We are committed to providing the highest quality of service in all that we do. We have been certified by:

**ISO 4500 1: 2018**

Occupational Health & Safety Management System

**ISO 1400 1: 2015**

Environmental Management System

**ISO 9001:2015**

Quality Management System

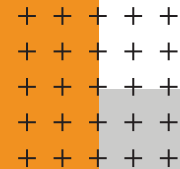

## Masafi Co Ltd

### About Us

Masafi provides building and construction solutions to meet the needs of commercial facilities, oil and gas infrastructure, general construction, in addition to a group of other different businesses that achieve the sustainable economic concept, We also renovates buildings, establishes refineries and petrochemicals, demolishes and removes buildings with preparing sites for drilling, We are the first choice for many major companies in the Kingdom, being a company that provides solutions for many different complex projects

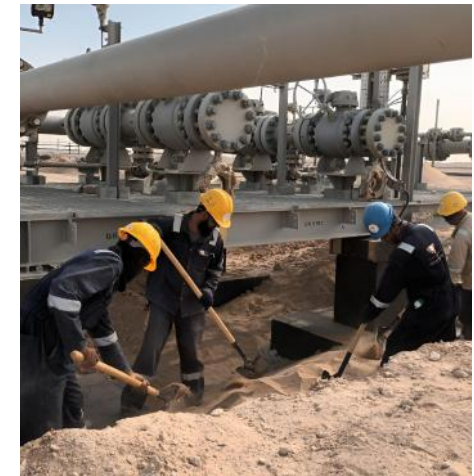

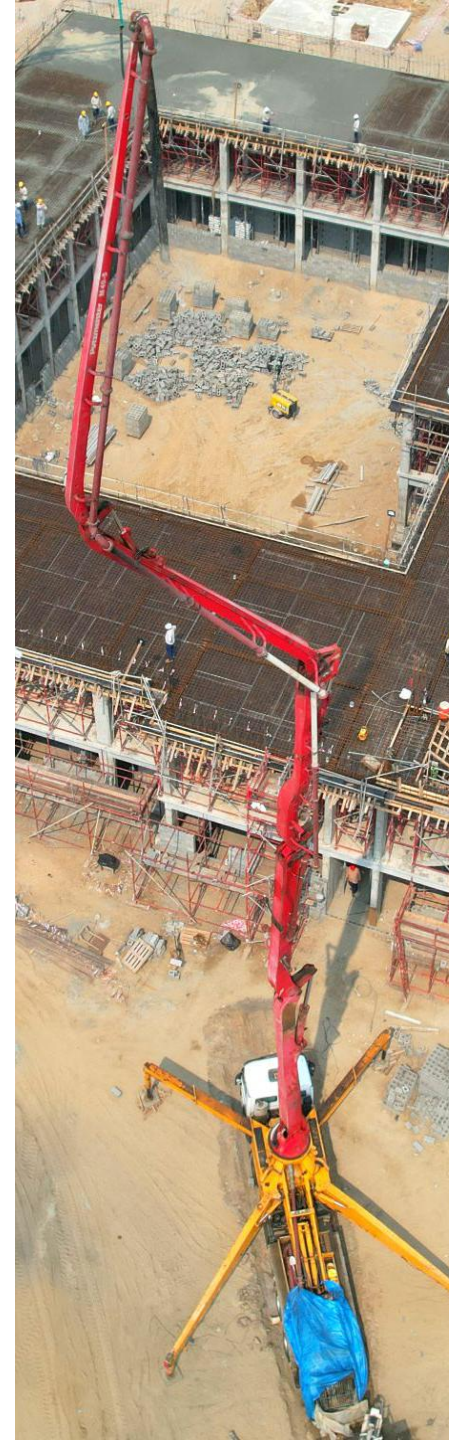

## Expert filed

We have the depth of experience to deliver large-scale projects and the flexibility to undertake smaller ones.

