WELCOME

ABOUT US

Cheer Farm produces natural dried fruits in Vietnam. We source our fruits from local farms and harvest them at peak ripeness.

Our drying process do not use sulfur, additives, nor preservatives, preserving the fruits' natural taste and flavor.

We promote traditional and sustainable farming practices to ensure authentic flavors and taste of The Nature.

HISTORY

We are Natural Dried Fruits Producer 9+ years of Experience

- Cheer Farm was established in **2015** as a natural dried fruit producer.
- Since **2017**, Cheer Farm has started exporting natural dried fruit products to international markets.
- Since then, Cheer Farm has been exporting products to major markets such as Australia, South Korea, Hong Kong, Europe, and the United States.
- In **2024**, Cheer Farm established its second factory in the Hoa Cam Industrial Park, Cam Le District, Da Nang, Vietnam.

PRODUCTION

SOURCING MANAGEMENT

At Cheer Farm, we manage raw materials directly from cultivation areas. Our team closely monitors fruit cultivation and proactively plans harvests to ensure the selection of uniform, high-quality raw materials that meet our stringent standards. By implementing strict sourcing management at growing sites, we secure top-quality fruits and maintain an abundant supply for production.

HUMAN RESOURCE

To develop production and build sustainable value, Cheer Farm prioritizes our people in quality management. People at Cheer Farm are value makers, so they are trained and made well aware of their responsibilities in food production. Core values of Cheer Farm's people: INTEGRITY & DISCIPLINE

