Letter from the Editor

By Charlie Allen

Welcome to the August edition of the Black Sheep Harley-Davidsons for Christ e-magazine! Last month, we introduced new sections and features, and I am thrilled to share more exciting content in this issue.

First, I want to extend my heartfelt thanks for the positive feedback we have received. Your insights and suggestions are invaluable as we strive to make the eMag a source of inspiration and connection for our ministry. We are committed to addressing any issues and incorporating your ideas to continuously improve our publication.

This month, we are excited to feature new leadership and member profiles, a chapter spotlight, and a bike of the month feature. Each of these sections aims to highlight the incredible individuals and stories that make up our ministry.

Additionally, please know your involvement is what is going to make our eMag special. If you have stories or pictures to share, please send them to editor@bshdfc.org. Your contributions help us celebrate the diversity and richness of our ministry's experiences.

Thank you again for your support, and I look forward to sharing more inspiring stories and updates with you. Read on and stay blessed.

Charlie

In this edition, you will find:

8 Tests for Making Decisions in Your Ministry

In a world filled with choices, making decisions that honor God can be challenging. This article provides eight biblical tests to guide your decision-making process, ensuring your choices reflect your faith and integrity.

Leadership Spotlight: Matt "Hazmatt" Glanz

Meet Matt "Hazmatt" Glanz, a dedicated leader in the Black Sheep community. From his early motorcycle adventures to his significant contributions to the ministry, Hazmatt's story is one of faith, resilience, and unwavering commitment to serving others.

Member Profile: Craig & Lisa Freeman

Craig and Lisa Freeman share their journey of blending a family and finding their calling within the Black Sheep ministry. Their story highlights the power of faith, family, and a renewed commitment to serving God and their community.

Bike of the Month: "Shameless"

Micah Orloff from the Temecula Valley Chapter introduces his 2000 Harley Heritage Softail, affectionately named "Shameless." With its stunning custom paint job, this bike symbolizes the transformative power of God's grace and the journey from shame to redemption.

Chaplain's Corner

"It is difficult to be divisive if we pray together."

Chaplains Corner #26

The Black Sheep Prayer Meeting

And rising very early in the morning, while it was still dark, he departed and went out to a desolate place, and there he prayed. (Mk 1:35, ESV).

Prayer was an important part of Jesus's ministry here on earth. He often would separate himself from his disciples and spend time alone in prayer. Additionally, he would pray with his disciples and even include them in his special time. Remember the garden? Before his arrest and crucifixion, he had the disciples wait while he prayed. He then had Peter, James, and John go further with him to pray. (Mk 14:32-42). In Luke 11, we see Jesus's disciples asking him to teach them to pray. This is where we get the Lord's Prayer. If prayer was an important part of Jesus's ministry, shouldn't it be an important part of our ministry?.

As Black Sheep Chaplains, one of our primary responsibilities is to give prayer its proper place in chapter activities. We should also be giving it its proper place in our lives. At the International level of Black Sheep, we've made an effort to promote prayer by setting up a weekly prayer meeting on Zoom for any and all who are interested. This is a

time to come together and pray for our ministry, our members, and any concerns that come in throughout the week. Praying in a corporate setting helps build the body. It strengthens the whole. In fact, couples that pray together daily tend to have a divorce rate of less than 1%. So much can be said about a church or ministry that prays together. It is difficult to be divisive if we pray together.

This does not mean that the only place Black Sheep should pray is at our weekly prayer meeting. 5pm on a Thursday may not work well for those on the west coast. That same 8pm on the east coast may be easier to schedule. The key is that we, as a group, are setting apart time to pray for this ministry. *Will you join us?* Our scheduled time is:

Thursdays at 5pm Pacific/8pm Eastern.

The Zoom link is

<https://us02web.zoom.us/j/87067793160>

The Meeting ID is 870 6779 3160.

