ICCACK EMBASSY SOVEREIGN LIFE MEMBERSHIP

Welcome to the ICCACK Embassy Community – Frequently Asked Questions

Joining the ICCACK Embassy Sovereign Membership is more than paperwork — it's an entry into a new framework of **sovereignty, protection, and freedom**. Below are the answers to the most common questions asked by new members.

1. What is this community about?

We are building **Embassy-based sovereign safe havens** around the world. Each ICCACK Embassy anchors a **Blockchain DigitalCity®** community, protected by **trust law, diplomatic mission protocols, and the World Arbitration Court international arbitration authority**.

Members gain residency opportunities, asset protection, and access to innovative financial tools — all within a global network committed to resisting government overreach and restoring human freedom.

2. Is this recognized legally?

Yes — with two distinct layers:

Internal Sovereign Recognition: ICCACK Embassy documents, diplomatic IDs, Laissez-Passer, and Blockchain Dynasty Trust instruments are issued under the jurisdiction of ICCACK and the World Arbitration Court (WAC).

External State Recognition: Residency permits and Embassy mission registration with Ministries of Foreign Affairs (MOFAs) are granted by host nations, beginning with the Dominican Republic.

Together, these provide a **dual shield of sovereign protection and state recognition**.

3. Do you follow compliance rules?

Yes — but always with **balance and sovereignty**:

Residency & Immigration: Members must appear personally at Dominican Immigration to activate their residence permit (CEDULA).

Financial Services: Our World Blockchain Bank FINCEN MSB License allows WBB Cards up to **\$10,000 without ID check and without KYC**, under legal exemptions. <https://www.worlddex.org/>

Trust Structures: Each member receives an **Irrevocable Blockchain Dynasty Family Trust**, ensuring both compliance and privacy. <https://www.blockchaintrust.pro/dynasty-family-trusts>

4. Does this make you a bank?

We are **not a BIS/Fed retail bank**.

We operate as:

World Blockchain Bank (WBB): Registered MSB with FinCEN. <https://www.blockchainbank.cc/>

A **Sovereign Trust Bank model**, issuing blockchain financial tools outside the globalist banking cartel. <https://www.blockchaintrust.pro/>

The exclusive issuer of the **WBB Token (WBBT)** — pegged to the Kuwaiti Dinar, tradeable worldwide under a closed loop system, which cannot be shut down by any Government.

<https://explorer.worldblockchainbank.org/#/>

This ensures **financial independence and protection** for our members.

5. How is my information and investment protected?

Technology: Blockchain-based identity (ISO-aligned) + Dynasty Trust registry.

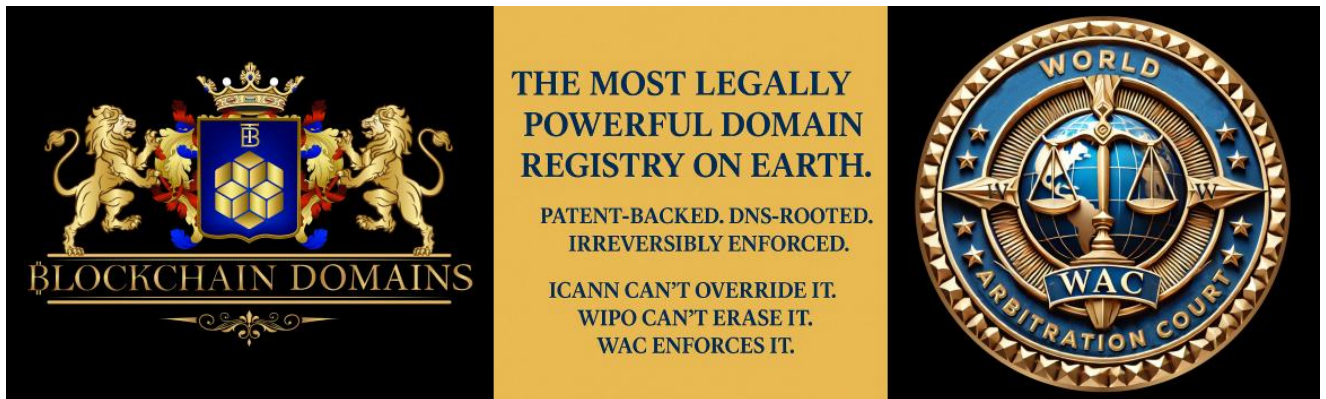

Legal: All assets are shielded in an **Irrevocable Blockchain Dynasty Family Trust**, enforceable under **World Arbitration Court** jurisdiction.

Sovereignty: Embassy grounds and mission protocols create a protective jurisdiction free from local interference.

