## INHERENT RIGHTS AND POWERS OF UKC

\*(Revised December 18, 2009)

United Kennel Club holds and has reserved to itself certain inherent rights and powers in connection with conducting its business, registering litters, transferring registrations of dogs, licensing events, and awarding titles. These inherent rights and powers include but are not limited to the following:

United Kennel Club has the right to inspect all reports, scorecards and documents related to UKC events. Some, but not all, of the items subject to inspection are:

- a) scores;
- b) disqualifications of dogs for fighting or other reasons;
- c) errors by the recording person; and
- d) documentation excluded for any reason.

UKC reserves the right to correct any mistakes found during such inspection whether or not the document has the signature of a Judge or Club Officer.

UKC reserves the right to itself and in its sole judgement and discretion, to take such actions and impose such sanctions as would:

- a) Bar an individual from entering or participating in any way in any UKC licensed event.
- b) Bar an individual from transferring or registering any pups or dogs in that person's name (joint or full registration) or to any member of that person's family.
- c) Bar an individual from receiving Championship points for any dog registered in that person's name (joint or full registration).

By way of illustration, the following constitute some, but not all, of the situations calling for the above sanctions:

- a) Falsification or alteration of a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- b) Falsification or alteration of any reports of wins issued to UKC.
- c) Falsification or alteration of receipts issued by UKC Judges.
- d) Switching, wrongfully using or attempting to use a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- e) Selling or attempting to sell a dog with false or incorrect UKC Registration Certificate or Pedigree.
- f) Intimidating, threatening, or injuring a Judge, Club/Association member or official, event participant or spectator, or UKC representative.

The six illustrations given above are only by way of example and UKC reserves to itself its inherent right and power to impose such sanctions in any other circumstances deemed appropriate by UKC.

Any individual who is found guilty by a court of law of a crime involving dogs will be barred from United Kennel Club for an indefinite period. A person shall be considered guilty in a criminal proceeding if they are convicted by a judge, jury, or if they enter a plea bargain or other arrangement to plea to a lesser offense, or if their case is disposed of by any form of deferred adjudication; a person shall be considered guilty in a civil proceeding if they are held responsible or liable by a judge, jury, or if a compromised settlement is reached between the parties.

Hello HRC members,

My hunt test season wrapped up in LaVergne, TN, at the 2025 Fall International Grand. Tracy Stubbs and his crew worked tirelessly to put on the largest grand ever! Music City HRC did a phenomenal job with

their grounds and put extra effort into taking good care of all the workers and participants. I ran in Flight J with my dog, Hootie, and was fortunate to get his first Grand Pass. Walking off that upland field after a handshake from the judges is an amazing feeling, which keeps us coming back for more. Big thanks to all the Grand volunteer workers who gave time away from their dogs and families to allow us to run our dogs. You are much appreciated!

Dog training now switches gears to emphasize the basics of duck hunting, like running out of a boat, off a dog stand, or out of a duck blind. When Mr. Omar founded our game, it was meant to be an extension of hunting season and a way to keep our dogs prepared to hunt all year long. I think HRC has exceeded Omar's original goal and is helping produce some of the finest hunting dogs in the world. We should all be proud of our organization, especially during hunting season!

Fall also brings many reasons for me to be thankful! December 3rd will be the 25th anniversary of my hunting accident. Faith, family, and work were cemented as priorities in life. Once the smoke had settled from my accident, my trauma coordinator wrote an article based on my medical records that showed I had less than a 1 in 10 million chance of survival. I am a walking miracle of God. Getting to watch my two daughters (ages 29 and 26) grow into strong, independent young ladies is one of my most cherished things in life. My job of 42 years has helped me provide for my family, especially when I was off work for four months in recovery. One thing all of us have to be thankful for is our HRC family! I am truly blessed to be a small part of this great organization.

HRC still has lots of members working hard in several different committees. Each member of each committee has volunteered to give back a little extra time to help make our game better! The By-Law Amendment Committee, the Rulebook Amendment Committee, and the Judges'/Handlers' Seminar Committee are close to completing their goals. Be on the lookout for updated documents on our website soon.

Merry Christmas, and Happy Holidays to all.

I Love HRC, the People, & the Dogs...

God bless you all.

**Kristine Odden, Treasurer**

Greetings from Oklahoma! Fall has finally arrived in the northeast part of the state, and the cooler temps and fall colors are definitely a welcome sight!

Fall hunt test season is behind us in our region, and duck season is upon us. Unfortunately, I haven't made it out yet, but at least one of our dogs made a trip up north to Canada with my husband to kick off her last

hunting season.

I kept busy in the fall, judging at a few hunt tests, as well as help out at a couple others; it's always great to see friends as well as meet new handlers that are just getting started. The best part of the weekend is the youth hunt tests and watching these kids' eyes light up as they

**Pat Johnson, Vice President**

Hello all!

Wow, what a year for HRC. We started a youth Handler program, and from what I hear, there are plenty of our future leaders of HRC signing up for it and participating in hunt tests all over the country. I will be signing our granddaughter so she can run our little girl, Jovi, and brother, Axl, in Started. Thank you to all the committee members for getting this fantastic program going. We had a very successful ladies' seminar this summer, and the ladies who put it on are in high demand across HRC to come to different regions to host and teach the ladies about our wonderful sport—the ladies who taught the first passes, SRS, and SRS amateur champion titles. There is no better group to teach the ladies. The fall Grand set a record with entries. Music City HRC did a fantastic job of hosting the Grand for the second time. We also set a new record for passes of 339. These fellow members are a testament to HRC. Congratulations to everyone who passed. Also, congratulations to everyone who passed the weekend tests this year.

This article will find most of us during hunting and the holiday season. We opened our Oklahoma season on November 8th. I have a new hunting partner this year. My old girl got hurt and had to have surgery, so we are breaking in her daughter, Jovi, right now. Later this season, the big man, Axl, will get to hunt a little. Both are three years old and over the last two weekends, Jovi has been fantastic. I am very impressed with her behavior in the boat and blind. This is why we train in HRC line manners and good behavior, so all our dogs are enjoyable to hunt with.

By the time everyone sees this, the holidays will be in full swing. I hope everyone has a great Holiday season and enjoys spending time with their families. Happy Holidays to everyone!

I hope everyone has a great hunting season and again enjoys time with family and their buddies hunting. Good luck to everyone, and be safe. As I always say, remember sportsmanship rolling into the new test season. God bless, safe travels, and see you all at the line.

run their retrievers. Hopefully, the love of the sport stays with them as they get older!

I also had the opportunity to attend the Fall International Grand in October and snap a few pictures. The Grand is run by such a dedicated, hardworking committee, and it was evident again this fall—awesome job! The Music City HRC club did a great job hosting on their beautiful grounds and should be proud of their hard work!

As of the writing of my article, my husband and I took on a new venture—another new pup! We are acclimating to our new family member and look forward to the journey this one will take us on!

In closing, from my home to yours, I want to wish everyone a happy Thanksgiving and a Merry Christmas! We have been truly blessed beyond measure with so many friends around the globe!

God Bless!

#### MEMBERSHIP INFORMATION

The Hunting Retriever Club is composed of individuals and clubs interested in the improvement of the retrieving breeds, in the training and testing of Hunting Retrievers, in the awarding of Championships to those dogs that pass the testing program, and in the fellowship, cooperation and learning that can take place when people and dogs, rather than competing with each other, are working together to reach mutual goals of excellence.

The hunts have been designed to closely duplicate actual hunting conditions and situations. The training aspect of the program and the four levels of competition allow dogs and handlers at all levels of experience to learn, improve and work toward Championships.

Your membership includes a year's subscription (6 issues) to *HUNTING RETRIEVER*, a membership card and a copy of the *UKC/HRC Rules and Guidelines for Hunting Retriever Tests*. Domestic rates (U.S. and possessions) are \$25 a year, \$30 a year for a family; (\$17.50 per year is designated for the magazine subscription.) Dues cover a 12-month period. Dues are to be sent to: Hunting Retriever Club, Inc., 100 E Kilgore Rd, Kalamazoo MI 49002-5584. Phone: (269) 343-9020.

## In Memory of HR Rudy's Roux Duck Gumbo ("Roux")

Chocolate Labrador Retriever Male

April 26, 2010 - September 16, 2025

Owned by Rance M. Gamblin

He came to me as a 16-week-old pup named Rudy, with a congenital defect that prevented his ethical sale, a referral from a good friend and fellow veterinarian (I have thought many times about how that one phone call changed my life). I became fast friends with his breeder and promised to take good care of this promising Lab, changing his name to Roux.

Roux and I played the hunt test game for a while, achieving his HRC Hunting Retriever (HR) title, despite having me as a handler. We didn't go farther down that road, more because of a lack of time on my part, certainly not because of a lack of ability on his. What Roux didn't have in titles, he had in absolute desire, heart, and "bird smarts." He was always enthusiastic but tempered with amazing biddability. We went

everywhere together, although he never remembered much of the trips themselves, as he was fast asleep on the backseat of my truck within minutes of leaving the house.

All told, Roux hunted with me in 14 different states and Canadian provinces, retrieving over 3,100 wild birds in 12 years—no small feat for a weekend hunting dog from Ohio. These numbers mean a lot to me, but even more so are the uncertain numbers of just how many people got to hunt with him over those 12 years. I wish I had kept better track of that, but I know one season alone, he spent time in the blind with over 100 different people. I'm not certain of the number of "first ducks" and "first geese" he retrieved for kids over the years, but we intentionally sought out youth hunts to make that happen. I retired him in January 2023 after a great hunt in Tallahatchie County, MS.

Roux was not just a hunting dog, but a member of our family. He served as guardian of the house, companion to my wife while I was at work, confidant to my daughters as they navigated life, and mentor to my other Labs. He was loved by practically everyone who ever came in contact with him, regardless of the reason. He had the ability to win over even the biggest dog skeptics and certainly shattered the "typical Chocolate" stereotype for so many.

Arthritis, residual vestibular disease, degenerative neurologic disease, and just the wear and tear of 15.5 years eventually caught up to this amazing dog, and we couldn't let his quality of life deteriorate any further. Truthfully, I am beyond blessed to have had him as long as I did. I couldn't have loved a dog any more.

From the broken puppy no one could sell, to the amazing dog no one could buy...

## **DON'T HUNT? SORT OF INTRIGUED? TROUBLE COMING TO GRIPS WITH KILLING A DUCK?**

**Rich Carpenter | 22039 County Rd 9, Weldona, CO 80653 | rich@theriverbottom.com**

**Q**uite some time ago, I received a letter from a friend and fellow HRC club member, “Sally.” It was very short and to the point. She was no doubt not the only non-hunting HRC member who has wrestled with the notion of killing in hunting or killing birds to be used in training.

Her letter: “I have not been training retrieving with the dogs, and miss it, but fact is, I am still having trouble with the ‘killing’ part of this sport..... I have always loved birds, and ducks in particular, and it is just hard on me.....

don’t know what to do. Any wisdom very appreciated. Sure wish there was more opportunity to do the tests with bumpers—Sally”

My not brief response, “Sally,’ I guess I’d start out by saying that I’m glad that you have trouble with this. I think any of us who consider ourselves hunters must address this, and not just once. Spanish philosopher José Ortega y Gasset, who addressed this in detail in a book dedicated to the notion of hunting, says, ‘every good hunter is uneasy in the depths of his conscience when faced with

the death he is about to inflict on this enchanting animal.' For me, if that goes away, I'll hang up my guns. While it may seem a total contradiction and hypocritical to be able to both love and kill wild animals, to me, it's so.

I don't know that I can help much, in your 'having trouble with the 'killing' part of this sport,' and almost certainly don't have any real wisdom to offer. Like usual, I have opinions and will share a few for what they are worth. Obviously, I'm a hunter and reflect biases associated with that. I grew up on a small farm where we grew and butchered our own poultry and rabbits. We raised cattle to be reduced to food at the local locker plant. Father and numerous relatives hunted. Mother very religious and sure animals all put there by the good Lord for use of man. I no doubt reflect a lot of that.

I guess I wish you could come to the point of trying hunting. I think then perhaps a number of things might take on a different perspective. I understand that it would seem to be getting the cart much before the horse.

I suppose at different times I've read most of the books involved with explaining and defending hunting and attempting to deal with the ethics that should be part of it. Some of that reading might be worth your looking into. Libraries might have some, or most are available used. Jim Posewitz wrote *Beyond Fair Chase: The Ethic and Tradition of Hunting*. Posewitz also founded and served as executive director of Orion, The Hunter's Institute, in Montana. It is a fairly basic short book/essay, often used in conjunction with hunter education. Ted Kerasote wrote *Bloodties – Nature, Culture, and the Hunt*. James A. Swan, PhD, wrote *In Defense of Hunting*. Three that come to mind I've read.

I guess, of all of that sort of thing I've read, perhaps the classic *Meditations on Hunting* by the Spanish philosopher José Ortega y Gasset may have meant far the most. Perhaps not as much because of what it says or that I fully agreed with him, or perhaps was even able to fully grasp his academic philosophical approach, but it somehow made me think. And several of his positions struck a chord with me.

But back to you, hunting. You probably need to come to some level of acceptance of the notion of hunting intellectually to even be able to try it. But to me, there is as much visceral about hunting as there is intellectual, and perhaps an even greater measure of value and ethics (some of them personal, rather than cultural, game-law based, etc.) To come to grips with the killing, I think it must be in the context of the hunt, as that is much different. Again, y Gasset says: 'One does not hunt in order to kill; on the contrary, one kills in order to have hunted.' Much to ponder there, for me. And again, in *Meditations*: 'It is not essential to the hunt that it be successful. On the contrary, if the hunter's efforts were always and inevitably successful, it would not be the effort we call

*Hunting memories: Unbelievable strength needed to wrap fence wire on his antlers. Been 35 years, but can still remember the double on Woodies with Seasoned dog handling the marked retrieve and Finished dog running the blind.*

hunting; it would be something else. Corresponding to the eventuality or chance of the prey's escaping is the eventuality of the hunter's rentrer bredouille [going home empty-handed]. The beauty of hunting lies in the fact that it is always problematic.'

