National Music Centre Offers Learning Through the Lens of Music

Since opening in 2016, Studio Bell, home of the National Music Centre (NMC), has inspired music lovers of all ages, and realized its mission of amplifying the love, sharing, and understanding of music in Canada.

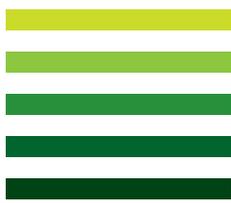

Through NMC's school programs, the organization offers hands-on programs based on Alberta's K-12 curriculum. Featuring items from National Music Centre's rare and unique collection, NMC programs are led by talented musician educators who make concepts come to life. Indeed, it's a must-do for teachers looking for fun and stimulating field trip ideas.

"Prior to the pandemic, we welcomed over 15,000 students a year to be inspired through music," said Paige Foley, NMC's Programs Manager. "We're thrilled to invite students back to our building to explore the story of music in Canada in a breathtaking space and have a blast in the process."

Teachers can choose between a guided experience with NMC's educators, which is designed to target multiple aspects of the Alberta curriculum, or a self-guided package through five floors of exhibitions.

Learn more at studiobell.ca/book-a-school-program.

For additional inquiries, please email education@nmc.ca.

Learning through the lens of music!

National Music Centre (NMC) school programs at Studio Bell amplify the love, sharing, and understanding of music in Canada.

Choose between two hands-on programs based on Alberta's K-12 curriculum.

SELF-GUIDED EXPERIENCE

Explore five floors of exhibitions centered on a brand-new educational resource.

Students will seek answers to curriculum-relevant questions, apply critical thinking skills, and just plain have fun!

A demonstration of the Kimball Theatre Organ is also included.

GUIDED EXPERIENCE WITH NMC'S TALENTED EDUCATORS

Featuring items from NMC's rare and unique collection, this option is led by a music educator who will bring the concepts to life.

Experiment with electric instruments to understand how signals are turned into musical patterns.

Get a hands-on introduction to acoustic musical instruments and music-making.

Students will also explore the range of sounds made by different materials and through different ways of playing, and so much more!

READY FOR ADVENTURE?

Birch Bay Ranch offers outdoor activities like rock climbing, ziplines, horseback riding, field and gym sports, archery, hayrides, and nature exploration.

Winter activities include snowshoeing, sleigh rides, horseback riding, gym activities, and more.

Located just 30 minutes from Edmonton!

780-922-2883
info@birchbayranch.com
www.birchbayranch.com

GET READY FOR ADVENTURE AT BIRCH BAY RANCH!

Birch Bay Ranch offers a range of outdoor activities and experiences for groups of all ages. Students will experience adventure and have fun while trying new things, gaining confidence, teamwork skills, and building relationships with their peers.

In the spring and fall, activities include horseback riding, rock climbing, ziplines, high and low ropes course obstacles, archery and target activities, field and gym sports, and nature exploration.

Winter activities include snowshoeing, nature walks, indoor and outdoor horseback riding, gym sports, select ropes course activities, and self-led outdoor activities.

Birch Bay Ranch also offers meeting and learning spaces, campfire and picnic areas, and delicious meals and snacks in the indoor dining hall. In addition, bunk-style accommodation and a group camping area are available for overnight trips and retreats.

Give your students an experience and adventure they'll never forget!
Book a field trip at Birch Bay Ranch, just 30 minutes east of Edmonton.

ALL ABOARD!!

Iron Horse Park is open to the public, Sundays, from Victoria Day long weekend to Thanksgiving.

The park is operated by the Alberta Model Engineering Society, a volunteer organization whose members want to share their hobby and the awesomeness of trains with children of all ages. Stop in for a picnic, a train journey, or a walk around the grounds. For \$3 per person you can enjoy a journey on the miniature railway. Birthdays and special events can be booked online or at the park.

LEARN ABOUT THE HISTORY OF RANCHING

The Bar U Ranch was founded in 1882 as the Northwest Cattle Company and is the only Parks Canada administered National Historic Site that commemorates the importance of ranching in Canada.

Explore historic treasures that include the blacksmith shop, harness repair shop, round-up camp, saddle horse barn, and restored workhorse barn. Experience life on the ranch from 140 years ago.

Ranching-focused school programs are comprised of demonstration, interactive talks, sensory experiences, and environmental hikes delivered by Parks Canada interpreters in 30-minute segments.

Programs:

1. Historic Bar U

- a. Belly of the Bar U: experience the variety of methods practiced to maintain self-sufficiency. Featured are the cookhouse, garden, root cellar, and storage sheds.
- b. Take-A-Hike: A Creekside trek where students learn about riparian ecology and rangeland management.
- c. Round-Up Camp: students learn how cowboys lived and worked on the range through storytelling.

