your life

SOLUTIONS TO CARRY, PROTECT
& CONNECT YOUR TECHNOLOGY

Targus is the leading global provider of accessories to carry, protect and connect your tech

Your trusted advisor...

Award-Winning Innovation

Consistently delivering first-to-world solutions across tech-accessory categories.
Number of Patents: **67 patents / 44 patents pending**

Compatibility Promise

Our brand promise empowers a seamless life. Your tech-accessories will work with your devices today and your devices of tomorrow to give you peace of mind.

Brand Quality

With products sold in 100+ countries we are your global tech-accessory expert.
Distribution Points: **100 Countries**
Product Portfolio: **1000+**
Number of Bags Sold: **300M+**
Number of Accessories Sold: **100M+**

Global Alliances

We have a leading edge to support new technology with long term alliances with the world's largest OEMs including HP, Lenovo and Dell, plus partnerships with Samsung and Microsoft.

Market experts using Targus-owned, GfK and Context data

24/7 offices worldwide

Products sold to **over 100 countries**

32 million plastic bottles diverted from landfill and our oceans

Laptop Bags 

Tablet Cases 

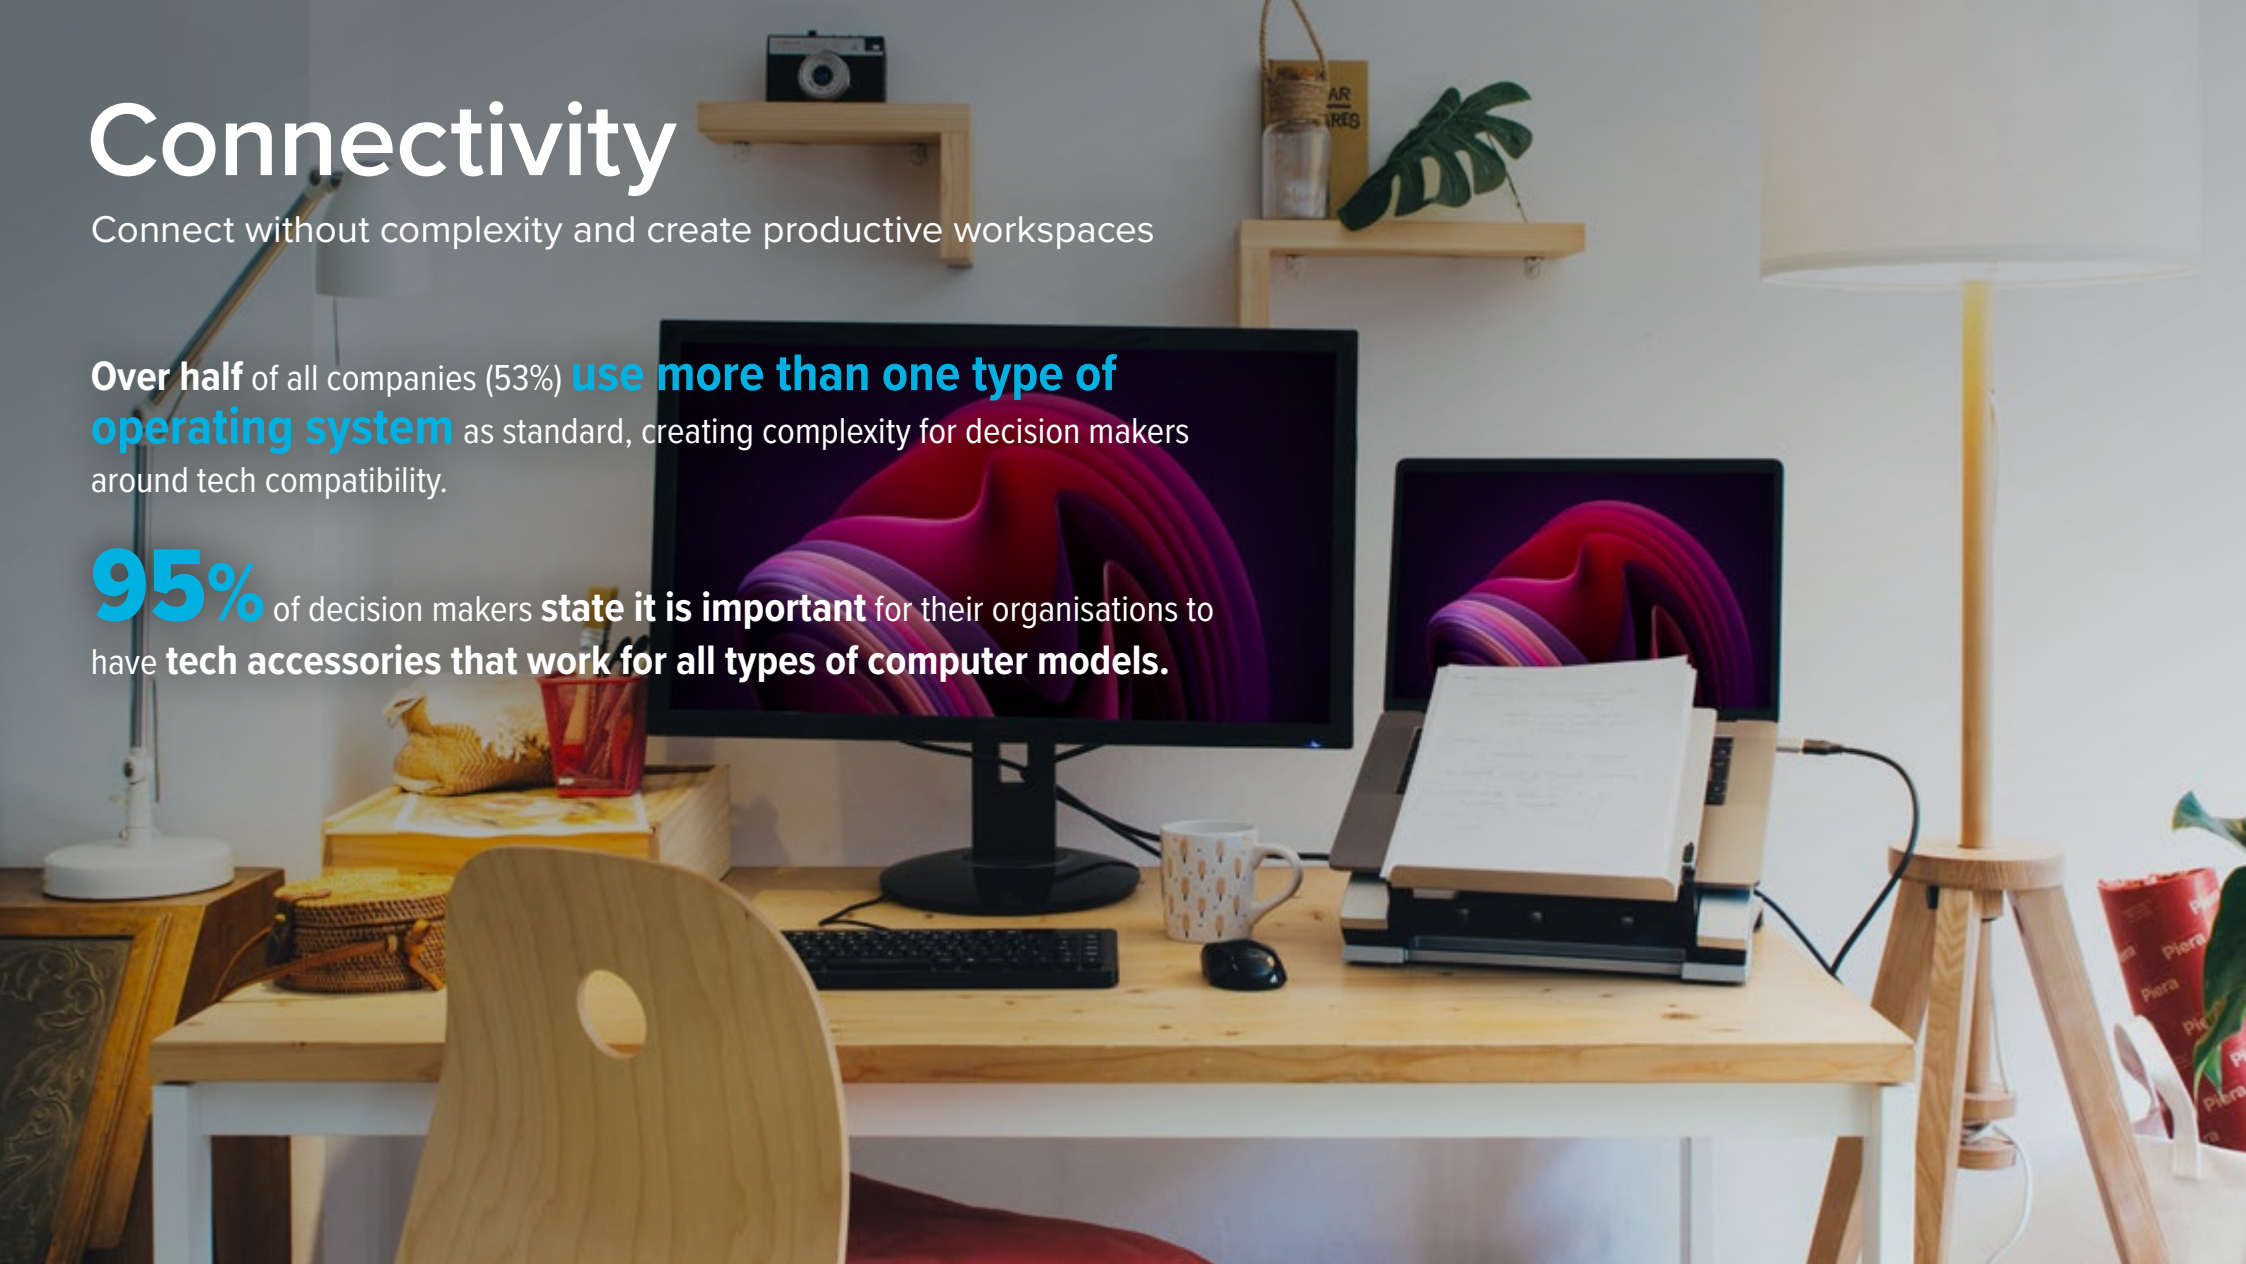

Connectivity

