CBS Athletic Mission

The CBS Athletic Department exists to attract and develop student-athletes who desire both Christian education and athletic opportunity. Our department is committed to discipling student-athletes and instilling Biblical worldview, leadership, integrity, discipline, and teamwork values.

The athletic program directly advances the CBS mission by:

- Expanding the reach of CBS to student populations not previously accessed.
- Creating a distinctive program that enhances the reputation and visibility of CBS.
- Providing practical discipleship opportunities aligned with the spiritual formation goals of CBS.
- Developing servant-leaders through athletics to equip student-athletes to impact their communities for Christ.

CBS Athletic Conference

Our college is a member of the NCCAA, a Christian-based athletic association that promotes intercollegiate athletic competition with a Christian perspective.
