

SMOOTH METALS

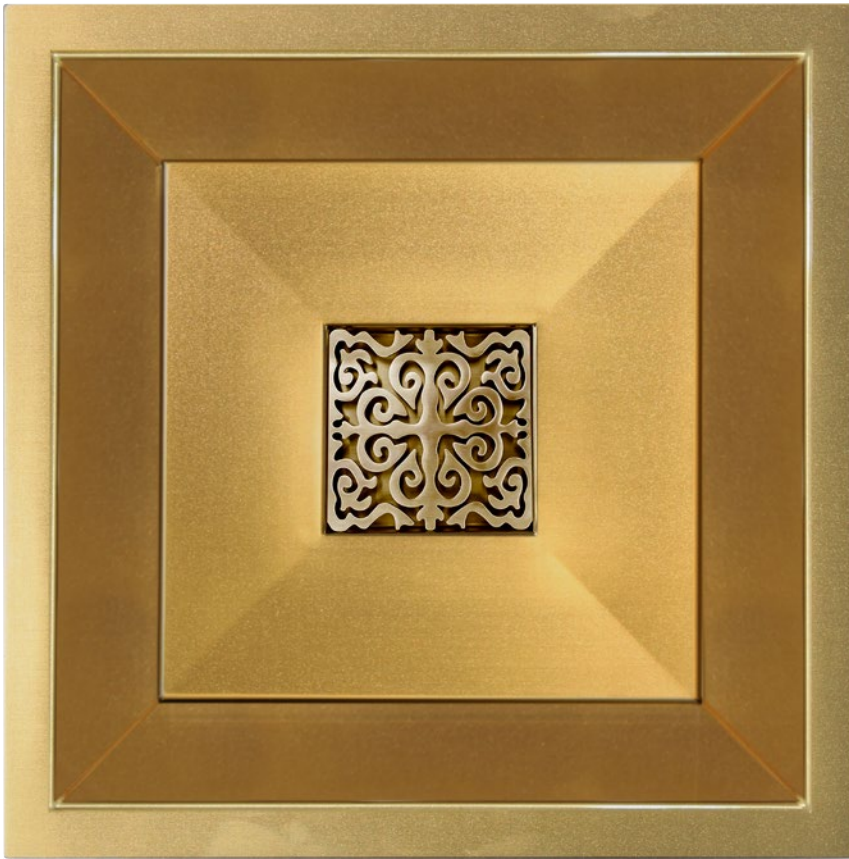

PVD FINISHES with NANO-COAT

C080 NB

SMOOTH SQUARE SINK
with DECORATIVE GRATE
NANO BRASS *finish shown*

Also available in NANO GRAPHITE

NANO BRASS

C080 NB

SINK \$1,230
List Price

16" X 16" X 8" OD

14" X 14" ID

GRATE \$300
List Price

4.25" X 4.25" X .25"

DRAIN \$190
List Price

1.5"

DECORATIVE GRATE options

GS001 NB FILIGREE

GS003 NB SPOKE

GS004 NB HAWAIIAN QUILT

GS007 NB SQUARE BARS

DRAIN D004 NB
GRID STRAINER

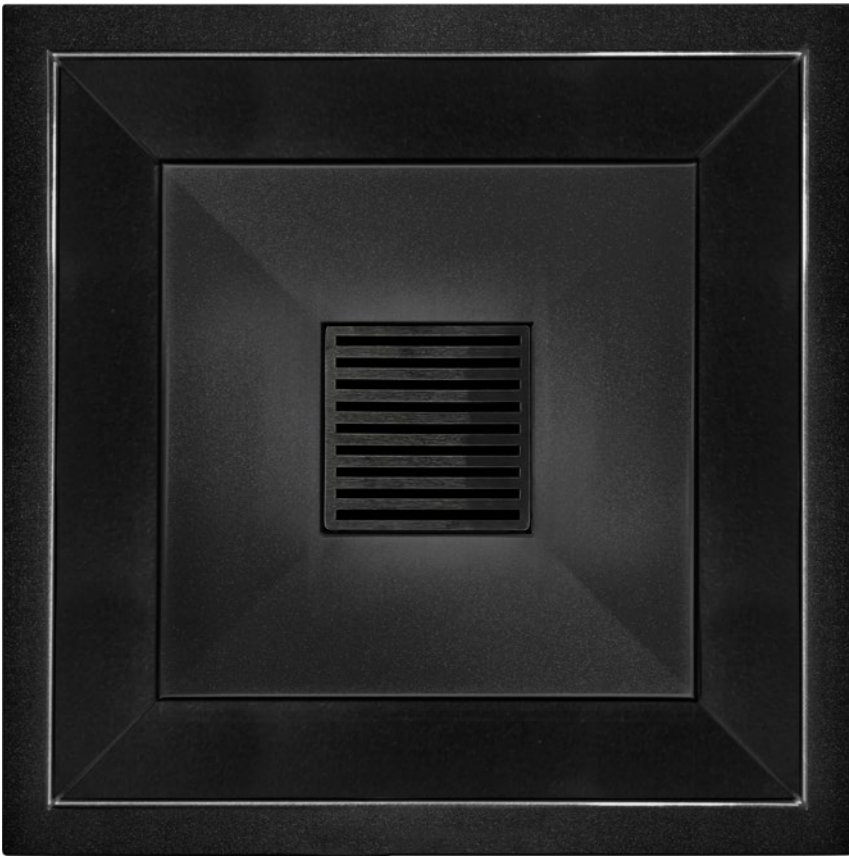

The Art of Nano-Coat PVD Finishing

Our Nano-coat sinks start as a precision-crafted stainless steel basin, then undergo Physical Vapor Deposition (PVD) — bonding a molecularly thin finish coating under vacuum for a result far more durable than traditional plating. A nano-coat topcoat then seals the surface against fingerprints, water spots, and wear. Available in two finishes: warm, luminous Nano Brass and bold, matte Graphite — both built to stay beautiful for years.
