Over 32+ million plastic bottles diverted from landfill and our oceans

*Context Europe Sales Data 2023

Protection is in our DNA...

Protecting Our Planet

With 32+ million plastic bottles diverted from landfill and our oceans, we adhere to RoHS, Reach, Prop 65 Global Recycling Standard, FCS.

Protecting Your Wellbeing

A new standard in clean with integrated antimicrobial protection that eliminates germs and bacteria.

**MILITARY
STANDARD**

US MIL-STD-810G*

Protecting Your Tech

We help prolong the life of your tech with patented protection systems that are independently tested and verified.

Sustainability...

The Targus Approach

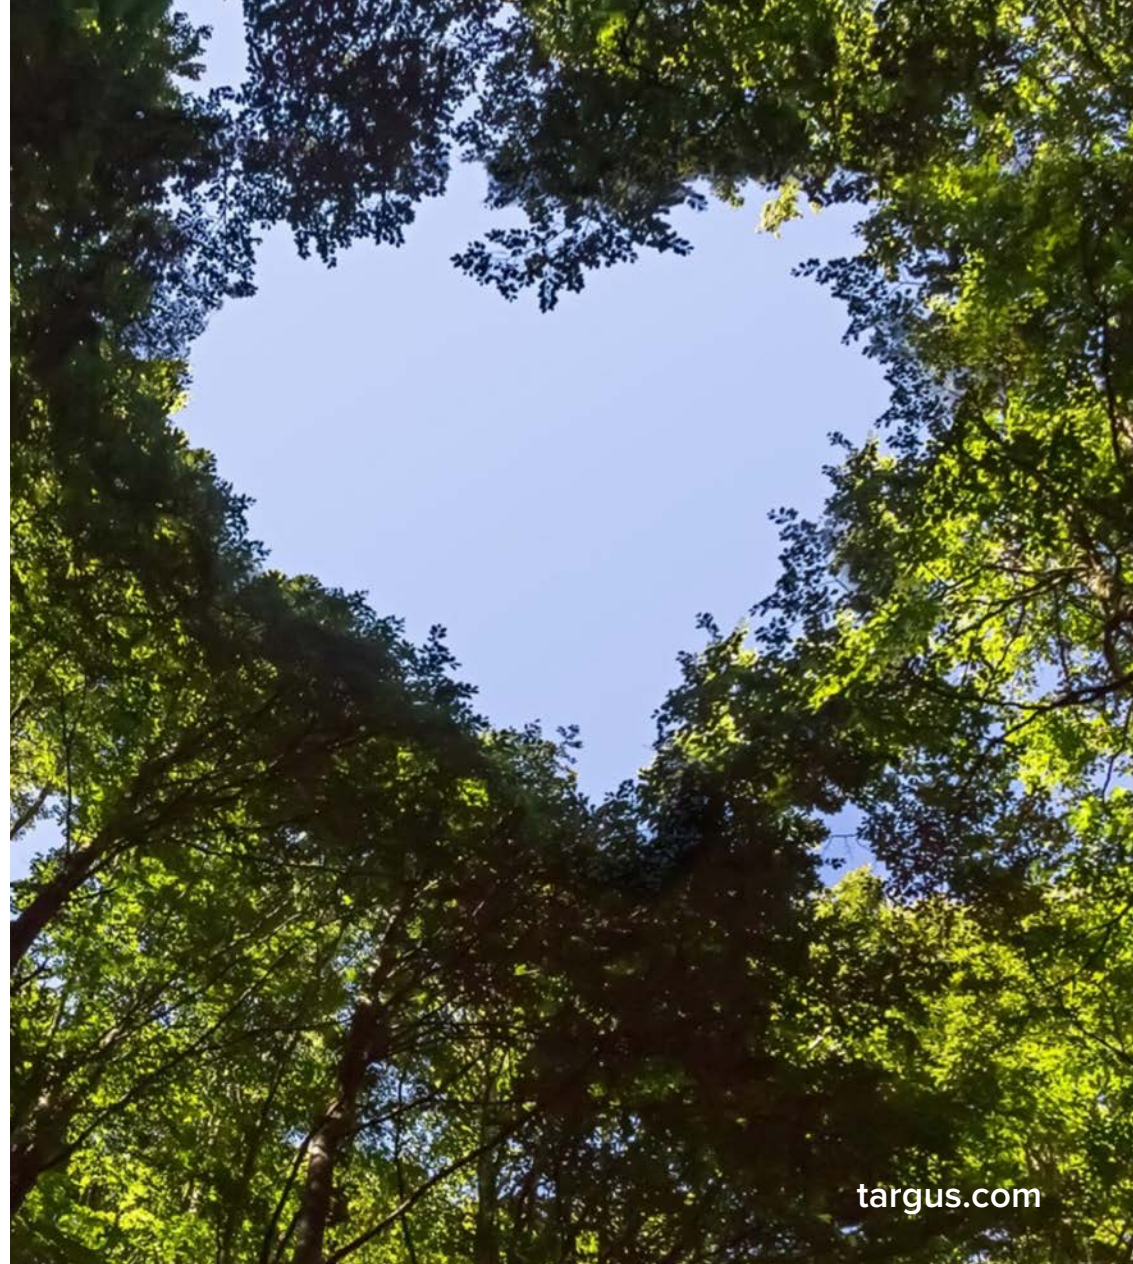

Business can be a force for positive change.

The climate emergency is everyone's responsibility. Targus wish to be a purpose driven brand and are taking necessary steps to move sustainability into the forefront of how we conduct business throughout the world.

By establishing a Sustainability Roadmap to 2030, we build annual goals, monitor our progress and share best practices with transparency and mutual accountability throughout the organization.

Working with Targus assures you're on the path to a greener and more sustainable way of doing business.

Read our Sustainability Report 

Social Responsibility

Targus is committed to conducting business in accordance with standards of business ethics, human rights, and applicable laws, and expect its vendors and manufacturing facilities to comply with our corporate values.

Targus Group only use reputable, law-abiding manufacturers with labour practices that meet our rigorous code of conduct standard.

