Our Vision & Mission

Our Vision

The Jordanian International Schools endeavor to prosper a global vision and to become a lifelong learning community committed to academic excellence in a rapidly changing world.

Our Mission

At Jordanian International Schools, we are dedicated to fostering excellence in education. We nurture future leaders and global citizens by providing a supportive and creative environment. Our focus is on recognizing and encouraging excellence among students and staff. We equip learners with essential skills for a developing world, promoting communication, leadership, and digital literacy.

Who are we ?

Excellence in Education for Over 30 Years

Established in 1992, JIS has built a strong legacy of academic achievement and holistic development, becoming a cornerstone of education in Jordan. We offer a variety of educational programs to meet our students' diverse needs, including the National, American, British, and BTEC programs.

Our comprehensive curriculum blends academic rigor with innovative teaching, preparing students for the future. Beyond academics, we emphasize holistic growth through enrichment programs, extracurricular activities, and state-of-the-art facilities that support learning, creativity, and leadership.

More than just a school, JIS is a thriving community that nurtures curiosity, fosters creativity, and instills values of responsibility and respect. While we take pride in our history, our focus is always on the future, equipping students with the knowledge, skills, and confidence to thrive in a globalized world.

Our

GOALS

We are committed to providing an exceptional educational experience that prepares learners for a dynamic and an ever-evolving world. Our goals reflect our dedication to academic excellence, personal growth, and global awareness:

• Innovative Learning

We offer cutting-edge programs and curricula that keep pace with global scientific and educational advancements, ensuring that our learners are future-ready.

Creativity & Innovation

We inspire learners to think outside the box, explore new ideas, and turn imagination into reality, making creativity a fundamental part of their learning journey.

A Passion for Discovery

We nurture a culture of research, curiosity, and lifelong learning, empowering students to seek knowledge beyond the classroom.

Strong Values & Identity

We instill a deep sense of national pride and belonging, fostering responsible, engaged, and principled individuals.

