Women United is a global program that comprises a robust network of over 70,000 women leaders across six countries and 165 communities. Women United Southwest Louisiana is proud to be part of this network.

At United Way of Southwest Louisiana, we recognize and appreciate the talents of women. By leveraging their strengths, we can create a positive impact in our community and give women some of the most fulfilling, challenging, and inspiring experiences of their lives.

Women United Southwest Louisiana is a group of women who are ready to make a tangible difference in the lives of our youngest community members. Our expanding group of members includes women of all ages, backgrounds and career paths who generously support us with their time, talent, and funds.

To join Women United Southwest Louisiana, a minimum undesignated annual investment of \$1,000 is required. You will have the satisfaction of knowing that you are contributing to the betterment of the community in which you live and work.
