SUPERIOR QUALITY

WHAT SETS US APART

At Superior, quality isn't just a feature—it's the foundation. From premium vinyl materials to precision engineering, every product is built to perform, last, and look great doing it. Because we believe outdoor living should feel effortless, year after year.

MANUFACTURED IN THE **USA**

**TitanShield Color Protection –
Built-In Color That Lasts**

Our vinyl isn't painted or laminated—the color is bonded into the outer layer, so it won't chip or scratch off. With **TitanShield**, fading is minimal and nearly unnoticeable, even after years in the sun.

**SureLock Technology –
Locked In. No Gaps. No Rattles.**

Our privacy fence panels are built with **SureLock**, an interlocking design that keeps each section snug and secure—no shaking, no light peeking through.

**Industry-Leading Warranty –
Confidence That Lasts**

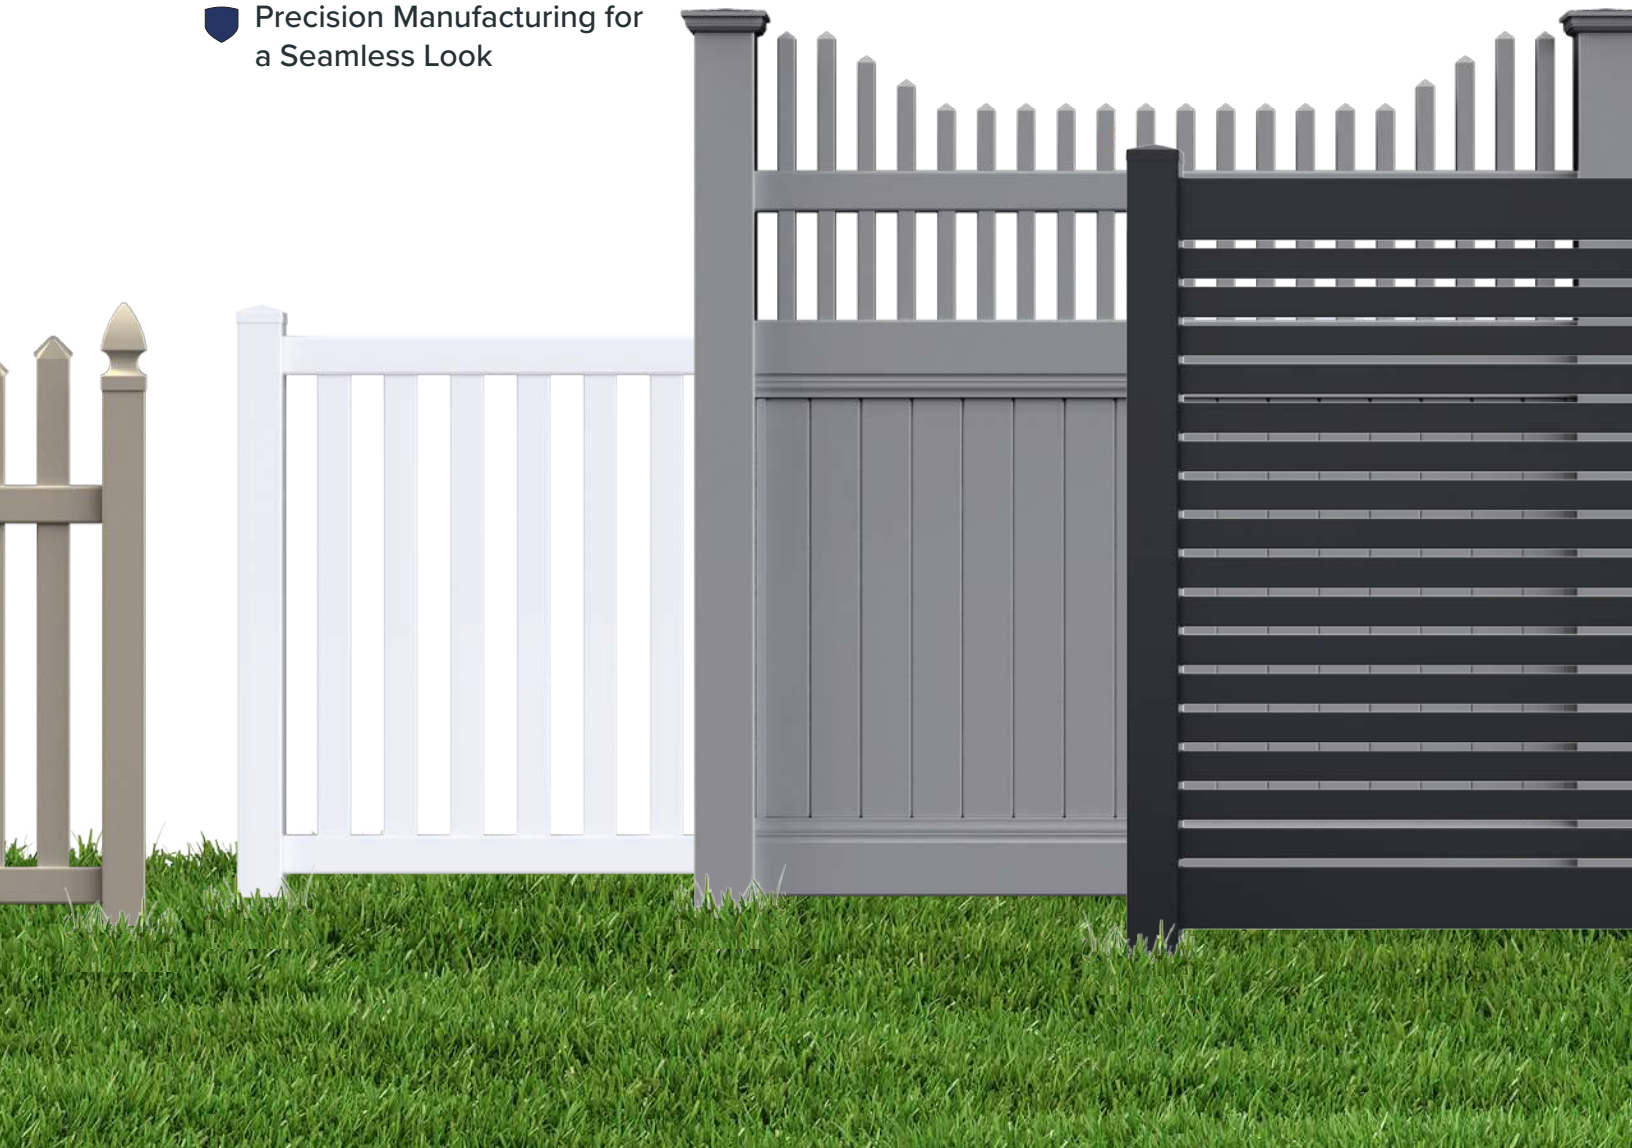

We stand behind every fence with a **limited lifetime warranty**—because peace of mind should come standard.

Engineered for Strength & Stability

- Premium Materials: UV-resistant, impact-resistant vinyl
- Reinforced Rail Designs for added durability
- Precision Manufacturing for a Seamless Look

Engineered for the Elements

- Wind Load Resistance
- Extreme Weather Testing
- Fade Resistance

THE VINYL ADVANTAGE

WOOD V

Tired of fading, cracking, or weekend upkeep? Vinyl does what wood can't—delivers long-lasting performance with zero compromise on style. It's a smart switch that pays off season after season.

WOOD

TRENDING

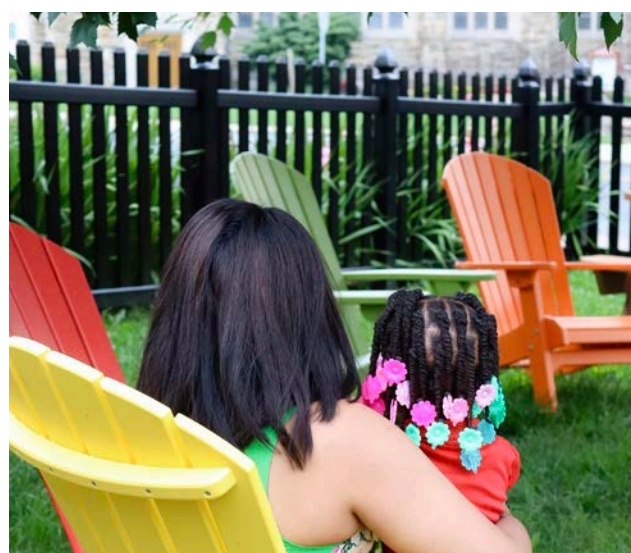

A photograph of a modern outdoor patio. In the background, a tall, dark black vinyl fence with vertical slats runs across the frame. To the left, a light-colored house wall with horizontal siding and a black outdoor light fixture is visible. In the foreground, a wicker sofa with blue and white cushions sits on a light-colored stone patio. To the right, a square stone table with a fire pit in the center holds a burning fire. The scene is set against a backdrop of green trees and a clear sky.

THE BEST IN BLACK