6. What benefits will I receive as a member?

Depending on your membership level, benefits include:

- ✓ **1/10th Co-ownership** under the World Blockchain Bank Land Trust Agreement.
- ✓ **ICCACK Sovereign Life Membership.**
- ✓ **Dominican Republic residence permit** (subject to immigration visit and approval).
- ✓ **Diplomatic Laissez-Passer ID** (to be used together with your national passport).
- ✓ **Blockchain Dynasty Family Trust** for asset protection and inheritance planning.
- ✓ **Exclusive Web3 Domains (iccack.embassy)** — granting members blockchain-native identity and ownership in the decentralized internet. We own and control more than 1,200+ Web3 Master TLD's from .BANK / .INSURANCE / .TRUST / .GOV / .GOLD / to .\$/ .€ / .8 and many more.

- ✓ **10 Million WBBT Token allocation** (included in the \$9,999 package).
- ✓ **Homeowners in Blockchain DigitalCity** receive **100,000,000 WBBT** as a settlement bonus.
- ✓ **ICCACK Embassy address & recognition** as your legal domicile in the Dominican Republic.
- ✓ **Protection under ICCACK jurisdiction + World Arbitration Court arbitration.**

7. What is the value of my WBBT Token allocation as a new member?

Each Sovereign Life Member receives **10,000,000 complimentary WBBT Tokens** included in the \$9,999 membership package.

This allocation is in addition to all the other benefits: land trust rights, residence permit pathway, ICCACK Sovereign Membership, Blockchain Dynasty Family Trust, and diplomatic protections.

*(Note: Token prices fluctuate on the open market. The above valuation reflects the current **minimum exchange listing value of \$0.05 (five cents)** and is subject to increase as new members join our ICCACK Embassy program.)*

8. How are disputes and decisions handled?

We believe in **shared governance with sovereign protection**.

- Major initiatives are discussed openly with members.
- Members may participate in councils or digital governance votes.
- Disputes are resolved under the **exclusive jurisdiction of the World Arbitration Court (WAC)** — ensuring fairness outside compromised national courts.

9. Who maintains the project?

Our Founder Stephan Schurmann <https://blockchaintrust.hflip.co/WorldJustice-NL.html> and his **core team** oversees the ICCACK Embassy, Blockchain Trust management, World Blockchain Bank, World Arbitration Court, its blockchain technologies, and compliance.

But this is a **member-driven mission** — every participant contributes to shaping a new global framework of sovereignty.

10. What if I have concerns or doubts?

Transparency is our culture:

You may ask any question, or share ideas for improvements — nothing is off limits.

If something is not yet developed, we'll explain the roadmap openly or we build it.

Expectations are kept realistic by separating what is **immediately recognized** (trusts, membership, Embassy jurisdiction) from what is **externally recognized** (residency permits, MOFA filings).

11. Why should I trust this?

Because this mission is not theory — it is the accumulation of **35 years of global track record across 85 Nations** and was born out of the blood and sacrifice of losing a child to government-sanctioned parental child kidnapping.

Proven Founder: Stephan Schurmann, our Founder, has decades of experience in bank establishments, blockchain, trusts, and sovereign structures. His story is chronicled in [Sovereign Justice Forged in Fire – Stephan Schurmann and the Birth of the World Arbitration Court](#) (see attached article of The Executive Lens: “**Pioneers of Change - Most Transformative Leaders Shapping The Future of Business in 2025**”).

Audited Strength: The World Blockchain Bank ecosystem has **\$120 billion in audited digital corporate assets** ([see CPA Audit Report, Jan. 2025](#)). This is one of the strongest financial underpinnings of any sovereign blockchain project worldwide.

Live Embassy Development: The Dominican Republic ICCACK Embassy is under construction, with MOFA registration in progress. Our Show Home is already open: blockchainfund.pro/show-home.

Recognized Travel & ID: Members already use ICCACK Diplomatic Laissez-Passer IDs in combination with their national passports and have successfully passed immigration and police checks.

Licensed Bank Infrastructure: World Blockchain Bank (the Worlds First Blockain native bank with a FINCEN MSB License is live and issuing tokens pegged to the Kuwaiti Dinar: worldblockchainbank.io/tokenomics.

Jurisdictional Protection: Every member is protected under **ICCACK Embassy jurisdiction** and the **World Arbitration Court (WAC)**, with their assets safeguarded inside their **Blockchain Dynasty Family Trust**.

This is **not an idea**, it’s a living sovereign framework backed by law, assets, and real-world implementation.

✦ Final Word

This is not a club. This is the **Worlds No. 1 sovereign movement, globally compliant in 172+ jurisdictions**.

By joining, you step into a protective framework where **governments cannot overreach, assets are secure, and your family’s future is safeguarded**.

The ICCACK Embassy is your **Safe Haven for the future** — and together we are building a new world of sovereignty and freedom.

“Residence permits are subject to personal appearance and approval by local immigration authorities, which is outside ICCACK’s control.”