Connect without complexity and create productive workspaces

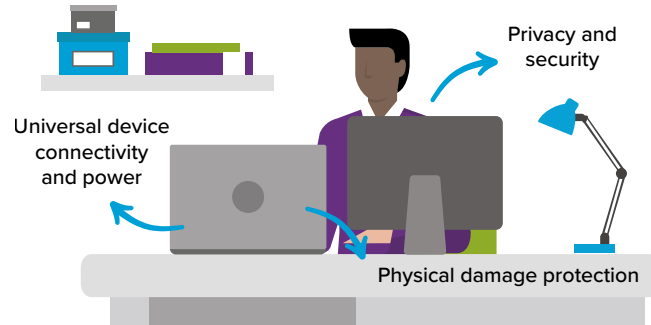

Over half of all companies (53%) **use more than one type of operating system** as standard, creating complexity for decision makers around tech compatibility.

95% of decision makers **state it is important** for their organisations to have **tech accessories that work for all types of computer models**.

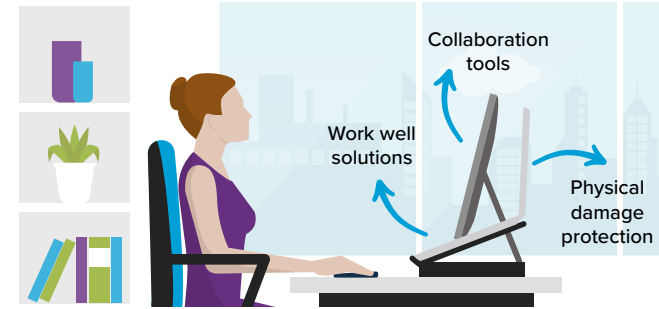

Work well anywhere

Flexible Workers

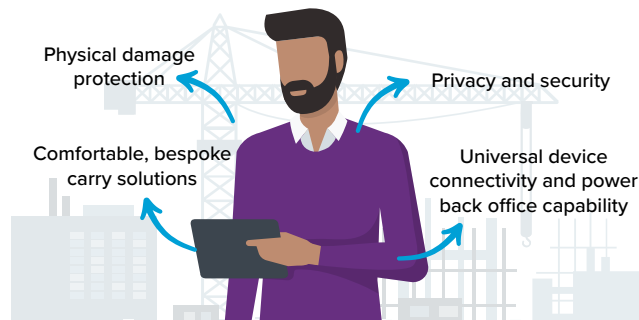

Those going to the office for only a few hours or days a week, most companies are adopting a hot-desking approach.