Respect & Inclusion

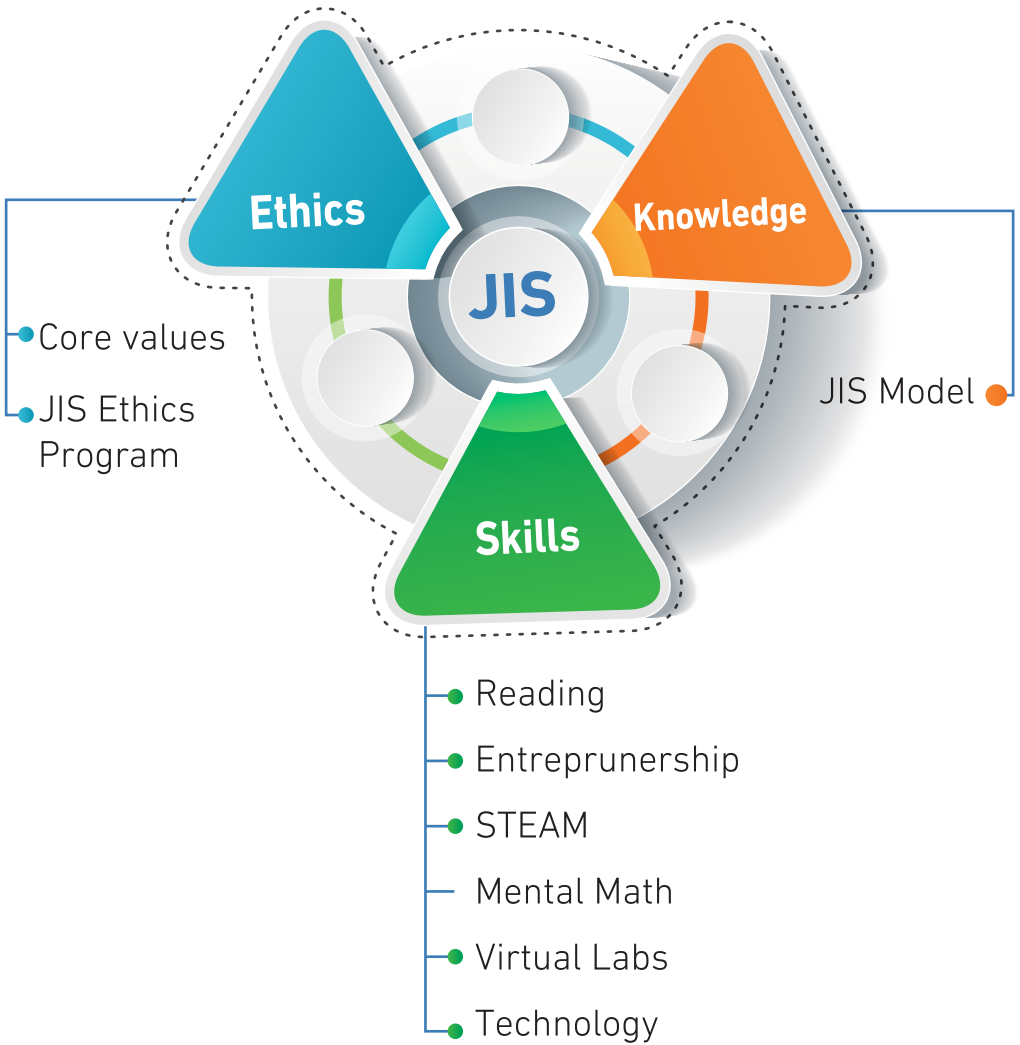

We create a welcoming and a supportive environment where learners learn to communicate, collaborate, and appreciate diverse perspectives.

Jordanian Schools with Global Vision

Rooted in Jordanian values, we embrace a forward-thinking, world-class approach to education, preparing learners to thrive on a global stage.

JIS Vision in learning

Assessment Strategies

Based on the Assessment Approach For Learning:
Authentic Assessment and Implementing the Selection Cycle.

Educational Theory

Teaching cooperative learning strategies: Problem-solving and inquiry-based learning for science subjects, critical thinking for literary subjects and humanities. Differentiated instruction strategies and task-based teaching.

Strategies

Socio-Cultural Theory (Vygotsky) Students learn best within a social context, so cooperative learning and group organizations are effective instructional strategies.

Classroom Environment

Classrooms are structured environments that support authentic assessment and the Selection Cycle, promoting clarity, focus, and active learning.

Kindergarten

An independent kindergarten located within the campus of Jordanian International Schools is dedicated to preparing children for life and nurturing their abilities through advanced educational technology.

Our safe, healthy, and nurturing environment offers numerous benefits, including:

Personalized Learning:

individual learning experiences that integrate activities, and gamification to cater each child' unique strength and needs.

Holistic Development:

Focus on intellectual, emotional, and social growth to ensure well-rounded and balanced development.

State-of-the-Art Facilities:

Access to modern classrooms and resources that enhance the learning experience.

Experienced Educators:

Highly qualified teachers committed to fostering a love for learning.

Safe and Secure Environment:

Safety and health to provide peace of mind for parents.

Community Engagement:

Opportunities for children to engage with their peers and our community, promoting social confidence and global citizenship.

KG includes:

- Pre-Kg
- KG 1 (National and International)
- KG 2 (National and International)

National Program

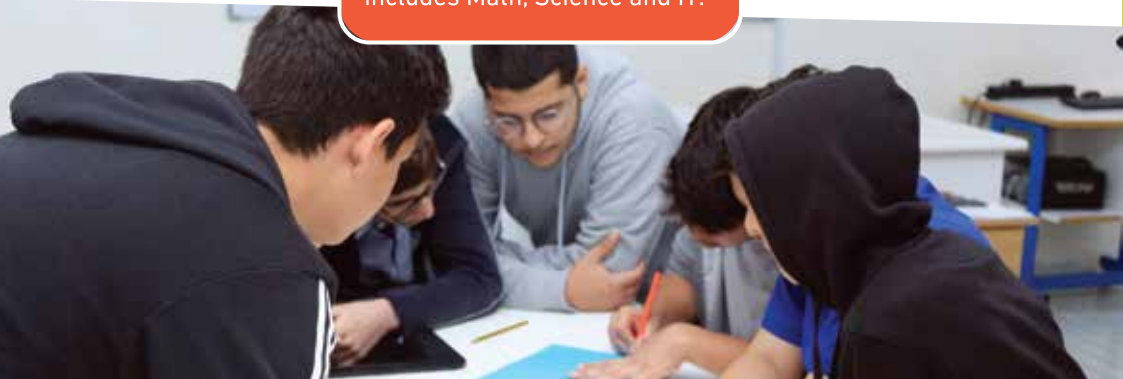

At JIS we are proud to offer a comprehensive educational program that adheres to the Jordanian Ministry of Education (MOE) framework from K-12. Our curriculum is designed to provide students with a robust and well-rounded education, preparing them for future academic and a professional success.