Additionally, on the 3rd Thursday of the month, we've set aside another hour (6pm Pacific/9pm Eastern) to discuss issues related to working as a Chaplain. When we get our chaplains in Black Sheep together, we have years and years of experience to draw upon. You may be a new chaplain, an area contact or even a Regional Director, and you face a new or difficult situation. This meeting once a month is designed to give us a place where we can share ideas, experiences, and information that will help us serve as Black Sheep better. Please consider joining us.

Tom Sanchez

International Chaplain - BSHDFC

"As iron sharpens iron, so one person sharpens another."

- Proverbs 27:17 (NIV)

BSHDFC: BIKE OF THE MONTH

2000 Harley Heritage Softail

Meet "Shameless" my 2000 Harley Heritage Softail. Amazing Custom paint work by @smithdesigns inspired by @chris.bergman.16. Pearl white base with a gun metal marble with water droplets resting on the marble. That's where the paint theme comes in- without sealant, liquids would easily be absorbed into the porous surface of the beautiful marble discoloring and staining it. But when you seal it, the liquid just beads up and can't get inside. I liken it to our walk of life. We have all had things that we aren't necessarily proud of...for me, too many to count! However, when I came into relationship with Jesus Christ He freed me of the shame (water droplets) overwhelming me (the beautiful marble) through His undeserving mercy and grace (sealant). Now I don't see shame in my mess but a message that I am unashamed to share all to His Glory!

Micah Orloff

Chapter Spotlight

Black Sheep

HARLEY-DAVIDSONS FOR CHRIST

MIAMI

Black Sheep

HARLEY-DAVIDSONS FOR CHRIST

MIAMI

As Chapter President, what I love most about our ministry is the lives we're reaching. We are taking full advantage of the opportunity God has provided us to spread the gospel within our community. Every ride is an act of obedience to the commandment of making disciples, and this mission is always our focus. The brotherhood we share makes this journey all the more powerful; I am grateful for the unwavering support of brothers and sisters who share our vision of elevating Christ. Our 6 Chapter members, including Abner "Yoda" Octaviani, Cary "Mama Bear" Valdovinos, Greg "Doc" Borno, Scott "Diehard" Seltzer, and Kathy "Bee Bop" Seltzer, embody this spirit of unity.

Together, we've witnessed divine encounters, like the time we were guided by Jesus to help a biker that dropped his bike in the parking lot at a local dealership, praying for him and encouraging him to seek medical care. It turns out that he had a very serious medical condition that was subsequently discovered. We boldly pray in public, anywhere and anytime, because "We are NOT ashamed of the Gospel, for it is the power of GOD for the salvation of everyone who believes.

George "Thor" Valdovinos
Chapter President

1942

INDIAN CHIEF

THE 7TH INDIAN CHIEF OFF THE LINE IN 1942

MATCHING NUMBERS

Finding a 1942 Indian Chief is an extraordinarily rare happening. The seventh Chief off the line in 1942 and bearing styling cues more akin to a 1941 model, this '42 Chief is beautifully restored both cosmetically and mechanically. Painted in Seafoam Blue and black, it is a stunning machine with nickel-plated cylinders and the large-diameter wheels and leaf-spring forks of the prewar Chiefs, which gives them a lighter and more elegant silhouette. Furthermore, the engine of this bike was built by Mark Jacobs, a well-known Indian expert in Northern California.

There's something very special about these early 1940s Chiefs with their sharp front fender, leaf-spring front fork (dropped postwar) and simple cast Indian badge on the tank.

V-TWIN IN

It's one of the most elegant motorcycles ever built, and this one benefits from a stunning restoration.

While the Chief name is synonymous with Indian, the Springfield factory took 20 years to deliver its first model of that name in 1921. The Chief endures on Indian's Big Twins through the present day, and it has eclipsed the Scout and the Four as the first impression for the brand. The 1921 Chief was a fast and solid motorcycle using the side-valve Powerplus engine and 3-speed gearbox. 🏍️

Biblical Tests

For Making Decisions In Your Ministry

In a world filled with choices, making decisions that honor God and reflect our faith can be challenging. These decisions can range from personal conduct to ministry initiatives. Here are eight biblical tests to help guide your decision-making process:

1. Scriptural Test

"Has God already spoken about it in His Word?" (2 Timothy 3:16)

The Bible is our ultimate guide. When faced with a decision, the first step is to check if Scripture has already addressed it. God's Word provides timeless wisdom and principles that can illuminate our path.