Home Workers

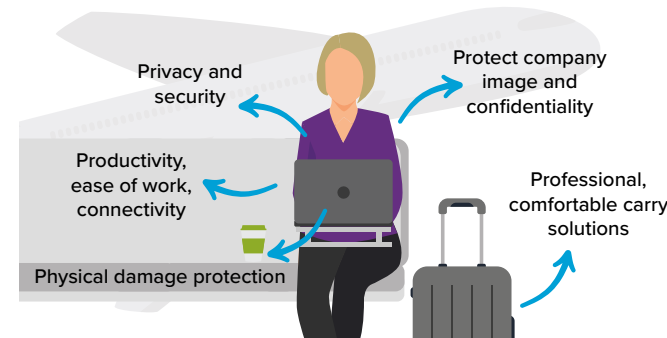

Facilitate remote work and deliver comfort, productivity and colleague collaboration as standard.

Non-deskbound

Technology is increasingly demanded in sectors such as emergency first-response, retail, manufacturing and construction.

Frequent Travellers

Staying comfortable, productive and professional whilst on the move is critical for the individual and reflects positively for the client.

SETTING UP YOUR WORKSPACE

Look **STRAIGHT AHEAD**: have your monitor at eye level or just below and an arm's length away. If using multiple monitors, angle them inwards to reduce neck rotation.

Give your **EYES** a break. Every 20 minutes, look 20 feet away for 20 seconds. 20-20-20.

ELBOWS and **FOREARMS** level with the desk surface, with shoulders down and relaxed. Adjust chair height or prop yourself up with additional cushions.

FEET planted on the floor. A footrest is ideal; alternatively, use a box.

Keyboard and mouse positioned close to the edge of the desk to avoid unnecessary stretching. Don't shrug **SHOULDERS** when typing and mousing; lower the work surface or adjust your chair height to avoid this.

Sit **BACK** taking full backrest support. Adjustable chairs are ideal. For more lumbar support, place a cushion or rolled up towel behind you.

Keep **THIGHS** parallel to the floor, knees slightly lower than the hips.

Regular **MOVEMENT** is key. Get up from your chair 2-3 times an hour for 30-60 seconds or 5-10 minutes every hour. Add dynamic stretches to daily routines as well as walking.

— Home working and staying healthy

Space limitations and available accessories can impact your ability to work well. Whether you have a dedicated workspace or work at the kitchen table, here are some recommended solutions to make the space comfortable and productive.

1. USB-C Universal DV4K Docking Station with 100W Power Delivery
DOCK182AUZ
2. Laptop Chill Mat
AWE55AU
3. 100W GaN Wall Charger
APA109GL
4. Sustainable Energy Harvesting EcoSmart® Keyboard
AKB868US
5. ErgoFlip™ EcoSmart® Mouse
AMB586GL

DELIVER THE RIGHT TOOLS FOR THE JOB

1 Screen Setup Laptop

- Meet Health & Safety guidance
- Elevate laptop screen to eye height, add a keyboard and mouse

2 Screen Setup Laptop + Screen

- Dock your device and get back **30 hours per person per year**, with a ready to go workspace
- **25% increase in efficiency** by adding just 22 inches more viewing space

3+ Screen Setup Laptop + 2 Screens

- Add a third screen can **increase efficiency by another 10.5%** – that's a **35.5%** increase overall
- An **increase of 1.5-3 hours per day** in productive time

Powering a new way of life

3 in 5 people (61%) carry a charger for their laptop, phone, or tablet every day

Targus PowerElite™ Chargers are safer, cooler and more efficient compared to conventional chargers. By using Gallium Nitride (GaN) and the latest USB-C protocol, Targus is able to enable smart, reliable power delivery universally across all your devices and in 140 countries.

Smart

Targus PowerElite™ Chargers provide super fast charging with up to 100W power for single device. Most modern smart devices have clever power management to control recharge speeds, which also aids battery longevity of the devices. Targus PowerElite™ Chargers leverage PPS (Programmable Power Supply) which dynamically meets power requirements of your device real-time, helping to maintain your device battery health.

Universal

Targus PowerElite™ Chargers integrates both USB-C and USB-A charging ports, which means you can charge practically anything from smart watches or headphones to smart devices to laptops. In addition, travel friendly adapters are included so the charger is able to work in over 140 countries.

Reliable

Safety is synonymous with Targus power products for decades. Carefully designed circuitry ensures complete compliance with the strictest of certifications across the globe, keeping you and your devices safe. Utilising latest USB-C PD (Power Delivery) and PPS (Programmable Power Supply) charging protocol, our PowerElite™ Chargers can synchronise with your devices to alter power delivered real time, protecting against over-voltage, over-current and over heating.