2. Art on the Range

- a. Cookhouse – painting activity
- b. Leathercraft – try your hand braiding
- c. Blacksmith Shop – learn about the art of Blacksmithing

3. The Bar U Ranch Rangeland and Cattle Management

Take a 2-hour interpretive hike that discusses, animals of the Bar U Ranch, rangeland, and cattle management – now and then.

Add on a wagon ride through the historic core and rangeland.

Please visit our website for further information and pricing: www.pc.gc.ca/baru

Or call to book: 403-395-2212

East Coulee School Museum

The East Coulee School Museum is located in historic East Coulee, part of the Drumheller Valley. The School was originally a four room school house with an additional eight rooms added in 1944 as the town grew in size due to the rise in the local coal industry. The Museum highlights the importance of the school during the 1930's and 1940's through the Miss Morrison Program. The program takes classes through a day in the life of a 1930's student, complete with spelling test, classroom rules, and punishments for misbehaviour. Students will take on the persona of one of our students and take a part of their history home with them. Students will then be provided a tour of the museum to learn what it was like in a boom town.

Education Programs

Explore the history of Lethbridge and southwestern Alberta through our engaging and interactive programs!

Siksikaitstipi: Blackfoot People’s Voices

This program promotes respect and connects the past to the present as students are introduced to the history, culture and worldwide view of the Blackfoot people. Available for bookings September to June.

Fort Whoop-Up

Learn about the traders, Indigenous people, Métis and NWMP who worked and lived at Fort Whoop-Up after it was constructed in 1869. Available for bookings in May and June.

Visit www.galtmuseum.com to book these and other curriculum-connected programs.

GRANARY ROAD™

Field Trips

- Play in the park
- Meet our farm friends
- Learn about nature
- Alberta Teaching Curriculum
- Grades K-12
- Customizable for each group
- Educational
- Unforgettable

For more information, email: fieldtrips@granaryroad.com
www.granaryroad.com | 403-453-7623

BRING YOUR STUDENTS TO GRANARY ROAD FOR THEIR NEXT FIELD TRIP!

Using an interactive learning approach, we offer curriculum-based field trip options centered around 11 themed exhibits. Our facility, which is spread over 36 acres and features 3.5 kilometres of trails, delivers hands-on activities that positively impact the students' minds. We bring **FUN** to every opportunity, while creating unique experiences through meaningful modalities. Through hands-on activities, engaging videos, and interactive learning opportunities, Granary Road delivers content aligned with Alberta's teaching curriculum. Where the Park is a learning environment in its entirety, each individual exhibit sets down a unique educational proposition through learning walls, questionnaires, and fun activity features.

Your Field Trip to Granary Road will include general access to all the exhibits plus three Educational Exhibit Lessons. These are learning opportunities that use interactive activities, engaging videos, and curriculum-based content to elevate comprehension. Each lesson is hosted by our Granary Road Guide and is approximately 25 to 30 minutes in length.

Whether by bus or car, travelling to our venue will be just part of the field trip experience! The sense of adventure will have already begun by the time you've hit the road, and we suggest you take this opportunity to further expand on the occasion. Use the travel time to educate, laugh, or just relax!

When you arrive at Granary Road, you will be greeted by our Hosting Team who already has your itinerary set out and ready to go. Simply follow their lead and let the day's enjoyment unravel!

Field Trips

Visit Medalta Potteries in the Historic Clay District for a 90-minute field trip to tour the museum and create a unique clay project. Specialized field trips are available to target specific learning objectives and are customized to the age/grade of the students.

Day Trips

Day trips allow for more in-depth exploration of the Clay District and connected learning opportunities. This full day experience can be customized for any age/grade or group. The day trip is often used to document information for extended learning in the classroom and always includes a clay project!

Community Classroom Program

• Innovative • Experiential • Cross-curricular

This cultural and educational immersion model moves student learning “beyond the classroom” into the Historic Clay District for several days, not hours! Our program engages students in inquiry-based learning and exploration through a host of creative, integrated activities that align with the Alberta Program of Studies. Students learn from a variety of experts and enrich this learning through many journaling and documentation techniques. And of course, every day includes a clay project!

Experience the Friendship at Nikka Yuko

Step into Japan for the day and explore the culture and history at Nikka Yuko Japanese Garden!

Located in Lethbridge, Alberta, Nikka Yuko brings the friendship of Japan and Canada to guests of all ages through serene landscapes, guided tours, presentations, and cultural activities. Our hosts and hostesses are ready to create a memorable experience for your class!

Our new cultural centre, the Bunka Centre, will provide new opportunities for immersive classroom activities using technology to tell the stories of those of Japanese descent and their impact in Southern Alberta.

Call us at 403-328-3511 or email info@nikkayuko.com to book your field trip today!