- + Public construction of residential and Industrial buildings
- + Renovations and Infrastructure
- + Construction of Oil/Gas , refining and petrochemical projects.
- + HVAC and Fire systems
- + Civil , Piping and E&I Projects

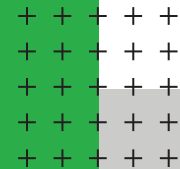

CLASSIFIED AS A  
**1ST CLASS**  
**SERVICE PROVIDER**  
FOR CONSTRUCTION & BUILDING

# Masafi Engineering Consultancy +

## About Us

Due to the growing development that the Kingdom is witnessing today, the company has taken upon itself the task of actively participating in providing all consultations in chemical engineering, process engineering, mechanics, architecture, civil, electrical, oil and gas and project consulting management, the company is keen to keep pace with everything new in consulting to provide comprehensive solutions to engineering and industrial problems, and also ensures that the project is delivered with the highest quality standards

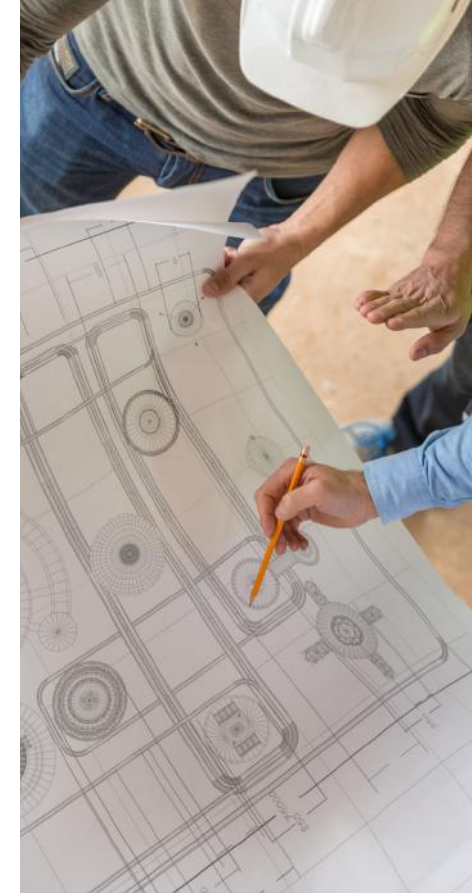

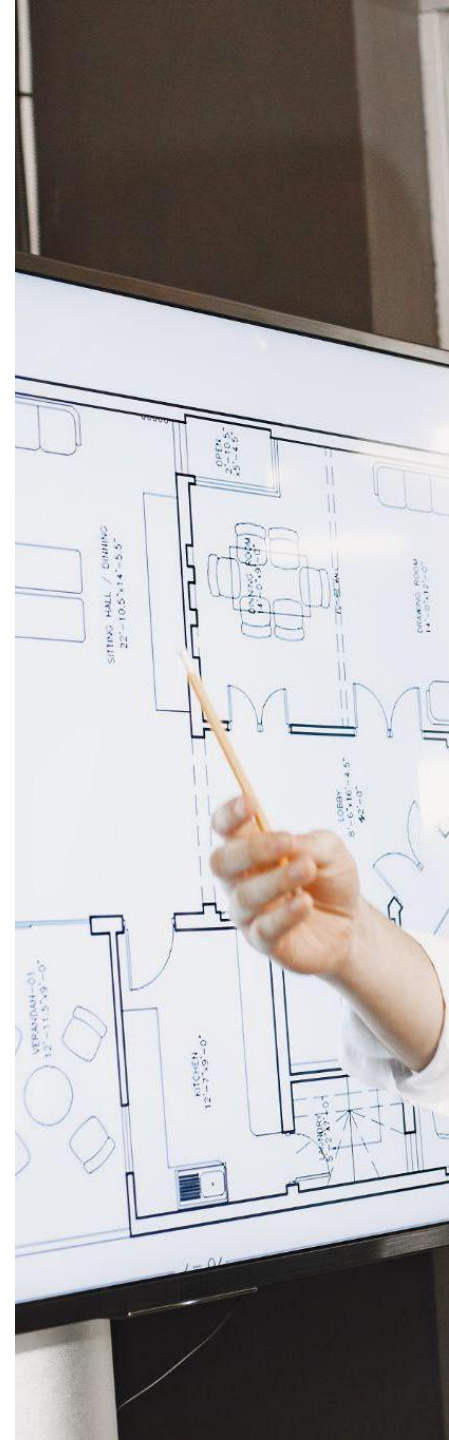

## Expert filed

We has implemented several projects in the sector of commercial buildings, residential and industrial.