Commitment to Quality and Safety

Targus power products successfully pass more than 115 rigorous quality tests across key categories, including Mechanical, Electrical, Environmental, Reliability, Functional, Compliance, and Packaging. Each test is designed to ensure the product meets the highest standards of performance, durability, and safety.

Electrical Testing 37 Tests

Assesses all critical electrical parameters, including efficiency, ripple noise, and over-current/voltage protection.

Reliability Testing 19 Tests

Focuses on long-term durability through drop tests, cable flexion, and connector insertion/removal cycles.

Visual & Mechanical 19 Tests

Verifies physical build quality, dimensions, materials, and workmanship against strict design specifications.

Environmental 14 Tests

Evaluate performance and resilience under extreme operating and storage conditions, like high/low temperatures and humidity.

Functional Testing 12 Tests

Confirm correct operation with all compatible devices and ensures all user-facing functions perform as expected.

Regulatory & Compliance 9 Tests

Ensures the product meets all required safety and regulatory standards (eg: UL, CE, FCC, RCM) for global markets

Package Testing 5 Tests

Validates that packaging withstands the rigors of shipping and handling, protecting the charger from damage.

Power

Keep your laptop and smart devices topped up: an ideal companion for the modern mobile worker

Charge quickly and protect your battery

Targus power products use the latest technologies to preserve battery health and meet the strictest quality control.

Quick Tip

We know that sometimes it is difficult to remember how much power or wattage the AC power adapter supplies to your laptop or smart device. Here's a rule of thumb:

- 5-20W – smartphones and tablets
- 45W – most 11.6 - 14 inch laptops
- 65W – most 14 - 15.6 inch laptops
- 90-100W – most 15.6+ inch laptops

Protection is in our DNA...

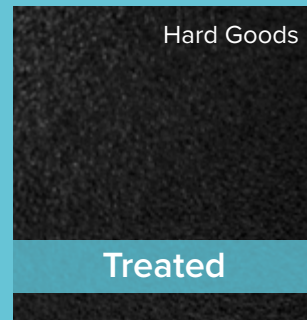

A New Standard in Clean

Work well anywhere with accessories featuring integrated **DefenseGuard™ antimicrobial protection** for a cleaner workspace. Proven to protect bags, cases, keyboards and mice against germs, it won't wear off or wash off and will remain effective for the lifetime of the product.

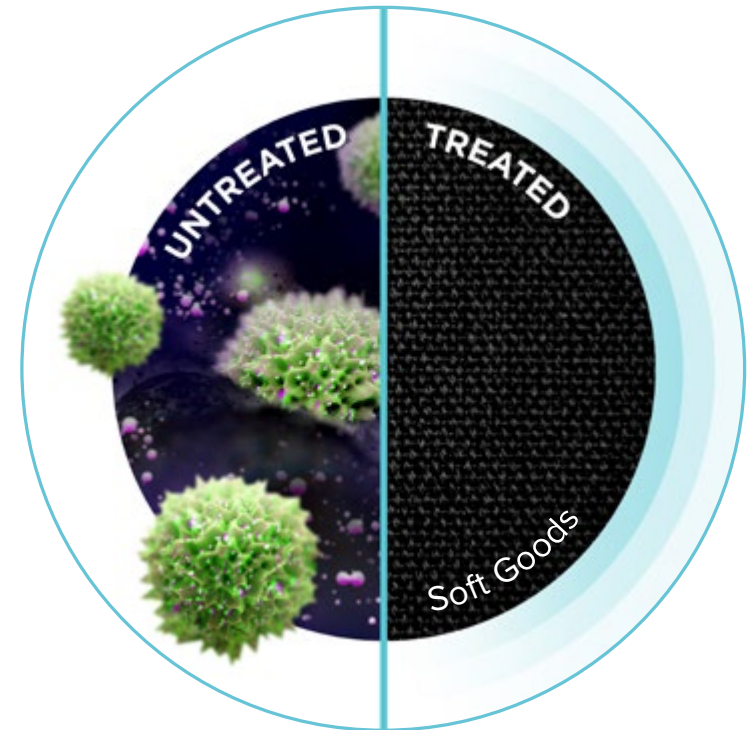

Independent laboratory testing to standards including JIS Z 2801 and ISO 22196:2011 demonstrated a **99.9% reduction** of Staphylococcus Aureus (Staph Infection) and Escherichia Coli (E. coli).

