CPLD Programme 2025/26

Learning Partners
academy trust

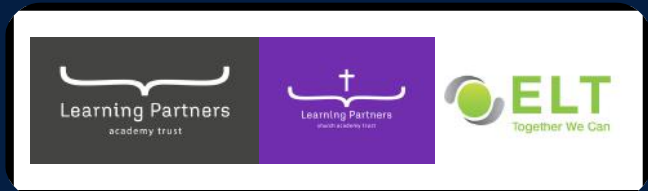

Welcome!

Welcome to our Continuous Professional & Leadership Development (CPLD) brochure, tailored specifically for Learning Partners Academy Trust, Learning Partners Church Academy Trust (LPCAT) and Enlighten Learning Trust (ELT).

We believe that exceptional education begins with empowered professionals.

Our commitment to Continuous Professional and Leadership Development (CPLD) is rooted in the understanding that great schools are built on the growth of great people. Through our carefully curated CPLD programme, we aim to inspire, challenge, and equip every member of our trust.

We recognise the strength in collaboration, the value of shared expertise, and the importance of a clear pathway for professional progression. Whether you are at the start of your career or stepping into a senior leadership role, our CPLD offer provides a rich variety of opportunities designed to support personal growth, enhance classroom practice, and develop leadership capacity across all levels.

Together, we are building a culture where lifelong learning is not only encouraged but expected and where every colleague is empowered to make a lasting impact.

Do check online for additional opportunities and updates throughout the year

De-Escalation – Tools for your Behaviour Toolkit

Managing behaviour is one of the biggest challenges in teaching. This session aims to give staff “tools for their behaviour tool kit” the more tools we have to manage behaviour, the better the chance of a successful outcome.

The session will cover:

- How to recognise that a situation may escalate
- What strategies can be used in different situations
- Some of the basics around behaviour management
- Top 10 tips on behaviour management
- How to build effective relationships

During this session Dave Eurige will draw on effective de-escalation strategies that staff at the IET (Inclusive Education Trust) use every day.

This session will run on:

13 Nov 2025 1600-1800

Venue: The Spinney, next to Guildford Grove Primary

Dyslexia in the Classroom

Jane Brown, from The Park School, will be delivering an information session on Dyslexia.

Jane has a wealth of knowledge in this field. She is English and Phonics lead at a Special School in Woking, working with secondary pupils with moderate learning difficulties.

The session aims to provide you with a deeper understanding of dyslexia, as well as giving you strategies to best support your pupils.

This session will run on:

07 Nov 2025 1000-1130

Venue: The Spinney, next to Guildford Grove Primary

SUITABLE FOR:

This network is designed for teachers, SENDCOS, TAs & LSAs.

Facilitated by Jane Brown, The Park School.

EAL Network

We are fortunate to use Jane Maria Harding da Rosa, EAL Specialist and Teacher (from www.enriching-elt.com) who has provided webinars on the following areas.

Session 1 - Language Learning Toolkit

This 90-minute session helps teachers understand how children learn a new language and how to support EAL (English as an Additional Language) learners in everyday lessons. It explains the difference between social and academic language (BICS and CALP), shows how home languages can help learning, and shares simple, practical strategies that work across all subjects. Teachers will leave with a clear 5-step checklist and the MMM approach (Meet, Manipulate, Make it your own) to help make lessons easier to understand and support English language development in the classroom.

Session 2 - Activating Learning Activities

This 90-minute interactive session explores how activating learners' thinking and language—before, during, and after lessons—can boost engagement, understanding, and progress, especially for EAL students. Teachers will explore cognitive, linguistic, and emotional activation, experience loop input in action, and leave with a toolkit of adaptable strategies to use across subjects and age groups. The session also highlights how activation supports inclusive teaching, metacognition, and deeper, long-term learning.

Both these sessions provide inspiration, evidence-informed practice, and ready-to-use strategies to energise lessons and boost learner outcomes.

Effective Subject Leadership

Session 1: Action Plans

How to write and review effective action plans that clearly measure impact. This includes evaluating current practice, identifying areas for improvement, and creating focused, measurable steps for development. The session will also cover how to write clear & meaningful impact statements.