- + Providing engineering consultancy services in the field of fire prevention and protection
- + Architectural and engineering consultancy activities
- + Engineering consultancy for roads, bridges and tunnels
- + Engineering activities for electrical, excavation, security, safety and chemical projects
- + Engineering consultancy for oil and gas
- + Engineering consultancy for water and Sanitation

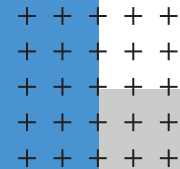

## Masafi Transportation

### About Us

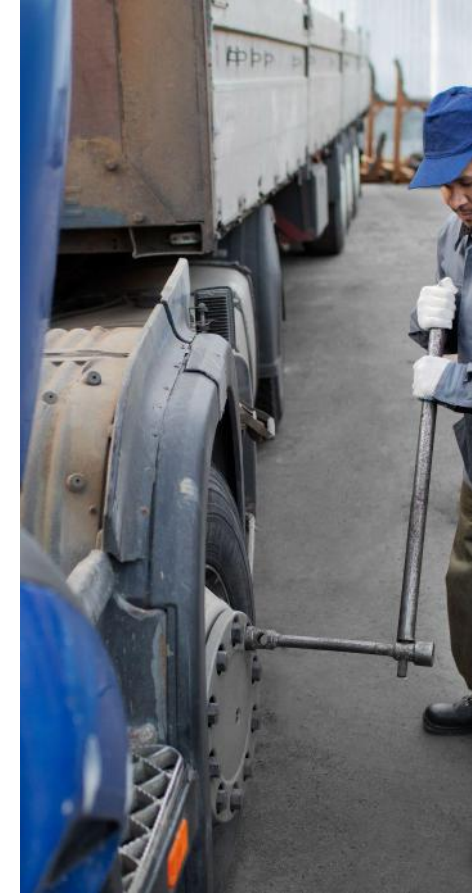

Masafi Transport is not just a company, but a group of vehicles and heavy equipment that meet the needs of logistics companies, as the company owns a fleet of vehicles, trucks and buses to transport heavy equipment and ship light machinery, in addition to renting it to contracting and construction companies, and provides consulting services for equipment rental.

## Expert filed

Providing the latest vehicles specialized in transporting light and heavy equipment.

- + Transportation of all types of heavy equipment
- + Technical and mechanical support team on-site.
- + Providing the best logistics solutions
- + Skilled and certified operators and trailer drivers.

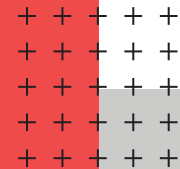

## Masafi Industrial

### About Us

Masafi Industrial specializes in the production of concrete mixtures and follows the latest international technologies, its main products are ready-mixed, precast and construction concrete, the company focuses on providing concrete products compatible with the highest international standards.

## Expert filed

Our Concrete Batching Plant adapt the most advanced technology

- + Manufacture of cement blocks and bricks
- + Production of ready-mixed concrete

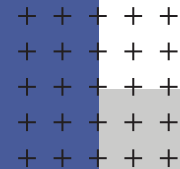

## Utilities & Power Services Co. Ltd +

### About Us

UIPS has an extensive experience in EPC projects design, procurements, construction and commissioning, maintenance and operation and implementation gained over 20 years. Driven by a strong commitment to safety, integrity and quality since its foundation in 2005.

We can deliver complex construction projects, whether these are greenfield or brownfield, onshore or offshore and upstream or downstream. With our many years of experience in executing large-scale projects, we are also able to execute smaller projects such as pipe laying or water treatment plants.