We expect our suppliers to operate in a fair and ethical manner.

All Targus suppliers are required to comply with local environmental legislation, actively aiming to reduce waste and emissions.

Targus is making a big impact powering the circular economy with EcoSmart[®] technology

Thoughtful Lifecycle

- Biodegradable components designed to decompose after use
- Made to last with a lifetime warranty

Better Materials

- Up to **73%** eco-friendly content
- Same high performance and military grade drop testing

Sustainable Design

- Covers and linings made from post-consumer recycled materials
- Bio & fossil-based biodegradable tray

Smarter Distribution

- **100%** recycled transit packaging
- Hemp rope and recycled sealing tape

Doing more to impact less

Targus ranks among the **top 50% of sustainable businesses** worldwide with a Bronze EcoVadis rating.

Protecting Your Wellbeing...

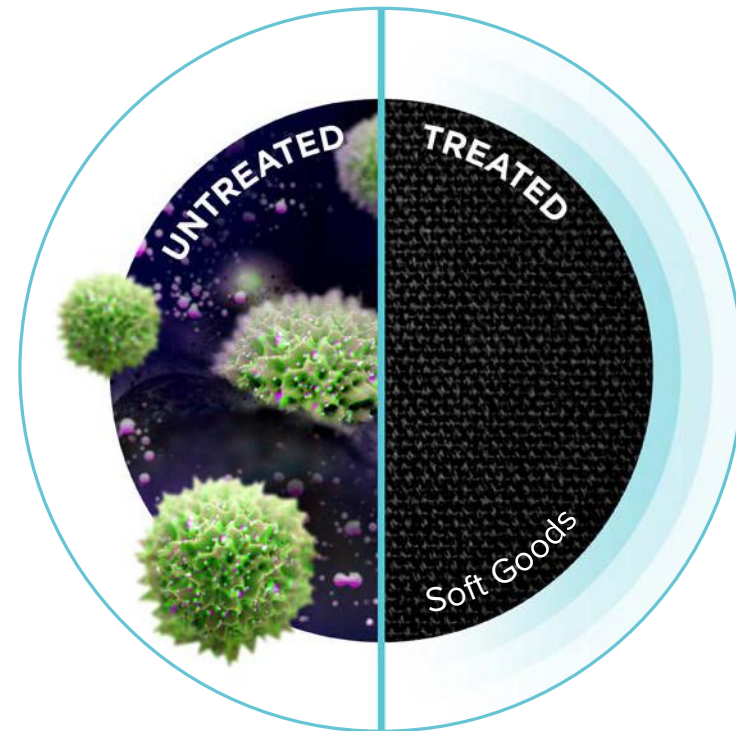

A New Standard in Clean

Work well anywhere with accessories featuring integrated **DefenseGuard™ antimicrobial protection** for a cleaner workspace. Proven to protect bags, cases, keyboards and mice against germs, it won't wear off or wash off and will remain effective for the lifetime of the product.

Independent laboratory testing to standards including JIS Z 2801 and ISO 22196:2011 demonstrated a **99.9% reduction** of Staphylococcus Aureus (Staph Infection) and Escherichia Coli (E. coli).

BPR and EPA compliant, silver antimicrobial agents have been infused into Targus DefenseGuard™ products to provide all-round protection, continuously neutralising bacterial threats to provide a durable, cleaner surface.