For it not to be so, we are talking purely killing or whatever. Not that perhaps that would make it morally wrong in some context, but more akin to the beef in the feedlot. No doubt where it will end up. To most of us, that is not wrong, but it is not hunting, any more than driving up in a pasture and shooting a buffalo over the hood of a pickup truck is truly hunting.

I guess from the books I've read, if you want to take a look at it intellectually, I'd get *Meditations on Hunting* and read it, or much of it.

But, even if you hunt, if you do it right, issue of the rightness of taking the life will be there.

As for the rightness of that, there are many ways of looking, from very pragmatic to philosophical to religious. Yet, I'm not sure any of us who hunt, or accept our non-vegetarian sides, can do so without assigning relative value to animals, and all relatively lower than man.

*Tule remembering the greenheads of her prime and how special it was hunting with Bill. [Photo by Bill Quinn].*

Perhaps the person who goes after the cape buffalo in the tall grass, or the grizzly with a long bow, sees more of an equality than the rest of us hunters.

I guess for me, this is important, not only in hunting, but in dog training. I am comfortable that it is right for me to kill a duck and eat it. I am comfortable that it is right for Tyson Farms to kill a chicken, and I eat it. I am not comfortable if we don't both do it with respect for those animals and try to do it in as humane a way as possible.

I have an obligation to try to become a good shot so that I can increase the likelihood of quick kills of the game I pursue. When I don't, I owe it to that animal to make a sincere and genuine effort to end its suffering as quickly as I can. To me, that means finishing off a duck quickly, with a blow to the head or wringing the neck. It also means I will work and train hard and hunt with a dog, so that the odds of that wounded bird dying slowly in pain are reduced.

Is killing pigeons and pen-raised ducks acceptable in our retriever training and tests? To me, it is if the net result is raising, training, and breeding better HUNTING retrievers. I place the value of a wild duck higher than that of a pigeon or pen-raised duck. And a legitimate use is in training our retrievers, so we waste less non-retrieved game.

The pen raised ducks and pigeons are raised to die, in almost all cases, just like the cattle in the feedlot. The wild duck will also die. Will it die peacefully in its sleep in its old age, sunning itself on a sandbar? Perhaps, but more likely a slow or painful death from injury, starvation, or being eaten (perhaps not yet dead) by some predator. I guess I feel if I hunt properly, most of the birds I kill will die quicker and with less pain than if nature took its course, and I'll get not only the benefit of the joy of hunting, but sustenance from the meat. Do I feel bad for the bird? Yes, that is always there. But as I move to take the duck swinging over my decoys, my feelings are much more pleasant as relates to that animal's future than it is for the feedlot beef as I drive by the feedlots on the way to the river. I may miss or the duck may outfox me, and I come home empty-handed. There is no question where the pen of fattening cattle will end up. Again, not wrong, but certainly, I feel at least as good about the duck on my plate as the juicy ribeye steak on my plate. Better if I spend any time thinking about it, the duck had a chance.

Would I have trouble seeing birds killed to use to train my dog if I did not hunt? Perhaps more than I do, but not if, in fact, long term or short term, my efforts are making for better hunting dogs that will reduce wild birds to bag with less suffering and lost birds than if I did not train and test my dogs, or test them to know I wanted to breed that dog to produce better hunters.

Yet, just as in hunting, we must enforce against ourselves a standard of humaneness. While it may be necessary to work dogs with live birds, efforts should be made to minimize damage to those birds as much as possible and quickly put them out of their misery when that is necessary. Further to train and test hunting dogs, you must train (to some extent) and test with birds, not dummies. At the same time, those birds, if they are to

be used dead, should be killed as humanely as possible. I think the HRC move (years ago) from shackled ducks to dead ducks (except for shot flyers in regular tests or upland) was the right thing to do, and I think clubs have tried to do that humanely. Yet I doubt there is a bird steward anywhere that enjoys the job, but rather does it because it needs to be done and done right.

'Sally,' I don't know if any of this makes any sense. I have been hunting big game since high school. At one time, I had not gone big game hunting for a few years and not been successful for a few more. I wondered if I could kill an elk. I wondered if I wanted to. Turned out I did, and I have a trophy

*Ah, more hunting memories. A friend's young Lab's first duck out hunting in the January cold. And a puzzling cripple, with her sire showing her how to gently corral it for the coup de grace by the hunter. Probably wouldn't have seen the big hoar frost crystals in the creek bottom if not out hunting.*

that will bring memories for the rest of my life. Yet, I also know that I don't have near the need to hunt big game that I did. I've not hunted elk in years and not killed a deer in perhaps as many. I have enjoyed the hunt, but while the finding is every bit as challenging, I know if it is a shot I choose to take, the animal is dead. I practice to be a good shot and know the ballistics of my reloads. I don't need to shoot; I get enough venison without me taking an animal and wearing creaky geezer bones out caring for it. Sitting in my stand with my loaded rifle and I have a doe, small buck, or large buck in my sights, my whisper of, 'you would be dead' at this point in my life is enough to affirm that hunt to me. It wouldn't if I hadn't killed a number of deer and practiced to where I was sure of my shooting. Seems all of us hunters go through stages. Not to say that I won't shoot another. I keep getting licenses, and sometimes I go out, and sometimes I don't. Sometimes the spirit may move me to shoot another. But the last buck I hung a tag on, I didn't shoot. He committed suicide or died of a tragic accident on my fence. Yet, I'd hunted him for years, saw him in the summer in the velvet, and he was a worthy adversary that I really wanted to hunt, always hoping he'd still be around next time I drew a license. Would I have shot him that year had I had the chance? Probably. I honestly don't know, but when I found him dead, I punched my tag, put it on him, and quit hunting that season. His rack still entangled in barbed wired and stiff wire fence stays is a monument to his strength and triggers memories perhaps better than if I'd shot him, as I will never know just how he came to be tangled in that gate, broke off all four wires, swung himself through a 5-wire fence, breaking the corner post and breaking his neck and back and apparently killing himself quickly.

Some feel that horns kept of animals or animals mounted are gross and disrespectful to the animals. I think the perspective of a friend I hunted with for years is one I'd agree with. He felt strongly that it is usually only an outstanding specimen that is mounted, and it is mounted out of respect for and love of that animal and the bond that ties hunter and game. And he feels that rather than decaying somewhere and having various predators reduce it to basic elements with no notice, come whatever end it faces, it spends many more years, capable of being admired by many and evoking memories and the continued respect of the actual hunter.

I suspect my declining interest in big game hunting is also dog-related, as it came about the same time I got my first Lab. To be able to share the time afield with the dog, and to be able to go hunting time after time, rather than the season be over in one shot,

*I'm sure Jose y Gasset's Meditations on Hunting are the furthest thing from this young hunter's mind as he scored on his first dove hunt. Got it!*

just really appeals to me. We may get into the birds, shoot well, and get the dog a lot of retrieves. Or we may sit, skunked on the riverbank, sharing a smashed sandwich, but we are having a good time. And never knowing whether we or the ducks will win is what makes it hunting. And sometimes the slowest hunting days are some of the fondest memories, because of other things you see that you probably wouldn't see if you weren't hunting. Not many watchable wildlife folks spend full days watching the river when the thermometer is bouncing on zero and slush ice is forming. But even if the ducks are not flying, the kingfishers may be fishing with extra vigor. The eagles need some extra protein and are active. The rut may be on, and the white tail deer show is a good one. Or it could be the sharp-shinned hawk sitting on the blind, oblivious to the silent statues that are dog and hunter, until one of them twitches. It might be finally getting to see, as well as hear, the Sora rail across the creek, finally slipping through an opening and being visible. I don't have to have a shot and a retrieve for my Lab every time, and not having them likely keeps me coming back. But without being there hunting, I know I would not be there to see all those things, and I value them particularly in that context, even when skunked.

*Aside from the pleasure of hunting and watching our hunting retriever work, if our shooting is on, there are other rewards. Like dove sheesh kabob. Mmmmmmm, Doggies. It don't get any better than that!*

Well, there you have some fairly disorganized ramblings of Popi's steely-eyed killer handler. I love to hunt. I love being there. I love all the

*Oh, I forgot to tell you, sometimes things go off the tracks a bit out hunting. Like this pic taken just before the photographer gets cussed for picking this time to take a photo. But not all bad. I still remember this day, 20+ years ago, and being the cussed photographer.*

lasting memories of past hunts, friends, and dogs. I love seeing Popi do what generations of her ancestors have been bred to do better and better. I love shooting. I love calling ducks and geese and seeing if I can bring them to me. Some days I can, and some days they don't buy any of it. José Ortega y Gasset says that for hunting to be going on, the prey species must have superiority overall, but that superiority can't be absolute, or it's not hunting. Some days I don't feel much superiority.

Again, I doubt that I've helped at all and may have raised more questions than I answered. I don't think any of us can really answer them for someone else. We can put our feelings and observations out for others to consider and see if there is any resonance. But in the final analysis, I think each who enters hunting, particularly without being automatically included as a youth expectation, must decide which are the germane issues for them personally, and then see if they are resolved such that hunting is acceptable to the point of trying. Then a decision has to be made with the whole feeling, gut-level experience. Not all youth, male or female, brought to hunting by assumption of the parents or relatives, become hunters. And that's OK. I tried my hardest to approach my kids the same with respect to hunting. Couldn't get my son to wait until he was old enough, and my daughter never even wanted to go along, though she's very much in favor of hunting.

Even if you go hunting, you may not know if you can do it until the situation arises. And if you do and face your

first wounded bird in hand, staring calmly back at you, I'll not even start to tell you that it won't affect you and that you will need to take a hunter's and not an EMT's action and put that bird down as quickly as possible. And I can't tell you that you won't feel bad at that moment. I still do, but, having decided that it is my role at that time, I do it with as much expertise, respect, and detachment as I can muster. I think there is a certain predator/prey part of us that might only surface in actual hunting, and that, I think, may get us past parts of the hunt that, on a cerebral level outside the hunt, just do not compute with our normal view of life and wildlife. Schizo? Probably so.

'Sally,' Good luck in your struggles. If you think you might like to stick your toe in the water, get a license, ask to tag along with your friend you work with, and take your HRC test-trained Lab on a goose hunt. With your job, you know how to shoot. Shoot a goose or at least shoot at one. Pretty heady stuff, and he is the kind of guy who works hard to make hunters the kind of folks the rest of us hunters can be proud of. I know you'd be an ethical hunter if you decided to give it a whirl.

Not sure I'd bother with all the rest of the books unless you get interested and want more info, but I think reading Spanish philosopher José Ortega y Gasset's *Meditations on Hunting* (at least most of it) will give you plenty of grist for your mill to decide about killing related to hunting and dog games, regardless of which way you decide.

Also, if you'd like to get a sense of hunting by those who, to me, approach it right, and focus on much more than just the killing, a good place to start would be to read any of the duck hunting stories by Gordon MacQuarrie in *Stories of the Old Duck Hunters* or the two volumes that follow in the trilogy. He was a wonderful writer who could make you see and feel what he was seeing and feeling. Perhaps in your line of work, you've read Aldo Leopold's *Sand County Almanac*. Not about hunting per se, though he's a hunter. Same with Albert Hochbaum, an early scientist with Delta Waterfowl, in his wonderful book on waterfowl migrations, *The Travels and Traditions of Waterfowl*. Or Robert Ruark's *Old Man and the Boy*, or Gene Hill's *Hunter's Fireside Book*. What a tragedy that these writers are no longer with us. -Rich"

If you are like "Sally" but want to try hunting and don't know someone to ask to tag along, put the word out to your local HRC club officers and board members. Good chance you'll get an invite. Your retriever will thank you!

**T**he UKC/HRC International Grand, hosted by Music City HRC, took place October 18-22, 2025, in LaVergne, TN. This prestigious event drew an outstanding entry of 1048 dogs. Of those, 994 retrievers were called to the line on day one, each with the goal of earning a coveted Grand pass.

After completing five rigorous series, 339 dogs successfully earned a pass. Notably, 59 retrievers achieved the distinguished title of Grand Hunting Retriever Champion. Additionally, 35 dogs earned their second Grand pass, coming just shy of the required points for the GRHRCH title.

### **Acknowledging the Team**

The success of the 2025 UKC/HRC International Grand in LaVergne, TN, would not have been possible without the dedication and tireless efforts of the Grand Committee and the Music City HRC members. Countless hours of planning, coordination, and commitment went into hosting this exceptional event.

### **Behind The Scenes**

Countless hours of preparation went into making the International Grand a standout event. The day began bright and early, with Glen Noble and the field/site coordinators unloading trailers, organizing equipment, and prepping all Garmin electronics and Gunners Up wingers for field deployment. Simultaneously, setup at headquarters was in full swing—sponsor banners were hung, directional signage placed, and the check-in area made ready to welcome handlers and guide them smoothly to their test sites.

Grand Secretaries and Media Team members assembled Purina handler bags, generously filled with Purina Pro Plan dog food and other items provided by our national sponsors and grand partners. The team also curated and arranged raffle items for both onsite ticket sales and online bidding.

Out in the field, site coordinators and club members were busy cutting brush, building platforms, and constructing various elements required by judges and the Grand Hunt Committee to ensure every site was competition-ready for day

one.

Work continued well into the evening, long after the last volunteer had departed the headquarters—an inspiring testament to the teamwork and passion that power this prestigious event.

### **National Sponsors & Event Supporters**

As the Grand continues to grow, we are deeply grateful for the unwavering support of our national sponsors, event sponsors, and dedicated partners. This year, each of our 11 sites was proudly backed by a sponsor, with generous contributions of training and hunting products featured in our raffles and onsite games. Their involvement played a vital role in the success and spirit of the event.

### **Welcome Experience**

Check-in day brought excitement and energy to headquarters as handlers, dog owners, and spectators arrived and began the check-in process. Attendees were first welcomed by Thor Boats and Gunner Kennels as they entered the check-in area.