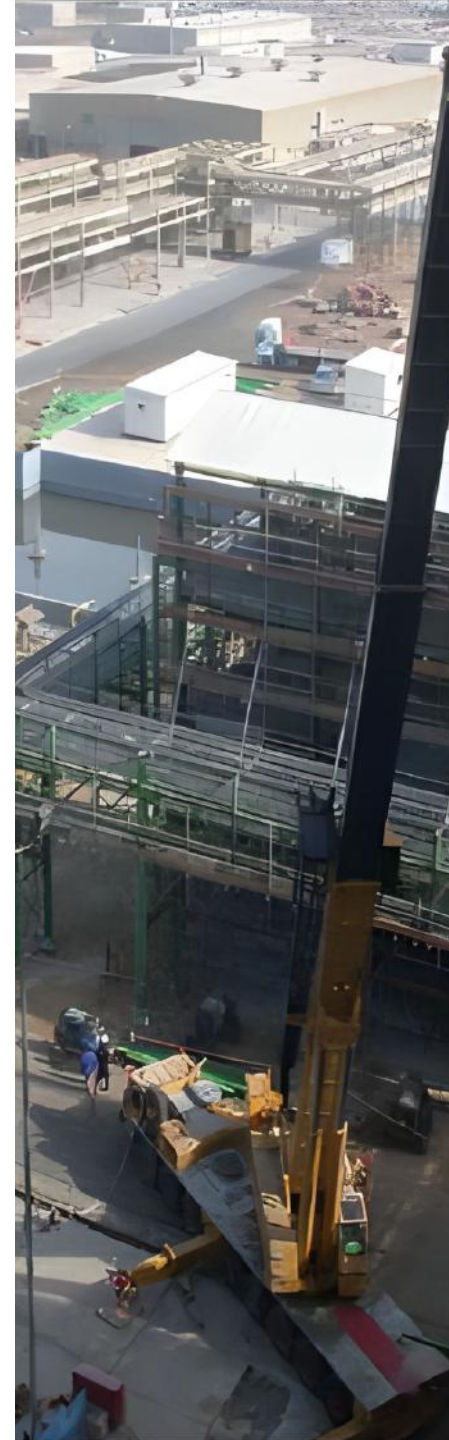

## Expert filed

We have the depth of experience to deliver large-scale projects and the flexibility to undertake smaller ones.

- + Public construction of Industrial Projects
- + Construction of Electrical and Instrumentation Scopes
- + Executing Oil/Gas and petrochemical Projects.
- + Piping , Substations, Telecommunication ...etc.
- + Infrastructure and Civil Scopes.

CLASSIFIED AS A  
**2nd CLASS**  
SERVICE PROVIDER  
FOR CONSTRUCTION & BUILDING

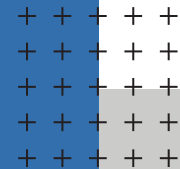

## Plant Solutions Construction

### About Us

PSCC has an extensive experience in EPC projects design, procurements, construction and commissioning, maintenance and operation and implementation gained over 10 years. Driven by a strong commitment to safety, integrity and quality since its foundation in 2013.

We can deliver complex construction projects, whether these are greenfield or brownfield, onshore or offshore and upstream or downstream. With our many years of experience in executing large-scale projects, we are also able to execute smaller projects such as pipe laying or water treatment plants.

## Expert filed

## KI Factory For drilling Material

### About Us

KI Industrial specialized in producing BaSO4. Our BaSO4 Plant adapt the most advanced technology with experiences in manufacturing such type of product. we focus on delivering BaSO4 products to Saudi Aramco that meet the highest international standards. Years of valuable experience and knowledge of the needs of the Saudi Aramco Requirements and Standards allow us to contribute to the development of the BaSO4 industry.

## Expert filed

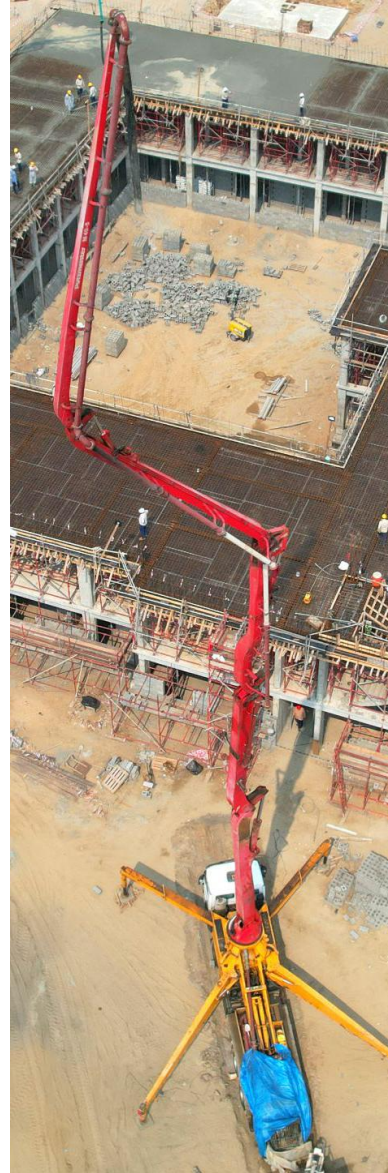

Our BaSO<sub>4</sub> Plant adapt the most advanced technology

- + Manufacture of BaSO<sub>4</sub>
- + Product supplied to SAUDI ARAMCO