*Antimicrobial product protection is limited to the case or device itself.

TABLET CASE RANGE BY SILHOUETTE AND PRICE

Protecting Your Technology...

**MILITARY
STANDARD**

US MIL-STD-810G*

Every case features Military Standard drop protection

The MIL 810G 1.2m/4ft drop protection is a test standard set by the US Department of Defence and is generally accepted as the benchmark for ruggedised protection of mobile computers and equipment.

Tests include:

- 4ft/1.2m drop protection testing, 25 drops on concrete – no device damage
- Dust and water splash tests

Connectivity

Connect without complexity and create productive workspaces

Docks and hubs are a key tech accessory
for MacBook users to expand their desk setup:
44% use a dock or hub when working.

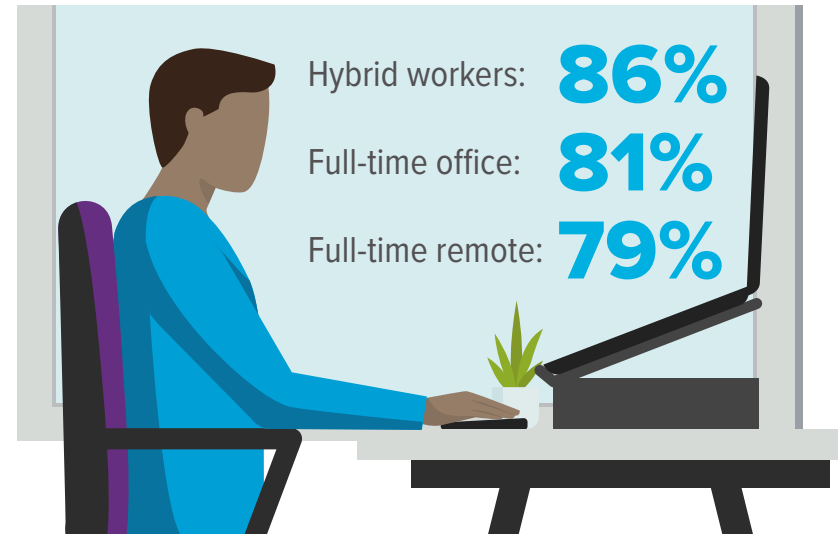

Work and play well anywhere

Compatibility is a key consideration when people buy tech accessories. **Seven in 10** people (70%) look for **accessories that can be used with any laptop**.

of people who value compatibility **are willing to pay more** for this feature.

Hybrid workers are especially likely to **pay more for universal compatibility** due to having different tech at home and at the office.

*Targus Empower Your Life Survey, November 2022, n=1,000 senior business decision makers and 6,000 people in North America (US and Canada) and Europe (UK, France, and Germany).

SETTING UP YOUR WORKSPACE

Look **STRAIGHT AHEAD**: have your monitor at eye level or just below and an arm's length away. If using multiple monitors, angle them inwards to reduce neck rotation.

Give your **EYES** a break. Every 20 minutes, look 20 feet away for 20 seconds. 20-20-20.

ELBOWS and **FOREARMS** level with the desk surface, with shoulders down and relaxed. Adjust chair height or prop yourself up with additional cushions.

FEET planted on the floor. A footrest is ideal; alternatively, use a box.

Source: Chartered Institute of Ergonomics & Human Factors (CIEHF).
– Home working and staying healthy

