

# COUNTRY MAN

VILLY KLEPPE

# PREFACE

Country Man is a quiet reflection of a simple way of living — grounded, honest and unpolished.

This song was written without rush or expectation, shaped by everyday moments, steady rhythms and lived experience. It is not meant to impress, but to be felt.

Sometimes one song is enough to say what matters.

Villy Kleppe

“The life I love is making music  
with my friends.”

— Willie Nelson
