

CASAMONTE

INTRODUCTION

Casamonte was founded on the belief that true artistry is a collaborative journey. Inspired by the timeless interplay of texture and design, Casamonte partners with distinguished artists and designers to craft surfaces that are both transformative and enduring. Through these partnerships, we have crafted collections that transcend trends, standing as timeless testaments to the power of design to inspire and connect. With every collection, we invite our customers to see their spaces not just as places, but as canvases for self-expression and stories waiting to be told.

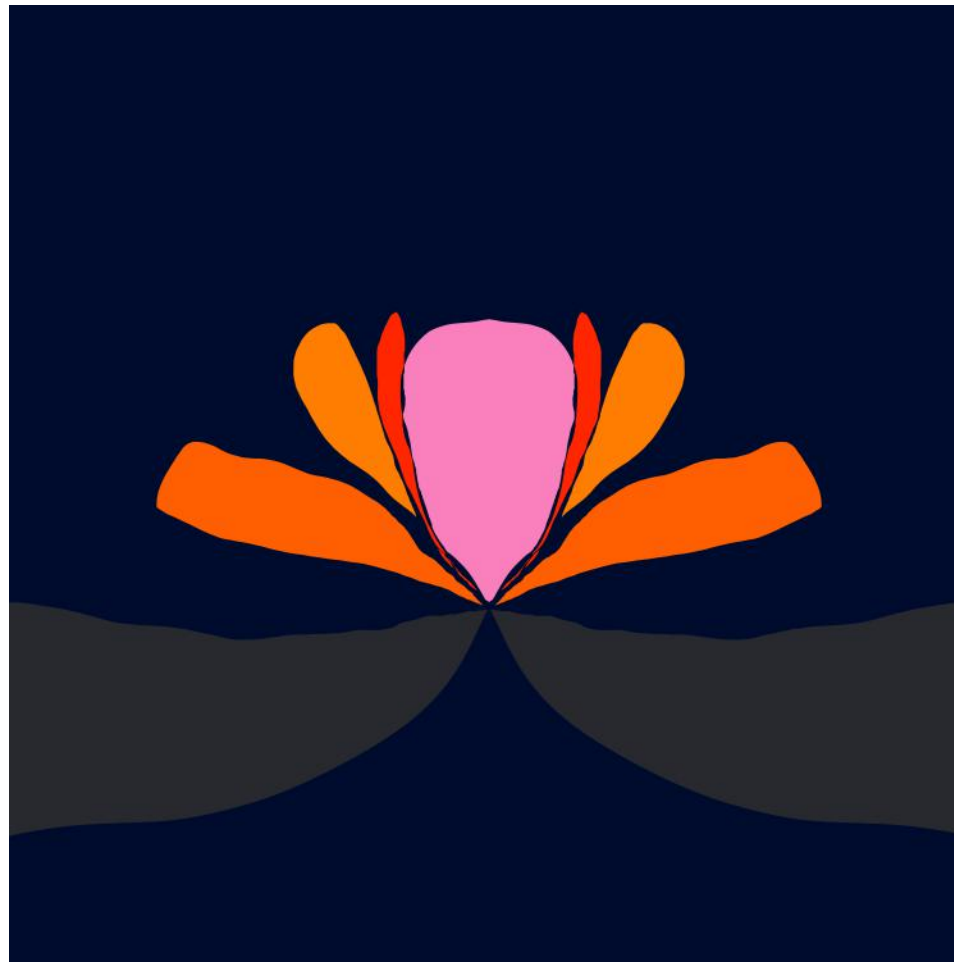

VIRGINIA CASADO POLO

Virginia Casado Polo, a self-taught artist born in Buenos Aires, has always felt that everything in the universe is connected, even when those connections remain unseen. She grew up surrounded by sunflowers, wheat fields, and green expanses that imprinted her memory with colors and aromas, before moving as a teenager to Santa Rosa, La Pampa, where the vast skies revealed fiery sunsets of orange and red. In 2000 she settled in Miami, adding the luminous blues of the sea and the golden tropical light to her sensorial universe. Her artistic path took shape when she became a mother, opening herself fully to painting and embracing an intuitive process that values spontaneity over structure. Rounded forms, vibrant palettes, and organic compositions define her work, evoking fertility, balance, and transformation. Her wallcoverings translate this vision into symbolic, surrealist worlds—living surfaces where color, form, and imagination flow together in constant evolution.