BPR and EPA compliant, silver antimicrobial agents have been infused into Targus DefenseGuard™ products to provide all-round protection, continuously neutralising bacterial threats to provide a durable, cleaner surface.

*Antimicrobial product protection is limited to the case or device itself.

Empowering Security Anywhere

Privacy filters and security locks

Prevention is the best policy

Workforces are becoming hybrid, with workers at home, at the office and on the move. Employee expectations and behaviors are changing, and businesses must prepare themselves to protect their security and privacy.

Stay compliant

With the introduction of General Data Protection Regulation (GDPR) in the EU, workers must act responsibly when dealing with data protection and privacy. Whether you are responsible for data protection and privacy, Targus locks and privacy screens are very effective against visual hacking and device theft.

DID YOU KNOW?

A laptop computer has a **1-in-10 chance of being stolen*** and **98%** of stolen laptops are never recovered**.

Whether you are working, gaming or web-surfing on your laptop, don't forget locks are the simplest form of theft prevention.

95%

of respondents from a recent survey say **working privately is important to them*****.

Lock Solutions

Find the right security solution for you:

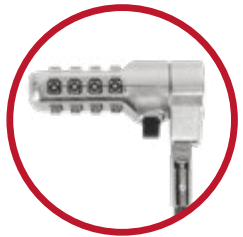

Universal locks

- Dynamic and interchangeable head mechanisms
- Keep it simple for your people to secure a wide variety of IT equipment

Key or Combination Locks

- No codes to recall and IT has ultimate control with a physical master key
- Combination Locks have no physical keys and unlock code can be easily stored digitally so it is never lost

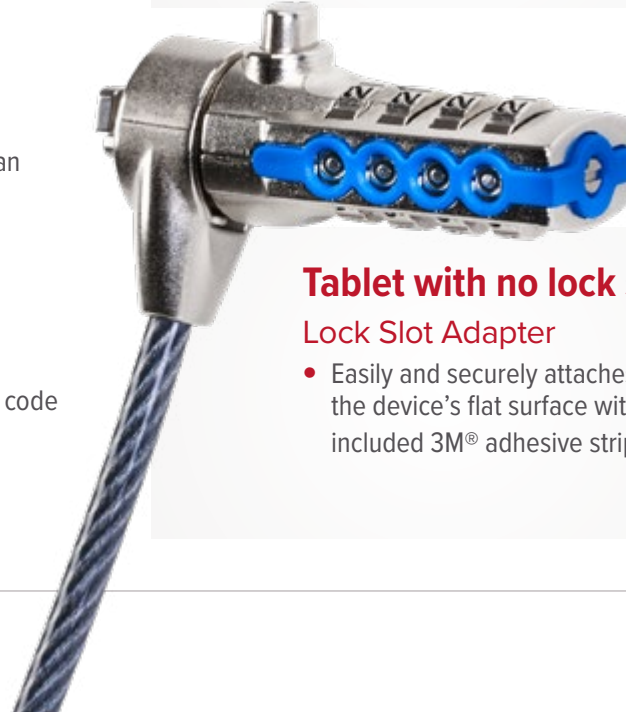

Serialised locks

- Supplied with a unique serial number and 4-digit combination code
- Unlock the Targus DEFCON Cloud portal, where IT can easily recall lost or forgotten codes

Targus DEFCON Cloud Portal

Each lock with its unique serial number and combination code can be registered to the Portal, offering simple, controlled access to combination codes. Combinations can be retrieved from anywhere in the world: perfect for the modern, dispersed business.

Tablet with no lock slot?

