materials

**Consistent Cleaning Routine:** Implement a routine cleaning schedule every 3-4 weeks to prevent dirt and grime buildup.

**Mild Cleaning Solutions:** For general cleaning, we recommend using a mild solution such as Dawn dish soap or a natural, chemical-free alternative mixed with water.

**Gentle Application:** Apply the cleaning solution with a soft rag or brush. Avoid abrasive materials that could scratch or damage surfaces.

**Thorough Rinsing:** Always rinse thoroughly with clean water after cleaning to remove all soap residue. Leaving cleaning products on the material can cause damage over time.

**Protection from Oils and Sunscreens:** While our furniture is built to withstand the elements, we strongly advise placing a towel down when guests are using sunscreens or tanning oils. This helps prevent potential staining, protects the material from body oils and chlorine, and promotes a more hygienic experience.

**Avoid Harsh Chemicals:** Do NOT use solvents, harsh chemicals, disinfectant cleaners, or sanitizers on any of our furniture materials. These products are often formulated for hard, non-porous surfaces and can degrade the integrity and appearance of porous materials over time.

**CDC Recommendation:** Remember, according to the CDC, soap and water are more effective than hand sanitizers at removing germs.

**Additional Tips:** Store furniture indoors during the off-season. If you live in an area with harsh winters, bring your furniture indoors for storage. This will protect it from snow, ice, and freezing temperatures.

Always use your furniture for its intended purpose only.

To move furniture, always pick it up. Don't drag it across the ground or sand with stacked, as this can scratch or damage.

Avoid excessive weight on the furniture that could exceed its capacity. Our furniture's weight capacity: 250-325 lbs depending on the product.

By following these simple tips, you can significantly extend the life of your patio furniture and keep it looking beautiful for years to come!

Casual Clean® is a highly concentrated, biodegradable cleaner/degreaser, ideal for outdoor furniture (vinyl, resin), cushions, umbrellas, and other versatile uses such as grills, decks, or even concrete marks.

**Maintaining Vinyl Covers, Cushions & Umbrellas:**

Dilute 1 part Casual Clean® with 5 parts water for vinyl pieces.

For fabrics, milder dilution (1:10), always test color on a small area first.

**Available Packaging:**

1-gallon (~3.8L) jugs

5-gallon (~19L) buckets

32oz spray version (for light-duty tasks or quick testing)

**Recommended Accessory:**

Patio Products' Ergonomic Outdoor Furniture Brush, with long, angled tines, makes it easy to reach crevices between strips and frames

**Main Benefits:**

Protects and extends the life of your furniture by removing dirt, mold, grease, and residue. Eco-friendly and biodegradable, safe for outdoor use.

**Versatile:**

Also suitable for ovens, grills, tire tracks, concrete floors, showers, terraces, and even air filters.