BLOOM

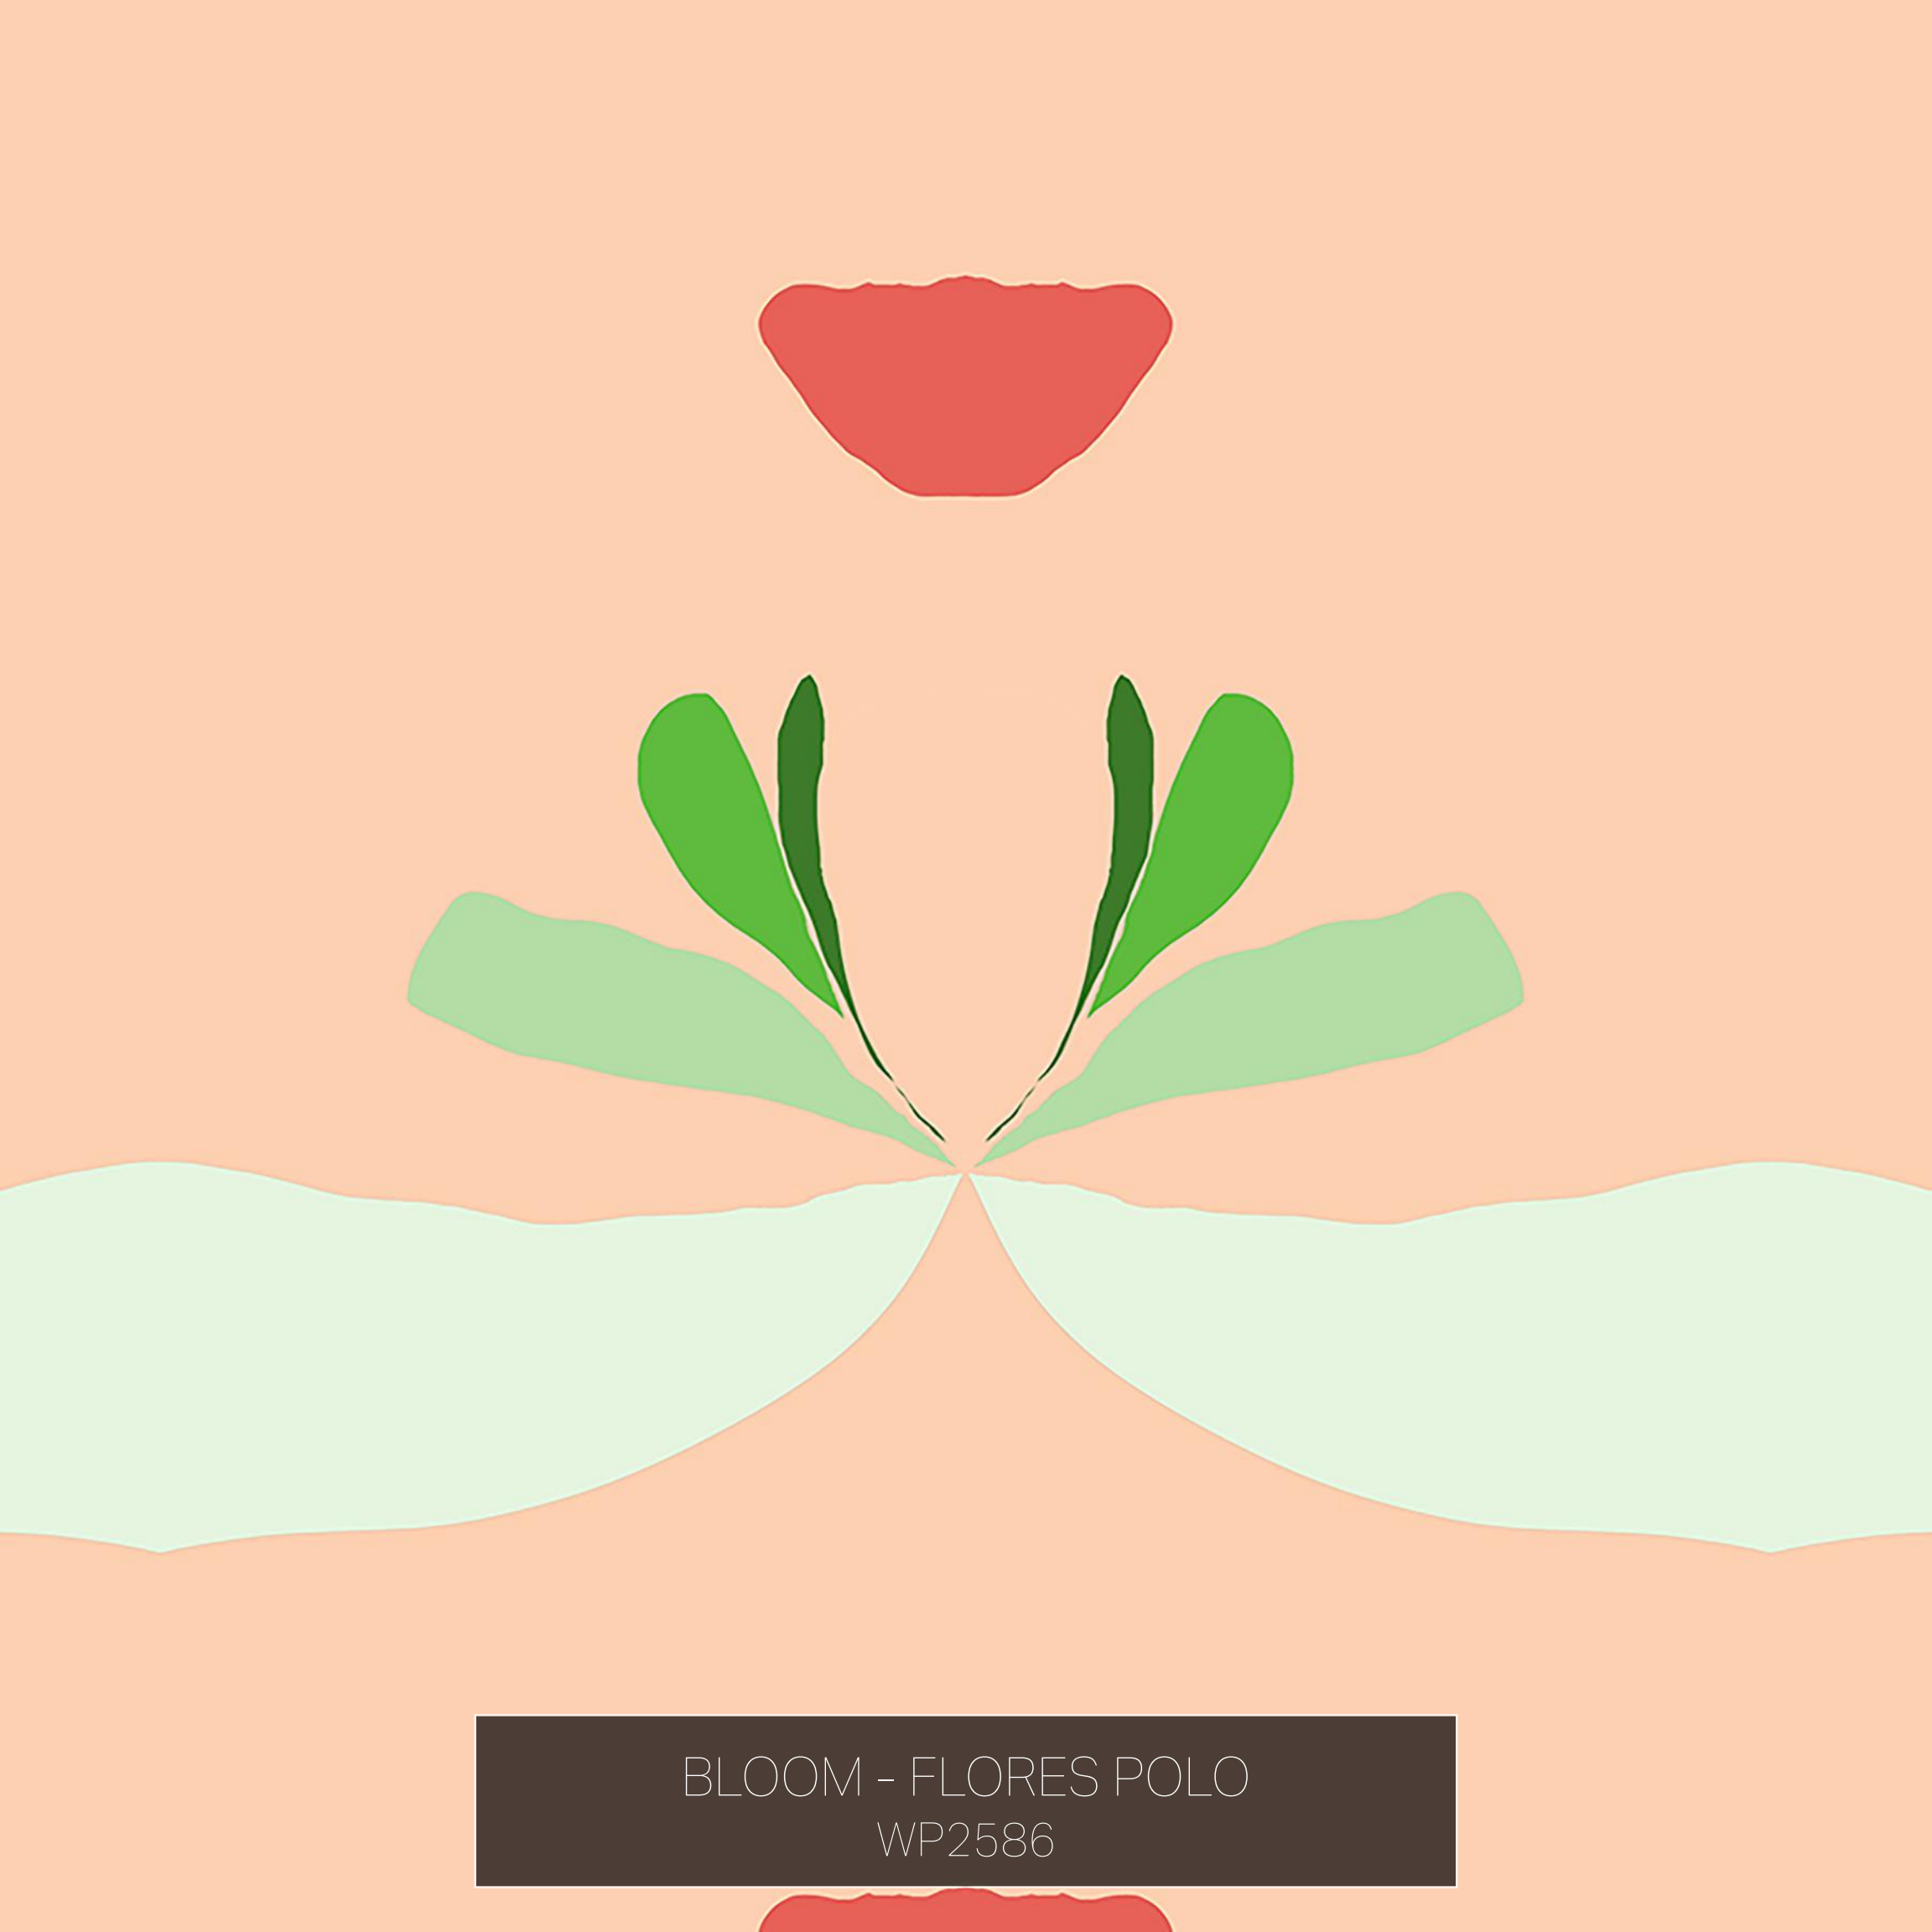

Bloom is a collection that blossoms from emotional memory, expressed through a visual language that evokes tenderness, sweetness, and warmth. Its forms—somewhere between garlands and seeds—emerge as gentle gestures, strokes that recall the playful, the maternal, and what once cradled us. The colors, carefully selected, evoke an expanded palette of childhood: hues that do not shout, but whisper. The work is not only seen—it is felt. It creates an enveloping atmosphere that invites us to inhabit softness, to celebrate with subtlety, and to allow what is effortless to flourish. In Bloom, each piece becomes a small celebration of what emerges when there is care, play, and a loving gaze upon the world. The collection does not aim to represent childhood, but to awaken in the body the emotion of having been held.