ON-SITE, IN-SCHOOL & VIRTUAL PROGRAMS
FOR KINDERGARTEN TO GRADE 9

Book your class today at leightoncentre.org
or email education@leightoncentre.org

282027 144 St W Foothills, AB | 403-931-3636 | [f](#) [t](#) [i](#)

Let us take your class on an unforgettable journey of creative discovery!

Beautiful in every season, our Art & Nature experience is a 4-hour on-site visit that introduces students, teachers, and parent volunteers to the history, art, and nature of Leighton Art Centre. In addition to completing an art project in our historic art studios, groups join an Art & Nature Educator on a visit to the Leighton Heritage Home and Gallery and explore portions of the 80-acre property, complete with spectacular Rocky Mountain view.

Our Art To Go program is perfect for those who wish to bring the Leighton Art Centre experience right into their classroom. Our educators arrive equipped with stories, visuals, and all the supplies needed for completing an art project. This is a 3-hour program and can be delivered to schools in Calgary and area, or can be delivered as a virtual field trip.

Programs available year-round. Visit our website for more details and book well in advance for best date selection.

Journey to discover the wondrous history of Blatchford Field. For almost a century, countless pioneers of flight helped develop Edmonton as Canada's Gateway to the North. Explore the evolution of flight in Alberta – from bush planes, bombers, jets and more. Witness interactive displays and an extensive collection of over 30 historical aircraft, all housed within an authentic WWII air hangar. Collaborative digital field trips are also available. Let the Alberta Aviation Museum be part of your story!

Teachers: get in on the **Pennies for Pins** program and earn money for your classroom just by bowling at Heritage Lanes!

Bowl at our school rate, and for each point your group gets, we donate a penny back to the class.

**For full information,
call Keera at 403-309-6385.**

GET OUTSIDE THE CLASSROOM!

Outdoor Education, Leadership, Teambuilding

Kuriakos Outdoor School provides exciting educational programming for all age groups. Throughout its 90 years, Kuriakos has valued belonging, growth, and togetherness; Outdoor School is a terrific opportunity for students to experience these values, in a setting that is different from their usual school routine. Students will be encouraged to learn and to challenge themselves, as they build new relationships and discover common experiences. You'll be amazed at the difference an Outdoor School experience can make in your students!

We work closely with all our school groups to develop a program that suits each school's needs. For Christian schools, many activities can also be facilitated to encourage growth in your students' faith. Haven't planned something like this

before? We have! We are happy to assist with paperwork, parent communication, and other logistics.

Kuriakos is a camp and outdoor centre located at the north end of Sylvan Lake. Since 1930, Kuriakos has been a gathering place for communities from across the province, providing recreation and learning opportunities to hundreds of families.

We welcome you to our site, and invite you to become a part of our community.

International CHILDREN'S FESTIVAL of the ARTS

SAVE THE DATE! MAY 31 – JUNE 4, 2023
St. Albert, AB

CONNECTING THE CLASSROOM TO THE WORLD

For over 40 years the International Children's Festival of the Arts has provided students with an entertaining, educational and inspirational arts experience. Located in the heart of St. Albert, this extraordinary event remains one of the largest and longest-running children's festivals in North America.

“**The Festival does a great job of making my students feel welcome... I always feel like we belong.**” – 2022 Teacher Survey Response

Through world-class programming in music, dance and theatre as well as literary, visual and circus arts, kids are exposed to a bigger and more exciting world where possibilities and curiosities are endless. A staple event across the Edmonton Metropolitan Region and northern Alberta, the Festival is host to local, national and international artists who challenge kids to think outside the box, explore their imaginations, and above all, make memories to last a lifetime!

“**We had the best time! We had fun dancing, creating and playing with new friends.... The venue was a dream (so much green space for us to explore and the event was an oasis for creative and fun-loving kids! We can't wait for the next run!**” – 2022 Festivalgoer Facebook comment

Involving children in arts experiences strengthens their social, expressive and cognitive skills which, in turn, improves school performance. In short, exposure to events like the Children's Festival puts kids on a solid path of innovative thinking, creative expression and self-confidence. Selected

programming is presented in both official languages, and each performance and workshop has carefully researched curriculum connections. The Festival is also programmed to allow kids to not only experience a variety of performance disciplines, but also cultures – including Canada's Indigenous Peoples and those who helped shape our country.

“**(The Festival) offered a wide variety of free activities as well as paid options. The free stage produced fantastic performances of all cultures and entertainment!**” – 2022 Teacher Survey Response

From early access to tickets with discounted group rates to supports such as calming zones and sensory kits equipped with noise and light dampening devices, the Festival remains committed to providing equal access to all participants.

