Orion & Quest is the most traditional of Bullock & Bosson's desk ranges. With its robust cantilever or panel leg frame and 25mm top as standard it's still a very popular option. Available with various desktop shapes and designs in both 800 and 600mm deep with cables ports and notched modesty panels for ease of cable routing. Combination desks are also available offering a modern, cost effective option.

Prima is our modern take on affordable desking. This modern desk range offers individual & bench configurations without the restriction of shared components, making reconfiguration of your office at a later date much easier. Prima offers an extensive portfolio of unique desk top shapes in both 800 and 600mm deep and also has 2 tone colour options as standard along with cost saving combination desks.

BL-EDLT-CT-B18	1800 (single)
BEB-DCT-B10	1000 (double)
BEB-DCT-B12-16	1200-1600 (double)
BEB-DCT-B18	1800 (double)

- Double cable trays are designed for back-to-back bench configurations where as single is for individual desk runs

White Leg Finish (WH)

Silver Leg Finish (S)

Black Leg Finish (BL)

See MFC Finishes on Page 42

Codes for board finishes:  
Walnut (N), Canadian Maple (CM), Japanese Ash (J), Beech (B), Light Oak (LO), Silver (S), Grey (G), White (W), Santiago Cherry (SC), Stone Oak (SO), Black (BL), Anthracite (AN), Verade Oak (VO), Slate (ST), Nebraska Oak (NO), Natural (NA), Nordic (RD), Rustic (R)

Progress desking offers all the functionality of a traditional bench system with the added choice of Oak or painted RAL finish legs. Fixed and sliding desktops, a complete cable management solution and a selection of 5 desktop shapes provide the functionality whilst the Oak or selection of 21 RAL colours offer the flexibility to complement any colour scheme.

Liberty is a cost effective sit/stand electric desk solution. It has a twin motor and desks are available as a single, back-to-back or a 120° degree segment configuration. Cable trays and flexible risers can be added along with CPU holders to tidy away any cables. The frames can be specified with an up/down simple switch or a digital display programmable switch that can be pre-set for 3 heights.

Calder executive is our latest desk range presenting a stylish, managerial work space. This small range of rectangular and corner panel end workstations with integrated 3 drawer pedestals is a high end addition to any office at a very competitive price. Two tone colour options are available as standard and our exec sliding door storage complements the range perfectly. Cable trays can be added from our accessories range to complete your work area.

# FINISHES

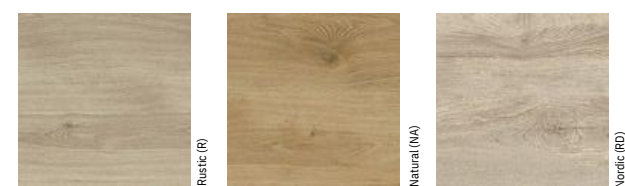

Our latest Finishes card contains the new Naturals & Pastels Collection, adding to our already established MFC Finish offering. Choose from 13 wood grains and 11 solid colours to create your personalised office colour scheme

Naturals are 3 eye-catching wood grain finishes aimed at creating a natural contemporary office, whilst Pastels offer the opportunity to add fresh accent colours to storage doors & grid storage as well as our new MFC desktop screens.

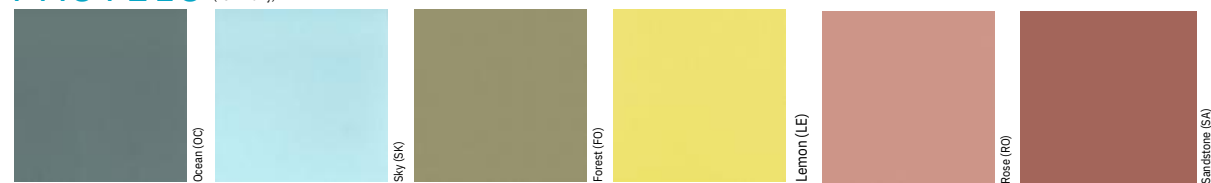

## BOARD FINISHES (18 & 25mm)

## NATURALS (18 & 25mm)

## PASTELS (18mm only)

## METAL

All metalwork is epoxy powder coated with a choice of up to 4 finishes as standard.

## EDGING

## RAL FINISHES

## FINISHES INFORMATION

During the development stages of our furniture ranges we have taken great consideration to reducing the maintenance aspect of our products and therefore have only chosen construction methods, materials and finishes to suit your busy office environment. Also to be mentioned is that all our products are covered by our warranty that should give you peace of mind for at least 5 years unless otherwise stated.

The melamine-faced chipboard (MFC) used is the most practical & low maintenance material for an office environment.

Its strong points are as follows:

- Scratch resistant
- Resistant to household cleaning products and chemicals
- Colour-fastness under artificial light
- Resistant to cracking
- Impact resistant
- Abrasion resistant
- Ease of maintenance
- Hygienic surface

Our metalwork is powder coated and resistant to minor scratching, chipping, abrasions, cracking, and daily wear and tear.

Should you for any reason require further assistance regarding the maintenance of our products please contact us directly.