Session 2: Monitoring and Feedback Basics

This session explores the critical role of monitoring, focusing on the different forms on monitoring, the data and information it creates, & how to give constructive feedback so that it can significantly enhance both teaching practices & student learning outcomes. The session will also cover writing impact statements & effective action planning.

Session 3: Dealing with challenges & underperforming colleagues

This session focuses on equipping participants with practical techniques and tools to effectively manage challenging conversations and support underperforming colleagues. By fostering a constructive and empathetic approach, attendees will learn how to address performance issues, provide actionable feedback, and create an environment conducive to professional growth & improvement.

Improving Attendance Network

The aim of the 'Improving Attendance' Network is to create a forum for our key colleagues to work together to re-think approaches to attendance.

We will be using current research to help us review our practice and to develop systems, processes and interventions which are heavily driven by the core purpose of removing barriers to attendance.

The Network aims to develop an understanding of the importance of a holistic approach, underpinned by strong relationships. We will work together to build a culture where attendance is everyone's business. The Network will be led by specialist colleagues.

Nurture - Supporting Practice in Classrooms

Nurture is an evidence-based approach to improve behaviour, attendance, and wellbeing in your school, leading to better attainment and reduced exclusions.

The nurturing approach considers how a child's social environment affects their emotional wellbeing, their social skills, and how ready they are to engage at school and in the wider community.

During the day we will look at the science behind the approach, delve into the 6 pillars that are core to the culture, and provide opportunity to share and develop practice that will support the work that you do in classrooms with pupils.

Reading Network

This year, our Reading Network will be focusing on Fluency—a vital component in enabling children to comprehend texts once they have secured their phonics knowledge. We're thrilled to announce that we will be working with Dr Megan Dixon, a respected educational researcher who has worked with organisations such as the EEF, TES, and the Department for Education.

Dr Dixon will lead all our network sessions this year online, offering invaluable insight into key areas of fluency, including:

- Developing a deeper understanding of what fluency truly is
- Strategies for effectively teaching fluency in the classroom
- What fluency sounds like in practice
- Assessment approaches
- Embedding fluency across the curriculum

Sessions will be delivered online & we will still meet face to face with Rachel Hughlock facilitating the meetings in person.

As Reading is a Trust-wide priority this year, we strongly encourage all schools to attend every session. Each session will include gap tasks, which will be reviewed and discussed during the following meeting — making full engagement essential.

Let's work together to ensure every child becomes a confident, fluent reader.

Deputy Heads Network

The Learning Partner Secondary Deputy Heads Network meets termly. Sessions provide the opportunity for this group to collaborate, learn from, support and challenge each other.

Sessions will provide opportunities to develop practice linked to key Trust priorities (Inclusion, Reading, Use of AI) as well as reflect on individual school priorities and developments in the national educational landscape (Ofsted, Curriculum reform and more!).

This is a platform to celebrate successes, share excellent practice and to grow in leadership by dedicating time to learn, reflect and plan for next steps.

Deputies are invited to join one of two groups, (0930-1130 or 1400-1600 on the same day) with their peer school Deputy joining the other. Excluding 3 June where both groups will meet at 0930am. This is to mitigate the impact of leaders being out of school at the same time.

Middle Leader Professional Learning & Development

The Learning Partners Middle Leader Professional Learning and Development Programme is designed to support aspiring or new-to-role curriculum and/or pastoral leaders.

The programme will run half termly over the course of the year, giving participants the opportunity to practise and grow their leadership expertise over time.

Participants will work on a specific change that needs to be effected within the team that they lead. If the colleague is not yet in a leadership role, they will be able to identify a project to work on during the course of the programme in readiness for middle leadership.

The programme will support and develop participants to lead change by developing understanding of change management, implementation guidance and leading people.

Sessions are in person and attendance at every session is compulsory.

Sessions will run on:

- 09 Oct 2025 1400-1600
- 13 Nov 2025 1400-1600 venue tbc

Secondary Phonics & Early Reading Network

UPDATED

Session 1: Spring Focus: Assessment to Identify Progress and Gaps

This term's phonics network will focus on strengthening assessment practice to ensure schools can accurately track progress and quickly identify gaps in early reading. Colleagues will be introduced to RAP, the Reading Assessment Program, a high-quality free online tool that provides clear reading and fluency ages as well as detailed analysis of phonics gaps. We will also explore the assessment features within Lexia, supported by training from the Lexia team, to help schools use their data with greater precision and impact.

