

BRYANSTON HIGH SCHOOL

2023

YEARBOOK

DAY 1

AND SO BEGINS ANOTHER YEAR...

It is an absolute honour to be part of such an incredible institution.

2023 was epic!

Enjoy the trip down memory lane.

Mrs Byrne

OUR MISSION

Bryanston High School strives to provide quality education within a caring environment that balances the pursuit of academic excellence and the development of life skills, so as to empower all of the learners to achieve their potential and meet the challenges of a dynamic society as responsible citizens

OUR VISION

It is the school's vision that each Matriculant leaving our school will leave with a sound academic foundation, will have participated actively in various spheres of the school, will have learned morals and respect, and will demonstrate good manners at all times. Each will appear presentable and represent all that is noble and good within the Bryanston community. Each matriculant will wear his/her uniform with pride and upon leaving the school their achievements will enable us to wish them well for their bright futures.

OUR VALUES

In all things and at all times:

- honesty, integrity and tolerance;
- respect for the self, others and the environment;
- faith and spirituality;
- courtesy and manners
- commitments and responsibility

A MESSAGE FROM THE DEPUTIES

Dear Parents,

As we approach the end of another eventful academic year, I am pleased to share with you a few of the highlights and achievements that have defined the past months at our beloved school.

We commenced the academic year with exceptional news that set a positive tone for the months to come - our 2022 Matric class achieved a remarkable 99% pass rate, with an impressive 84% of students obtaining a bachelor's pass. This accomplishment reflects the dedication and hard work of our graduating class and underscores the effectiveness of our school's academic programs. In keeping with this effort our Academic Staff have continued to voluntarily give of their time for various intervention strategies for learners at risk. Each grade and subject have run a successful Academic Council programme to assist those learners who are struggling academically. The Gr 12 educators and learners in selected subjects have sacrificed part of their June holidays to participate in a Winter School programme aimed at improving results.

A heartfelt welcome was extended to our new Grade 8 learners, marking the beginning of their exciting high school journey. We are confident that they will thrive in our nurturing environment and contribute significantly to the vibrant spirit of our school community.

In Term 2, during our winter sports season, we witnessed remarkable success, with athletes showcasing their talent and sportsmanship. Derby Day against Fourways was a particularly memorable event, as it brought our school community together and served as an opportunity to support the CHOC charity. The generosity and camaraderie displayed during this event are a testament to the values we uphold at our school.

Term 3 was marked by a spectacular talent showcase with the staging of the major production, "Grease." The dedication and hard work put in by our students, teachers, and production team culminated in an outstanding performance that captivated audiences and showcased the creativity thriving within our school community.

Throughout the year, we have been grateful for the contributions of our students across various domains - from the sports field to the stage and within the classroom. Their commitment to excellence has been inspiring, and we celebrate everyone who has played a part in making our school the dynamic and thriving community it is.

Behind the scenes, our dedicated and committed staff have driven the school's success in all areas. Their unwavering effort and passion for education have undoubtedly contributed to the positive outcomes we celebrate today. I extend my gratitude to each staff member for their tireless dedication to the betterment of our school.

A special acknowledgement goes to the School Governing Body for guidance and support. Your commitment to providing a conducive environment for learning and growth is commendable, and we appreciate the trust you place in our management and staff to contribute meaningfully to the school's success.

Our admin and support staff have played a crucial role in ensuring the smooth functioning of the school. Their hard work often goes unnoticed, but it is integral to the seamless operation of our institution. Thank you for your dedication and commitment to excellence.

This year, we have completed several projects and improvements, including paving, classroom and bathroom upgrades, and the water project. The water project, in particular, is a significant achievement as it ensures that the school will not face any water outages in the future. These enhancements create a conducive and modern learning environment for our students.

We bid farewell to three esteemed staff members with mixed emotions. Mr. Charles Smith, though here for a short time, has made a significant impact in the Biology Department and for the school. Mrs Buys, a dedicated science department teacher, has left a legacy of commitment and excellence for many years. We thank them both for their contributions and wish them success in their future endeavours.