Lock Slot Adapter

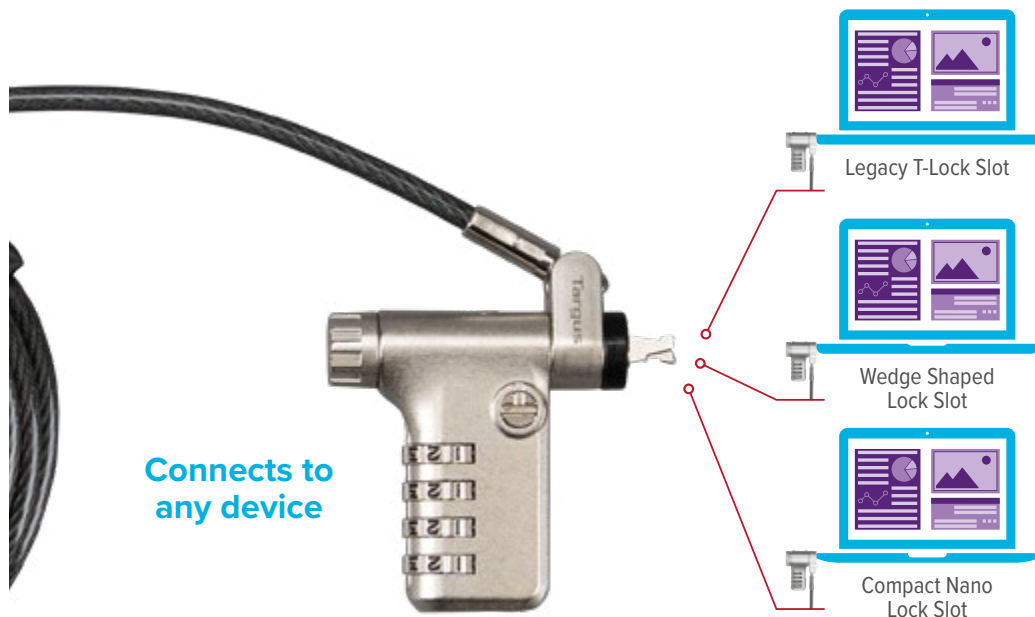

- Easily and securely attaches to the device's flat surface with the included 3M® adhesive strip

The Ultimate Universal Hybrid Resettable & Serialised Lock

Introducing the DEFCON® ASP106 Series

The **DEFCON® ASP106 Series** removes the need to have different lock heads. The unique Targus patented design allows the user to simply adapt the lock to the right size to fit the device slot at a twist of a dial, offering truly universal compatibility.

Resettable + Serialised Combo in One Lock

This hybrid lock's resettable and serialized functionality ensures ultimate convenience for everyone. Users can personalize their own easy-to-remember code, while IT departments maintain control with a master code for seamless device management.

360 Degree Lock Head Rotation

The rotating lock head allows the lock to seamlessly turn while still secured within the lock slot. This makes for effortless device locking and unlocking, while keeping your device's ports easily accessible.

DEFCON® Ultimate Universal Hybrid (Resettable + Serialised) Combination Cable Lock

● Hybrid (Resettable + Serialised) – ASP106RGLX

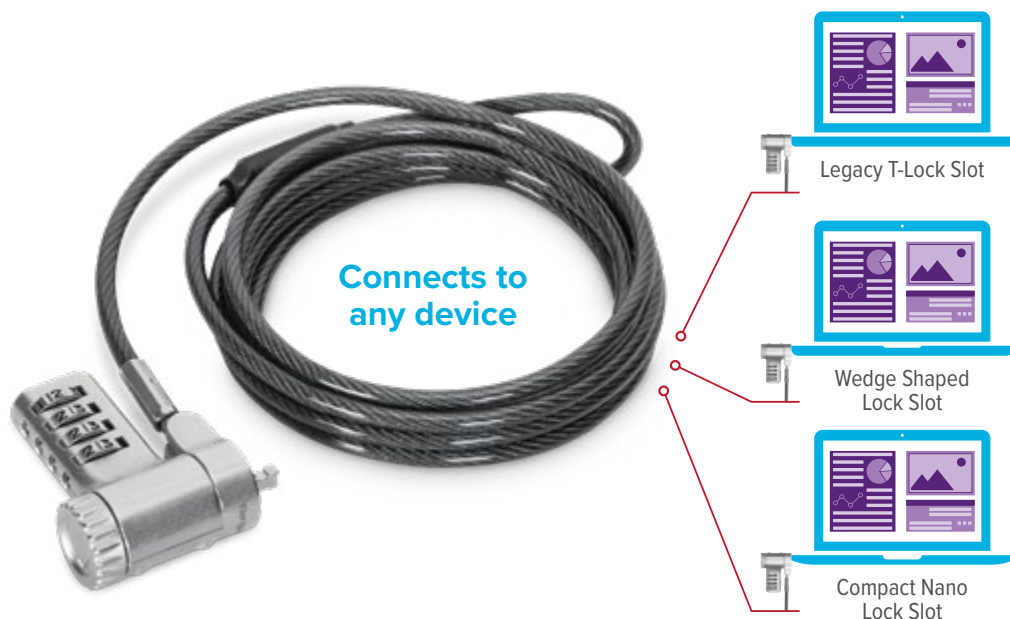

- Self-resettable 4-digit combination lock, plus serialised master code for IT management
- Universally compatible with most major lock slot formats – no interchangeable heads needed
- Protect virtually any laptop, docking station, or monitor
- 360° rotating head for seamless port access
- Strong 6.5 ft./2 m galvanized and sleeved steel cable
- Access to secure, cloud-based portal for lost master codes retrieval
- Works with Targus base plates (PA400P), sold separately

