About Verbier International School (VIS)

Verbier International School is a leading international day and boarding school located in the heart of the Swiss Alps. Part of the Dukes Education Group, VIS offers a world-class education with a focus on academic excellence, wellbeing, and experiential learning through its *Education with Altitude* philosophy. Staff at VIS enjoy small class sizes, supportive leadership, and a truly international community. Our team values collaboration, innovation and professional growth, and we encourage staff to bring their ideas to life both inside and outside the classroom. Living in Verbier offers a unique lifestyle for those who love the outdoors, culture, and the energy of a world famous mountain village.

Role Summary

Verbier International School (VIS), Switzerland's newest premium mountain day and boarding school, is seeking an enthusiastic and talented Secondary Science Teacher to join our growing team.

We are particularly interested in a Chemistry specialist, but applicants with expertise across other sciences are warmly encouraged to apply.

Why Join Us

Verbier International School is at an exciting stage of development, combining ambitious academic goals with the unique opportunities that come with life in the mountains. Working here means:

- Teaching motivated and engaged students from around the world
- Living in Verbier, a vibrant Swiss ski resort known for its world class skiing, mountain biking and year round outdoor lifestyle
- Being part of a collaborative, passionate and innovative team shaping the future of a growing international school
- Contributing to a programme that blends rigorous academics with outdoor education and mountain leadership opportunities

Key Responsibilities

- Teach Science across the Secondary School (Years 7 to 13) with opportunities to teach IB Diploma Programme and High School Diploma pathways
- Plan and deliver inspiring, inquiry based lessons that foster scientific curiosity and critical thinking
- Collaborate with colleagues on interdisciplinary projects and whole school initiatives
- Participate in the wider life of the school including trips, expeditions and outdoor activities

Profile of the Ideal Candidate

You are an enthusiastic, forward-thinking individual who combines creativity with kindness. You bring a flexible, international mindset and role-model positive behaviours.

Qualifications

- Degree in Chemistry or another science discipline
- Proven teaching experience with excellent student outcomes. Experience with the IB or other international curricula is an advantage
- EU passport or valid Swiss work permit required

Reporting Line

Reports to: Head of Science

Application Process

This is a rare and exciting opportunity to combine a passion for science teaching with life in the Swiss Alps.

Interested candidates are invited to send an application via [TES](#).

Applications will be reviewed as received; early applications are encouraged.