Session 2: Embedding Fluency

In the summer term, our work will move to fluency and its crucial role within early reading. We will consider how fluency can be effectively embedded within phonics teaching and how it can be used as a targeted intervention once phonics is secure. The focus will be on ensuring pupils develop the fluency needed to access increasingly complex texts, particularly as they transition into the secondary curriculum.

Sessions will run on:

04 Mar 2026 1315-1530

Secondary Subject Networks

The Secondary Subject Networks have been established to provide the opportunity to share great ideas across schools and to keep current subject related research at the forefront of our work.

Networks are designed to collectively address key Trust priorities around inclusive practice and also to address any burning issues within individual schools in a bespoke way.

Network Leaders will work with Trust staff to set agendas and define key aims for the year ahead.

This is an opportunity to build learning communities through deep and meaningful collaboration.

28 JAN 2026 & 21 APR 2026 WILL BE AVAILABLE TO BOOK IN DUE COURSE

Sessions will run on:

These networks are designed for Heads of Department & Subject staff (dependent on the sessions).

Each session will be facilitated by a Subject Specialist.

Secondary

Teaching & Learning Leaders Forum

The Learning Partner Secondary Teaching & Learning Leaders Forum meets termly. Sessions provide the opportunity for those responsible for T&L in our secondary schools to collaborate, learn from, support and challenge each other.

Sessions will provide opportunities to develop practice linked to key trust priorities (Inclusion, Reading, Use of AI) as well as reflect on individual school priorities and developments in the national educational landscape (Ofsted, curriculum reform and more!).

This will be a platform to celebrate successes, share great practice, evaluate thinking, learn about current research and review the impact of curriculum and pedagogical initiatives.

Together, we will enhance our leadership skills by dedicating time to learn, reflect and plan for next steps. With each school hosting a session on a biennial basis, we create opportunities to learn from the great practice within each context and reflect upon next steps for our own schools.

The Importance of Oracy & Developing Skills

Research tells us that effective oracy teaching happens when children are supported to develop their talk, and use talk as a tool for learning.

This session will support school leaders and class teachers to look at how to raise the oracy skills of their children.

The session will support those wanting to explore how to get the best from partner talk and group discussion activities, to help to develop and utilise oracy in the classroom across the curriculum.

A range of teaching and assessment resources will be shared to support schools in developing a structured approach to oracy.

Developing a Whole School Nurture Approach

Nurture is an evidence based approach to improve behaviour and attendance, and wellbeing in your school, leading to better attainment and reduced exclusions.

The nurturing approach considers how a child's social environment affects their emotional wellbeing, their social skills, and how ready they are to engage at school and in the wider community.

During the day we will look at the science behind the approach, delve into the 6 pillars that are core to the culture and provide opportunity to share and develop practice that will support the work that you do in classrooms.

UPDATED

PRIMARY ONLY

Session 1 : How to continue phonics beyond the PSC/Yr 1

We'll pick up the thread from our last discussion and look more closely at how we tackle phonics in Year 2 and into KS2; sharing anything you've tried since we last met or ideas you're considering. We'll explore how phonics sits within our day-to-day teaching once children move beyond Year 1, and what kind of CPD might help colleagues who don't regularly teach phonics feel more confident. We'll also take a look at the RAP Reading Assessment Programme, which offers a free way to track reading more closely across the school.

Session 2 : Effective use of TAs/LSAs in phonics lessons and interventions

Our summer phonics and early reading network will build on the priorities that come out of the spring session. We will delve into how we make best use of TAs and LSAs in phonics lessons and interventions. We'll look at what effective support really looks like in practice, how we set adults up for success, and how small tweaks in deployment can make a real difference to pupil progress. Further focus areas will be shaped by the discussions and needs emerging in the spring term.

Writing Moderation & Reception Moderation

These collaborative moderation sessions provide a valuable platform for teachers across Reception to Year 6 to qualify writing judgements, discuss uncertainties, and share great practice.