The Ultimate Universal Lock

Introducing the DEFCON® ASP9 Series

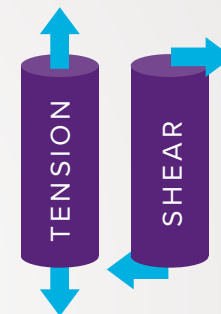

The **DEFCON® ASP9 Series** removes the need to have different lock heads. The unique Targus patented design allows the user to simply adapt the lock to the right size to fit the device slot at a twist of a dial, offering truly universal compatibility.

The ASP9 series is available in serialised combination format, fitting the needs of personal, SMB or enterprise users.

Engineered for peace of mind

Targus cable locks are all **tested to destruction** and can withstand at least 90Kg of direct pull force and 162Kg of shear force.

The ASP9 Series Adaptive Lock Head

Simply insert the jaws into the device lock slot and rotate the dial opening up the jaws until the adaptive lock head is engaged.

DEFCON® Ultimate Universal Combination Cable Lock

- Unique, world's first adaptable lock head transform the lock to fit the lock slot at a twist of a dial, eliminates the need for interchangeable heads
- 360° rotating head for easy and versatile fitting

● **Resettable** – ASP96RGLX

DEFCON® T-Lock Resettable Combination Cable Lock

● **Single Resettable** – PA410AU

DEFCON® T-Lock Serialised Combination Cable Lock

● **25 Pack Serialised** – PA410S-25

Security Base Lock Plate

● **PA400P**

Webcam Covers

Protect yourself from hacked webcams

Spy Guard Webcam Cover – 3 pack

- Easy to apply design provides visual security
- Slim size allows for most laptops to close without a gap
- Adhesive provides a secure fit on your laptop
- Sliding closure easily opens and closes to keep camera and device scratches at bay

Custom Logo Program

Protect your tech and promote your brand

CARRY

Targus has been designing bags for the working professional for over 35 years and we've never stopped innovating. Our diverse range of laptop bags available for custom logo enhancement ranges from sustainably sourced backpacks to contemporary convertible briefcases.

PROTECT

With workspaces rapidly becoming more flexible, the ability to safeguard your technology from the hazards of everyday life has never been more important. Equip your mobile working employees with precision engineered Targus protection, while keeping them on brand with your company logo.

CONNECT

In a world gone digital, the Targus logo programme gives you the opportunity to maximise your physical impact. Incorporate your company logo into your employees travel essentials, allowing you to connect with your workforce, and your workforce to **connect with your customers.**

HOW IT WORKS

Contact your Targus sales representative indicating which product(s) you are interested in. Submit the Custom Logo Program Form online (<https://au.targus.com/pages/custom-logo-program-form>) along with artwork file (vector format)

ONE PO, ONE SUPPLIER, ONE DELIVERY, ONE INVOICE. SIMPLE.

*Logo boxes indicate areas on product which are suitable for printing. Typically there must be at least a 6 cm gap between the logo and edge of the panel being printed on. Logos with small fonts or intricate details may need to have a background ensure sufficient surface area for bonding to material. Pricing is based on one logo per bag.

Tablet Cases

Get more from your tablet, wherever you are

84% of employees state they
have a tablet for work

Protecting Your Technology...

**MILITARY
STANDARD**

US MIL-STD-810G*

Every case features Military Standard drop protection

The MIL 810G 1.2m/4ft drop protection is a test standard set by the US Department of Defence and is generally accepted as the benchmark for ruggedised protection of mobile computers and equipment.

Tests include:

- 4ft/1.2m drop protection testing, 25 drops on concrete – no device damage
- Dust and water splash tests

STILL THE ORIGINAL AND BEST ROTATING TABLET CASE...

Patented rotating landscape/portrait view

Patented rotational viewing which allows users to easily rotate for landscape or portrait viewing angles, while the deep foam grooves provide angles for comfortable viewing and typing.
