Resource Guide

Reimagining Health Care

HEALTH | HOUSING | JOBS | SUPPORT

 *CareSource*[®]

Dear Community,

We're proud to share the 2026 Resource Guide from Greater Dayton LGBT Center.

Since 1976, The Center has served as a place people turn to for information, support, and connection. While the ways we access information have changed — today a simple internet search can open doors that once took weeks of phone calls — the need for trusted, affirming guidance has not. Our role remains helping you sort through what's out there and pointing you toward resources that understand and respect who you are.

We also want to be honest: there is no way this guide can ever be complete. Resources change quickly, organizations shift services, and new needs emerge every year. What we've done here is focus on some of the most urgent and frequently requested supports in our community.

If you don't find what you need in these pages, please don't stop there. You may find additional information on our website, or you can reach out to us directly at info@daytonlgbtcenter.org and we'll respond as soon as we can.

Helping you navigate care, services, and support has always been — and continues to be — part of our mission.

Thank you for being part of this community and for trusting us to walk alongside you.

With care,
The Center