Key Features of Our Program:

Intensive Language Instructions, with main focus on English to ensure that learners develop advanced linguistic skills.

In addition to English, JIS offers French program, students are immersed in French through interactive lessons and cultural activities.

STAEM education in English that includes Math, Science and IT.

International Programs

At JIS, we are excited to offer a variety of International programs tailored to meet the diverse needs and goals of our students. Our curriculum features both the British National Program and the American Program, ensuring that students receive high-quality education that equips them for success in a globalized market.

British Program

High Standards

Our British Program adheres to the respected British educational framework, known for its rigorous academic expectations and comprehensive learning approach.

Globally Recognized Qualifications

Students can work towards internationally acknowledged qualifications like the IGCSE and A-Levels, which are highly regarded by universities and employers around the world.

Well-Rounded Development

We emphasize critical thinking, creativity, and problem-solving skills, preparing students to tackle future challenges effectively.

American Program

Student-Centered Learning

Our American Program promotes a flexible, student-focused educational experience that encourages students to explore their interests and strengths.

Advanced Placement (AP) Options

Students have the chance to enroll in AP courses, enabling them to earn college credits and enhance their competitiveness in university applications.

Broad Curriculum

Our program covers a wide array of subjects, including STEAM, humanities, and the arts, fostering a balanced and thorough understanding of various topics based on CCSS & NGSS.

BTEC

(National and International)

Unlock your potential through practical learning and academic excellence.

At Jordanian International Schools, our BTEC International qualifications offer a unique blend of hands-on experience and academic rigor. Designed to prepare students for the real world, the BTEC program equips learners with essential skills, deep knowledge, and the confidence needed to thrive in today's dynamic global landscape.

Why Choose BTEC at JIS?

Hands-On Learning

Work on real-world projects that boost problem-solving and critical thinking.

Expert Faculty

Learn from experienced instructors with real industry insights.

Globally Recognized

Earn qualifications valued by top universities and employers.

Career-Ready Skills

Gain practical skills for careers in business, IT, media, and more.

Supportive Environment

Grow in a community that fosters personal and academic success.

Program Benefits

Flexible Learning

Choose courses that match your interests and career goals.

Industry Connections

Network through partnerships with top organizations.

Personal Growth

Build communication, leadership, and teamwork skills.

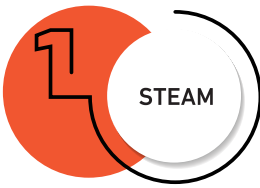

Real-World Experience

Gain practical skills through internships and projects.

University Pathway

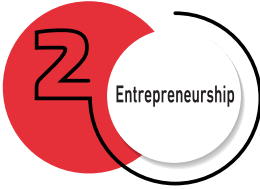

Secure admission to top local and international universities.

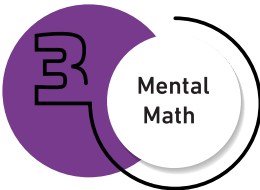

Our STEAM

program integrates science, technology, engineering, arts, and mathematics, encouraging students to think critically and creatively while engaging in hands-on projects.

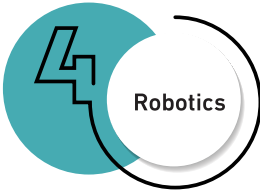

Entrepreneurship

This program fosters innovation and business acumen, providing students with the soft skills to develop their ideas into viable ventures through practical projects and mentorship.

Mental Math

Our Mental Math program sharpens students' arithmetic skills and boosts their confidence in problem-solving, using engaging techniques to improve speed and accuracy.

Robotics

In our Robotics Program, learners explore the world of technology and engineering by designing, building, and programming robots, fostering teamwork and critical thinking

Community Service & Extracurricular Activities

At JIS, we believe that education extends beyond the classroom. Our vibrant community service and extracurricular programs are designed to enrich students' lives, foster personal growth, and create well-rounded individuals.

Community Service:

Make a Difference: Engage in meaningful projects that positively impact our local and global communities.

Develop Empathy: Cultivate a sense of compassion and social responsibility by helping those in need.

Build Leadership Skills: Take on leadership roles in various initiatives, enhancing your ability to lead and inspire others.

Extracurricular Activities:

Explore Your Passions: Choose from a wide range of clubs and activities, including sports, arts, music, and more.

Enhance Your Skills: Develop new talents and hone existing ones in a supportive and encouraging environment.

