Material specification

The element is made of high quality S235 steel, which has been cleaned via sandblasting. A corrosion resistant powder coating finish is then applied. Also available with galvanized surface for even greater protection and longevity!

The seats and backrests are made of strong HDPE material. Which is fully heat, moisture and UV resistant.

The connecting elements are fastened with vandal-proof stainless steel screws and nuts.

The ends of the bars and posts are sealed with injection-moulded plastic caps.

The clamp system allows for easy assembly and extreme stability.