2. Secrecy Test

"Would it bother me if everyone knew this was my choice?" (Proverbs 11:3)

Integrity is key in our walk with Christ. If a decision is something you wouldn't want others to know about, it's worth reconsidering. Transparency and honesty should be at the core of our choices.

3. Survey Test

"What if everyone followed my example?" (1 Timothy 4:12)

As leaders and members of a ministry, our actions set an example. Consider the impact of your decision on others. Would it lead them closer to Christ or away from Him? Strive to be a positive influence.

8 Biblical Tests (continued)

4. Spiritual Test

"Am I being people-pressured or Spirit-led?" (Galatians 1:10)

It's important to discern the source of your motivation. Are you making this decision to please others or because you feel led by the Holy Spirit? Seek God's guidance rather than yielding to external pressures.

5. Stumbling Test

"Could this cause another person to stumble?" (Romans 14:21)

Our actions can have unintended consequences on others' faith. Ensure that your decisions do not become a stumbling block for fellow believers. Consider how your choices might affect those around you.

6. Serenity Test

"Have I prayed and received peace about this decision?" (Philippians 4:6-7)

Prayer is essential in the decision-making process. Take time to pray and seek God's peace. If you feel unsettled, it may be a sign to pause and reconsider your options.

7. Sanctification Test

"Will this keep me from growing in the character of Christ?" (2 Corinthians 3:18)

Evaluate whether the decision will contribute to your spiritual growth. Will it help you become more like Christ, or will it hinder your sanctification? Aim for choices that promote your spiritual development.

8. Supreme Test

"Does this glorify God?" (1 Corinthians 10:31)

Ultimately, our decisions should glorify God. Reflect on whether your choice honors Him and aligns with His will. Our primary goal should be to bring glory to God in all we do.

"Walk as children of light.... and try to discern what is pleasing to the Lord." (Ephesians 5:8, 10)

By applying these eight tests, we can navigate decisions with wisdom and faith, ensuring our choices reflect our commitment to Christ and our witness to the world.

Lisa and I married in 2012 and have been blending our family of 7, which has been quite the adjustment. In 2022 we were nearing empty nesting and one of the things that drew us to each other was our serving hearts. We had taken some time off from serving while the kids were in High School and our schedules were extremely busy with their sports. We had been feeling the need to start serving again, but didn't know where God wanted us.

Then, God led us to finding Black Sheep at the ordination of Lisa's cousin, which was held at Calvary Chapel Pomona Valley. When we pulled in, I asked a parking attendant if I could park in a certain spot which he said yes. As we were getting off the bike he walked over and asked me what the patch was on the back of my cut. It was for the Lifestyle Cycles Ride Group whom I had been going on rides with. He asked me if I have ever heard of Black Sheep HDFC and I told him no. After we talked a bit we attended the service and we never saw the gentleman again.

That evening, I looked up Black Sheep and I couldn't believe there was a Christian biker ministry. After several months of prayer and discussion with Lisa it was confirmed that this was what the Lord wanted me to be a part of. I contacted the OC Chapter President Gordon Hicks and began to start riding and hanging out with the OC Chapter. It was very clear after a few months that this is where God wanted me to be. I joined and started serving first and Lisa attended most of the events with me.

"We have found that the formula to our peace is in the Lord..."

- Craig Freeman

In early 2023, Lisa came to me and said it was time for us to get rid of her Yamaha V-Star and get her a Harley Davidson as she was ready to start the mentorship. Lisa went through the mentorship program and was patched in August 2023. It has truly been a blessing to be in this ministry with my wife by my side. We have found that the formula to our peace is in the Lord and that as long as we put Him first, His blessings are abundant.