Next in line, participants met the Grand Secretaries and collected their Purina Pro Plan dog food, courtesy of our longstanding national sponsor. The festive atmosphere continued as guests spun the wheel of instant prizes and browsed raffle offerings, with tickets available for purchase throughout the area.

On-site sponsor booths added to the experience, featuring Thor Boats, Gunner Kennels, Purina Representatives, and Duck Dog Clothing trailer, giving attendees a chance to explore high-quality gear and connect with the Grand sponsors.

The fall event welcomed cooler temperatures and a spirit of collaboration. Music City members and the Grand Committee worked seamlessly alongside the dedicated staff of Poole Knob at J. Percy Priest Lake and our resilient handlers. Thanks to their collective effort, day one launched safely and smoothly. The unwavering commitment and teamwork on display ensured the Grand progressed with heart, purpose, and determination.

Before the first test series began, judges held a briefing to outline key procedures and expectations. Housekeeping rules were reviewed, including respectful behavior, designated parking, and site cleanup. Flight marshals reinforced these points at each location, and judges emphasized safety protocols, camo attire regulations, gallery guidelines, and the mechanics of each test series. The professionalism and mutual support displayed throughout the event made this Grand one to remember. Congratulations to all handlers, owners, and retrievers for a job well done, especially to the 59 new Grand Hunting Retriever Champions and the 33 retrievers inducted into the Hall of Fame. Your achievements reflect the heart and dedication of the HRC community.

### **Camouflage Clothing Briefing**

As it states on page 7 of the UK/HRC rulebook, clothing worn in retrieving hunt tests by judges, hunt marshals, gunners, and handlers must be full camouflage, in colors suitable for waterfowl hunting, including: Upper body: shirt, blouse, coat, or jacket. Lower body: shorts, pants, skirt, or waders. Optional

head coverings: hat, visor, netting. Sleeves of handler jackets must be rolled down, so no white is showing. Hats may be removed to handle on the marks and/or the blind. Camo gloves are allowed to be worn.

### **Designated Gallery Areas**

Judges ask that the gallery stay behind the yellow ribboned areas or areas marked with a gallery sign. The gallery should remain quiet and respectful of the dogs and handlers in the field as the tests are running to include parking lot areas. Silent cell phones and keep movements to a minimum while a dog and handler are at the line.

### **Gun Safety Briefing**

HRC Shotgun/Firearm Safety is addressed for the Grand level starting on page 52 of the UKC/HRC rulebook. Most sites will be using a Remington 870, 12-gauge shotgun for the duration of the grand. If any handler brought their own/personal gun, they were instructed to notify the judges or the Grand committee member prior to coming to the line. The provided personal gun will need to be checked for proper operation prior to the test and will be placed at the line upon the handler's arrival.

There are 3 important parts to the gun: the muzzle, breach, and mechanical safety. Always make sure the muzzle is pointed in a safe direction and at only what you plan to shoot. Pointing the muzzle at anyone or your dog at a test could result in an immediate disqualification. When returning the gun to the gun stand, the judges are looking for the breach to be open and the mechanical safety on. If the gun is placed back in the rack with either the breach closed or the safety off, you will receive a gun warning. If the gun is returned with the safety off and the breach closed, handler and the dog running will be disqualified. Please let the judges know that the gun is open and safe.

- Proper loading of the gun at the line. As the handler is loading the gun, make sure it is pointed in a safe direction. Judges directed handlers to place the gun on their leg with the muzzle pointed upward when always loading the poppers.

- Proper shooting form. As the test begins, demonstrate proper shooting form (as discussed beginning at the seasoned level as stated starting on page 40 of the UKC/HRC rulebook - gun stock should be in contact with the shoulder, aim, track, and shoot the bird at the top of the arc. Do not take off the mechanical safety until the handler is ready

to fire and the birds are in the air.

If at any time during the test, if the dog creeps out in front of the gun barrel, shoot straight up in the air. The handler may follow the bird to the ground, but must return the gun above the dog's head before swinging to the next bird. Pushing or pulling the dog with the gun will be a gun safety issue. If the handler has a gun issue, please let the judges know, but continue the test. Make the gun safe, and one of the judges will take the gun from the handler and clear the gun as quickly as possible. The judges are the only people who may stop a test.

### **Blind – Challenge the Line!**

The retriever will be lined up directly in front of the Banded chair to run the blind. Judges are looking for grand level control to this blind. Prompt and precise responses to all hand, voice, and whistle commands. Judges are looking for progress to the blind or back to the handler. The quickest route to the blind is a straight line. Judges ask that you challenge the line to the blind and handle all the way to the bird. Receive your retriever at the working line.

### **Honor — Working as a Team**

The honor retriever is expected to be positioned so that it can see all three marks thrown, and its view of the hunting test is not obstructed. The honor retriever is expected to be in a sitting or standing position next to the handler once while starting the test from the honor position. The honor retriever will be released by the judges once the working retriever has left the line. Once released, the honor retriever and handler will exit the test. The honor retriever will remain under judgement until it is placed on lead.

### **Diversion — Incoming**

Generally, a diversion is thrown after the last mark retrieved bird or on the way back from a blind retriever; a diversion bird will be thrown. The bird will come from a Gunners Up winger to one side of the working line. If the retriever switches on a diversionary bird thrown on the return from a retrieve, the test will be failed. The purpose of the diversion portion of the test is to require the retriever to demonstrate control on the return. The Diversion bird must be shot. Remember to use proper shooting form.

## Test Objectives

Judges evaluate the retrievers for Grand level control at the line, as well as marking and memory.

- The handler and retriever should walk obediently to the line, sit obediently, and exhibit an attentive attitude without unnecessary and excessive commands.

- When the handler and retriever reach the “working chair”, settle the retriever and prepare to load appropriate number of poppers.

- The retriever’s ability to proceed directly to the area of the fall, establish a hunt within the hunt area, and return the bird to hand without aid from

the handler.

- If, at any point, the retriever fails to meet the objectives of marking and memory, the judges will ask the handler to handle their retriever to the bird. At this point, the marking and memory portion for that bird has ended, and the handler will then be judged on control.

- If the judges ask a handler to handle their retriever to a bird, do so immediately.

- Once a handler begins to handle on a bird, the judges expect Grand level control, and the judges expect that the handler will handle the retriever all the way to the bird.

# Avery Water Test

**Judges:** Roger Morton & Lane Blanchett  
**Grand Committee:** Pat Johnson  
**Site Coordinators:** Vanessa Everett, Melissa Bartlett  
**Public Relations:** Kristen Wissner  
**Diversion & Blind:** 122 yards

## Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right, angled back at 98 yards.

Mark 2 will come out from (right) Right to Left, and land at 57 yards.

Mark 3 will come out from (left) Left to Right and land at 44 yards.

When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handlers' right. Shoot diversion in a safe manner, and don't forget to shoulder the gun.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

The line to the blind can not be defined, but the trees to the right, stumps to the left is not the line to this blind.

When leaving the line, you are required to exit off lead at a reasonable pace to the pink flag

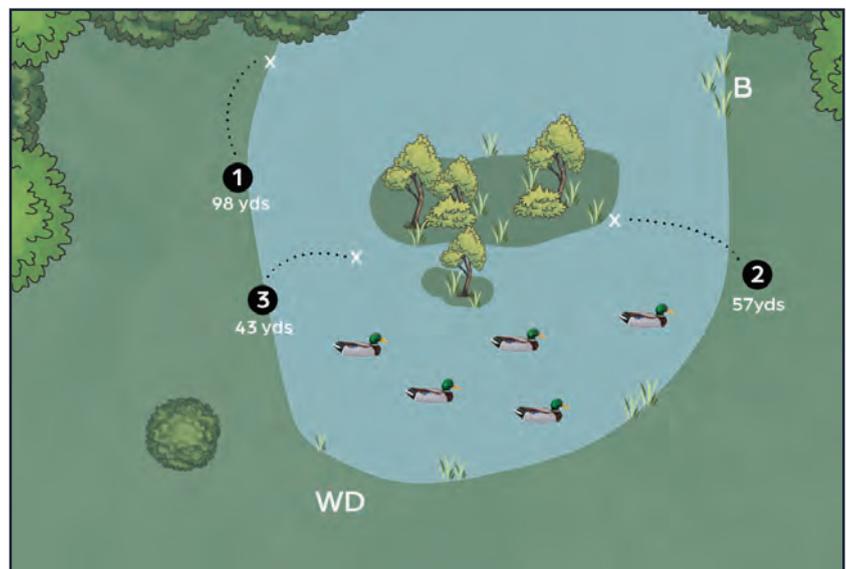

under Grand Level Control and immediately put your dog on lead.

Avery Water Test Judges.

# Huels Oil Water Test

**Judges:** Kyle Krause & Marty Lee  
**Grand Committee:** Rusty Noahr  
**Site Coordinators:** Caroline & Rockey Hall  
**Public Relations:** KT Ries  
**Honor & Blind:** 122 yards

### Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

Honor handler will blow duck call and shoot first bird out. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (middle) Right to Left and land at 99 yards.

Mark 2 will come out from (left) Left to Right and land at 123 yards.

Mark 3 will come out from (right) Right to Left and land at 93 yards.

When the third and final bird has clearly hit the ground, the handler can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

The line to the blind cannot be defined, but tree island on the left and two trees on the right is not the line to this blind. Upon the completion of the blind, the handler and retriever will walk as a team to the honor Banded chair.

When leaving the line, you

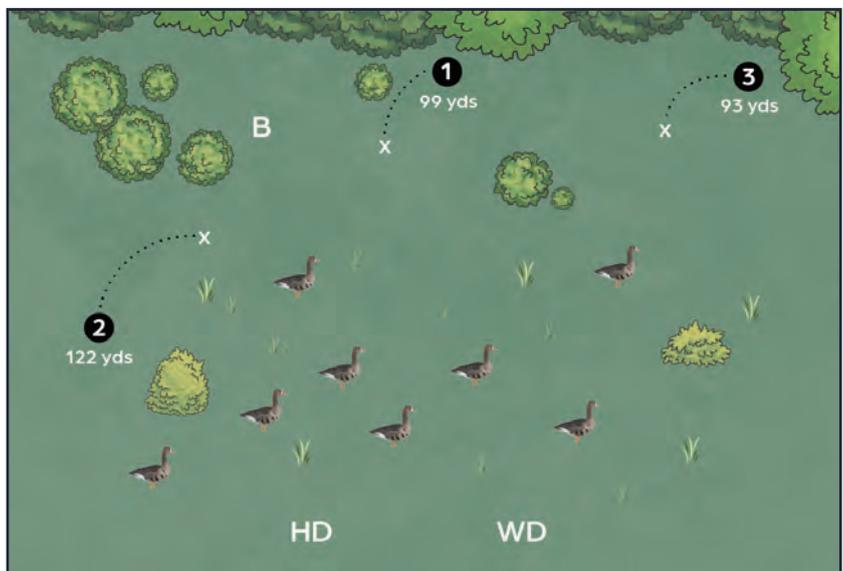

are required to exit off lead at a reasonable pace to the pink flag under Grand Level Control and immediately put your dog on lead.

**Judges:** Larry Andersen & Chris Ballard

**Grand Committee:** Mark Evens

**Site Coordinator:** Luke Donofrio

**Public Relations:** Lori Greer

**Honor & Blind:** 128 yards

## Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

Honor handler will blow duck call and shoot first bird out. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out (left) from Left to Right and land at 134 yards.

Mark 2 will come out from (middle) Left to Right and land at 163 yards.

Mark 3 will come out from (right) Right to Left and land at 84 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind. Upon the completion of the blind, the handler and retriever will walk as a team to the honor Banded chair.

When leaving the line, you are required to exit off lead at a reasonable pace to the pink flag under Grand Level Control and

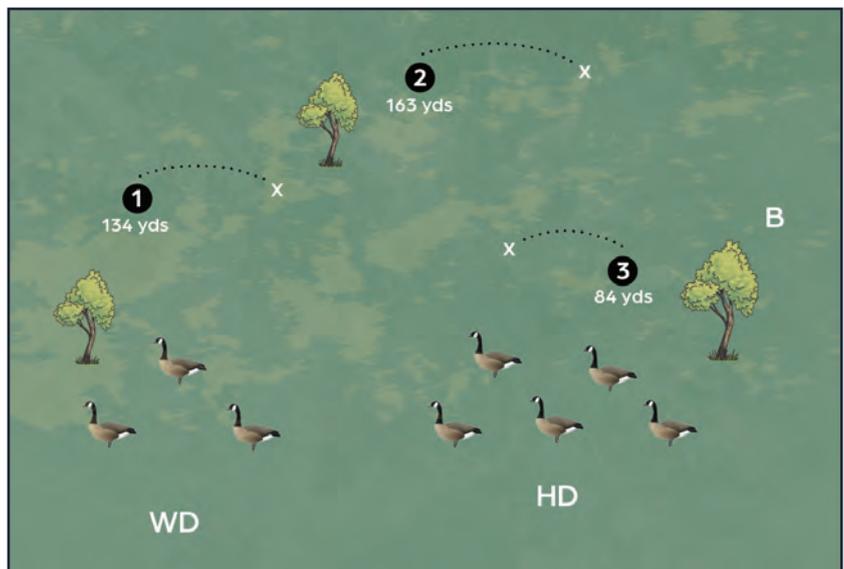

immediately put your dog on lead.

# Ducks Unlimited Water Test

**Judges:** Russ Harris & Eddie O'Brien  
**Grand Committee:** Tim Soucy  
**Site Coordinator:** James Amthor  
**Public Relations:** Randy Pruitt  
**Diversion & Blind:** 63 yards

## Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (middle) Right to Left and land at 54 yards.

Mark 2 will come out from (left) Right to Left and land at 33 yards.

Mark 3 will come out from (right) Right to Left and land at 22 yards.