It's genuinely remarkable to acknowledge Mrs. Beverley Weir's dedicated service to Bryanston High School for over 45 years. Her commitment to education and the school community's well-being is commendable. As she takes the next step into permanent retirement, her part-time assistance this year in facilitating a smooth transition for her portfolios reflects her continued devotion to the school's success.

The impact of Mrs. Weir's contributions over the years is undoubtedly immeasurable, and it's clear that her presence has left a lasting legacy. The school community owes her a debt of gratitude for the knowledge, guidance, and inspiration she has shared. As she embarks on this new chapter in her life, the entire school community undoubtedly joins together in expressing heartfelt thanks and well wishes for a fulfilling and joyous retirement. May Mrs Weir enjoy the well-deserved fruits of her labour and find happiness in the next phase of her journey.

As we reflect on the past year's accomplishments, we eagerly anticipate the announcement of the school's new principal, a decision that we hope will be made before the year's end. This individual will undoubtedly lead our school with the same dedication and vision that has defined our institution.

In conclusion, I want to express my sincere appreciation to each member of our school community - parents, students, staff, and the School Governing Body - for your collective efforts in making this year a resounding success. As we look forward to a well-deserved break, let us carry the spirit of achievement and collaboration into the coming year.

We wish you all a joyful holiday season and a restful break.

Sincerely,

MR J LAWRENCE

MR A CRIGHTON

COUNSELLORS

THIS YEAR

The Counselling Department focused on Suicide Prevention Awareness. A campaign was held by myself and Ilhaam as we 'joined hands' with SADAG. The campaign consisted of a number of parts including the gifting of metal health badges to the grade 11s, 10s and our Councillor body. A number of SADAG official posters were placed around the school with the suicide hotline number on, our School Counsellor email addresses on as well as the FaceUp app logo as a reminder of this service. FaceUp is our school's anonymous reporting app including giving reports of mental health concerns such as bullying and cutting. Furthermore, an information stand was set up in our media centre, and also in both Counsellors' offices, containing mental health pamphlets for psychoeducation around depression, anxiety, panic attacks and substance abuse. All the pamphlets display SADAG contact details. We hope that our learners will be equipped to use these details outside of school hours if the need arises. These educational pamphlets will continue to be available to take into 2024.

We also took the time to recognize World Mental Health Day (10th October) on our Facebook page to reinforce that "Bryanston Blue supports Green".

WHY A SCHOOL COUNSELLOR?

School counselling plays a pivotal role in nurturing learners' academic, social, and emotional well-being. We serve as advocates, guiding learners through the challenges of school life and fostering their personal development. We help support learners dealing with emotional and social challenges. Adolescence can be a tumultuous time, and so we provide a safe, inclusive and understanding space for learners to discuss personal and individual concerns, helping them build coping skills and leaving them feeling secure and thus ready to learn. We also assist in academic planning, goal setting and career exploration, ensuring that learners make informed decisions about their futures.

BE KIND
TO YOUR
MIND

School Counsellor's support is invaluable for positive learner development and maintaining a healthy school environment.

WHAT'S TO COME IN 2024?

We have some exciting news! To support mental health further in our school we are partnering with a new app called Ingage Support which replaces our current reporting app FaceUp. With Ingage we get to enjoy the same reporting system but with lots of added mental health support features! Look out for its launch next year.

Wishing our learners a safe and rejuvenating holiday.

Well wishes,

Amy Dewes-Goulborn

Do you or a friend need help, want to stop being bullied, or need to report something?

MOORE JOHANNESBURG TROPHY AND AWARD

This is a special accounting award for the top accounting student in Matric.

The recipient also receives a R500 book voucher from MOORE Johannesburg. Congratulations to: **Akshat Arunprasad**

DISTINCTIONS:

The following learners have excelled academically and achieved 4 or more distinctions in their various subjects after the preliminary examinations

