Range Preserving Heat Pump*

Adds to or replaces GT-Line RWD features

GT-Line Exterior Styling 2.0, Exclusive Wheels

GT-Line Ventilated, SynTex Power Front Seats w/ Memory

Meridian® Premium Audio System*

Expansive Fast Charging Network

With Kia Charge Pass, EV6 owners can access to over 23,000 DC fast chargers, including 23,000 Tesla Superchargers using the North American Charging Standard (NACS), for seamless charging convenience. A Kia NACS to CCS adapter sold separately is required.

Standard Ultra-Fast DC Charging

The EV6's versatile system allows standard 800V ultra-fast DC charging and conveniently located ultra-fast charging ports to access ultra-fast charging stations, taking DC fast charging speeds from 10% to 80% in 20 minutes under ideal conditions.¹

Qmerit Charger Installation

Kia has teamed up with Qmerit to offer a convenient home charger installation service. Get matched with a Qmerit-contracted licensed electrician to help install your Level 2 wall charger and get started on the road to an electric future.²

GT-LINE AWD

All-electric found its edge

A ride in the EV6 GT-Line AWD is an electrifying experience. With modern amenities, intelligent tech, and impressive performance, this all-electric CUV was born to set the pace.

- **20-in. alloy wheels w/ black finish**
- **Wide sunroof**
- **Heated & ventilated front row seats**
- **Heated rear outboard seats & steering wheel**
- **Dual motor all-wheel drive (AWD) w/ heat pump that can help preserve electric range in cold weather**
- **14-speaker Meridian® premium audio system**
- **Head-Up Display**
- **320 hp & 446 lb.-ft. of torque**

CAPABILITY & PERFORMANCE

Raising the bar

The EV6 is built to deliver impressive power and versatile capability to give you a new kind of thrill.

- **Standard rear-wheel drive (RWD) & multi-link rear suspension deliver responsive handling**
- **Available dual motor all-wheel drive (AWD) helps provide capable grip in diverse climates**
- **Available AWD trims offer a heat pump that can help preserve electric range in cold weather, a battery warmer that can enhance charging performance, & heated 1st & 2nd-row seats to keep you comfortable**
- **Select trims like the GT-Line AWD deliver up to 446 lb.-ft. of torque for near-instant acceleration**
- **Up to 2,700 lb. of available towing capacity**

Dual Panoramic Digital Cockpit

The 12.3-in. Dual Panoramic Displays provide a stunning combined total of approximately 24 in. of curved display for maximum, adjustable, glanceable convenience, entertainment, and information assurance. An integrated blue light filter may help reduce eye strain and driver fatigue.*

360° Surround View Monitor

The available 360° Surround View Monitor can help you take the guesswork out of parking by providing a virtual view of your surroundings to enhance awareness when maneuvering your vehicle in certain situations.*

Blind-Spot View Monitor

The available Blind-Spot View Monitor is designed to display a live video feed of your rear blind spots onto your instrument cluster when your turn signal is activated.*

Powerful Sound System

An available 14-speaker Meridian® Premium Audio System with subwoofer & external amplifier delivers powerful sound for your drive.*