When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handlers' right. Shoot diversion in a safe manner, and don't forget to shoulder the gun.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

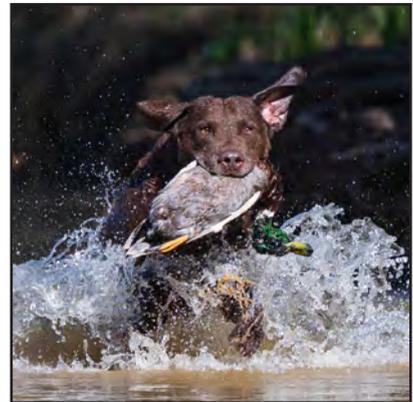

The line to the blind cannot be defined, but log to the right, tree to the left is not the line to this blind.

When leaving the line, you are required to exit off lead at a reasonable pace to the pink flag under Grand Level Control and

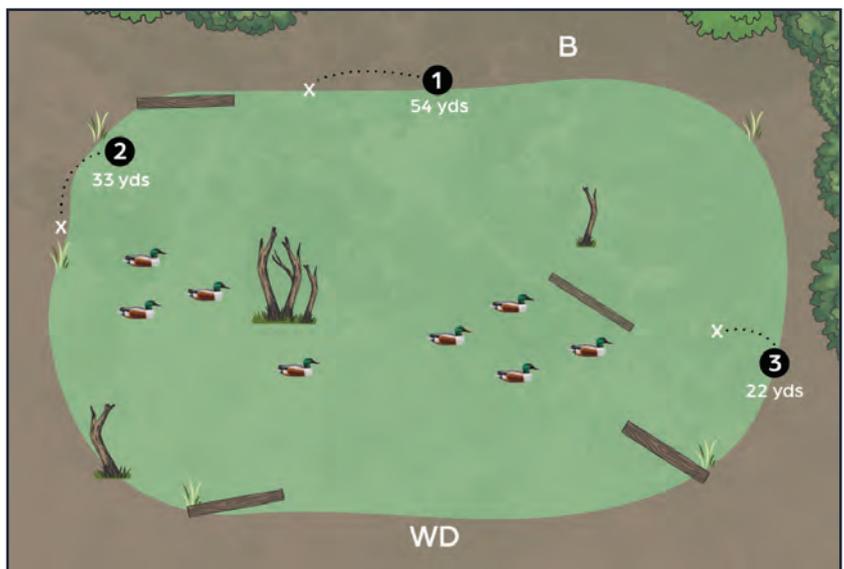

immediately put your dog on lead.

## Gunner Kennels Land Test

**Judges:** Sam Melish & Gil Wilson  
**Grand Committee:** Ken Reinert  
**Site Coordinator:** Waylon Fredrick  
**Public Relations:**  
**Honor & Blind:** 143 yards

### Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

Honor handler will blow duck call and shoot first bird out. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Right to Left and land at 90 yards.

Mark 2 will come out from (middle) Left to Right and land at 110 yards.

Mark 3 will come out from (right) Right to Left and land at 134 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

The line to the blind cannot be defined, but hide to the right and point to the left are not the line to this blind.

Upon the completion of the blind, the handler and retriever will walk as a team to the honor Banded chair.

When leaving the line, you are required to exit off lead at a

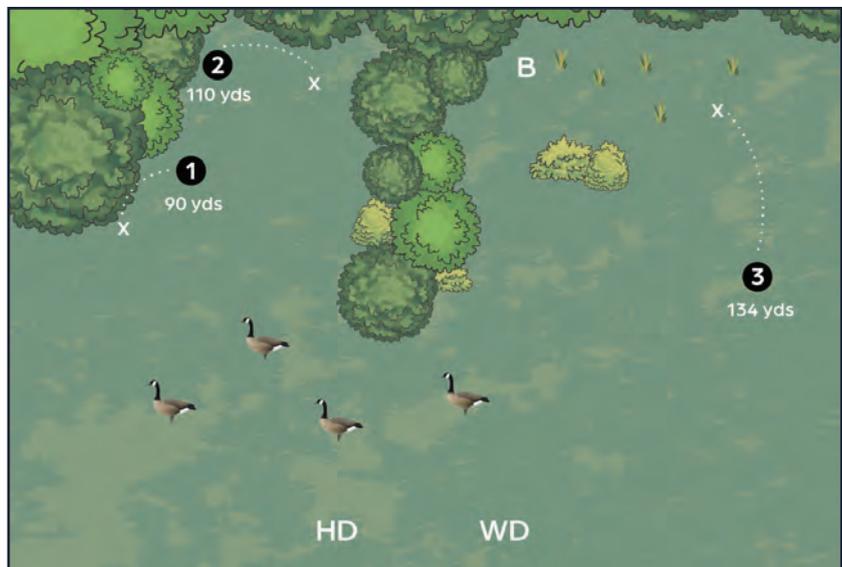

reasonable pace to the pink flag under Grand Level Control and immediately put your dog on lead.

**Grand Committee:** Leroy Mason  
**Site Coordinators:** David & Karen Hausman & Bobbie McGaighey  
**Public Relations:** Stephanie Schroeder  
**Diversion & Blind:** 133 yards

## Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 116 yards.

Mark 2 will come out from (middle) Left to Right and land at 67 yards.

Mark 3 will come out from (right) Right to Left, angled back and land at 68 yards.

When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handlers' right. Shoot diversion in a safe manner, and don't forget to shoulder the gun.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

The line to the blind cannot be defined, but the grassy mound to the right and the point to the left is not the line to this blind.

When leaving the line, you are required to exit off lead at a

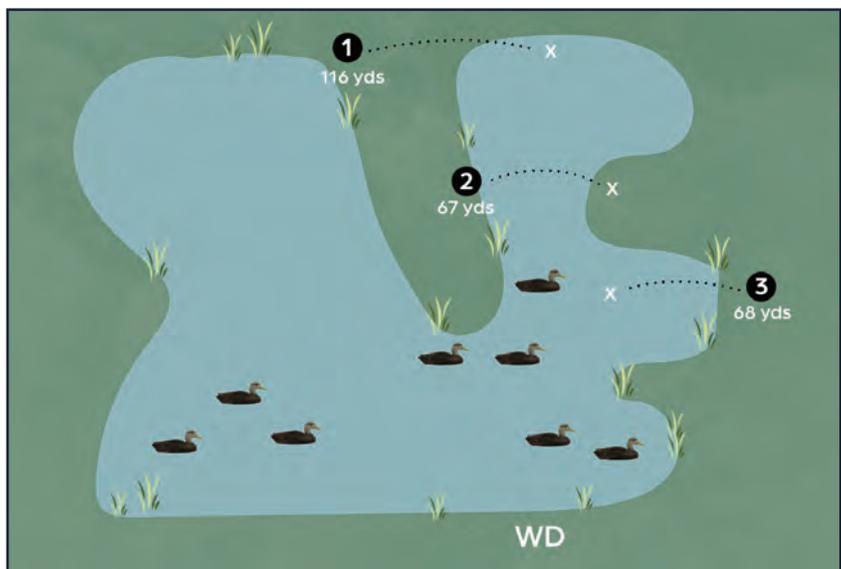

reasonable pace to the pink flag under Grand Level Control and immediately put your dog on lead.

# Garmin Land Test

**Judges:** Doug Powell & Marion Grace  
**Grand Committee:** Derrick Watson  
**Site Coordinators:** Jim Davis, Scot Ferguson  
**Public Relations:** Ashton Thompson  
**Honor & Blind:** 149 yards

### Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

Honor handler will blow duck call and shoot first bird out. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (right) Right to Left and land at 73 yards.

Mark 2 will come out from (left) Left to Right and land at 111 yards.

Mark 3 will come out from (middle) Right to Left, angled back and land at 100 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

The line to the blind cannot be defined, but for example, the blind planter's hide on the left and mark 2 winger hide on the right are not the line to this blind.

When leaving the line, you are required to exit off lead at a

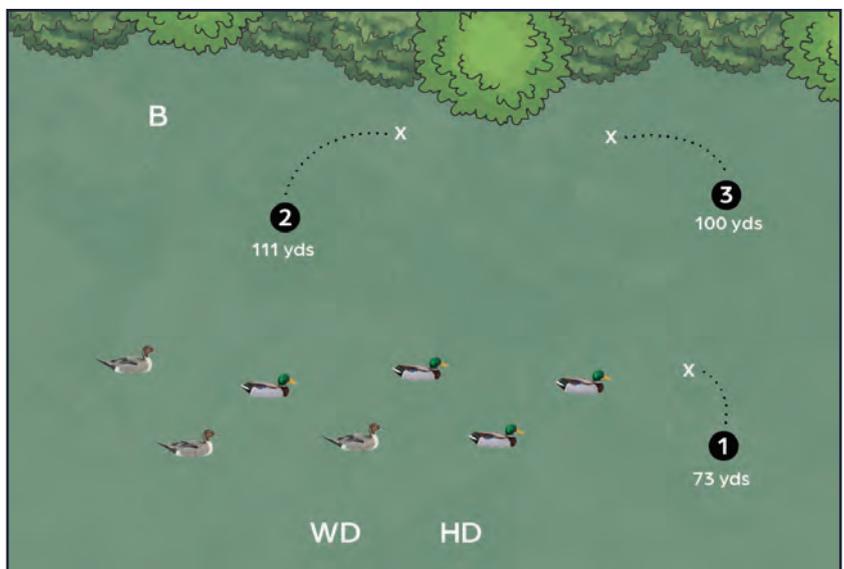

reasonable pace to the pink flag under Grand Level Control and immediately put your dog on lead

## Gunners Up Upland Test

### Upland Series at the Grand:

#### *A Showcase of Precision and Camaraderie*

The Upland segment of the Grand unfolded across a wide, open field, with chukars chosen as the game bird. Four meticulously prepared stations stood ready to receive handlers and their retrievers, all under the capable direction of Site Marshal Lori Greer. Grand Chairman Tracy Stubbs authorized each station's start, ensuring a seamless and coordinated progression throughout the day.

With two water sites and one land site actively running their fourth series that morning, the Grand Chairman and Local Chairman collaborated with site

coordinators to establish a second Gunners Up upland test site. This strategic addition ensured timely and efficient execution of the fifth series, accommodating all 362 dogs scheduled to run.

Each series commenced with a handshake and a sincere "good luck" as two handler/retriever teams entered the field together for the walk-up. After the working retriever delivered the bird, the honoring dog returned to the holding blind. The working dog then advanced to the next station, quartering through the field to flush game and demonstrate steadiness to wing and shot.

For all 339 retrievers and their devoted handlers, the experience was one of pride and unity. Judges and committee members joined in the celebration—handshakes, hugs, and heartfelt congratulations marked each successful pass, reinforcing the spirit of sportsmanship and excellence that defines the Grand.

# *A Christmas Ode*

by Lynne Frady

*The marsh rests quiet under winter's white,  
Moonlight shimmers, lending soft silver light.  
Dawn finds a hunter clad warm for the day,  
With her loyal Labrador eager to play.  
Cold breath in the air, anticipation grows,  
As mallards wing overhead in graceful rows.  
The dog waits, muscles coiled, alert and keen,  
Sharing in wonder at the frosted scene.  
With a skillful shot, the hunter takes aim,  
And the Lab leaps forth at the sound of the game.  
Through reeds and water, together they go,  
Bringing back mallards from the morning's glow.  
The hunt proves fruitful, the partnership sure,  
In the crisp December air, their joy is pure.  
Yet as daylight wanes and chill bites the air,  
The old cabin beckons with comfort to spare.  
Smoke curls from the chimney, a welcoming sign,  
As hunter and Lab cross the snow's winding line.  
Within those walls where the firelight glows,  
The hunter's heart warms with love that she knows—  
For family gathered, laughter and cheer,  
The greatest of blessings this time of year.  
She hugs her family close by the fire's embrace,  
Grateful for joy and each familiar face.*

*Yet quiet moments sometimes drift to the past,  
To memories of hunts that didn't last—  
She misses her father, gone from this earth,  
Remembers their laughter, their stories, their mirth.  
How she wishes, at Christmas, just once more to find  
Her dad by her side with their Labradors behind—  
To share one more sunrise, marsh mist, and delight,  
Chasing mallards together in the tender dawn light.  
Firelight flickers against walls of rough pine,  
Boots dry by the hearth, wet gear on a line.  
Warmth soothes cold fingers, and stories unfold,  
Of Christmases past and the hunts of old.  
Soft carols drift through the crisp evening air,  
Echoing tidings of hope everywhere.  
In quiet reflection by the glowing fire,  
The hunter remembers a love far higher—  
The gentle gift of Jesus, born on this night,  
Bringing peace to the world, hearts lifted in light.  
Hunter and companion, steadfast and true,  
Bonding in moments only shared by a few.  
Though nature surrounds and wild beauty flows,  
The greatest of gifts is the love Christ bestows.  
May joy and goodwill, in the wild, overflow—  
This is the gift Christmas and Jesus bestow.*

---

**S**ky, Jim, and I would like to wish you joy, love, and peace at this incredibly special time of year. We hope you fill your bag limit, spend time making memories, and keep your loved ones who have passed alive with delightful stories told around a

fire. Merry Christmas, and may your new year be filled with love, health, and plenty of time spent afield with your best four-legged friend.

Until next time, keep your nose in the wind!

## ATTENTION, ALL HRC CLUBS!

If you would like to have your club report included in the Region Reports section of HUNTING RETRIEVER, please follow these guidelines.

- First and foremost, be aware of the magazine deadlines. Each Public Relations Representative must observe the magazine deadlines, so make every effort to get your material to them well ahead of each deadline. They will need time to compile all the club reports into one document, so don't wait until the last minute to send or e-mail your information to them.

The deadline is the 15th of January, March, May, July, September and November (or the next business day thereafter if the deadline falls on a weekend or holiday). That is the final date the material must be into the magazine, therefore, ideally, all club reports should be received by the Representative no later than the 10th.

- Any club reports sent directly to HUNTING RETRIEVER magazine, bypassing the PR Rep, will be returned to the sender.
- If your club is not going to submit a report, be sure to let the Representative know so they are not waiting on it.
- Very Important! If you are emailing photos, please send each one as a separate

attachment, and please supply photo captions for each photo. Please don't embed the photos in your text document as this changes the values of the photos, making them unusable.