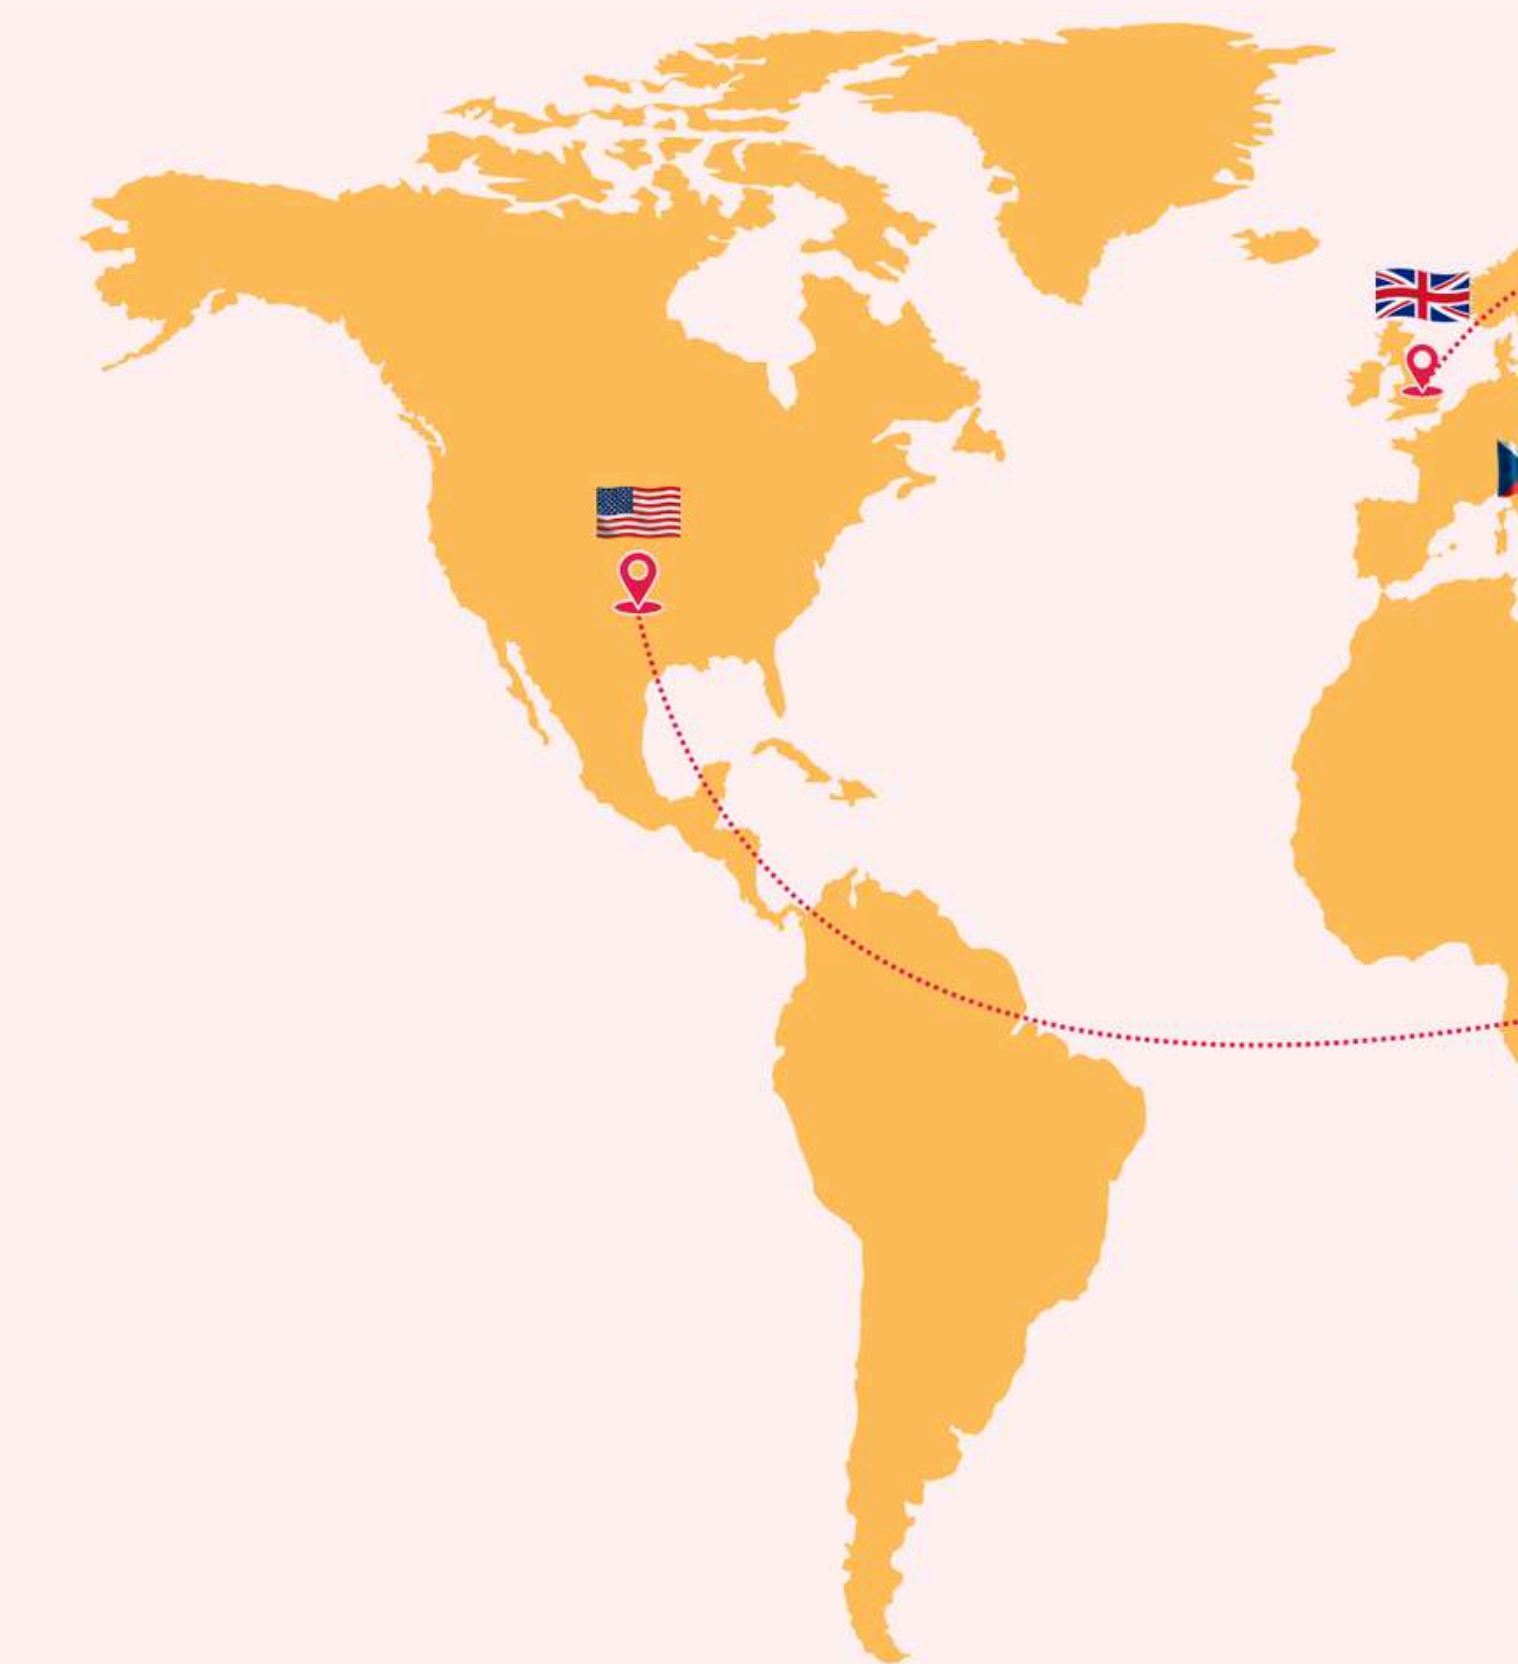

PRODUCTION MANAGEMENT

Food safety and hygiene are top priorities in our factory's production. For natural products without preservatives and additives, strict hygiene control is crucial to ensure the product's natural quality and shelf life.

The factory operates in compliance with the ISO 22000:2018 food safety management system.