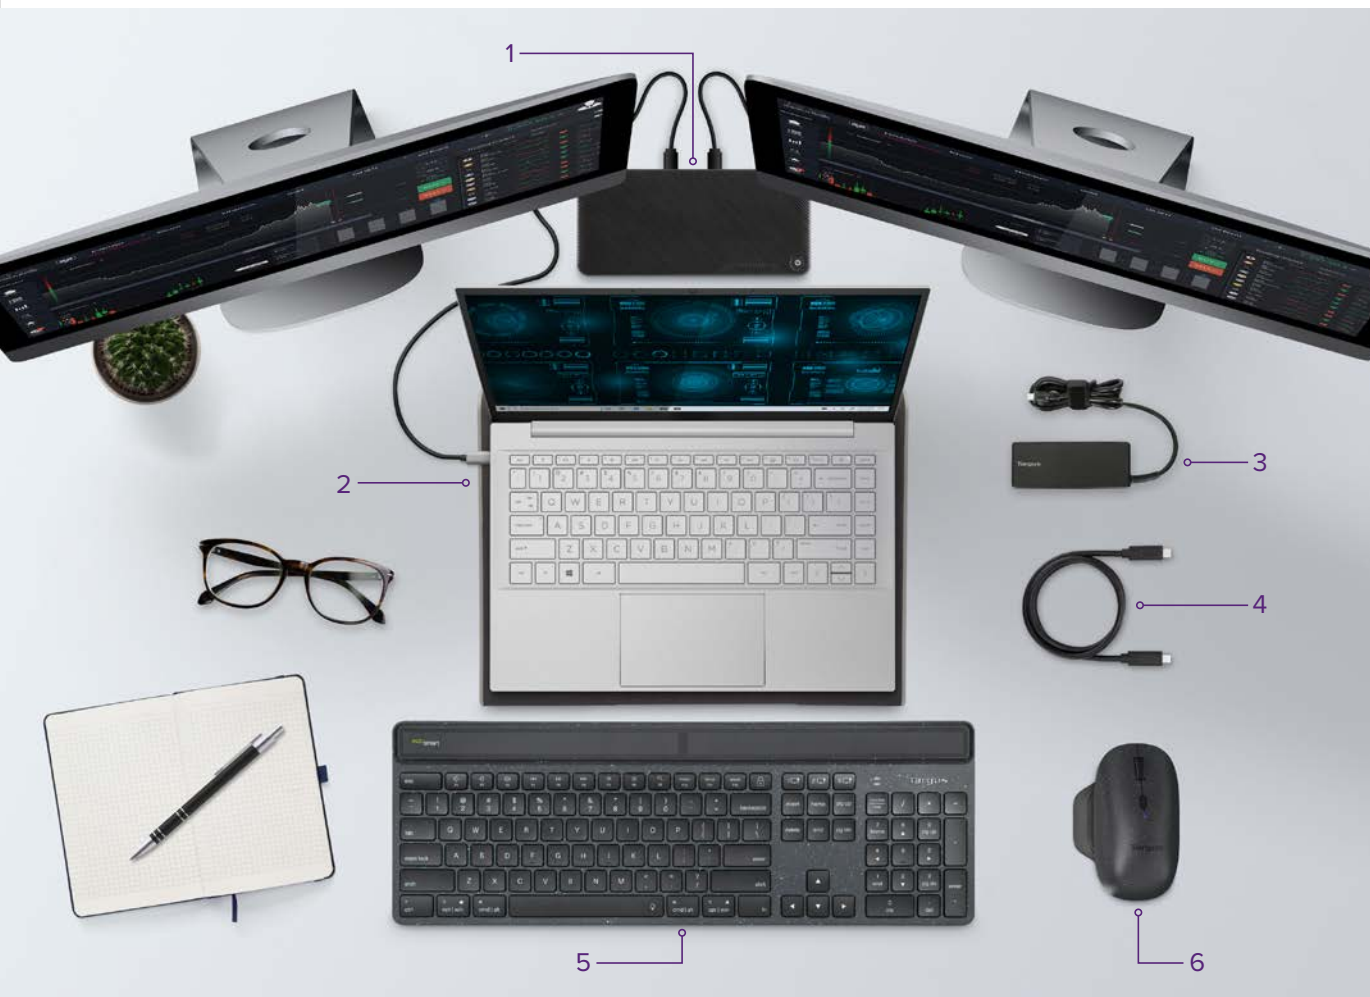

Keyboard and mouse positioned close to the edge of the desk to avoid unnecessary stretching. Don't shrug **SHOULDERS** when typing and mousing; lower the work surface or adjust your chair height to avoid this.

Sit **BACK** taking full backrest support. Adjustable chairs are ideal. For more lumbar support, place a cushion or rolled up towel behind you.

Keep **THIGHS** parallel to the floor, knees slightly lower than the hips.

Regular **MOVEMENT** is key. Get up from your chair 2-3 times an hour for 30-60 seconds or 5-10 minutes every hour. Add dynamic stretches to daily routines as well as walking.

Space limitations and available accessories can impact your ability to work well. Whether you have a dedicated workspace or work at the kitchen table, here are some recommended solutions to make the space comfortable and productive.

Laptop Bags

Carry and protect your tech comfortably, wherever the day takes you...

Why choose an EcoSmart[®] bag?

Plastic bottles are reborn to make EcoSmart[®] products. From the bag lining to the body and trim, EcoSmart protects the planet without comprising the brilliant features and ergonomic comfort you expect from Targus bags.

We take recycled plastic bottles

Reform them into plastic pellets

Then convert the pellets into yarn

Which is woven into material

To produce our EcoSmart[®] bags

OUR RECYCLING CREDENTIALS

EcoSmart[®] Technology has prevented **32+ million** plastic bottles ending up in our oceans and landfill.

EcoSmart[®] products are made from **recycled plastic waste**.

Targus meets the requirements of the REACH Regulation.

Targus has identified and erased the use of hazardous substances in products.
