“Art-Management” is an art-consulting company working on the intersection of art and business. Our human-oriented services are intended to improve your wellbeing due to the carefully selected art-piece which will be your sole-mate for a long time. It makes us different from other galleries or-and art-dealers. We are proud to present artists from 4 continents.

Except traditional artwork sale, our featured B2B services are designed to foster your success:

- **Bespoke art-events organization** which allows to bring your clients –and their clients – together with artists and art luminaries, to create unforgettable experiences, connections, and knowledge exchange. Bespoke events are tailored to each client’s needs. With contemporary art as the context, they stimulate one-to-one conversation, deepen relationships, and align brands with creative thinking.
- **Art-environment** is a powerful tool to visualize your business philosophy, reflect your corporate values, affect your staff and clients in a desirable way.

“Art-Management” is owned and led by Oksana Polyanska, MA in history followed by in-depth studies of art and management and as well as international experience in collection management, advisory while art-pieces acquisition on primary and secondary market, fine art logistics. Over 35 exhibitions and charity art events have been organized and took place during last 5 years. Member of International Network of art-dealers and gallerists Finarta. Partner gallery of American-Australian platform ArtMoney.

On the occasion of Thanksgiving 2023, we are delighted to present Edward Welter, a contemporary painter well-known in Beverly Hills (USA), Saint-Tropez (France), Monaco and Monte-Carlo. He recently moved from California (USA) to Luxembourg, a sacred place that connects him to his ancestors.

Edward quickly gained the worldwide recognition for his range of vibrant colors and vivacious gestures, incorporating a blend of expressionism, abstraction, and lyricism.

MAMER PLAGE

PLAGE TO BE!

The Mamer Plage restaurant offers you a typically winter menu from October to the end of April. Fondue, raclette, and tartiflette take center stage in the chalets and ski gondolas. In addition to these dishes, the restaurant features event cuisine such as reblochonade, grilled tartare, and XXL skewers. Finally, the restaurant also offers some traditional Luxembourgish dishes, such as black pudding, for example.

Our site is located in the heart of nature, with a typical Swiss chalet, original ski gondolas, and a rustic-style restaurant. Don't wait any longer to experience this unique opportunity."

MERCY NATURE, marque luxembourgeoise d'origine portugaise

Une atmosphère exceptionnelle dans une bâtisse très ancienne de la vieille ville de Luxembourg vous accueille pour vous présenter des pièces de haute qualité, tant par le design, que par les matières ou encore par la confection.

Des créations de grande valeur avec une touche unique

Tout est conçu et dessiné à Luxembourg par la créatrice et fondatrice Agna de Carvalho, puis fabriqué au Portugal par les mêmes ateliers et personnes depuis le début de la marque, et même avant, puisque la fondatrice a commencé à travailler dans le textile il y a une dizaine d'années. De même, elle sélectionne avec soin et une nette préférence pour les matériaux et matières naturelles, telles que le liège, le cachemire, le lin, le coton, la soie, différentes laines notamment, auprès des mêmes fournisseurs depuis ses débuts. Agna de Carvalho attache une grande importance à nouer des partenariats de long terme et même à former une famille MERCY NATURE, unie par sa passion de créer de belles choses pour de nombreuses années et utilisations.

Le service MN

MERCY NATURE propose en boutique une petite collection de vêtements et accessoires pour femmes, que vous pouvez également commander dans la matière et/ou la couleur de votre choix.

Homme ou femme, vous pouvez aussi prendre rendez-vous avec la créatrice Agna de Carvalho pour toute demande particulière. Avec amour et patience, Agna de Carvalho peut, pour vous spécialement, créer sur mesure, partir d'un modèle existant ou donner une nouvelle vie à vos vêtements, comme faire d'une robe un pull et un sac à main par exemple.

D'ailleurs, le service aux clients et la durabilité étant des valeurs fortes du projet, les produits sont garantis et, même si vous avez abîmé une pièce, en ayant fait un accroc par exemple, vous pouvez venir en boutique et vous serez aidé (réparation, nettoyage, transformation, ...). Agna de Carvalho peut aussi vous accompagner via ses services de conseil et coaching en image, que ce soit ponctuellement pour une occasion spéciale, ou pour (ré)organiser votre garde-robe.