We have been blessed to be a part of the Orange County chapter where we are a "family". We are growing with our chapter through riding together, serving our Lord by staying committed to our boot shine booth, bike blessings and praying for each other. We even have the occasional cigar night and bible discussion at our house. I have been voted in as the current President for the OC Chapter and I could not do it without the support of our chapter and most of all the support of my loving wife. Lisa has also been playing a huge part in our chapter by organizing fundraising and posting events on our chapter Facebook page.

Jeremiah 29:11 "For I know the plans I have for you" declares the lord." plans to prosper you and not harm you, plans to give you hope and a future."

"A Wearable Testimony: Why I Choose to Wear My Cut Every Day"

A facebook post by
STEVE NICHOLSON
July 6th 2024

Someone asked, "can you not go one day without wearing your cut? The short answer is, "sure, I can" but in reality why would I want to?

This cut clearly represents who I am and Who I stand for. It's a quick indicator to those I pass, that I am safe, that I am willing to pray for them, encourage them or even help walk them toward Christ. If I am riding next to 10 1% centers I want them to know I am a Godly Man and if I am standing next to someone who might need a word of encouragement or prayers they see my patch and know who I represent and they will feel safe . I have the same on the back window of my truck and someone who was hungry

walking by my truck actually knocked on my door and said excuse me but I saw the crosses and you were christian and felt safe asking for some food so I was able to pray for that person and give them some food and that's why we wear our cut.

Without it, will people know I am a Christian... I sure hope so, I mean I try to live a life that honors Him. However, will they know within a split second of passing me? Probably not. Would they know that this man only wants what is best for them? Probably not.

So, I wear the cut wherever and whenever I can. It's a wearable billboard for Christ and believe me there is POWER in sharing His name. He died for me so I live for Him.

I am a Black Sheep (Harley-Davidsons For Christ). My road name is Barnabas.

Galatians 2:20 (NIV):

"I have been crucified with Christ and I no longer live, but Christ lives in me. The life I now live in the body, I live by faith in the Son of God, who loved me and gave himself for me."

Four Corners Rally T.

LEADERSHIP SPOTLIGHT

Matt Glanz

“HAZMATT”

In the early 90's I hit a deer on my Yamaha. I had lots of road rash but no broken bones or serious injuries. With 3 small kids I felt the Lord might be telling me, “Now may not be the right time for this”.

Fast forward, 2002 my wife Anna and I were married and we had 6 kids between us, a modern-day Brady Bunch as it were. I really wanted a new Harley and in 2004 I purchased a new Road King Classic.