- Please don't alter the photos in any way - including changing the file size or the resolution, and cropping. Please remember that all digital photos will reproduce at the same resolution at which they were taken. A photo taken at a low resolution photo will remain "low res" even if it is "bumped up."
- Please furnish clear descriptions and/or captions for all photos.
- \*If the photos were taken by a professional photographer, written permission to publish must have been obtained, and a photo credit must be included.
- Region Report Content Guidelines: The following can be included in the Region Reports: Hunt test descriptions; hunt test photos (group pass photos, for example); items that will be of interest to all national members; photos that relate to the report.
- Please proof all of your material before sending it to the Public Relations Representative.

## Essex HRC – By Kevin Miller.

The Essex Club has had a busy Summer with our training and hunt test. Despite the heat, we made it happen. We received an invitation to participate in Jack Miner's Migration Festival this past October. This was a great opportunity to show the public what we do. We set up a demo and ran it all day to show everyone what the dogs are capable of. All the dogs did a fine job and showed how important they are to a successful hunt while being a great companion to the handler. The Handlers had a great time with Lots of laughs. The club is now focused on Upland training and preparation for our Upland Hunt test this coming winter. We look forward to seeing everyone there.

Nicole and her dog Charlie, keeping it real and getting ready.

Kevin with his dog on the way back with the bird.

Nicole and Charlie showing how it's done.

Let the shooting begin.

## Georgian Bay HRC – By Mike Masucci

GBHRC completed its first upland hunt in about a decade! The club hosted a double hunt with a lot of success in both tests. The dog work was great, and the club is now preparing for its winter season as the furthest active HRC club in the North. Looking forward to getting our dogs out in the cold Ducky Lakes!

## Luther Marsh HRC – By Erica Wilson

After we are all done with test season, the fun really begins for us at Luther Marsh HRC and its members. We started off the hunting season with some fun in the sun on a beautiful October Sunday. We had several club members attend, showing us their skills in both blind work and retrieves. The beautiful weather continues here in Ontario, showing us that this hunting season might be a little longer as the good weather continues. We look forward to continuing our monthly training days and hope to see you all next year at our annual regular hunt test. We have already started preparing for August 2026.

## Ottawa Valley HRC – By Rod Stoddart and Bruce Hood

Since the club hunt test in late August and the winding down of weekly training, OVHRC members and their dogs have been busy applying their skills to bird hunting and working their dogs. It's been a

lot of fun; there have been many great stories told in the blind, and some geese shot.

We had our guided goose hunt with the winners of the club raffle, Jeff and Ann Bendig. Sadly, Sassy, one of Bruce and Olissia's Chesapeake, lost her battle with canine lymphoma in October. She'll be remembered for her larger-than-life personality and pinpoint marking.

The northern birds started arriving in the Ottawa Valley in early November, and we're all looking forward to more time and fun afield before winter really sets in.

On behalf of OVHRC, we wish everyone and their dogs success in the field and a happy winter!

## Lake Ontario HRC – By Erica Wilson.

Well, we are just around the corner from Christmas, and we are pleased to say the birds have begun to fly. We look forward to talking about the club members' hunting success in the next magazine entry. Till then, shoot straight and have fun.

Granite State HRC – No report submitted.

Guns Up HRC – Submitted by Phil Magnuson. Tim Soucy, President.

The Hunt Test season is pretty much over, so we're focused on hunting our dogs in the great north woods. Phil Magnuson reports running into Dave Mosher at Bulldog Camp in Maine, where Dave guides grouse and woodcock hunters. Phil took the opportunity to thank Dave

for the use of his property at Sugarfoot Kennels for our hunt test, and hoping to use it again next year.

President Tim Soucy served again at the Grand at Music City, this time as Grand Committee Member responsible for overseeing the test setup, judges, and site coordinators at one of the ten tests. Back in Region 2, Tim's dog Rip earned a Finished Title at the Conowingo test.

Matt Johnston reports that his daughter, Evangeline, may be ready to handle dogs at hunt tests next season (see photo).

We are looking forward to our annual meeting in November, when we will start making plans for next year's hunt test.

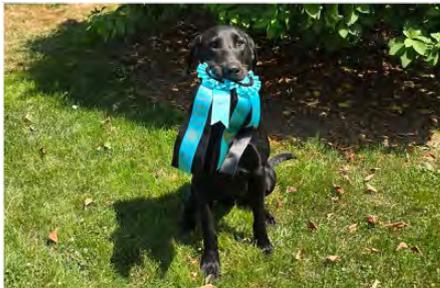

Happy Holidays to all our friends in Region 2 and beyond.

It has been a great year watching our members and their dogs grow and develop as a team from the beginning of the year. They have put in the time and worked hard to earn everything they have achieved, and I couldn't be happier with all their success. We have a great group of dedicated individuals who work hard to help this club grow from the ground up. I also want to take the time to thank everyone who has shown their support in helping us get on our feet by providing their time and equipment.

I believe everyone is done running tests for the year and shifting gears to chasing ducks in the swamps or along our beautiful Carolina coastline. Some of the best views in the world come from a morning duck blind. Right before legal shooting time is the best. The sun is creeping over the horizon, the ducks are buzzing around, and your dog is as focused and locked in as they ever will be because they enjoy every minute of it. It's in that moment you soak it all in and thank God for another day hunting with your buddies and a good dog.

I wish everyone a safe and fun duck season, a Happy Thanksgiving, and Merry Christmas.

Hello from Etowah HRC! We have been a busy club this Summer and Fall, holding multiple training days with exceptional turnout. Our club grew its membership, and those training days helped many members, both old and new, have success in our region's hunt tests. We had several new titles, including members with new Grand Hunting Retrievers. Earlier this year, we determined we would not be hosting a Fall test, but we are going to come out of the gate in 2026 fast and furious. February 7th, we will host a Upland Quad test, and will precede that with a Upland training day. Watch for emails/updates on our Facebook page for the training dates. We will be following that up with a Spring Hunt Test on April 18th and 19th at a new location. Be on the lookout for those announcements, too. We hope to see you at one of our upcoming events!

The Middle Georgia Hunting Retriever Club recently elected new officers for the upcoming year. Serving as Vice President is Leah Spivey, Elaine Mitchell has been appointed Treasurer, and Brittany Maxey will serve as Secretary.

The club has also welcomed several new members to its growing community of retriever enthusiasts. The October training day was a great success, providing valuable opportunities for both seasoned handlers and newcomers to refine their skills.

This fall's hunt test was another highlight for the club, featuring a full slate of entries and strong participation across all levels. One of the standout events was the Monster Blind, which drew twenty-two participants. In addition, the Youth Handler Event showcased the next generation of retriever trainers, with twenty-two young handlers demonstrating their growing talent and sportsmanship.

Club President Lane Blanchett shared, "It's exciting to see so many new members and young handlers getting involved. Our club continues to grow because of the dedication, sportsmanship, and love for the dogs that unite us all."

The Middle Georgia Hunting Retriever Club looks forward to continued growth, camaraderie, and excellence in the months ahead.

Hello Retriever lovers!

We love this time of the year! Dog tests are still in swing, and hunting season is just around the corner. We hosted our Fall Hunt Test and had a blast. There was a kids' youth event that was a big hit! We love that HRC has started a youth handlers' program and look forward to seeing the youth get more involved in our sport.

Here are a few pictures of the Youth Event, along with our Club President, Renee Archer, and her dog, "Tabby," after receiving 1,000 points and the Hall of Fame! Also pictured is Daylin Meadows with her first dog she ever titled, Risky. Let's keep having fun and see y'all at the line!

What a busy fall we've had! While earlier than usual, we had a nice hunt test in September. Mossy Pond Retrievers hosted us and, as usual, had staff available to give us a hand as needed. Many thanks to our small crew of helpers, a great roster of judges, and, of course, the handlers who participated.

A few highlights from our members....

Congratulations to Todd Reed and his dog, HRCH CPO's Razors Edge. Gus earned his Finished title at our test, and it was a pleasure to see him and Todd take their title swim!

Ian Gee and his dog Kate earned their first Grand Pass! After lots of training, encouragement, and prayers, it all came together for them, and we couldn't be happier for them.

More big news from the Grand: Kevin Stewart's dog "Rave" is now GRHRCHx4 HOF! They put in many hours of training, traveling, and running tests.

Kelly Coursey's son, Trevor, has been putting in the work with his dog, Athens. Trevor titled his first dog on his own at Middle Georgia HRC.

Speaking of the Coursey family, the star of their 4-legged crew, Toombs, has a new title to add to his very large list—SRS Crown Champion! After training and handling through to his HRCH title, Kelly handed the reins over to pro trainer Clark Kennington, and they have been on a roll. Toombs is also the first 3rd-generation Crown Champion. Congratulations, Toombs, Clark, and the Coursey family.

Condolences to Brian Skibicki and family. Their treasured lab, Sealy, passed away in October.

Good luck to everyone hunting during the upcoming waterfowl season. Stay safe and enjoy your dogs!

got Willie through on Sunday, and Don and Ali came home with two more point slips for the weekend, as did Mike and Ruby.

Next on the agenda for two of our members was the HRC Fall Grand in Tennessee sponsored by Music City HRC. Bobby Siau and Willie were in attendance for their first Grand. Those of you who know Bobby may know that he is not the best navigator, so when we asked how he found his way all the way to TN, his response was "David Lambert dragged me through Atlanta!" Despite the long ride all the way from the coast of SC, Bobby and Willie made it through the first 2 series of their first Grand and got their first black and white ribbon. Way to go! Unfortunately, the third series was not to be theirs to pass, so there was no big green ribbon for them. But Bobby is hooked and has already started training for the spring Grand. Although this was not Don's first Grand, nor was it Ali's, as she is already a GRHRCH, but the stars were not aligned right for Team BDR (aka White) this time, as we learned, after she had successfully passed the first test, that Ali had Rocky Mountain Spotted Fever. We had suspected something was wrong, but didn't get the results in time to start treatment, and after having to wait almost 48 hours before running test 2, her situation had progressed to a point that made her not her confident self. Not our first rodeo with tick disease, so we will be looking for future flare-ups, which can come with stress-related situations.

Finally, we report that the Midlands fall hunt test was another great success for the Club. The total entries for the weekend were 209 dogs. We had some new bird techs from Fuse Student Ministries in Graniteville, SC. Club member Chris Bass is a mentor for this program, and as a Started judge for the test, I am sure he was very proud of all these kids who worked at his test site. Our raffle included a 50-quart Bison cooler and 4-40 oz. Bison tumblers, along with products from HRC sponsors Avery, Dive Bomb, Garmin, and Duck Dog Clothing, as well as a handmade mug donated by Club member Pam Kadlec. The judges' dinner, tailgate, and lunches were prepared by the talented Lucas Highsmith, brother of Club President Stephen Highsmith. Club members who had a successful weekend were Mike Menchinger with Ruby in Finished, Curtis Cooks with Kiona in Seasoned, and Pam Kadlec with client dogs earning their first Started passes, Dolly and Nelly, and Tyler with his second pass. Congratulations to everyone.

I would also like to mention a "feel-good" story about a friend's pass at our hunt. Don and I have known Jeff Matthews and his wife, Lisa, for many years. We have run at many hunts together over the years and have great respect for each other and our love of dogs and running HRC. Like Don, Jeff trains by himself for the most part and has been very successful with all his dogs. He has a young dog he has been training and running for his Finished title. His desire was to run and title Enzo under "Mr. Don" as the judge. Unfortunately, Mr. Don has been spending time running our young dog, Ali, for the Grand events and not judging. Don was scheduled to judge at the Midlands test since it was after the Grand. Jeff signed up for our hunt test and knew that with 2 flights of Finished, he would get to run one of the days under "Mr. Don". As luck would have it, the assignments worked out so that he ran under Don on the second day. But first, he had to pass under the other judges to get the title run on day two. No problem for this young man and his dog. Now, day two dawns cold and windy, which, as we know, creates a bit of a different test. Neither of

Unlike New England, fall has finally arrived here in South Carolina. Oh, how I miss the beautiful, vibrant fall colors of New Hampshire, Maine, and Vermont. But, here in McCormick, SC, I am in the middle of a pine forest with very few maple and oak trees. What there is of any change in color is rather muted, but oddly enough, some varieties of crepe myrtle trees (which I have no use for!) are kind of nice with yellow and orange leaves. The temperature is the most important difference, because now you can get in some good training without worrying about heat stroke in either your dog or yourself!

I have seen some Midlands Club members at area hunt tests this season, starting in September and ending in late October, at our own test, which was held in Lincoln, GA.

Bobby Siau and Don White were both at Coastal Empire at Mossy Pond Outfitters in early September, running Finished. Willie was a bit finicky on Saturday, but came around for a pass on Sunday. Don and Ali passed both days. Sunday's water test was a bit different as the test started with a walkup with judge David McCracken blowing a goose call for each and every handler on the walkup! That call got a bit weaker as the test progressed through almost a whole flight!

Next up was Charleston's test at H Cooper Black, where Club members Larry Mitchell, Curtis Hooks, Drew Ellyson, Bobby Siau, and Don White could be found. Larry ran his young dog, Missy, for her Started title. Congratulations. Unfortunately, Curtis learned that Kiona was not too happy about having a new 4-legged family member along for the weekend, so she decided she didn't want to remember what she had been taught to do. Boy, have we been there before! Drew ran his young lab, Cypress, for her title run, and she didn't disappoint! Congratulations, Team Ellyson. Bobby Siau, Mike Menchinger, and Don White all ran Finished. Bobby

the weekend's Finished tests was a gimme! But Jeff and Enzo were ready for the challenge and showed what a well-trained dog is capable of, HRCH Title! Yay, and congratulations on getting your wish, Jeff.

See you all in 2026. Thought for the day... "Money can buy you a fine dog, but only love can make him wag his tail."

Fall (or maybe winter!) has finally arrived in central Florida, but it will likely only last a few days at best. But we will surely take advantage of cooler weather as best we can for our dogs.