This year, our focus—aligned with the wider writing network and writing leads—is on sentence-level work. Together we will share effective strategies for teaching sentence structure, grammar, and punctuation, with the aim of moving more children towards meeting age-related expectations.

We'll be focusing particularly on children working just below ARE. Teachers are asked to bring books from the same two children to each session, allowing us to track their progress over time. There will also be opportunities to discuss how you scaffold and support children's development in sentence work.

For Reception staff, sessions will include sharing how you support early sentence construction and letter formation.

Moderation will take place in geographical clusters, with sessions facilitated by host schools. These sessions are not only about moderation but also about developing practice, reflecting together, and supporting professional growth across the Trust.

Writing Network

This year, our Writing Network will focus on strengthening the teaching and learning of sentence structure, grammar, and punctuation across our schools.

Autumn Term:

We'll begin by exploring early writing through the lens of current research, focusing on "Stronger Foundations in the First Years". This session will consider what this means for us as writing leads and how we can use this understanding to influence practice across our schools. This will also be attended by your Year 1 teachers in order to discuss & agree future practice.

Spring Term (Inset Day – 28th January 2026):

We will be discussing key information from the writing framework as well as the curriculum review. We'll look at the importance of grammar and punctuation and how these underpin the basic skills of writing. We'll explore how this is implemented in practice and discuss approaches we use. We'll also discuss what has happened in your school following the previous network on Year 1 writing progression.

Writing Network

Spring Term continued :

Additionally, we'll share insights gained from external CPD and suggest possible recommendations for further CPD opportunities. There will be a short presentation from a representative of Active English.

Summer Term:

All schools will contribute to this collaborative session. Each school will present a short powerpoint sharing how sentence-level (grammar and punctuation) work is taught and scaffolded in their setting or share any aspects/ great practice that have made an impact. This is a valuable opportunity to share ideas, reflect on practice, and learn from one another to enhance grammar and punctuation.

Sessions will run on:

- 18 Nov 2025 1315-1600 at The Spinney, next to Guildford Grove Primary
- 28 Jan 2026 0900-1200 at Burpham Primary

Year 1 Network

In this network, we'll come together to share ideas, discuss approaches, and explore best practice. Sessions will provide an opportunity to reflect on what's working well and consider different ways to support our work in Year 1.

There will be time for professional discussion and collaboration, with a focus on practical strategies that make a difference in the classroom. Where possible, we'll also look to incorporate training and input from other areas of expertise to help deepen our understanding and support our practice.

During our first session, we will be collaborating with the writing leads of your school. We'll begin by exploring early writing through the lens of current research, focusing on "Stronger Foundations in the First Years". We will discuss the progression of writing and will consider what this means for us and how we can use this understanding to influence practice across our schools.

Sessions will run on:

18 Nov 2025 1315-1600
at the Spinney, next to
Guildford Grove Primary

09 Feb 2026 1315-1600
at Pyrford CofE Primary

05 May 2026 1315-1515
at Stoughton Infant School

NPQs are the most widely recognised qualifications in the education sector for current and aspiring leaders.

STSN has successfully delivered NPQs to over 3500 leaders since 2013. It has worked with school leaders from 35 Local Authorities in the South East and East of England and London. The quality of its courses and delivery has been rated exceptional for the DfE's Quality Assurance Agent.

National Professional Qualifications

There are nine NPQ programmes to support aspiring and established leaders at every level. These NPQs either support the development of specialist knowledge and skill or focus on leadership development at a range of levels.

Specialist NPQs:

- NPQ in Leading Teaching (NPQLT)
- NPQ in Leading Behaviour and Culture (NPQLBC)
- NPQ in Leading Teacher Development (NPQLTD)
- NPQ in Leading Literacy (NPQLL)
- NPQ in Leading Primary Maths (NPQLPM)

Leadership NPQs:

- NPQ in Senior Leadership (NPQSL)
- NPQ in Headship (NPQH)
- NPQ in Executive Leadership (NPQEL)
- NPQ for SENDCos (NPQSENDCO)

Funding for the Autumn term cohort has yet to be confirmed. It is hoped that scholarship funding will be available.

Further details will be available in due course at www.stsn.co.uk

From Autumn 2025 there will only be one cohort of NPQ per year.
