Solutions, Engagement

Manufacturing Infrastructure:

Furnisys is supported by multiple self-owned factories located in over 25,000 sq.ft. in Navi Mumbai. Manufacturing all products in-house provides us with the opportunity to control 100% of the product quality and ability to facilitate projects of all sizes while maintaining competitive pricing and outstanding lead times. All of the factories feature the latest machinery and technology available to use.

Use space to **Your Advantage.**

Designating storage items to specific organized spaces increases productivity by 87%

About Furnisys

We specialize in creating adaptable and versatile solutions for various industries, enhancing the efficiency and productivity of any space.

With a commitment to quality and continuous improvement, we deliver integrated furniture systems that meet the dynamic needs of our clients.

Our Story

Furnisys emerged from a realization that our traditional approach as "Furnace" needed to evolve to meet the changing demands of our clients. Initially focused on designing and executing metal furniture projects for Laboratory, Office Storage, and Manufacturing Spaces, we recognized the need for more integrated and versatile solutions.

This insight led to our rebranding as Furnisys, a name inspired by "Furniture Systems." Today, we are dedicated to providing innovative systems tailored to various applications, driven by continuous research and customer collaboration.

01 Mobile Shelving System

Load Capacity: 40-50 Kg/Cmprt

Secured Storage

Adaptable Design

More Storage in Less Space

Reduce Costs

Less Time Wastage

Improve Productivity

Mobile Shelving System allows you to create additional storage space within the existing area. This means you can use more of your valuable space, more profitably.

Features

Push / Pull,
Mechanical System

Anti-Tilting
mechanism

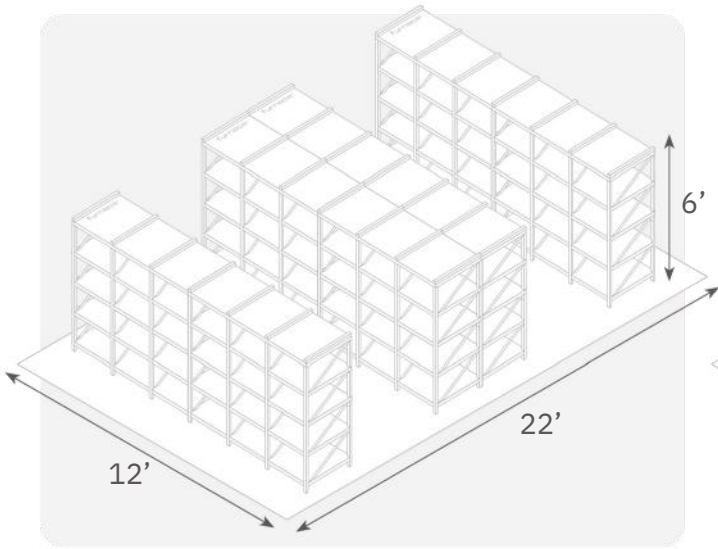

Adjustable
Shelving

Individual
Locking

Optional Central
Locking

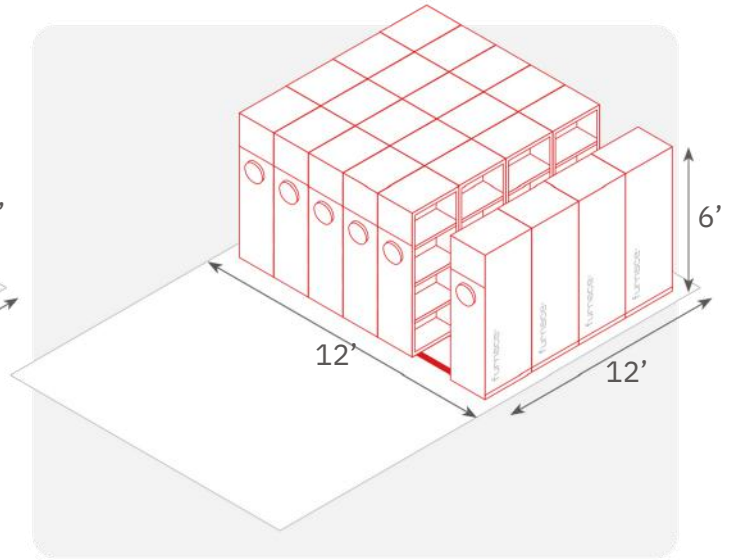

Save upto 60% Space

Regular Setup

Space Utilized - 1584 cu ft

Compactor Setup

Space Utilized - 864 cu ft

Application

Offices

Pharmacies

Medical Practices

Galleries and Museums

Educational Facilities and libraries

Laboratories

Benefits

Improve Productivity

Compactor storage system promotes organization of materials, increasing employee morale and productivity.

More Storage in less space

Making use of only a single accessible aisle, nearly doubles the storage capacity of the archive space. Create extra space for revenue driven activities.

No more Time wastage

Centralized storage allows you to make it easier and faster for employees to retrieve and store goods.

Futuristic Approach

Having a compactor makes storage clean, systematic and enclosed from visitors eyes. Additionally it increases the aesthetic value of the company.

Increased Protection

The Compactor is fitted with a central locking system which allows you to have a one point controlled access. Loaded items and files are safe from theft or damage.

Reduce Costs

Reduces energy operating costs to cool, heat, light, and maintain your building or lease space.

02 Lockers

Visually Appealing Strong & Sturdy

Ventilated Spacious Storage

Reduces Clutter Secured Workspace

Furnisys offers an extensive range of application-based robust locker solutions, which include - individual storage lockers, shared storage spaces, and storage for small articles like mobile phones and wallets.

Personal Lockers

Providing lockers for employees to store their personal belongings reduces clutter from the workspace and keeps items safe and secure.

Grande Series

- 20-25kg/Compartment
- Numeric Locking
- Double Skin Door In-built Metal Handle
- Plinth Base