We had several members attend the Fall Grand in La Grange, TN. Todd Tharp was selected as a judge for the grueling 5 days, watching LOTS of dogs. Thank you, Todd, for giving back to our sport. Congratulations to everyone who stepped up to run this Grand! Both Caroline Davis and Karen Porter ran their dogs. Ray Caito and Traeger earned their 6th Grand Pass. And Carol Caito with Frank and Melissa Grant with Johnny both earned their 4th Grand Passes, putting both dogs into the Hall of Fame. Frank, Johnny, and Traeger are all littermates, which makes this pass just a little bit sweeter!

CFHRC held our monthly training day for Started & Seasoned level dogs on Saturday, November 1st, coordinated by Kelli Riggs and Sue Barnett. Since most of the dogs at this level are owner-handled and owner-trained, we used the day to set up mock Started & Seasoned tests to help get handlers ready for our upcoming hunt test. We have several new

members who have never run hunt tests before. We used these mock tests to go over test rules, answer any questions that our novice handlers may have, and show them potential marking & blind scenarios that they might encounter at an actual test. We also focused on gun handling and safety. We were blessed with a cool, sun-filled Florida day, and all the dogs really did well.

And we just held our fall hunt test, which is always a fun weekend. We had an almost full Finished flight both days, and had quite a few started and seasoned dogs running. Thank you to our judges who give up their weekends for our dogs. We really appreciate you! And thank you to our club members who stepped up to help make this test a success. And the biggest thank you to the landowners and Golden Oaks Ranch, who, without you, we would not be able to enjoy running our dogs! HUGE congratulations to all of those who passed and earned titles this weekend. A quick side note: we had an equal amount of female handlers as we did male handlers in our Finished flight. Way to go, ladies!

Andrea Lewis, owner of GRHRCH(5) UH Storms Dixieland Delight HOF, a dog that passed the grueling 5-day test handled by Chris. ### Deer River HRC – Report by TJ Leitch.

We've had an incredible year at Deer River HRC, highlighted by two successful hunt tests that showcased the hard work, dedication, and teamwork of our members. We're also proud to recognize the members who passed the Fall Music City International Grand—a tremendous accomplishment in the retriever world. Congratulations to: Scot Whitaker, Tony Shuman, Matt James, Kirby Stevens, and Linda Brewer.

As we head into hunting season, our members are gearing up and getting their dogs ready for what looks to be an exciting duck season ahead. We're grateful for everyone's commitment to training, volunteering, and supporting the club throughout the year.

### Tennessee River HRC – Report by Hannah Chandler.

*A Year of Dedication, Gratitude, and Achievement.*

As another great year comes to a close, the Tennessee River Hunting Retriever Club would like to take a moment to express our deepest gratitude to everyone who helped make our 2025 season such a success. From our spring and summer hunt tests to the many hours spent training, preparing, and volunteering behind the scenes, none of it would be possible without the incredible support of our members, participants, judges, workers, and sponsors.

Our spring and summer hunt tests were filled with great dogs, great people, and even better memories. We were thrilled to see so many handlers and retrievers come out to showcase

the dedication, training, and sportsmanship that make this community so special. The enthusiasm and camaraderie that filled the grounds were a true reminder of why we all do what we do — for the love of the dogs, the sport, and the friendships we build along the way. We would also like to extend a heartfelt thank-you to everyone who worked tirelessly to ensure those events ran smoothly — from setup to teardown, from marshaling to bird throwing, and everything in between. Your time, hard work, and commitment do not go unnoticed. You are the backbone of our club and the reason we're able to continue hosting successful, enjoyable events year after year.

We sincerely apologize for the last-minute cancellation of our fall hunt test. While it was a difficult decision, it was made with everyone's best interests in mind. We truly appreciate your understanding and patience, and we're already looking forward to welcoming everyone back for our spring, summer, and fall tests in 2026. We promise it will be worth the wait!

A big congratulations is also in order for all of our club members who competed at the HRC Grand and the Master National this year. The dedication, hard work, and passion that go into preparing for those events are extraordinary, and we couldn't be prouder of each and every one of you. Whether you were running your own dog or a client's, your achievements represent the heart and drive of the Tennessee River HRC community.

Our members have been incredibly busy this season, balancing training, travel, and competition — all while continuing to help others in their retriever journey. Your determination and teamwork inspire us all and continue to raise the bar for excellence in the field.

As we look ahead to 2025, we're filled with excitement for what's to come. Thank you again to everyone who has supported, volunteered, and participated in our events. We're proud of our club, our dogs, and, most importantly, the amazing people who make Tennessee River HRC feel like family. We'll see you all in the spring; until then, happy training and good luck in all your upcoming endeavors!

—The Tennessee River HRC Board and Members.

### Ohio River HRC – Submitted by Barb Reed.

Ohio River HRC members had a good summer with several training days. Our dogs and their handlers continue to learn. We have incorporated some drill work in addition to our setups. There were so many attendees at the last two training days that we divided into groups based on the dog's level of training.

The date has not been set yet for our Judges' seminar this Spring. Leroy Mason has offered to lead the seminar. Details to follow.

The club will hold its Spring hunt test on June 6 and 7, 2026.

**Southwestern PA HRC – Submitted by Nicole Cammuso.**

Southwestern PA Hunting Retriever Club wrapped up another fun year of training and finished it off with our annual HRC hunt test in September. Thank you to all of the volunteers, judges, and handlers who helped make our test a success. It takes an army to produce a test, let alone a good one, and we loved hearing all the positive feedback!

Congratulations to all our members on the progress made and observed throughout the year on our monthly training days, the ribbons earned, the lessons learned, and the new titles. Now that hunting season has replaced hunt test season, we wish you good luck on your hunts!

Club members Jon Cammuso, Holly Castello, and Rob Moffa traveled to Central Kentucky's Hunt Test to represent SWPAHRC and make us proud.

### Central Michigan HRC – Submitted by Randy McComas, President.

Hello HRC family! Hunting season is well underway here in Michigan. From the reports I'm getting, it looks like a good season this far.

It's been nice to be able to hunt beside some fine people and dogs over the years. This is what the HRC is all about: providing training help and building lifelong friendships (More Like Family).

I'm so very grateful for all the help I have received over the years. Thank you to all who took the time to answer so many questions! I would like to ask you all to take time to help when you can and be patient when needed. We have all been in this spot.

God Bless you all! Happy Thanksgiving! Merry Christmas and have a safe and Happy New Year!

Happy Fall, everyone!

Michigan is in the thick of duck and goose season now! We have many of our club members chasing birds all over Canada, the Dakotas, and yes, even in Michigan. Our club has had a fantastic 2025, and we're excited to be planning our 2026 test season. Great Lakes HRC is excited for the 2026 test season, with plans to celebrate the club's 40th anniversary in May and invite you to enjoy the upcoming spring hunt and quad upland test in Michigan. Plan a trip to Michigan for the Great Lakes HRC 2026 anniversary event! We are very blessed with beautiful grounds. We also have a quad upland test in March, which also has great upland cover. As we approach Thanksgiving and Christmas, we at Great Lakes would like to wish all of HRC a great time spent with friends and family!

Waterfowl season is in full swing! Michigan HRC members are putting their hard work to great use, from early mornings in the field to countless retrieves on water. It's been awesome to see handlers and their dogs working together and enjoying the results of their dedication.

Even on the days when there isn't much action, it's still a great time to be out there—good company, plenty of laughs, and happy dogs doing what they love.

As everyone heads out for more hunts and training days, remember to stay safe, have fun, and enjoy every moment with your four-legged partners. Happy Holidays from all of us at Michigan HRC!

Well, once again, thanks to the help of some great friends, OHRC was able to pull off another great fall test! Our small group of members does a great job, but we couldn't do it without our friends. We had beautiful weather all weekend and a bunch of people camping, which makes the evenings even better!

We had a great judges' dinner on Friday night, a special thanks to Riley and Drew for setting us up with the steaks again. Our potluck on Saturday was once again fantastic! We had a huge variety of food for everyone. If you walked away hungry, it was your own fault!

I would first like to thank all of our judges for giving up another weekend to be with us and setting up solid tests for the dogs. Next, I want to thank our members and friends for all of your hard work, which enables us to keep doing this year after year! You know who you are; there are too many names for me to remember!

Now for the stars of the show, THE DOGS! We had quite a few dogs title again this year. And a couple of special ones.

Huge congratulations to Drew and Favor for reaching 1,000 points and entering the Hall of Fame! Also, congratulations to Brad and Cricket on entering the 500-point club! Randy and Isaac on their HR title!

Tim and Rip on their HRCH title! Greg and Kim with two new HRCHs on Junior and Lainey! I'm sure there are many more, but I can't remember them all.

In closing, I would like to wish you all a safe and successful hunting season! Hopefully, we will see you at some upland tests!

Saint Clair Flats Chapter members are enjoying the greatest time of year. Many of our handlers and their dogs have been hunting this autumn along the ponds, lakes, and fields in this great part of the country. Several of our club members had worthy achievements in the latter part of 2025. Lauren Nelson and Murphy teamed up to earn an HRCH title at Michigan's Hunt Test. At the Pioneer Ohio Hunt Test, Brad Kubina and Cricket earned their 500th point, and Drew Cronk and Favor earned the pass needed for 1,000 points and entry into the HOF. Soon thereafter, Russ Dusett and T earned their 1,000th point in Kentucky for entry into the HOF. Next, Russ and T followed this up with their 5th Pass at the Fall Grand. Our chapter is soon turning its attention to preparation for our January 2026 Upland Hunt Test. Thankful for all of those who have contributed to making the HRC such a great organization. Darrell Day

**Gateway Retrievers HRC – Submitted by Dan Larson.**

Gateway Retrievers HRC had a successful end to our 2025 season, hosting our largest hunt test in recent memory. We took advantage of the expanded entry option for the finished flights and added a third flight to boot, and were blessed with nearly full flights in all stakes, running more

than 175 dogs on each day. Despite the added numbers, operations ran smoothly thanks to a great core group of club members serving as volunteers and a strong stable of bird techs. This year, our club was successfully able to partner with a local FFA group that provided the majority of bird techs for the event. This group of bright and hardworking high school students was praised by judges and handlers alike, and we hope to be able to partner with them for years to come. Many of the volunteers and handlers took advantage of the fellowship opportunity at the Saturday evening banquet, which included a youth hunt, as well as exciting 50/50 and raffle opportunities. As if hosting such a large hunt test was not enough of a challenge, our club has decided to take on the task of hosting the Fall 2026 International Grand, the third Grand that our club will have hosted since 2021. We are excited to use this event to improve our training grounds in cooperation with the Missouri Department of Conservation. Additionally, our Club is in the early stages of planning an upland hunt to be held in late February or Early March. Keep an eye on the HRC website and Hunt Secretary for more information.

Training has come to an end, and hunting is in full swing. In August, we hosted our second annual "Hunt and Retriever Academy." Thanks to all the sponsors, volunteers, and participants. It was another great event. We covered everything from shooting sports to predator management to a day full of retrievers. We will be hosting our annual banquet March 28th in Amana. Looking forward to seeing everyone there for one of the greatest banquets in Eastern Iowa. HCCRA is looking for feedback on the possibility of hosting a 3-day upland test in mid-April. Please check out the Facebook post regarding this and reply if interested.

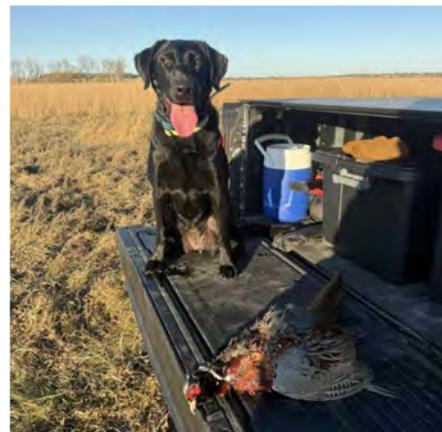

**Illinois River HRC – Submitted by Joshua Osborn. Steve Munson, President, smunson@comcast.net.**

Testing season is over for many of us, and duck season has opened in central Illinois! Unseasonably warm weather early on led to mixed success among club members and their retrievers. As I write this, we are getting much-needed winter weather across the Illinois River Valley thanks to an early Arctic blast. Hopefully, frozen prairies will soon send us more late-

season feathered game to chase. We started a little slow again this year, but there is ample time for Momma Nature to help us out. 'Tis the season for first hunts, first retrieves, and memories that last a lifetime! In our world, we often say that retrievers save game. As a hunter who makes his living doing wildlife research, I like to see real data on statements like this. And, oddly enough, there is data to support that claim. Current research says that hunting with a well-trained retriever can increase recovery rates of ducks anywhere from 9% to 46%, depending on cover, weather, age of dog, hunter proficiency, etc. So, enjoy the fruits of that work during the spring and summer training season when it's hot and buggy, and remember that it will all be worth it to add to your bag and decrease your steps during winter! Congrats to all our friends who had success at the Grand in Nashville and to those who are still finishing up their hunt test season. Be sure to mark your calendars for the IL River HRC hunt test on April 25-26, 2026. Can't wait to see you all again next spring!

Arrowhead HRC – Submitted by Deann Zimmer. Jace Tramontin, President, mnretriever@gmail.com.

Hello Retriever Friends,  
I was recently invited to a pheasant hunt of a lifetime. My friend and fellow Arrowhead member, Dennis Anderson, invited me, my dog Baloo (who is a 'Mama's Boy'), another friend and fellow Arrowhead member Mark Ettl and his dog Gert, Dave Bavero, and others to join him on a pheasant hunting experience at a private ranch located near Pierre, South Dakota. It is managed with hunting considered a priority, with the fields and crops primarily used for pheasant preservation. The Ranch consists of around 5,000 acres of prime farming and hunting land. I could only describe it as WOW! It did not disappoint!

