Urban lighting
inspired by cities
around the globe
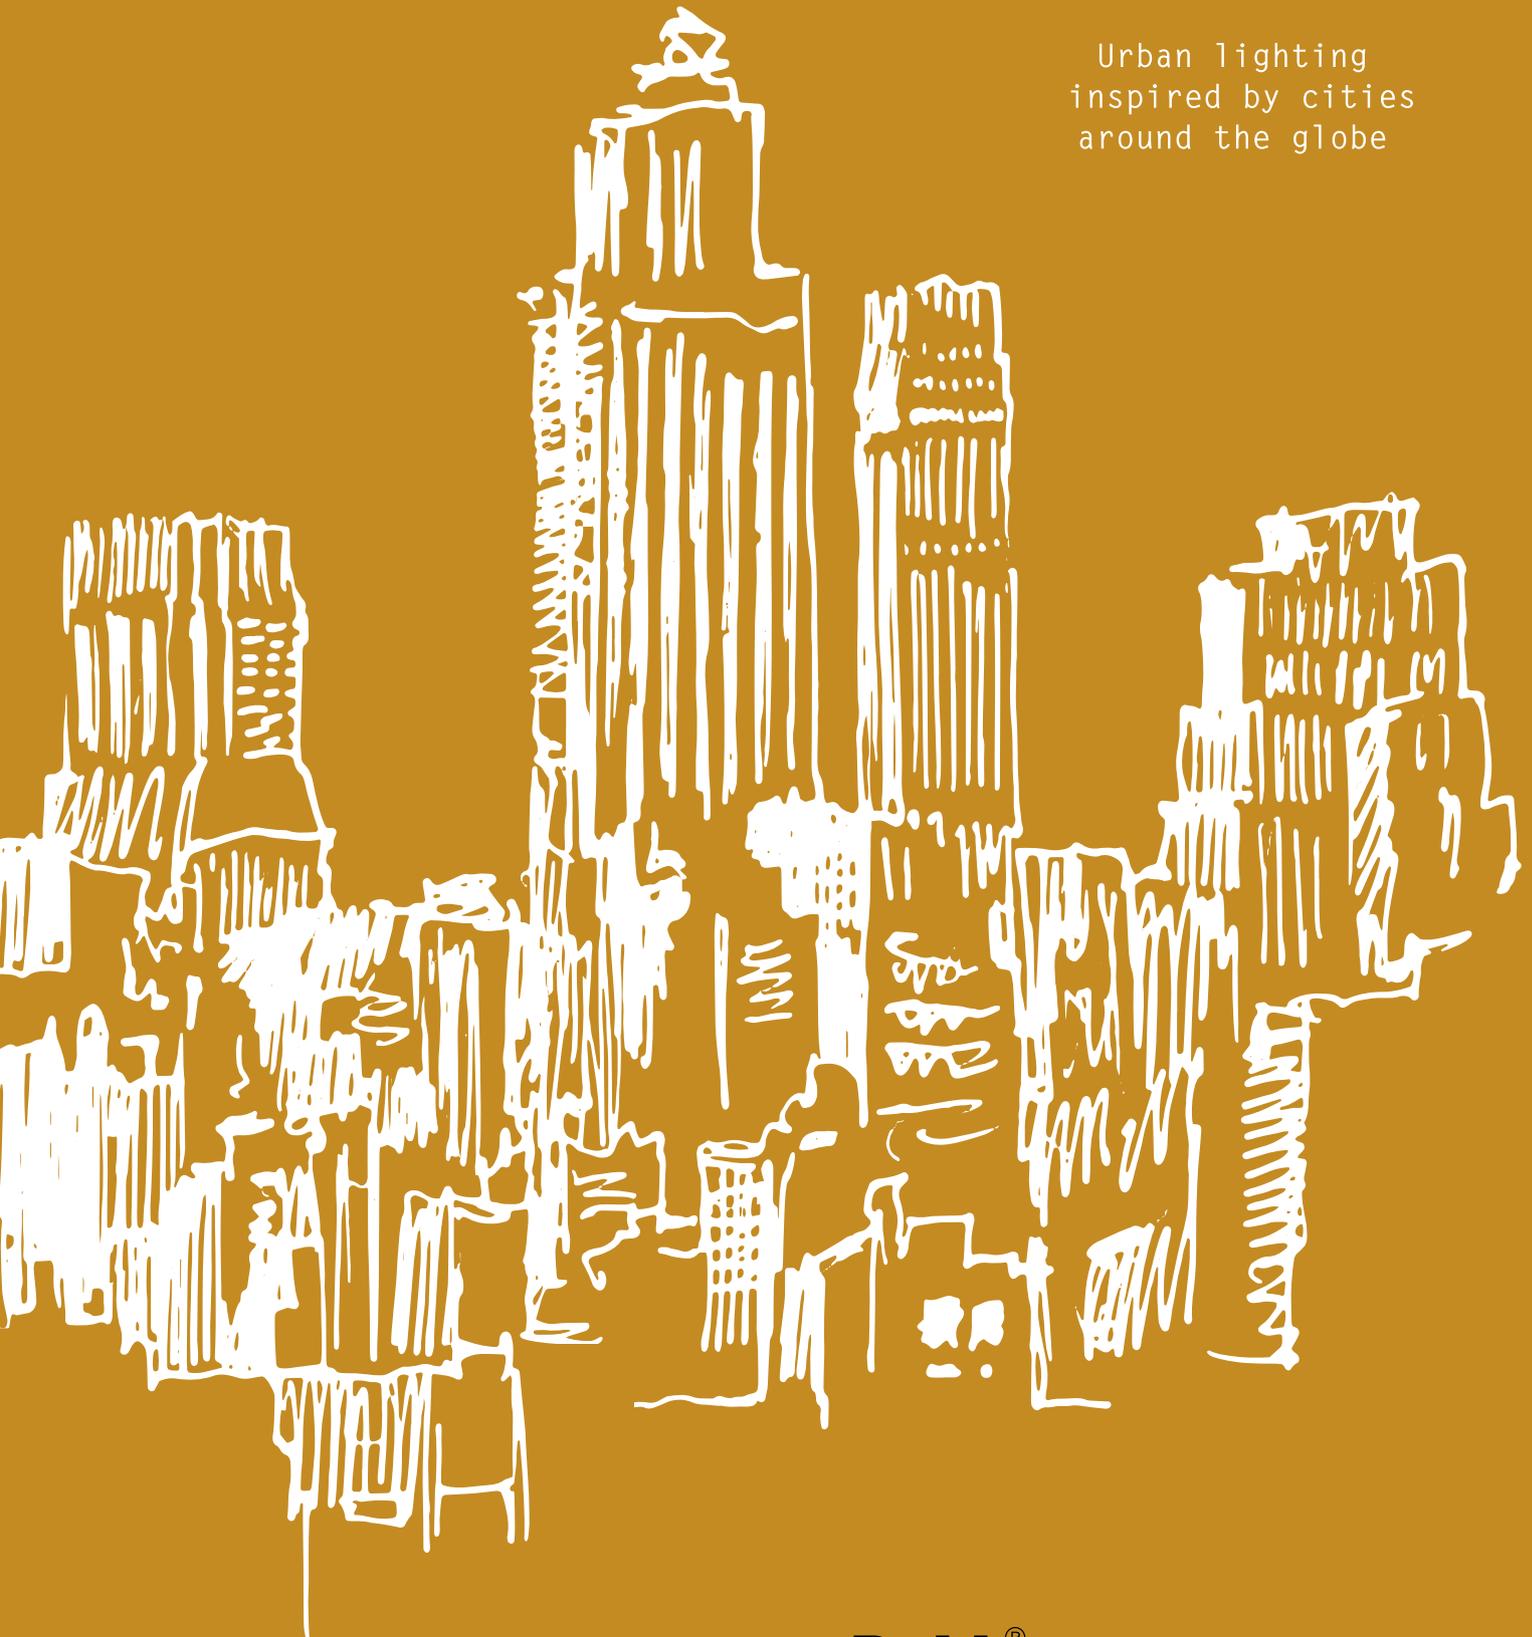

IT'S ABOUT RoMi®
AMSTERDAM

IT'S ABOUT ROMI
realistic open minded individuals since 1993

Imagine yourself strolling around the city with a coffee-to-go.
You are ready for some lamp-hunting. We're here to help you with that.

Discover our mix of urban lighting in subtle tones: matt white, pale sand, soft green & grey. Pick mustard yellow, black or terra for a stronger colour contrast. With the arrival of Aspen, Bologna, Helsinki and Reykjavik the choice in glass lamps has grown substantially.
An alternative to a pendant above your dinner table is the Marseille wall lamp. Sapporo combines soft, round shapes with sand coloured metal. Perfect for reading is the Havana floor lamp with not one, but two strong, adjustable light points. Hopefully you'll discover novelties to your taste in this new catalogue.

And as you may know we partnered up with Eden Projects in 2019. Together with local communities, Eden plants trees in deforested areas around the world for the purpose of reforestation and reducing extreme poverty. With support from our customers (a big thank you!) over 300.000 trees have been planted so far.

With kind regards from Amsterdam,