4 Distinctions

- **Haydn Brandt** – English, Geography, History and Life Orientation
- **Kiara Delpert** – Afrikaans, Business Studies, Life Science and History
- **Gareth Lewis** – Afrikaans, Mathematics, Life Science and Life Orientation
- **Inga Mfingwana** - Mathematics, AP Maths, Business Studies, and Life Science
- **Talin Moodley** – Mathematics, Life Science, History and Life Orientation
- **Nthandose Moyo** – Life Science, Geography, Consumer Studies, and Life Orientation.
- **Kaizen Mwape** – English, Afrikaans, Geography, and Life Orientation
- **Dhriti Parak** – Mathematics, Life Science, Business Studies, and Life Orientation
- **Tinicia Pillay** – English, Afrikaans, Life Science, and Life Orientation
- **Tasca Van de Merwe** - English, Afrikaans, Life Science, and Life Orientation
- **Nomalanga Zulu** – Afrikaans, Life Science, History and Life Orientation

5 Distinctions

- **Shahir Dukhan** – Mathematics, AP Maths, Accounting, Geography, and Life Orientation
- **Annabel Key** – English, Life Science, Geography, Visual Art, and Life Orientation
- **Yuktha Maharaj** – English, Mathematics, Life Science, Accounting, and Life Orientation
- **Paige Meek** – English, Life Science, History, Visual Art, and Life Orientation
- **Tyra Otto** – Mathematics, Business Studies, Life Science, History and Life Orientation

6 Distinctions

- **Massimiliano Ambrosi** – English, Afrikaans, Life Science, Geography, History and Life Orientation
- **Yanga Mdanyana** – English, Mathematics, Life Science, Accounting, Geography, and Life Orientation
- **Keitumetse Raphadu** – English, Afrikaans, Mathematics, AP Maths, Life Science and Life Orientation

7 Distinctions

- **Akshat Arunprasad** – Afrikaans, Mathematics, AP Mathematics, Physical Science, Accounting, EGD and Life Orientation
- **Vedagrani Dabhade** – English, Afrikaans, Mathematics, Physical Science, Life Science, Geography, and Life Orientation
- **Inga Mdanyana** – English, Afrikaans, Mathematics, Life Science, Geography, History, and Life Orientation
- **Ross Wacks** – English, Afrikaans, Mathematics, Physical Science, Geography, EGD, and Life Orientation
- **Sachin Charles** – English, Mathematics, CAT, Physical Science, Accounting, EGD, and Life Orientation.

8 Distinctions

- **Nyakallo Sepeng** – English, Afrikaans, Mathematics, AP Maths, CAT, Physical Science, Life Science, and Life Orientation

SANDTON MAYORAL AWARD

The Sandton Mayoral award is awarded to our top male and female academic achievers for 2022. These learners excelled academically throughout all their subjects and received the highest overall averages respectively. Congratulations to:

Top Female Achiever:

Nyakallo Sepeng

Top Male Achiever:

Akshat Arunprasad

NATIONAL REPRESENTATION

- **Lutendo Tshikwatamba** - acrobatics including singing, dancing, acting, and modelling.

- Lutendo Tshikwatamba

GRADE CONTROLLER'S AWARDS

FEMALE: There are many young women in front of me today that have achieved exceptional things this year and it has been very hard to choose one of you to give this award to. However, there is one particular lady I believe deserves this acknowledgment. Things have not always been easy for this learner, but through all the challenges she has had to face, she has continuously persevered and did not allow any obstacle to stand in her way. She has dealt with all challenges with courage, bravery, and grace. She has kept up her academic performance and despite her quiet nature, has put herself out there and involved herself in many aspects of the school especially in the major production this year where she astounded us with her beautiful voice. She has been an absolute angel to us all. Therefore, my grade controllers award goes to:

Angela Mudzi

MALE: This young man embodies all that Bryanston wishes in a gentleman. He is a kind, courteous and considerate individual. He has upheld the Bryanston pillars of Honour, Dignity and Respect on and off the sports field. He has a gentle disposition and quiet composure. Even through his injuries, he was there to motivate and encourage his team mates to perform at their best. He has displayed leadership qualities through his council ship and continues to strive for academic excellence.

My grade controller's award goes to a beautiful soul and a wonderful human being.