Our journey with Baloo started with taking him to club training nights. He loved to run fast, blink the bird, continue to run fast, and then finally retrieve the bird. His recall and line manners around other male dogs were less than desired. Through the retriever club and training, Baloo learned the basics of trusting his nose for retrieving and being polite in the holding blind and on the line. He earned his SHR and JH titles and is currently making progress with double marks and blind retrieves. When

I received Dennis's invitation, I was hesitant to bring Baloo because last season, he did not have a reliable recall, and he didn't play well with others. Plus, he had never hunted with other dogs in a group hunt or even been exposed to a pheasant until our first day hunting at the Ranch this past September. My wife encouraged me to go and take Baloo along, promising that he learns fast, and he will never learn unless given the opportunity.

Our time hunting with the dogs was amazing, with Baloo learning to quarter and work with the other dogs and handle. With all the past training and now putting it together with the real thing, excuse the cliché, but it was like he had a light switch turned on! Dennis told me that he had similar experiences with his dogs in that there was that 'moment' in which the dog just turns the corner and gets it. We believe Baloo got it and turned the corner that day.

On the first day, we had 7 dogs and 9 hunters with 26 birds retrieved. The second day, we had 5 dogs and 5 hunters for 15 birds. On day three (1/2 day) 5 dogs, 7 hunters and 5 birds.

This was an amazing hunting and learning experience for both me and Baloo. Thank you, Dennis, for the amazing opportunity!

Four States HRC is all about being busy! Kids Camp, Training Days, The Grand, Hunt Tests, Christmas parade, and ending 2025 with our Christmas party!

Loved our Kids Youth Handler Seminar that we held on October 4, 2025. Kids got a lot of hands-on experience from duck calling, dog obedience and care, gun safety, games, and a mock hunt test where they were able to handle a dog. Great job, club.

We had a fun training day with new members and their dogs, eager to learn and train, along with several young pups just starting out. We are planning a training weekend in Beebe, AR, for club members, mid-November. Looking forward to good grounds and great fellowship.

Congratulations to those who earned passes and titles at The Fall Grand. Gary Old's "Annie," handled by Charlie Green, got her first pass, along with Glen Scarborough and "Hootie," and Damian Stroder and "Delta." Damian's "Foxy" earned her Grand Title. Nathan Sloan advanced two client dogs with Grand passes. Huge congratulations to Sarah Williett and GRHRCH(4) UHCH Calicreek's Shotgun Rider HOF MH. This latest Grand pass earned him Hall of Fame status.

Four States will again end the year with a Christmas party at Rocky Creek Outdoors with a 5-Station shoot, eat some jambalaya and deer chili, play a gift exchange game, and enjoy each other's company.

Our club is preparing for a Quad Upland to be held in Simms, TX, on February 21-22, 2026. Watch for the opening dates on Hunt Secretary, along with our 2026 Spring Hunt Test, March 14-15, 2026, and also our 2026 Fall Test on September 5-6, 2026. We would love to see you.

As the air turns crisp and the leaves start to fall, our members and their dogs are more than ready to hit the field and timber. All those long, hot summer days of training have finally paid off, and now it's time to put that hard work to good use. There's nothing better than watching a well-trained dog do what they were born to do: mark, retrieve, and make their handler proud.

This fall has been a busy one for Pin Oak. Several of our teams traveled to Music City for the Fall Grand, where they represented our club with heart and grit. We're proud to congratulate the following dogs and handlers on picking up passes at the Fall Grand:

Scout, owned and handled by Eddie Benetz; Dibs, owned and handled by Larry McMurray; Jeb, owned by Donald Vest and handled by Jon Schuetz; Razor, owned and handled by Dickie Edmund; Rye, owned and handled by Whitney Killough; and Ice, owned by Jim Templeton and handled by Nathan Sloan.

Each of these teams is a true reflection of dedication, patience, and countless hours of

training.

With hunting season now in full swing, we wish everyone the best of luck in the field. Here's to good dogs, good friends, and good memories made along the way.

Good luck to everyone this duck season, and hope to see y'all somewhere down the road.

Green Country Retriever Club is a group of retriever and dog enthusiasts who enjoy training, attending events, and hunting with our dogs, family, and friends. Our commitment to HRC is to give back to the sport and breeds that we love.

Our 2025 Hunt Test Season has come to a close. We had multiple teams attend the two Grands this year. Congratulations to Nathan Atkinson with Ellie on her first Grand Pass and Rayne with her 3rd Grand Pass. TJ Greer with Creed on his 3rd Grand Pass, and a huge congratulations on Moses's 4th Grand Pass and HRC Hall of Fame. This last one was special for TJ and Lori because Moses came back from a serious injury last year to make this Spring Grand, becoming the first Male Chesapeake Bay Retriever to achieve the HRC Hall of Fame. Congratulations to all our club members on their 2025 accomplishments at events and personal achievements.

Out of Hunt Test season and straight to hunting. At the time of this report, our members have already been in the field for upland and waterfowl. These are the days we train for—the opportunity to be in the field with our friends, family, and hunting companions. There is nothing compared to hunting with a Trained Retriever. We wish everyone a safe and prosperous season. Enjoy the sights, sounds, laughter, and memories as you crisscross the nation for Great Days in the fields, streams, lakes, and rivers.

Club members Trenton Scullawl, Kurt Scullawl, Mike Bullen, and Jay Jennings experienced an awesome opener to pheasant season in South Dakota.

Maverick (Trenton Scullawl) with a sample of his retrieves during the South Dakota trip. Maverick's first year gained a ton of experience flushing/retrieving upland.

Jovi (Pat Johnson), on her first waterfowl hunt, pinch-hitting for mom Jynx, who is on the injured reserve list, had a great opening weekend.

Chaser (Michael Bullen) got his HR title this fall at the Sunflower RC event in Great Bend, KS.

*A Season of Growth, Achievement, and Gratitude*

This year has been one of remarkable growth in both membership and knowledge for our club community. Since our last report, we've successfully hosted our Fall Hunt Test and entered hunting season here in Kansas.

Despite being a small club with limited land, we successfully embraced the new opportunity to host a 40-dog Finished flight. A heartfelt thank you to our Finished judges, Stephanie and Michael Bullen, for their openness and commitment to judging a full flight. This achievement was made possible by their dedication, along with the tireless efforts of our Hunt Test Committee and club members, all working in support of our handlers and dog owners. It was a tremendous success!

Congratulations to all members who earned passes and titles—your dedication and hard work continue to elevate our club!

We also extend our sincere thanks to the members who traveled to support and work at the 2025 Fall International Grand. Your commitment and generosity are vital to the success of this prestigious event. Special recognition goes to Marion Grace, Pat & Rita Johnson, and Lori Greer—thank you for representing our club with excellence and enthusiasm.

*Historic Achievement*

Additionally, we would like to extend a huge congratulations to TJ Greer and Moses for achieving a historic 4th Grand Pass. Moses has officially joined the elite ranks of the UKC/HRC Hall of Fame, becoming the first male Chesapeake Bay Retriever to earn this distinguished honor. This milestone reflects years of dedication, skill, and an unbreakable bond between handler and dog. We are incredibly proud to celebrate this moment with you!

*Keystone Lake HRC – 2025 Year in Review*  
What an incredible year it has been for the Keystone Lake Hunting Retriever Club! In just our first full season, we successfully hosted two hunt tests within a span of five months, marking major milestones for our young club.

Our Fall Hunt Test was a tremendous success— thanks to the hard work of our members, judges, handlers, and volunteers who came together to make it an unforgettable weekend. The weather cooperated, the grounds looked fantastic, and the dogs put on some great performances that showcased exactly what HRC is all about: good dogs, good people, and good times.

This fall's event built upon the momentum from our inaugural spring test and showed just how much our club has grown in such a short time. From setup crews to bird techs, marshals, and kitchen staff, every member played a part in ensuring things ran smoothly and everyone left with great memories.

As we close out 2025, we're already looking ahead to an even bigger and better 2026 season— with new opportunities, exciting announcements, and more ways for members to get involved. Keystone Lake HRC is proud to continue building a welcoming community for handlers and retrievers of all levels.

Stay tuned—2026 is going to be our best year yet!

I'd like to start by congratulating all of our members who participated and passed the Fall HRC International Grand. What an incredible achievement! Our club has been busy this year, continuing to host monthly training days to keep both handlers and dogs sharp. As always, all upcoming events and information will be posted on our Pontchartrain HRC Facebook page, so be sure to check regularly for updates. Looking ahead, our Spring Hunt Test is scheduled for February 21st and 22nd, 2026, and we can't wait to see everyone there.

We'll also be participating in the 2026 Louisiana Sportsman Show, where we'll be showcasing some of our talented retrievers and offering an educational opportunity for the public to learn more about the Hunting Retriever world. As hunting season begins, we want to wish everyone a safe and successful season out in the field with their pups. In keeping with our mission to get youth involved, we're reaching out to local JROTC high school students to provide them with hands-on experience working alongside some amazing retrievers. It's an exciting opportunity to share our passion and help inspire the next generation of handlers.

A huge thank you goes out to all our members, judges, and friends who helped make this year such a success. Your continued support and hard work keep our club strong and growing. We're looking

forward to another great year of camaraderie, training, and teamwork as we continue to expand the club and get everyone more involved.

Happy Holidays from Amite River HRC! Wishing everyone a merry and blessed Christmas and a happy New Year with family and friends. Waterfowl season is now underway; hopefully, you and your retriever get a chance to get out and shoot and retrieve some birds!

We had a great hunt test at the end of September with nice weather. Thanks to everyone who helped (too many to name!) and to all of the judges and marshals. A special thanks to Pam Flotte, who did much of the pre-planning and hunt secretary work. Also, to the Anderson and Holley families for letting us use their beautiful properties for the weekend. We had a couple of hiccups, but thanks to club members and handlers who stepped up, we adapted and overcame adversity. Our tests would not be possible without generous landowners and club participation.

Congratulations are due to all club members who participated or had dogs participating in the HRC Grand; hopefully, you had some success or at least know what you need to work on for next year. Also, congratulations to Ron Anderson and Rip for taking 1st place in the SRS Crown Amateur Division for the second time. What a great performance!

Upcoming Event News: We are now planning for our annual Christmas party in December and/or a possible crawfish boil in the spring. We are also starting to plan our 40th club anniversary hunt scheduled for March 14-15. We will host SRS events in January and May. Stay tuned to Facebook for details on all events.

Members of Central Louisiana Retriever Club have been busy on several fronts this fall. Our club has a consistent presence at the International Grand Hunting Retriever competitions. This fall, five CLRC members accepted the challenge of the Fall International Grand Hunt in Tennessee, and three returned with first Grand passes for three young retrievers. At home, CLRC president Scott Ducote and Pitch earned their HRC 500 points and are now ready for some serious duck hunting and campfire time. Next on our calendar is another memorable Christmas party in December, and after the Holidays, we will be preparing for our regular hunt to be held in April 2026. Best of luck to all the HRC waterfowl hunters, especially our youth who may be in the marsh, brake, or blind for their very first time. A special “thank you” to Delta Waterfowl for encouraging these kids to look up, listen, and feel the excitement of waterfowl hunting and conservation in the South. We wish our HRC family and friends a very Merry Christmas and a prosperous New Year!

Greetings from Cowtown HRC. As I write this note, Texas is expecting a light freeze, and hopefully that brings a push of waterfowl to the Great State of Texas. For those of us who play the Hunt Test game and also hunt with our Dogs, we look forward to seeing our companions utilize what they learned over the Spring and Summer and apply it in the real world. The challenge for us handlers is to maintain those standards of training that we worked so hard to instill throughout the hunting season as we enjoy harvesting the fowl we pursue. What this means is that we may need to sacrifice some opportunities, regardless of the level of dog we have. With that in mind, have Fun and Be Safe! The Spring Hunt Test season will be here before we know it, so be sure to include some training this Winter so you and your Dog will be ready to push forward in the quest for new Titles. As always, Play Hard and Train Harder!

Cooler temps bring renewed hopes of an exciting duck season with our four-legged friends. In October, club members gathered to train for our upcoming Upland Hunt Test. We also had several club members who were able to slap some titles on their dogs this fall. Kimberly Dunbar and her dog, Trip, earned their HR title; Hayley Walden and her dog, Brewer, earned their SHR title; Natalie Hill and her dog, Flyboy, earned their HR title; and a very special run for club member Kyle Alldredge and his dog, Cuervo, to earn his 300 points and gain his GRHRCH title. We also have several members who have gotten puppies, so we get to watch these teams working together at our club training days.

Please keep an eye out for our 40th Anniversary hunt test, which will be held in March 2026. With that, the hunt test committee has been working very hard on the test with some fun events and great judges lined up.

We want to say congratulations to Annie on her First Grand Pass. Annie is owned by Gary Old and trained/handled by Charlie Green.

It's our favorite time of year - what we have all been training our dogs for and keeping them in shape for: Opening Day. I'd like to share a story that happened about a week ago. I was talking with one of my students about one of my dogs and duck hunting. The topic came up due to the student asking about the pictures I have in my classroom. Come to find out the student is a duck hunter too. The class got quiet (which

is very strange cause it's high school) and were listening. I made the comment that the most peaceful moment I have experienced was with my dog, duck hunting. It was right before dawn, just me and my dog sitting there in the blind. Shortly before sunrise, as the world began to awaken, I looked at my dog and the surrounding environment. In that moment, it became apparent that there is a greater presence responsible for creating such remarkable wonders. The class listened to every word I had said, and I even had some come tell me they were going to try that.

Take that time to have that peace for you and your dog. Don't put it off for next weekend or make excuses. Take the time and get that moment, because that moment will last forever.

As we enter the end of 2025's training and testing season, PVHRC had one more event in October—the first-ever Youth Upland Hunt Event. Several PVHRC members and their younger family members had the opportunity to hunt live birds in an actual upland environment at Mary's Place.

Our club VP, Curt Lacey, was the Event Chairman, Jim McLaughlin and Ben Dorinkamp set up the course and instructions, and Brett Morganflash provided the pheasants. A huge thanks to all PVHRC volunteers who helped put on this event to teach our younger family members hunt safety and how to work with our four-legged partners during an actual upland bird hunt.

