EXCELLENCE

“At YHSC, each boy's potential truly becomes a reality with the help of the rebbeim's positive outlook and their unique ability to bring out the best in every student.

- MRS. MUKEN
PROUD PARENT

Yeshiva High School of Cleveland was built on the premise of excellence and stands firmly on excellence— excellence in Torah, character refinement and secular studies. We aim to develop our students into *bnai Torah* who will be contributing members of the Jewish Community, and active participants of the *am hamivchar* willing to do everything possible to glorify Hashem's name at every juncture of life.

KNOWLEDGE

YHSC's approach to *chinuch* takes age-old primers of education and adds love, care and empathy to the mix; love for the Torah, care for our *talmidim*, and empathy for our fellow Jews. Our environment fosters independence, strength of character, and a lifelong pursuit of knowledge.

INDIVIDUALS

We believe in promoting the positive in every student and helping each one recognize the qualities in which he excels. Just like Klal Yisroel had different banners, and each banner manifested that Shevet's individual qualities, at YHSC our goal is to ensure that each Talmid finds and takes pride in his own banner.

We have a unique angle on how we approach the Yeshiva, It's not about the Yeshiva at all. Building the talmid is everything, and the Yeshiva develops from the success of the talmidim. When they succeed, we succeed.

- RABBI YESHAI KUTOFF
ROSH YESHIVA

FOUNDATION

YHSC is dedicated to the success of our Talmidim in all aspects of academic life. The Yeshiva provides a foundation for our students, who will then move on to institutions of higher learning and the wider professional world.