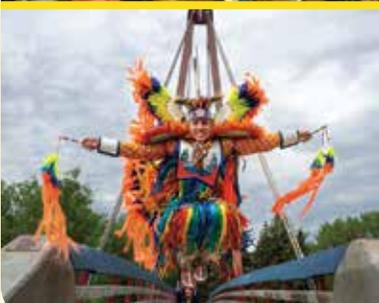

“**The Festival staff (went) above and beyond to include (the child) in every activity the best way they could, and I appreciated it so much!**” – 2022 Festivalgoer and Child's Caregiver

Whether we read it in a book or see it on a screen, something that seems impossible or out of reach suddenly becomes real and achievable when we experience it firsthand. The Children's Festival offers classes an opportunity to live those experiences through adventure, imagination and creativity in a safe and engaging environment of fun and learning!

Join us next spring for the best field trip of the year!

Fun. Engaging. Free.

Explore Alberta Legislature programs

Educational programming aligned with Alberta curriculum

The Alberta Legislature

EXPERIENCE PARLIAMENTARY DEMOCRACY

Home to over 100 years of debate and decision-making, the Legislature delivers engaging programs for students to learn about history, citizenship, parliamentary traditions and the roles of elected representatives and officers of the Legislative Assembly of Alberta.

The Legislature proudly offers a variety of programs for the 2022-2023 school year – including virtual and onsite options.

Livestreamed and onsite guided tours of the Legislature Building are fun and can be tailored to suit the needs, interests and grade level of any class. Onsite field trips can be enhanced with additional programming, and interactive virtual presentations offer classes an in-depth look at Alberta's history and democracy.

BOOK AN EDUCATION PROGRAM

Education programs are fun, engaging, free and aligned with Alberta Education curriculum.

The Laft Hus, a log house with a sod roof, in Downtown Red Deer is a tourist attraction, museum, and cultural centre that opened its doors in 1987. The Laft Hus has a growing collection of antiques and replicas of items used by Norwegian immigrants. Courses are offered to the public in Norwegian arts, crafts, and cooking by very knowledgeable instructors. Our classes include making a traditional Sami (indigenous people of Northern Norway) bracelet, rosemaling (a traditional painting style common in Norway that showcases flower motifs), traditional norwegian knitting classes, and so many more! A small "Butikk" sells crafts, books, and many gift items, as well as traditional Norwegian cooking equipment. A festival is held in June showcasing Scandinavian culture including goats on the roof, fjord horses, and Viking reenactments. One of the most popular events at the Laft Hus is the annual Craft and Bake Sale that is held in November. Members of the Laft Hus sell homemade Norwegian baked goods, as well as handmade crafts such as rosemaled items, intricate embroidery, and knitted items. The Laft Hus is open year round and members of the Laft Hus and surrounding

communities gather for tea or coffee and to work on their various crafting projects getting ready for the Craft and Bake sale. During the summer months, the Laft Hus is open 6 days a week and holds week-long day camps for children! During these camps, parents can expect their child to learn all about Norway and the history of the Vikings. They learn through crafts, games, videos, and other activities. The Laft Hus organizes activities for groups such as schools, daycares, or senior homes. The Laft Hus hosts visitors from all over the world and the members, volunteers, and summer students are always willing to give you a short tour so you can get the most out of your visit.

Visit the Laft Hus at
Heritage Square 4402-47 Ave.
Red Deer, AB T4N 6T4.

Most students would say that the best field trips are about having fun, while most teachers feel that field trips should be about education.

So where is the happy medium?

Here at Ortona, we combine fun games, activities and gymnastics circuits to create a field trip that is not only engaging and exciting but also physically challenging and educational for every grade level.

We offer field trips year-round for all grades and for students of all abilities including special needs.

Promoting **physical literacy** is beneficial for improving academic performance, cognitive skills, mental health, psychological wellness, social skills, and healthy lifestyle habits.

Why choose gymnastics?

Gymnastics helps develop self-esteem, self-discipline, self-awareness, and utilizes physical literacy to form the healthy foundation for an active lifestyle.

Gymnastics is one of the three foundation sports decreed by the International Olympic Committee; and is the ultimate human movement experience.

Ortona Gymnastics Club is a not-for-profit, independent sports organization that was formally incorporated in 1976.

As one of the oldest gymnastics clubs in Edmonton with roots stretching back to 1972, Ortona has a long history of community involvement, athlete development and child/youth sport activity and movement. Ortona is very proud of its legacy in the Edmonton community.

We look forward to your participation in gymnastics at our club.

You are never too young — or too old — to gain something positive from the sport of gymnastics at Ortona.

Book your field trip today.

Gymnastics for All! *Unique and Exciting!*

What you need to provide:

- Schools and groups are responsible for the transportation of their students to and from our facility;
- Each participant's guardian is required to provide a completed waiver;
- Teacher and parents volunteers welcome with a completed waiver.

Ortona provides the instructors, physical activity, and fun!