OPERA

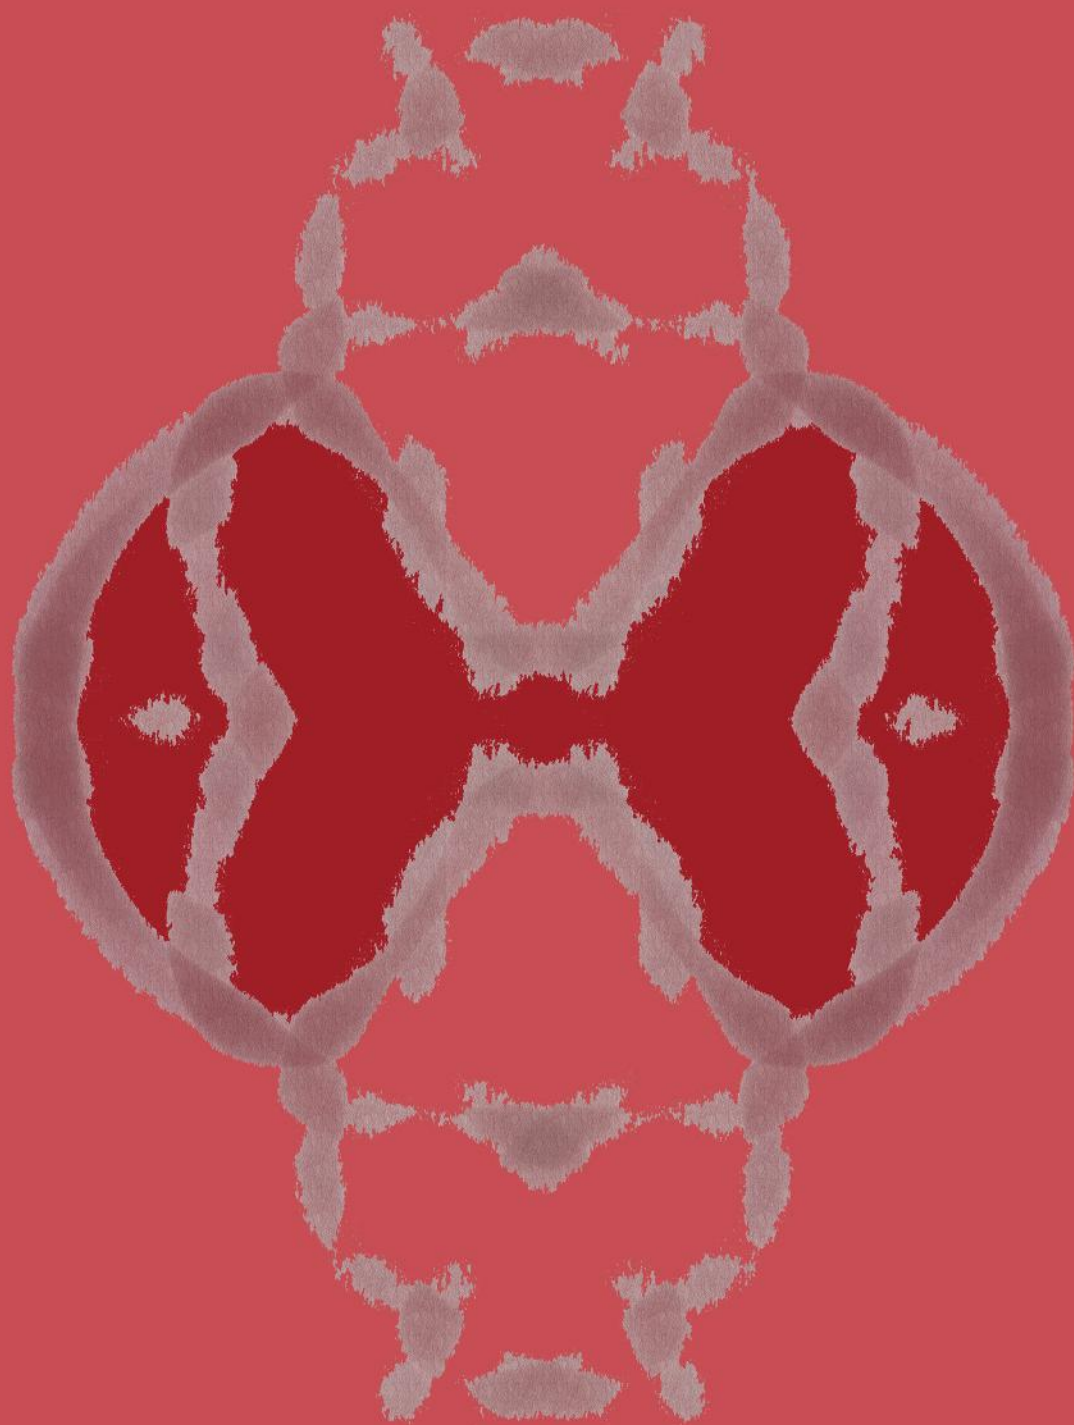

Ópera is a wallcovering collection that moves like diluted ink flowing across a page—delicate, deliberate, and filled with quiet intensity. Each stroke suggests a silent choreography, evoking the intimacy of chamber music and the anticipation of a curtain rising. The designs preserve the transparency of liquid and the sophistication of ink, creating surfaces that feel both weightless and intentional. With a rhythm that resembles a handwritten letter or a quiet stage setting, Ópera transforms interiors into spaces of subtle drama and refined expression. This collection embodies Casamonte's brand's philosophy: surrounding interiors with artistry, texture, and depth. Ópera is not just a design—it is an experience meant to be listened to with the eyes.