PVHRC's annual meeting is planned for January

14, 2026, at our usual meeting place, Wholly Stromboli in Ft. Lupton, CO. Stay tuned for more details.

Thanks to all for another great PVHRC year.

For this report, we would like to highlight our president, Joe Gioia! Joe and his 4-year-old yellow male, Merlin, ran and passed the 2025 Fall Grand! Merlin and Joe have come close on the last 2 attempts, and they were finally able to get over the hurdle and bring home a green ribbon! Congratulations on a job well done! We have also been seeing a lot of club members enjoying some successful hunts with their dogs. It is great to be able to spend time with our hunting buddies and four-legged companions and reap the rewards of our training. For some, they are heading into their first season, and others could sadly and potentially be their last. A great reminder to cherish the moments we get with them! Good luck and happy hunting!

Congratulations to our President, Joe Gioia, and Merlin for passing the 2025 Fall Grand!

The hunting seasons are FINALLY upon us here in Colorado, and members of the Southern Colorado HRC have been out hunting birds in many of the western states, with good success. This is the time of year when all of our training and hard work show up in how our dogs perform in the duck/goose blind and in the upland field, so be proud of your hard work and have fun!

SCHRC has finalized our 40th Anniversary Regular Hunt Test date, which will be April 11th & 12th, 2026, at the Lake Pueblo State Park in Pueblo West, CO. We hope that you will put it on your calendar and join us for a great 40th Anniversary celebration weekend!

Lastly, Southern Colorado HRC will host a Judges & Handlers Seminar in March 2026 (date pending). More information coming as soon as possible.

Good luck to everyone, and remember to always be safe when you're out there hunting this year!

Aric Hanson's HR Double 00 Makin Waves ("Wake") ready to get this party started!

Hunting season is in full swing with members in the hills pursuing big game, chasing upland game, and waterfowl.

The club had a very successful year due to the hard work of the officers and members. One of the core members of the club has always been Derek Torinus. He has kept the club going when things were down and has served as President and continues to be Hunt Secretary. The club felt it was appropriate to give Derek a token of appreciation. Past presidents Dr. Jim McLaughlin and Bill Schaefer presented Derek with a new shotgun at the hunt test social.

We wish everyone a safe and successful hunting season.

## REGION 14

### Cascade HRC – Submitted by Pam Ulsh, President.

Fall has definitely hit here in the Pacific Northwest. The trees are beautiful with their fall colors, and the rain is falling in abundance (filling ponds and flooding fields). The best views of all are seeing the ducks and geese migrating in. Hopefully, this waterfowl season will be a great one. The dogs sure know what time it is as they watch the skies (and their owner's wardrobe choices). Hopefully, you are able to get out and enjoy the season.

The planning has begun for the 2026 Hunt Test Season. Request calls with judging invitations have begun, along with test dates being posted here in Region 14. Birds are being ordered, and training days are already starting to be added to calendars. The fun will be here before we know it.

Cascade will kick off its training season on the first Saturday in February 2026, right after waterfowl season ends. Then, on Saturday, February 21st, CHRC will be co-hosting a Judges'/Handlers' Seminar with Whistling Wings at the Evergreen State Fairgrounds in Monroe. This will be a great chance to get ready for the hunt test season by learning about any rule changes and reviewing the rules, policies, and judging guidelines. All are welcome!

Save the Date: Cascade will host its annual hunt test on the second weekend of April 2026. Can we go three years in a row without needing our downpour clothing? We can guarantee that you will still get a chance to wear your waterfowl gear before you put it away till fall, as rain is an integral part of our hunt test weekend. Headquarters will be at the Cascade Retriever Grounds in Monroe again this year. Please think about coming to join us.

Cascade wishes you and yours a wonderful and safe holiday season and waterfowl season. Take time to appreciate those around you, including your dogs, because this time is precious and not guaranteed.

Fall weather has arrived! Hunt test planning is well underway. Birds are on order. It's going to be a 2-day Hunt Test and a Monday Upland. The next step will be solidifying our judging. Training days are starting in March and will continue monthly through June. Looking forward to our banquet in February.

The great Northwest clubs in Region 14 are lining up the hunt tests, and it's looking to be another awesome season.

"It's the most wonderful time of the year." No, not Christmas, hunting season! It's a gift to watch our dogs doing what they love, whether sitting in a holding blind or quartering in the field. The teamwork you developed over the months of training and testing is paying off. You have a dog that is in control, reliable, and trustworthy. Just as training and testing keep your dog sharp for hunting, hunting improves your dog's success at the line. Hunting provides opportunities to navigate various covers, to learn to use the wind, to mark a retrieve, to persevere to get a bird, and to develop situational awareness, the "street smarts" of hunting. Make the most of the time you spend with your dog, celebrate successes, learn together, and, most importantly, make memories.

Hunting season is in full swing in Northeast Washington, and training days are winding down as winter sets in. The NE Washington Gun Dog Club doesn't have much to report this time of year.

Visit our website in early 2026 at [www.newgdc.com](http://www.newgdc.com) to get updates on 2026 Training days and Hunt Tests. Salt Chuck HRC members have been enjoying a mild and colorful fall on Vancouver Island as we head into our cooler, muddier months! The club is continuing to hold monthly training days, and we always welcome new members or anyone who would like to learn more. Members are looking forward to mid-December when we will be holding our 2nd Annual "Christmas Canine Chaos," a day of fur, feather, fun, and frivolities. Hoping for wonderful weather as we enjoy canine games, hot "potluck" lunch, and a festive get-together. Our club has invited all members of the other retriever clubs on the island, so our hope is that the event will grow every year, building great camaraderie in our great dog community.

Now that the summer tests are over, many members switched gears and headed out for hunting holidays with their dogs. We are looking forward to 2026. We have planned both Spring and Summer Hunt Tests. The Spring Hunt will be two days, and the Summer Hunt will be two days, followed by two Upland Hunts. Come join us next year!

Wishing everyone the best in 2026.

Greetings from the Western States Boykin Spaniel Club (WSBSC). We are dedicated, Boykin Spaniel Owners representing the breed in 11 Western States.

Fall is here! Western States Boykin Spaniel Club members are out in the fields hunting doves, pheasants, quail, ducks, and geese. It is an exciting time of year! WSBSC hosted our annual pheasant hunt at the Clear Water Sports Club in Corning, California, on Saturday, November 1st and 2nd. On the 1st, hunters worked the expansive grasslands for pheasants, and all had a great day. On Sunday, the 2nd, Club members were treated to our first field-dog first aid clinic, also in Corning. It was organized by Dr. Kevin Keel and was run by Dr. Ilana Halpern, both from the world-renowned UC Davis Vet School.

Many dogs got their firsts this season. At the Corning event, Miss Mollie Mae (Owner Amy Macy McGrath) jumped and did a textbook retrieve of her first pheasant in Corning, while Boo (Mike Strittmatter) added his first Ruffed Grouse in Washington. Members, upload your hunting photos to the Western Boykins Facebook page to share your hunting stories. We may use them for future articles about the club. In the meantime, training groups are meeting in California and Washington, working on our upland and retriever skills. We would love to help you get involved. Check out and join our social websites for more details.

Happy Hunting!

Happy hunting season and Happy Holidays. The days are getting shorter, but by the time this reaches your mailbox, we should start to see the days getting longer. Old Man Winter hasn't crept in just yet; in fact, this hunting season has been mild, but I know he will be here sooner than later. Some of our members got in a few late-season tests trying to finalize a title or a point club achievement. Here are a few pictures of our members with their ribbons and some successful hunts. Wishing you all a safe and happy holiday season, and we will be back soon to prep the dogs for next year's testing season.

Hello from Five Valley Retriever Club. First, we would like to offer a big congrats to those who had dogs running in the Fall Grand. Our own members, Carole Pistey and Paul Hoseman, each have a dog that passed the event. What a wonderful accomplishment for them. We don't have much to share otherwise; our hunting season is underway here, and it seems that our members have been busy with their dogs out in the field. Hope everyone has a safe and successful hunting season!

Greetings from South Hills Hunting Retriever Club! Everybody here is in hunting mode with their big dogs, and we have several young up-and-comers that are working on their basics and transition so they will be ready to run with the big dogs next spring. We are in the midst of planning our annual banquet to be held in February, with training days starting shortly after that. We would like to welcome Hells Canyon Retriever Club to Idaho!

**Mountain West Hunting Retriever Club – Submitted by Christian Martir, President, and Lauren Cabrera.**

The Mountain West Hunting Retriever Club kicked off the season with a high-energy training day designed to get dogs and handlers ready for their fall hunts. The field was set with 100 decoys, covered and uncovered dog stands for both working and honor dogs, and a full three-person blind. With duck calls echoing across the grounds, dogs at every level were challenged and guided through realistic hunting scenarios.

Now that the season is underway, it's been a thrill to watch many of our young retrievers make their first wild bird retrieves. Seeing their hard work and hunt test training translate into real success in the field has been incredibly rewarding. Small groups of members continue to meet up for hunts and training sessions, keeping the community spirit alive. The club has done a fantastic job this year fostering mentorship, camaraderie, and a welcoming environment for newcomers eager to join in the fun.

I would like to thank the HRC community for welcoming the Hells Canyon Retriever Club (HCRC) to its ranks. The HCRC is in the beautiful area of Lenore, Idaho, roughly 6 miles from the Dworshak Reservoir. Sunny and I have competed in HRC in the past, with the majority of our experience in the Started level, but we are looking to advance through the levels, with the majority of our members having little to no experience in HRC. HCRC holds regular monthly club training days at either our kennel property or our test grounds. HCRC has access to roughly 2000 acres of land to train on, depending on the time of the year, including the test grounds, which we use, that hold 2 tech ponds and a small round pond. The club offers advice from our local pro from Sunny Skies Retrievers during training days, whether that be for handling, obedience, or even safety concerns. HCRC is excited about this new adventure and its ability to bring this type of venue to the area. Our plan currently is to have our test in the August time frame, depending on the other clubs around us and their test dates. For the tests, we offer camping on the grounds and training opportunities the week prior to the test. We look forward to seeing our old friends and meeting new ones as well. Once again, thank you, Hunting Retriever Club, for your acceptance.

## UNITED KENNEL CLUB/HUNTING RETRIEVER CLUB, INC., HALL OF FAME

The following have been designated as Hall Of Fame retrievers.  
To qualify, the dog must have earned 1,000 points and have four Grand passes.  
Following are the dogs, and their owners, that have met the qualifications as of November 15, 2025.

## HUNTING RETRIEVER CLUB, INC. Point Club RECOGNITION PROGRAMS

The 500, 1,000, 1,500, 2,000, 2,500, 4,500 & 5,000 Club Programs are recognition programs for HRC members who own dogs achieving 500, 1,000, 1,500, 2,000, 2,500, 4,500 and/or 5,000 UKC Championship points in the HRC Hunt Test & Upland Hunt Programs.

The HRC member-owner of the dog must be a member in good standing with HRC, Inc. for a minimum of 12 months prior to the time the dog earns the qualifying Championship Points (500th for 500 Club & 1,000th for 1,000 Club, etc.).

HRC recognizes the 100 Championship points that count toward the retriever's HRCH title & all additional points (including Preliminary Hunts) earned in Finished, Grand & Upland Hunt Tests toward the Point Clubs.

The Programs consist of the awarding of a specially designed distinctive jacket embroidered with the HRC logo, owner's name & the qualifying retriever's name. Only

one jacket will be awarded for each 'qualified' dog. However, additional jackets may be purchased by the owner through the HRC Administrative Secretary. This is to allow co-owners, spouses, family members, handlers, etc. to participate in the recognition of the accomplishment of the dog.

A Certificate of Accomplishment & Letter of Congratulations will be issued & sent to the 'qualified' dogs announcing their induction into these prestigious Clubs. An order form for the jacket will be included with the Certificate.

It is the desire of HRC & UKC, due to the significance of the accomplishments of these Hunting Retriever Champions, that the jackets be presented at a ceremony to the recipients at a National HRC event/by their home HRC Club with special ceremony.

Direct questions to Tammy Cobb, HRC Administrative Coordinator, at 269-364-2054/ [tcobb@hrc.dog](mailto:tcobb@hrc.dog)

## Notice of Suspension

UKC makes every attempt to maintain an accurate and up-to-date "Notice of Suspension" list, and the list is updated regularly. However, as there may be lag time between disciplinary action and adding an individual to the list, and also because mistakes and omissions can and do happen, UKC will not guarantee the accuracy of this list. If an individual is in question, customers should call UKC directly to obtain the most up-to-date information regarding that individual's disciplinary status. UKC can only confirm or deny a person's disciplinary status and cannot provide details on that person's case.

The following is an updated list of individuals who have been suspended or barred until the date indicated. During the period of suspension or barring, a person who is suspended or barred may be prohibited from, but not limited to, one or more of the following:

1. They are barred from registering any dogs in their names (joint or individual ownership). They may, however, transfer any dogs currently registered in their names (joint or individual ownership) to another individual(s), except they may not transfer dogs to any member of their families, spouses, or companions. Companion is defined as anyone who resides at the same address as the suspended individual.
  2. They are barred from registering any dogs in their names (joint or individual ownership) and they may not transfer any dogs currently registered in their names (joint or individual ownership).
  3. They are barred from registering any litters and from signing any litter registrations in any capacity. No offspring of a dog registered in their names (joint or individual ownership) is eligible for registration with UKC.
  4. They are barred from entering or participating in any way in any UKC licensed event, including, but not limited to, co-owner, handler, back-up handler, judge, guide, spectator, or UKC licensed official.
  5. They are barred from holding office in any UKC approved club or association.
  6. No dog registered in their names (joint or individual ownership) may be entered or participate in any way in any UKC licensed event.
  7. No championship points, wins toward a title, or monetary payouts from any UKC specialty program will be awarded for any dog registered in their names (joint or individual ownership).
  8. They are barred from advertising in any UKC publication or UKC internet site.
- Any violation of these sanctions or any other UKC rule or policy during the time period in which the individual is barred or suspended may result in their being suspended indefinitely.
