Welcome!

At photos by LJK we know you are the kind of people who want to be seen in print, in a positive light. The problem is you're missing out on the experience of purchasing prints and albums, which makes you result to taking pictures with your cellphone. Truth is, by using your cellphone as a remedy, you miss pushing out your excellence for the world to see. I believe that your portrait experience should include options to pass down tangible legacy memories for years to come. I understand the value of prints. That's why I make sure you have a session that you'll love AND want to add to your wall and hand out during the holidays. Here's how it works: book your session, purchase from your online gallery, show off your family. That simple!

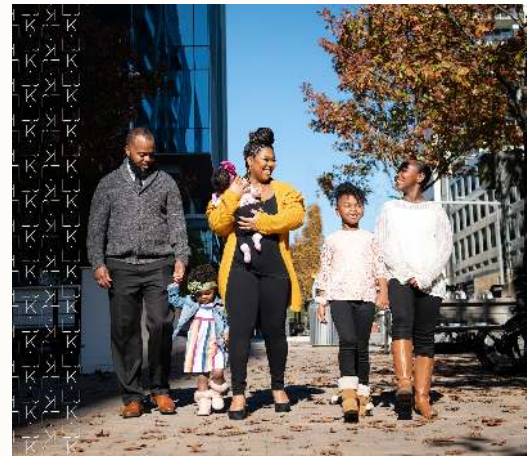

So book now, so you can stop looking at your cellphone or worse, accidentally deleting those pictures and start showcasing your family's joy in print.

Your Portrait Experience

As a mom, I understand what it looks like to not see your kids in print. Not only your kids, but yourself + your boo. I feel like I'm more than a selfie that just sits in my phone. I know what it's like not to have a great experience and feel the need to cancel the entire tradition. I also know the importance of capturing all of your kids as you did the first. No one wants to feel left out. I also value within any invest I make.

I've created printable moments for over 100 families. I've been giving a 5 star client experience for over 20 years. I am a published photographer, who continues to invest in personal educational training + educate others on my niche. My affiliations + ambassadorships have been tied to, but not limited to The Tomayia Colvin Education platform, ShootProof, Musea Lab, Iris-Works + Rising Tide. Please see my feature badges + Google Reviews below.

Studio Policies

The following policies have been established to allow us to operate in a consistent and efficient manner. Your familiarity with these policies is important and will help insure a very memorable experience

RSVP/ Travel Fees and Sessions A non-refundable 40% retainer due the day of booking to reserve your date and time. No travel fee is required for miles up to 20 from 75034. Miles over 21 result in the regular government rate. Select weekday morning and afternoon sessions are available. Extra time is only available for purchase, to use after the last client of the day.

Payment Reservation is due upfront. Balance is due 3 days before session day. We accept payments from debit or credit cards, minus American Express + PayPal. Cash for print/product balance is acceptable.

Cancellation/ Rescheduling We require 3 business days notice in the event that you need to cancel or reschedule your session. If the photographer has to cancel for reasons out of her control, your session is fully refunded. If the client cancels, the retainer is kept by the photographer and the balance is refunded.

Stealing / Cropping Images/ Copyright Infringement Do not edit (add filters), crop, or alter images in any way. Please upload a full image from your computer. Cropping the photo destroys the image. Lastly, it's illegal to steal from the gallery AND to crop out the watermark. You will be invoiced \$100 per photo stolen from the gallery and possibly fined \$2,500 - \$42K. Be cool. Don't crop photos or steal from the gallery. It's disrespectful and dishonest to the photographer.

Online gallery viewing from your session Due to COVID-19, all gallery viewing will take place on ZOOM with your photographer. While the personal review process is the favored method of seeing your gallery, we want to remain safe. Once you sign the Copyright Infringement contract, your gallery will remain visible for 14 days (from session date) with a unique password for entry. You may reinstate your gallery for \$125 if you need more time to order. At the end of the 14 days, proofs are automatically removed from our website.

Image File Archives Image files are kept on our systems for 90 days to allow ample time to make your selections and complete your purchases. It's not guaranteed after the 90 period. Please plan on making all of your selections at your review session.

Family Time for The Business Tuesdays, Thursdays and all major Holidays. We will get back to you the next business day.

Receiving your final portraits You order prints directly from your gallery. Announcements, Wall Art + Books are ordered through photographer. Prints + products are shipped to your home from photographer. Please allow up to 8 business days to receive prints + 4 weeks from the date to receive the photo books by mail.
