APPENDIX

BORNE BÉTON OUTDOOR

Floor mounting with vandal proof fixing plate / Montaggio a terra con accessorio antivandalo

CANNA NUDA PENDANT

Adjustable glass and cable length / Altezza del vetro e lunghezza del cavo regolabile

CANNA NUDA CEILING/WALL

Adjustable glass and cable length / Altezza del vetro e lunghezza del cavo regolabile

CANNA NUDA METALLO PENDANT

Standard version, mounting on plasterboard and concrete
Versione standard, montaggio su cartongesso e muratura

Ømin4 / max6cm x Hmin3

Version with canopy accessory, mounting on plasterboard and concrete
Versione con accessorio rosone, montaggio su cartongesso e muratura

CANNA NUDA METALLO CEILING

Standard version, mounting on plasterboard and concrete
Versione standard, montaggio su cartongesso e muratura

Ømin4 / max6cm

Version with canopy accessory, mounting on plasterboard and concrete
Versione con accessorio rosone, montaggio su cartongesso e muratura

LAMPE DE MARSEILLE / LAMPE DE MARSEILLE MINI

Mounting with cable and switch / direct electrical connection
Montaggio con cavo e interruttore / installazione diretta

Wall mounting with cable and switch
Montaggio a parete con cavo e interruttore

Wall mounting with cable and switch
Montaggio a parete con cavo e interruttore

LINESCAPES PENDANT VERTICAL

Sections for recessed pendant mounting (plasterboard) / Sezioni per installazione versione incasso sospesa (cartongesso)

Recessed pendant mounting, frontal and side view
Montaggio versione incasso sospesa, vista frontale e laterale

LINESCAPES CANTILEVERED

Sections for recessed cantilevered mounting (plasterboard and concrete) / Sezioni per installazione versione incasso a sbalzo (cartongesso e muratura)

Recessed cantilever mounting on plasterboard, side and front view
Montaggio incasso a sbalzo su cartongesso, vista laterale e frontale

Mounting on plasterboard / Installazione su cartongesso

GENERAL INFORMATION

NEMO products are designed and manufactured in compliance with EN 60598-1 norms. Dimensions are indicated in centimetres. Luminaires are normally supplied without light sources, except when otherwise indicated. Products with anodized finishes could show different colour shades due to the industrial galvanic process. Shades have to be considered as aesthetic elements of the product. Polishing process is hand-made. Shades are therefore due to this manual process. Dimensions of products made with deformations of extrusions could be subject to changes of ± 1 cm. As blown glass is produced by traditional craft techniques, its thickness, colour and finish are subject to variations, a feature that makes each piece unique. NEMO reserves the right to make any technical or formal alterations to its products without giving prior notice, especially for LED sources. Information concerning luminous flux/power consumption are expressed in nominal values. Effective data are indicated in the technical sheets available on the website. WARRANTY Conditions are indicated in a tag attached to each luminaire. When a certain lamp is supplied with the bulb, the same shall be seen as a pure service to the customer. The cost of the bulb is not included in the price of the product and therefore NEMO shall not be held responsible for any replacement in case of malfunctioning of the bulb. In case of discrepancy between the information contained in the printed materials and the website, this latter shall prevail.

I prodotti NEMO sono costruiti secondo le norme EN 60598-1, Tutte le dimensioni sono espresse in centimetri. Le lampade sono generalmente fornite senza lampadina, salvo diverse indicazioni. Le istruzioni di montaggio e di manutenzione sono incluse negli imballi. Le indicazioni dei materiali, delle finiture

e dei colori riguardano solo le principali parti visibili dei prodotti. I prodotti con finiture anodizzate possono mostrare differenti sfumature di colore che sono proprie del processo galvanico di finitura e sono da considerarsi come elementi estetici del prodotto. Il processo di spazzolatura per la lucidatura è realizzato a mano. Le sfumature sono pertanto proprie del processo manuale di lucidatura. Nei prodotti realizzati attraverso lavorazioni di deformazioni di estrusi, gli ingombri di massa possono subire variazioni in un range di ± 1 cm. I vetri soffiati, poiché sono prodotti artigianali, possono avere spessori, colori e finiture variabili che ne costituiscono l'unicità. NEMO si riserva di apportare qualsiasi modifica tecnica o formale senza preavviso, soprattutto per quanto concerne le sorgenti LED. I dati relativi ai flussi luminosi, ai consumi ed alle potenze si riferiscono a valori nominali. I dati effettivi sono indicati nelle curve fotometriche e nelle schede disponibili sul sito. GARANZIA Le condizioni di garanzia sono precisate in un cartellino allegato ad ogni lampada. Alcune lampade vengono fornite con la sorgente che Nemo suggerisce per la miglior resa. Tale dotazione è da ritenersi esclusivamente come un servizio gratuito accessorio offerto al cliente. Il costo della sorgente non fa pertanto parte del prezzo della lampada. NEMO non sarà dunque responsabile di alcuna sostituzione o servizio post-vendita in caso di malfunzionamento. In caso di discrepanza delle informazioni tra documenti cartacei e sito web, prevalgono le informazioni del sito.