What we offer:

Bring your students to experience and enjoy a range of exciting sports, games, and other recreational and fitness activities at one of Canada's premier universities. We offer multiple sessions to fit each school's needs:

- 1 hour of gymnastics and fitness games inside Ortona's facility
- 1.5 hours of gymnastics and fitness games inside Ortona's facility
- 2 hours of gymnastics and fitness games inside Ortona's facility
- Full day multi-sport session featuring Ortona's facility as well as various areas of the Saville Sports Centre's gyms.

Please contact us for further program details, pricing, or to book your field trip:

AN EDUCATIONAL EXPERIENCE AT WEM ATTRACTIONS

LET WEST EDMONTON MALL
BRING MARINE LIFE RIGHT TO
YOUR CLASSROOM!

Marine Life offers a number of
curriculum based programs.

MARINE LIFE

REJOICE WITH REPTILES

Reptiles are fascinating creatures and play an important
role in the world's ecosystem. Our interactive program
will teach you all about them!

SPINELESS WONDERS

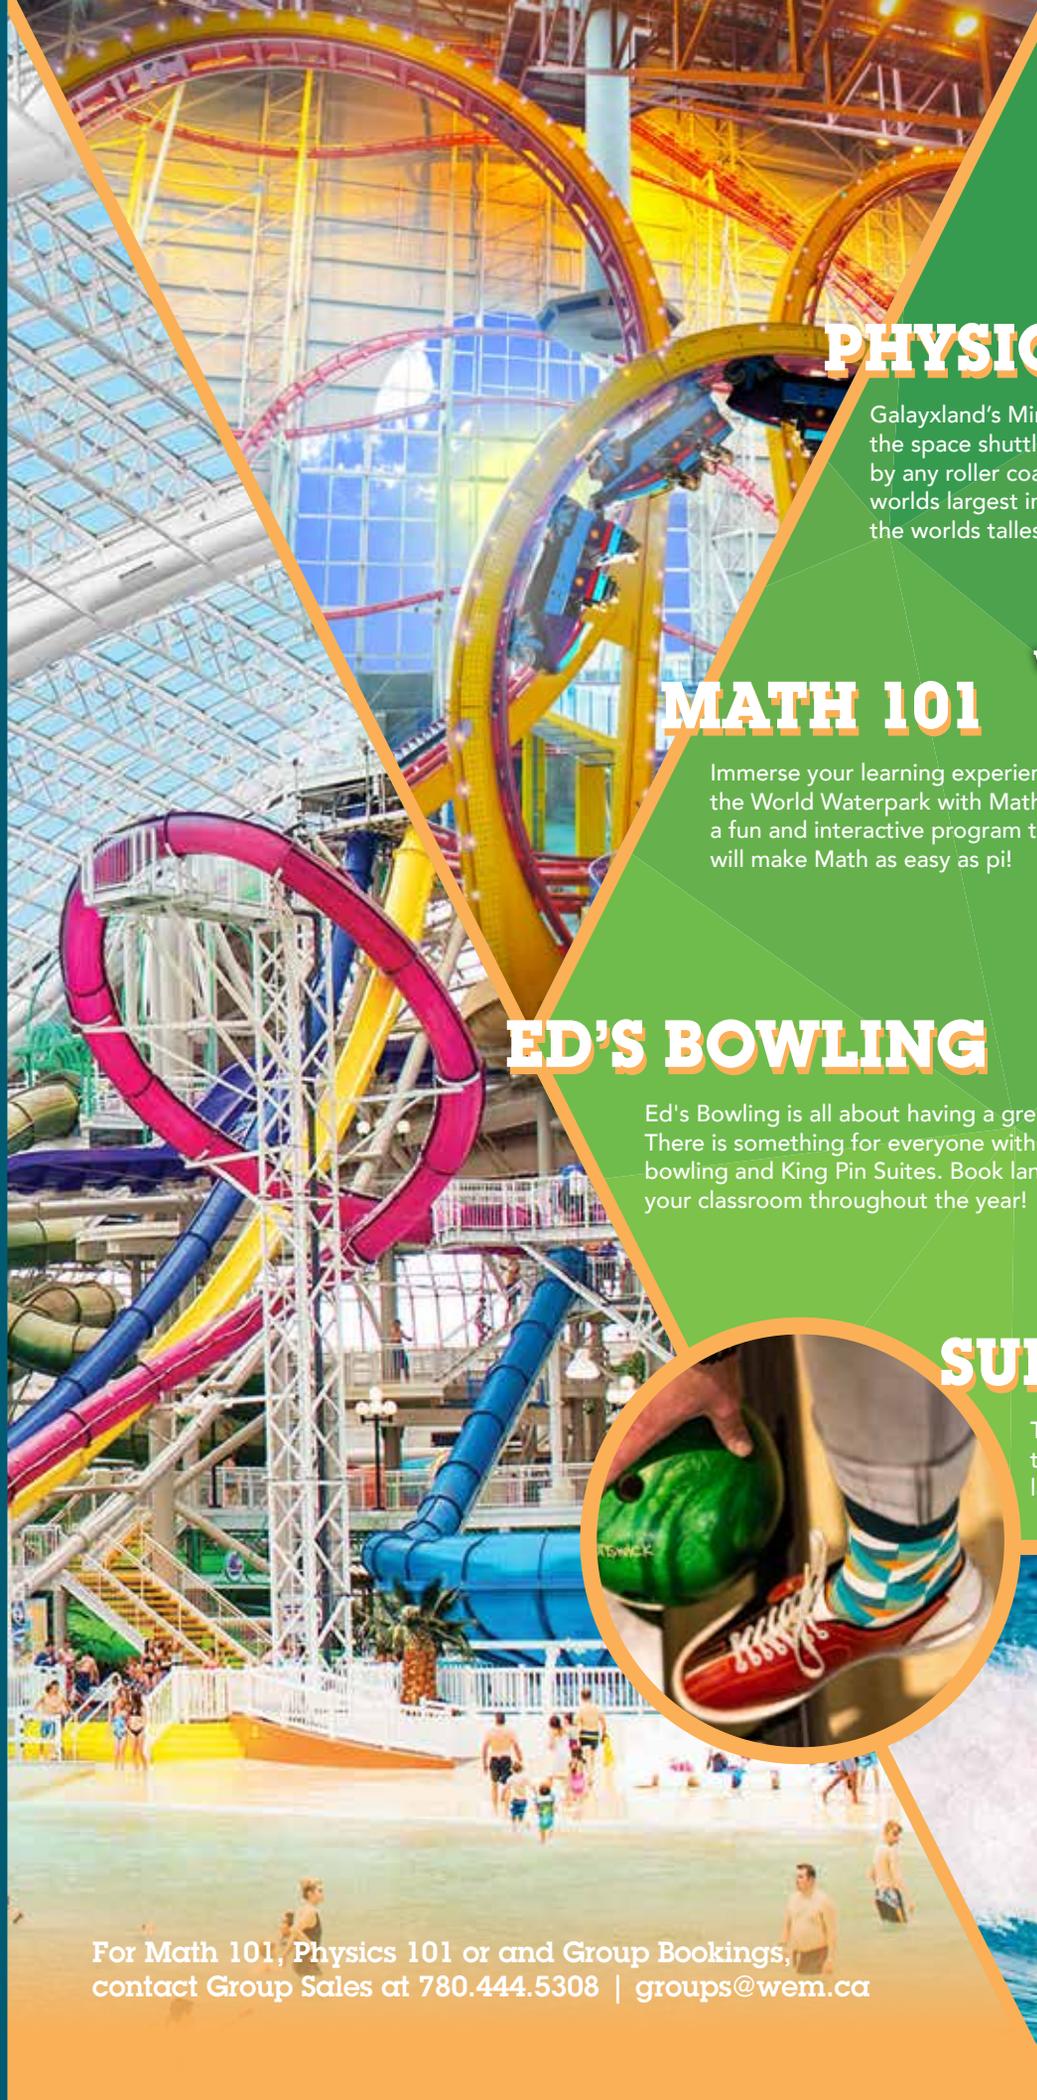

Our unique, hands-on program is all about our marine
invertebrates. Bring the ocean to your students and have
them experience it by seeing, smelling, and touching!

PENGUINS: A FORMAL AFFAIR

Learn about African penguins from our Marine Life staff
and see the African penguin right in your classroom.

For Marine Life Educational Programs, contact Marine
Life Education at 780.444.5320 | marinelife@wem.ca

GALAXYLAND

PHYSICS 101

Galaxyland's Mindbender can pull 5.2g's which is more than the space shuttle used to pull. It is also the second most by any roller coaster on earth. The Mindbender is also the worlds largest indoor triple loop roller coaster. Space Shot is the worlds tallest indoor tower ride at 36.5m (120ft).

**WORLD
WATERPARK**

MATH 101

Immerse your learning experience at the World Waterpark with Math 101; a fun and interactive program that will make Math as easy as pi!

**ED'S
BOWLING**

ED'S BOWLING

Ed's Bowling is all about having a great time! There is something for everyone with tenpin bowling and King Pin Suites. Book lanes for your classroom throughout the year!

SURF CLUB

The waves are waiting. Learn to surf at the World Waterpark in one of the world's largest indoor wave pools.

For Math 101, Physics 101 or and Group Bookings,

This time, take a water trail.

See dramatic canyon walls and the incredible Sulphur Gates as your group travels down this intimate river. Local guides teach paddle strokes, how to stay safe and river morphology. One-day certification courses also available.

