# ABOUT US

Established in 2017, ISQUARE Precision Casting Pvt. Ltd. is a leading manufacturer of Ferrous & Non-Ferrous precision casting components, serving a wide range of industries across India and international markets.

Equipped with advanced HPDC (High Pressure Die Casting), GDC (Gravity Die Casting), and LPDC (Low Pressure Die Casting) facilities, we specialize in manufacturing high-accuracy components using premium Aluminium and Zinc alloys.

Our modern 15,000 sq. ft. production facility, skilled workforce, and adherence to ISO 9001:2015 quality standards enable us to deliver consistent quality, timely deliveries, and customized casting solutions that meet exact customer specifications.
