Maths and English

At NSCG, we can make these subjects accessible through a Functional Skills or GCSE-level route.

Learners will be required to attend weekly 3-hour lessons and complete an additional 4 hours of weekly self-study learning through homework and online resources made available through a dedicated tutor, who is on hand to fully support and guide learners to achieve their best possible grade.

For learners who do not already have a GCSE grade 4/C in these subjects, the course will be FREE. Whether your employees need to start at entry-level or need to retake GCSE's, we can help.
