# Laminated Bamboo Collection

## About Us.

Founded in 2013, we are a Vietnam-based manufacturer specializing in handicrafts from local natural materials. Our mission is to contribute positively to our local community while delivering quality handcraft products to our customers at reasonable prices.

With 11 years of experience, we have established strong connections with our local artisans and small workshops, which enables us to provide a wide range of products that keep up with the evolving market demands.

GET TO KNOW

# Laminated Bamboo

Laminated bamboo (also called 'Pressed bamboo') is the material produced from well-treated bamboo strips, which are horizontally or vertically glued and hot-pressed into panels.

Not all bamboo species are suitable for producing laminated bamboo. In Vietnam, laminated bamboo is manufactured exclusively from the *Luong Bamboo*(*Dendrocalamus Barbatus*) – one of the strongest bamboo species in the world.

Not only eco-friendly and 100% safe for users, laminated bamboo in Vietnam features high sturdiness and stability, thus can be used as an alternative to hardwood and applied in various home goods. What's more, the smooth surface is easy to clean and maintain, while adding modern aesthetics to any decor style.
