Chabé - A Family Success Story

Chabé is a family business that started in 1921 in Paris. Back then, Maurice Chabé ambioned to offer a luxury chauffeur service to serve the guests of luxury Parisien hotels. Across the century, the company was always led with the same passion for service and excellence, successively by Eliane Lo Jacomo, Maurice Chabé's daughter, and Agnès Lo Jacomo, Maurice's granddaughter. Today the family story continues with Guillaume Connan, Agnès' son, at the helm of the Group.

Whatever your clients want to explore – whether it's some of the city's historical monuments, French gourmet cuisine, the multitude of cultural treasures, the luxury boutiques, and more – the best way to do it is comfortably seated in the back of a private vehicle driven by an experienced English-speaking chauffeur, perfected, for those who wish, with the service of a professional guide.

Chabé has been designing bespoke journeys for well-traveled guests since 1921 with the same goal: creating lifetime memories.

Chabé knows how to make it happen in comfort and style. Passionate about his region, he will suggest the best places to visit according to your interest and time, from a half-day discovery tour to a full-week bespoke itinerary taking you through different regions. Clients' can use the complimentary in-car entertainment program, featuring international newspapers, magazines, and Wi-Fi, or relax by gazing at the changing landscapes between one site and another. Special requests can also be accommodated, whether it is a bottle of Champagne onboard or a unique model of a luxury car.

And because the experience starts from the moment clients land and ends after taking off, Chabé can arrange a Meet-and-Greet service to facilitate an airport experience. On arrival, an agent will meet clients right at the plane's door with a name board and escort them seamlessly through customs and checkpoints, all the way to their chauffeur. On departure, Chabé will assist with tax refund procedures and check-in procedures before accompanying clients to their airline lounge or boarding gate.
