

# **ECO- FRIENDLY COLLECTION**

# "Trust what you wear,

# wear & care product, people, planet

Trust comes with confidence and must be earned, and this is especially true when it comes to clothing. Throughout the entire production process, we strive to respect people as well as the planet whilst guaranteeing our products are high quality and durable. This in turn ensures you can have full confidence in our brands. Our full list of commitments is set out in our **wear&care** programme, based around **3 key areas: PRODUCT, PEOPLE and PLANET.**

## PRODUCT:

Our entire philosophy is based around our product. Our aim is to offer customisable clothing so that everyone can express their uniqueness. We undertake to manufacture high quality clothing that is designed, produced and marketed with respect. Wherever possible, we are also committed to making our products from eco-friendly materials (organic cotton and/or recycled polyester), and updating our collections by replacing conventional materials with eco-friendly ones.

## PEOPLE :

Behind every single product and brand within the SOLO Group are the people who have created, designed, manufactured, shipped and sold them, as well as those who wear them. This is why we are committed to producing our clothing and accessories in ways which prioritise people, their working conditions and rights. We are also committed to working with various different charities that help improve living conditions outside the workplace.

## PLANET :

As our future goes hand-in-hand with that of our planet, we will fight to preserve it every step of the way. Our pledge is to reduce our carbon footprint and that of our products as far as possible, and to strive towards sustainable practices and consumption for our business. At each stage of the manufacturing and marketing chain, we are committed to reducing and optimising our energy use as much as possible, whilst also eliminating unnecessary waste and reusing it where appropriate.