Our black vinyl fencing is designed to make a statement. With its rich, bold color, it adds a striking contrast to any landscape, instantly elevating the look of your outdoor space. Whether you're framing a garden, outlining a pool area, or creating a stylish boundary, this fence stands out for its sleek, modern aesthetic.

WARRANTY

PEACE OF MIND, BUILT

At **Superior Outdoor Products**, we stand behind the quality of our vinyl products with a Limited Lifetime Warranty that gives you lasting confidence and protection.

What's Covered?

- **Lifetime Protection on Materials**
Our vinyl is engineered to withstand the elements. We cover against cracking, peeling, discoloration, rot, termite damage, and corrosion due to manufacturing defects. If something goes wrong, we'll replace the product or refund the purchase—simple as that.
- **5-Year Labor Coverage**
We've got your back even after installation. If replacement is needed due to a manufacturing issue, we'll help cover labor costs on a **prorated basis** for up to five years.

Color You Can Count On

Our vinyl products are built to retain their color beautifully over time—and we back it with a measurable standard, not guesswork.

- **White & Almond: Lifetime fade protection**
($\Delta E \leq 1.5$)
- **Black, Slate & Clay: 10-year fade protection**
($\Delta E \leq 3.0$)

We use the **Delta E (ΔE)** color scale to objectively measure fade—so your warranty coverage is based on industry-recognized standards, not subjective judgment.

TO LAST

Designed for Real Life

Our warranty is built for normal residential use in the U.S. and Canada, so you can enjoy your space without worry. Some natural variations and environmental effects are to be expected—but our products are made to perform.

For full warranty details or to file a claim, visit superioroutdoors.com/warranty

CARING FOR YOUR VINYL PRODUCTS

Low Maintenance, Long-Lasting Beauty

Vinyl is designed to be easy-care, but occasional cleaning keeps it looking its best.

- Use **Simple Green** or other mild cleaners with a **soft, non-abrasive cloth**.
- Avoid abrasive tools or harsh chemicals—they can damage the surface.
- A quick rinse and wipe-down a few times a year is usually all it takes!
