A message from Lurette Bouwer:
Meyer (Lurette's son) has Autism Spectrum Disorder and faces daily challenges. **SMART DROPS** keeps him focussed, and even his teachers are complimenting his progress. He went from failing the first term, to soaring in the second term. A wonderful testament to how SMART DROPS have helped him.

After my pregnancy, I suffered from high blood pressure, bed ridden for weeks with migraines. With 1tsp of Mag+ a day, I have no need for blood pressure medication. Mag+ has not only aided that, but assisted in my healing from old sport injuries and made me feel younger day by day.

My insulin injections have reduced from 8 times a day to only 4 times a day. All this in less than 3 weeks! My blood pressure normalised from 140/110 to only 120/75! I was diagnosed with diverticulitis and lived in pain. Since using MorMag, I no longer need antibiotics and the pain is almost gone.

R225_{each}

I incorporated Aphrodite Female into my routine, taking 10 drops each night, primarily because of its natural libido-enhancing properties. While I understood that this wasn't a quick-fix solution and would require some time to yield results, I was pleasantly surprised to experience improvements within just a few days. Gone were the days of using fatigue as an excuse, as my mood in the bedroom took a positive turn. After consistently using Aphrodite for a month, the impact was remarkable. What used to be a monthly occurrence transformed into three times a week, eventually culminating in a daily bedroom routine. This significant improvement not only enhanced my love life but also made my daily life effortless and enjoyable.
