

X10 Cash-in Sidecar (HK700)

Low cost, high reward upgrade for Hyosung Retail ATMs, transforming traditional cash dispensing ATMs into cash-to-digital onboarding ramps. The X10 Cash-in Sidecar (HK700) is part of the industry's most advanced cash-in/out kiosk and sidecar solutions designed for crypto, gaming and payments. Truly, the possibilities for the X10 Cash-in Sidecar (HK700) will only be limited by the imagination of the business owner searching to deliver optimum customer experiences.

Features

Flexibility

Demonstrating Hyosung's legendary modular design, the X10 Cash-in Sidecar (HK700) supports a myriad of customer experiences including cryptocurrency purchases, payments and gaming ticket redemption. The X10 Cash-in Sidecar (HK700) includes modules to support robust authentication with barcode, ID and camera options.

Versatile

The X10 Cash-in Sidecar (HK700) is compatible with the Halo II, Force, 5200, and the 5400 Retail ATMs, allowing for a low cost upgrade to these reliable and trusted products. Easy DIY installation guidance allows for your ATM to be upgraded in a matter of hours.

Modern, intuitive design

The X10 Cash-in Sidecar (HK700)'s low profile, small footprint design maximizes capability and profitability with minimal impacts to the real estate occupied by your ATM. With optional, customizable coloring and branding kits, your ATM can match your deployment needs.