Les appareils d'éclairage NEMO sont construits selon les normes EN 60598-1, Toutes les dimensions sont en centimètres. Les appareils sont généralement sans ampoules, sauf indication contraire dans le tarif. Vous trouverez les instructions de montage et d'entretien

dans les emballages. Les indications des matériaux, des finitions et des couleurs concernent seulement les principales parties visibles des appareils Les produits avec des finitions anodisées peuvent montrer différentes nuances de couleur qui sont typiques du processus de finition galvanique et qui doivent être considérées comme des éléments typiquement esthétiques du produit. Le processus de brossage pour le polissage est fait main. Les différentes nuances de couleur sont donc typique du processus manuel de polissage. Dans les produits extrudés, les dimensions globales peuvent varier dans une plage de ± 1 cm. Les verres soufflés sont des produits artisanaux et en tant que tels ils sont caractérisés par des épaisseurs, des couleurs et des finitions variables. NEMO se réserve le droit de modifier ses produits sans préavis, en particulier en ce qui concerne les sources de LED. Les valeurs relatives aux flux lumineux, consommations et puissances correspondent aux valeurs nominales des sources. Les valeurs effectives sont indiquées dans les courbes photométriques et fiches techniques disponibles sur le site web. GARANTIE Les conditions de garantie sont indiquées dans une notice jointe à chaque lampe. Certaines lampes sont fournies avec la source que NEMO recommande afin d'obtenir le meilleur rendu. Cette fourniture est à prendre en compte exclusivement comme un service gratuit d'accessoire offert au client. Le coût de la source ne fait pas partie du prix de la lampe. NEMO ne sera donc pas tenu responsable d'éventuelle substitution ou après-vente en cas de mauvais fonctionnement. En cas d'informations différentes entre les catalogues et le site web, font foi celles du site web.

Alle Leuchten von NEMO sind nach den Normen EN 60598-1 konstruiert. Alle Maßangaben sind in Zentimetern. Die

Leuchten werden generell ohne Leuchtmittel geliefert falls nicht anders angegeben. Zu jeder Leuchte sind die empfohlenen Anwendungsmöglichkeiten aufgeführt, Montage- und Wartungsanleitungen sind jeder Leuchte beigegepackt. In diesem Katalog angegebene Materialien, Ausführungen und Farben beziehen sich ausschließlich auf die deutlich sichtbaren Teile der Leuchten. Produkte mit eloxierten Oberflächen können unterschiedliche Schattierungen der Farbe aufweisen, die typisch für den galvanischen Prozess sind. Sie sind daher als ästhetisches Element des Produkts zu berücksichtigen. Die polierten Versionen werden von Hand Hochglanz poliert. Durch diesen manuellen Verarbeitungssprozess können Nuancen entstehen. Die angegebenen Masse können leicht variieren, besonders bei Produkten, die Verformungsprozessen unterliegen. Bei den geblasenen Gläsern können durch die handwerkliche Fertigung Wandstärken, Farben und Oberflächen leicht variieren. NEMO behält sich das Recht vor, technische oder formale Änderungen, insbesondere bei der LED-Bestückung, ohne Vorankündigung durchzuführen. GARANTIE Die Garantiebedingungen sind auf dem Kärtchen, das an jeder Leuchte angebracht ist, aufgeführt. Wenn eine Leuchte mit Glühbirne geliefert wird, gilt dies als reiner Service für den Kunden. Die Kosten der Glühbirne sind nicht im Preis des Produktes enthalten und daher ist Nemo im Falle einer Fehlfunktion der Glühlampe nicht für deren Ersatz verantwortlich. Die Angaben, die Lichtstromwerte, den Verbrauch und die Leistung betreffend, gelten als nominale Werte. Die tatsächliche Werte sind in den fotometrischen Abbildungen und in den Anleitungen auf der Webseite einsehbar.