MARKET

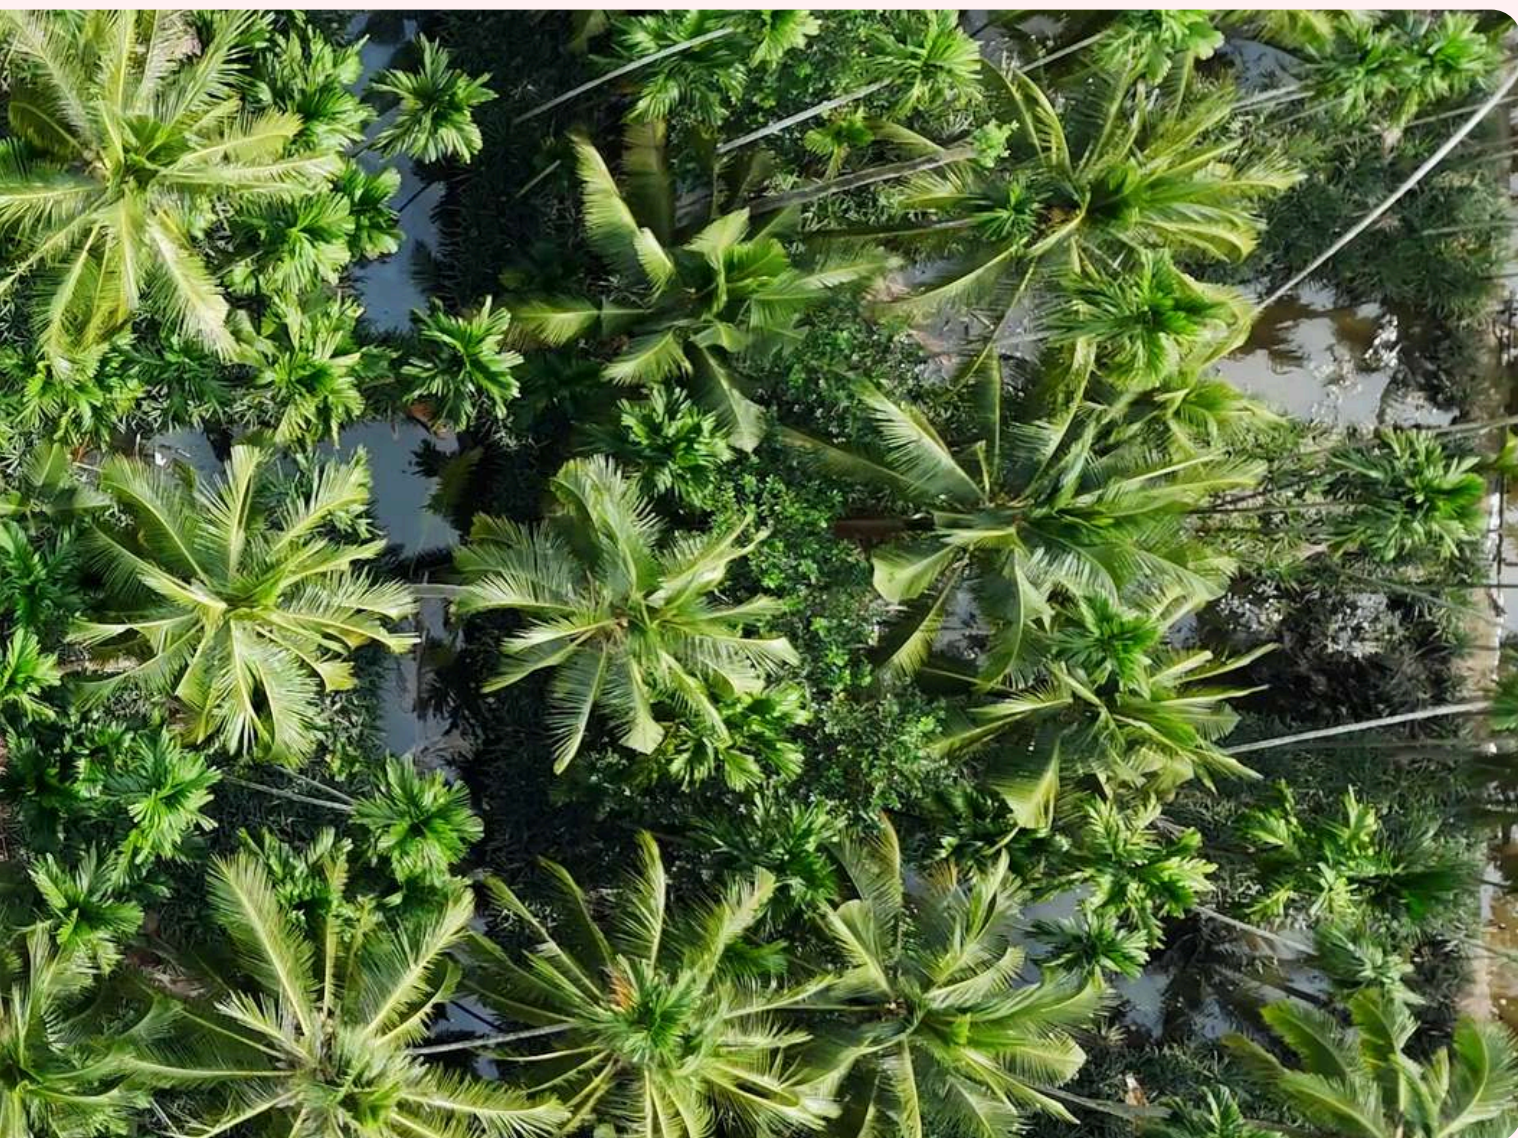

HOW WE CAN ADD TO YOUR DIFFERENCE?