This 3-hour, class 2+ trip is perfect for youth groups aged 13 plus. 25 years of safety, top-quality equipment and exceptional safety standards let you book with confidence.

Just go rafting or we'll help you plan a package with meals, other activities or camping.

Contact us today, or book online.

**CELEBRATING
25 YEARS
1998 • 2023**

Members of the Professional River Outfitters Assoc. of Alberta
BC River Outfitters Association.

THE BEST ADVENTURE **IN** ALBERTA

Educational. Adventurous. Challenging. Engaging. Empowering. Memorable. Fun. There are few destinations that possess all the qualities of a truly perfect field trip, but at Canmore Cave Tours we think we come pretty darn close.

Rat's Nest Cave is a natural, wild cave located a few minutes from Canmore, Alberta, and for over 30 years we've been sharing this special place with visitors from all over the world.

In 1987, the cave was designated a Provincial Historic Resource owing to its rich archaeological, paleontological and geologic significance. It is home to ancient animal bones, delicate cave formations, and it is one of the few sites in the Bow Valley where pictographs can be viewed. Combine this incredible history with the immersive, exciting experience of exploring one of Canada's longest caves and you have the makings of a truly unforgettable, educational adventure.

There are two options for exploring Rat's Nest Cave. The Explorer Tour is a 4.5 - 5 hr experience suitable for ages 10+ and for groups of up to 40 participants. The Adventure Tour is approximately 6 - 7 hours in length, with groups of up to 16 participants aged 12 and older. The main difference between the tours is that the Adventure Tour includes an 18m rappel in the cave for added adventure.

Both tours include a 30 - 40 minute hike to the cave during which our guides will cover a number of different topics relating to the cave including, geology, glaciology, mountain formation, cave formation, human and natural history, and much

more. This is a great opportunity for us to begin incorporating a particular curriculum theme into the day if you so choose.

Once at the cave, we get dressed to go underground, which is where the real excitement begins. We want everyone to feel like real explorers, which means wearing proper caving equipment such as coveralls, kneepads, helmets, lights, harnesses and safety lanyards. All of the equipment is provided, and no experience is needed for its use. Getting dirty is expected, and entirely part of the fun - especially because we do the laundry.

The underground experience is unique for most of our guests. For some it can initially feel intimidating because it is so different, but this is a fantastic opportunity to challenge perceptions, push boundaries and to grow. Our team of guides are incredibly skilled at engaging participants in a reassuring, inclusive and empowering way to ensure the best experience for everyone. We will spend the day climbing, crawling, wiggling and sliding through the beautifully sculpted passages of the cave, while learning about the cave's formation, it's role in climate science, and its relationship with past and present cultures, for example. There are ample opportunities here to customize our interpretive content to align with your educational goals.

We absolutely pride ourselves in creating an experience that is challenging but safe, educational but fun, and absolutely unforgettable for all of our visitors. Please contact us for more information about how we can create the perfect educational adventure for you.

canmore CAVE tours

THE BEST ADVENTURE **IN** ALBERTA

Experience the beauty, mystery and sheer fun of exploring one of Canada's longest caves.

Discover pictographs, ancient cave formations, interesting critters and 7000-year-old bones.

Located 1 hour West of Calgary and just minutes from Banff National Park, Canmore's Rat's Nest Cave is a great choice for your next unforgettable, educational adventure.

At 5°C, the cave is a comfortable temperature every day of the year, rain or shine.

Visit canmorecavetours.com to learn more

Tours are suitable for ages 10+ and we can accommodate groups of up to 40 participants.

ALBERTA'S SAFEST TRAMPOLINE PARK

When two-time trampoline gold medal winner Rosie MacLennan was a child, her grandmother had an activity chart at the family cottage and insisted just like at a summer camp that they try a new skill every day. MacLennan and her older brothers Matt and Michael, and older sister Kate, had to prove they could do an activity three times before getting to colour off a square on the chart. Today encouraging young people to be active and try new things can be hard when they are staring down at a screen. It can be even more difficult when the safety of the new activity is questioned.

Trampolines were originally designed in the 1930s as training devices for gymnasts. The uses quickly adapted into several different uses but soon evolved into consumer products as they became more affordable and the backyard trampoline was born.

Trampolines are a great source of aerobic exercise and help develop balance and coordination if used properly, said Dr. Gary Smith, president of the Child Injury Prevention Alliance and spokesman for the American Academy of Pediatrics.

"We really want to encourage people of all ages to be physically active. We just want them to do it in a smart way so they don't end up decreasing physical activity due to injuries," said Smith.

It wasn't until 2002 that the idea allowing kids to jump in a controlled trampoline environment where safety is the focus.