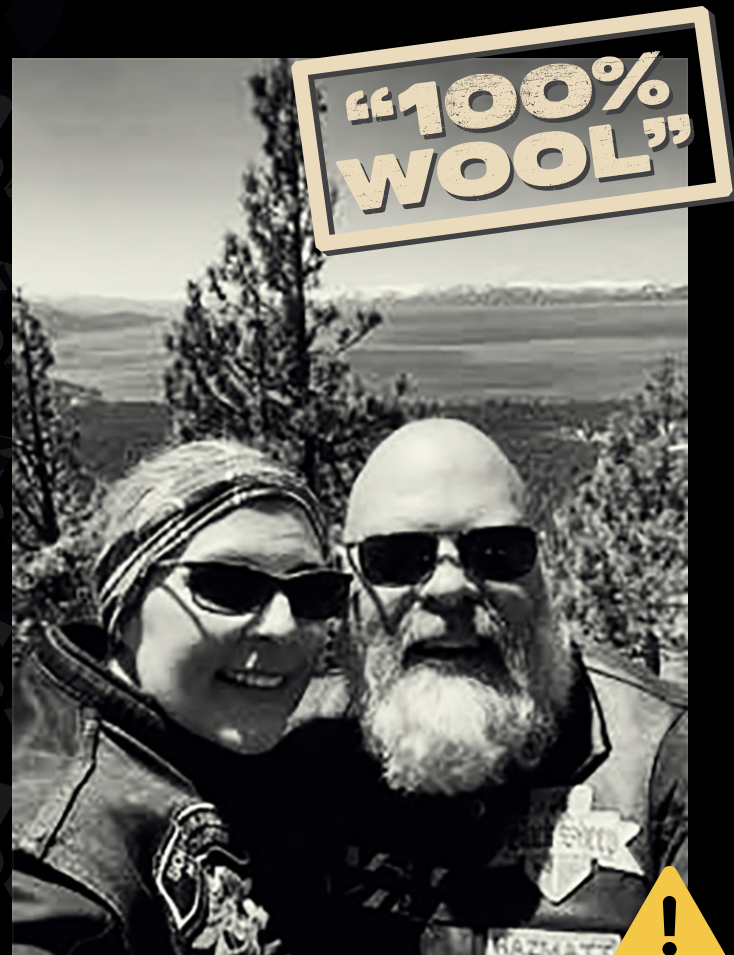

I remember riding around the neighborhood and to Church, I felt like something was missing or even that I perhaps, was missing something. One Sunday I spotted John Sanders strolling across the courtyard at Church, in his Black Sheep cut. After a conversation with John, I started researching Motorcycle Ministries and felt called to Black Sheep as it was the only ministry with a targeted heart for HOG. After much contemplation, in 2006, I paid my money, was issued my patch and I was a Black Sheep! No mentoring back then.

I remember being at a HOG event at our local dealership with Ken Brigham, who was the RD at that time. It was over 100 degrees that day and I scooted back home to take off my cut in search of the coolness of just a T shirt. When I arrived back at the dealership Ken got in my face and said, “Jesus died for your sins and you can't stand the heat with your cut on!” Talk about being convicted! I ran back home got my cut and have never left the garage without it again.

With nearly 100K on the Road King, I sold it and purchased a new 2016 Road Glide Ultra. I have just over 75K on it. God has been gracious to me as I hit my second deer in 2021, the bike stayed up and again no serious injuries. With the bike in the shop for over a year I purchased a 2009 Road King Classic to fill in and rode it to Sturgis in 2022. Anna and I have also joined Black Sheep Classics with “Betsy” our 1957 Ford Country Sedan Wagon. My Dad purchased it new in Bakersfield, CA. It has over 300K miles on it.

I have been a P, VP and am currently RD over Oregon, Northern California, and Northern Nevada. I love serving HOG as a Black Sheep. I have an overwhelming sense of purpose every time I am on my bike.

To God be the Glory!

MOTORCYCLE RALLY

DURANGO
COLORADO

2024

The Four Corners Motorcycle Rally in Durango, CO is just a few weeks away. This is a great event with a lot of opportunities to serve. We will be manning several boot shine booths and assisting with parking at Durango H-D. The BSHDFC trailer will be there too.

If you're attending and would like to stay at Hesperus Camp, please contact Steve Baker asap @ (505) 489-6373.

~ Aug 24th 2024

CALLOUT FOR VOLUNTEERS

I WANT YOU FOR ENUMCLAW

Enumclaw Motorcycle Show & FXR Rally

Hello Black Sheep family,

We're excited to announce that the Mt Rainier Chapter is once again a primary sponsor for the Enumclaw Motorcycle Show and FXR Rally, held each August. This event is a fantastic opportunity to connect with fellow riders and showcase our love for motorcycles and fellowship.

We need your help to make this event a success! Volunteers are essential for various tasks throughout the show. Whether you can help for a few hours or the entire event, your assistance is greatly appreciated.

Interested in volunteering? Please email Chris Mickelsen at cmick186@gmail.com with any questions or to sign up. Let's come together to support this incredible event and strengthen our community.

Additionally, if you're planning to attend, the Mt Rainier Chapter has spare beds available for anyone who wants to join us.

Thank you for your support, and we look forward to seeing you there!

10AM TO 4PM