Form Lifelong Friendships: Connect with peers who share your interests and build lasting relationships.

School Clubs & Activities

Our school offers a vibrant range of clubs and activities that cater to diverse interests and talents, providing learners with opportunities to explore, learn, and grow beyond the classroom.

Scouting:

Our Scout program fosters teamwork, leadership, and outdoor skills through engaging activities and community service, helping learners develop a sense of responsibility and camaraderie.

Summer & Winter Camps:

Learners can participate in seasonal camps that offer exciting experiences, including outdoor adventures, skill-building workshops, and opportunities for personal growth in a fun, supportive environment.

Sports & Scientific Leagues:

We provide a variety of sports and scientific leagues, encouraging learners to compete, collaborate, and excel in athletics and academics while promoting teamwork and resilience.

Music & Cultural Activities:

Our music clubs and cultural events celebrate diversity and creativity, allowing learners to express themselves through various art forms and engage in enriching experiences that cultivate appreciation for different cultures and traditions.

Religious & Values Programs:

We offer clubs and gatherings that provide a space for students to explore and express their faith, culture, encouraging understanding, respect, and community among individuals of different backgrounds.

College Counselling Services:

College Counselling Department works with High School Students throughout their 5 years (grades 8-12) at JIS. counsellors provide support in two main areas.

Academic Success through close follow-up, counsellors provide personalised advice program selections, courses choices and monitoring academic performance.

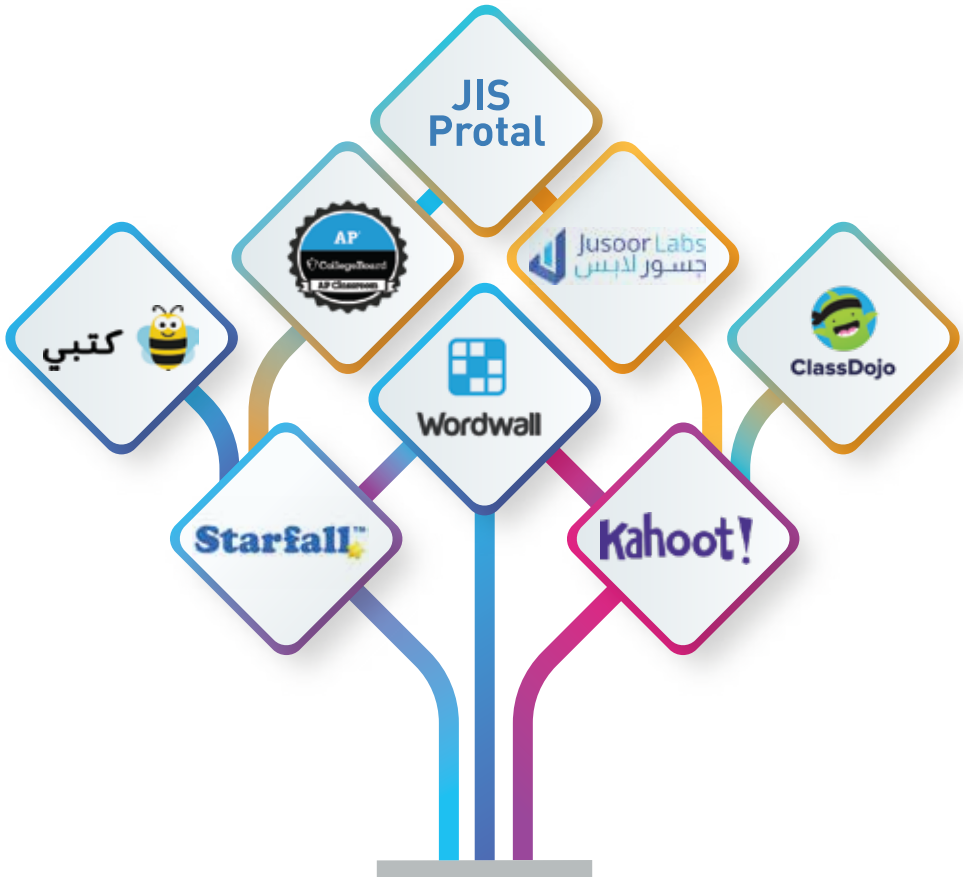

College and career planning through arranging college fairs, offering support and advice, and tracking of college and university applications. The High School in the international department arranges career orientation sessions led by professionals along with career guidance tailored to the learners' strengths and interests.

Counsellors work with learners both individually and in groups to coordinate different events throughout the year and support them and their families.