Darren Balderson, the owner operator of Alberta's first Trampoline Park, LaunchPad Trampoline Park, says the trampolines in his park are specially manufactured for extra stability and endurance. Much greater stability than a typical backyard trampoline. The frames are solid 4 3/4-inch wall steel tubing covered by two inches of high-density foam padding to create give and reduce impact. Backyard trampolines come in a variety of strengths depending on how much the customer is willing to pay. Balderson goes on to say, "Often the padding has worn off these backyard trampolines after a year or two and you'll have kids jumping 10 feet in the air

with metal framing and springs exposed. Balderson continues, "I can most likely tell you that these backyard trampolines are not getting regularly inspected."

Trampoline Parks offer the best and safest way for kids to enjoy the feeling of flying in a controlled environment. Since opening in 2013, Launchpad Trampoline Park is proud to have had over 500,000 happy jumpers enjoy the unique feeling of jumping from one trampoline to another to another. Launchpad upholds the safest possible environment and uses the best practices including regular inspections and maintenance of equipment by well-trained staff. LaunchPad has dedicated safety coaches to enforce rules and teach proper jumping techniques to kids. There is always a first aid certified staff member to help with any issues. A safety video is provided to inform customers who are new to jumping of the safest ways to navigate the park. Launchpad has the largest foam pit in Canada with foam six feet deep and a bottom layer of high-density foam. It would be impossible for somebody to touch or even find the ground in Launchpad's massive foam pit.

The safety focus continues as Launchpad has designed their trampolines adjacent to the foam pit with waterfall technology. This technology removes the steel frame of the trampoline on the one side where people jump into the foam pit. There is no metal framing between the trampoline and foam. Not only are all the trampolines in the park double-reinforced there is over 15,000 square feet of safety netting under the trampolines. Below each trampoline installed is a dual-layer RocBloc netting that provides secondary fall protection in the event a trampoline mat should fail.

Trampoline parks allow kids to move in a way they have never felt. It expands their mind. Encourages creativity and helps them understand themselves. Rosie MacLennan has said, "The trampoline gym helped me develop confidence. It helped me learn the value of struggle and the opportunities you can have when you face a challenge. It helped give me a positive perspective."

ARTS COMMONS EDUCATION

Located in the heart of downtown Calgary, **Arts Commons is the largest performing arts centre in Western Canada** and home to an education program that will help your class make meaningful connections to their curriculum, their community, and themselves through the arts.

Treat your class to a live performance in the stunning Jack Singer Concert Hall, like our highly popular National Geographic Live speaker series. From the comfort of their seats, students travel to the far reaches of space, the depths of the ocean, or the wildest jungles through high-definition imagery and in-person presentations by renowned photographers, scientists, filmmakers, adventurers, and more. This year, we're also proudly presenting a performance by Step Afrika!, one of the premiere dance companies in arts education in the United States, which uses styles like tap and stepping to explore history, storytelling, and cross-cultural understanding.

Go deeper into arts education through Arts Commons' One Day, Two Day, or Five Day Wonders programs, where students receive hands-on learning from industry experts that promotes teamwork, creativity, problem-solving, and critical thinking. Try anything from costume-making to spoken word poetry to stage combat! These programs can be combined with a live performance or customized to a class's specific needs or curriculum. The sky's the limit!

Arts Commons is also home to the award-winning ConocoPhillips Hub for Inspired Learning, a Campus Calgary School Site. Applications for this in-demand, five-day program will reopen in February 2023.

Contact our Education Team today at 403-294-7414 or education@artscommons.ca.

Learn more at artscommons.ca/education.

Take your students to the edge of the world - right from downtown Calgary!

From death-defying peaks to oceanic depths, National Geographic Live's student shows at Arts Commons will thrill your classes as they educate them. With first-hand stories and stunning imagery, National Geographic Live brings key elements of your curriculum to life, live on stage. **Book your class today!**

VOTED AS ONE OF EDMONTON'S TOP PLACES FOR FUN AND ENTERTAINMENT!

Our ultimate indoor trampoline park offers high-flying fun for every grade. At LaunchPad, you can tire your kids out by having them literally bounce off the walls so the bus ride will be nice and quiet.

We can cater to your curriculum with our variety of activities and have something for all jumping skill levels!

Our Park Areas include:

- Slack line
- Time Rover Interactive Speed Game
- Climbing Walls
- Orbiter Whiteout Game
- Huge Inflatable Astro Jumper

With so much to do, LaunchPad Trampoline Park is the ideal venue for your next field trip.

QUICK AND EASY BOOKING PROCEDURES:

Edmonton Southside: 6142 50th Street
780-468-3161 • info@launchpadtrampoline.com

Edmonton Westside: 10442 184th Street
780-760-5867 • contact@launchpadtrampoline.com

Call and ask to talk to a manager regarding the booking and emailing date and size of group.

Book by email by emailing the date and size of group.

GROUP DISCOUNT BASED ON THE NUMBER OF JUMPERS