Congratulations **Christian Sita-Carrer**

ACADEMIC COLOURS:

The following learners are awarded half or full academic colours based on their final subject averages after the preliminary examinations:

Half Colours for achieving an average between 70 and 72%:

- Likhona Hlekani - 70%
- Amukelani Maswanganyi - 70%
- Isabella Shrobsree - 70%
- Neve Van Der Zanden - 70%
- Srijan Bennie - 70%
- Carla Grobler - 70%
- Tendai Jenami - 70%
- Shaylan Naidoo - 71%
- Alyssa Theron - 71%
- Lutendo Tshikwatamba - 71%
- Petro-Mari Van Heerden - 71%
- Ntlatatso Rahube - 71%
- Khotso Khunyeli - 72%
- Josh Mamdoo - 72%
- Meha Singh - 72%

The following learners receive full academic colours by achieving an average of 73% and above. Following this list I will then announce the learners who also achieved full colours and made it into the top 20. Beginning with full colours:

- Saiesha Naidoo - 73%
- Neha Patri - 73%
- Michelle Tauzeni - 73%
- Ntandokazi Galawe - 73%
- Tshegofatso Letsoalo - 73%
- Naomi Magopane - 73%
- Arav Naidu - 73%
- Lameez Mahomed - 73%
- Thabisile Mthunzi - 74%
- Sria Maharaj-Pillay - 74%
- Ntandoyakhe Ncube - 74%
- Suvash Sathianand - 74%
- Zain Smith - 74%
- Jessi Arends - 75%
- Isa Lockhat - 75%
- Ashante Robinson - 75%
- Zukile Daki - 75%

GRADE CONTROLLERS AWARD

Female Grade Controllers Award:

The recipient of the female grade controllers award goes to a young lady who may have encountered some challenges in the last few years, but her spirit is not dampened by these setbacks. She always wears a huge smile on her face, brightening the days of all those around her. She is a compassionate, caring, and loving person – always going out of her way for everyone else. She brings sunshine to every classroom and is a pleasure to teach.

Her positive attitude makes her truly worthy of this award.

Congratulations and well done to **Gabrielle Naidoo**

Male Grade Controllers award:

The male grade controllers award is shared between two gentlemen who have made us proud.

The first recipient of this award goes to a gentleman who truly can be called a “gentleman”. Since his first day at Bryanston he has kindly greeted every teacher with enthusiasm, particularly taking care to treat our lady staff with utmost respect, and compliment them where he could. He shows empathy to his fellow learners, and he embodies the grade 8 value of respect, and the value which we will follow this year in grade 9, “kindness”. He is a true example of the men we hope to raise at BHS.

Congratulations to **Damian Welensky**

The second recipient of this award is a young man who started off his grade 8 year as a reclusive, timid and shy young man, but who, throughout the year gained so much confidence, made friends, and involved himself more with his peers. It has been a joy to watch him find comfort within the grade 8 group. He is a kind young gentleman, who has taken special care to treat his teachers and other staff with the utmost kindness and respect.

Well done to **Gabriel Singh**

GRADE CONTROLLERS AWARD

Female Grade Controllers Award:

The recipient of the female grade controllers award goes to a young lady who may have encountered some challenges in the last few years, but her spirit is not dampened by these setbacks. She always wears a huge smile on her face, brightening the days of all those around her. She is a compassionate, caring, and loving person – always going out of her way for everyone else. She brings sunshine to every classroom and is a pleasure to teach.

Her positive attitude makes her truly worthy of this award.

Congratulations and well done to **Gabrielle Naidoo**

Male Grade Controllers award:

The male grade controllers award is shared between two gentleman who have made us proud.

The first recipient of this award goes to a gentleman who truly can be called a “gentleman”. Since his first day at Bryanston he has kindly greeted every teacher with enthusiasm, particularly taking care to treat our lady staff with utmost respect, and compliment them where he could. He shows empathy to his fellow learners, and he embodies the grade 8 value of respect, and the value which we will follow this year in grade 9, “kindness”. He is a true example of the men we hope to raise at BHS.

Congratulations to **Damian Welensky**

The second recipient of this award is a young man who started off his grade 8 year as a reclusive, timid and shy young man, but who, throughout the year gained so much confidence, made friends, and involved himself more with his peers. It has been a joy to watch him find comfort within the grade 8 group. He is a kind young gentleman, who has taken special care to treat his teachers and other staff with the utmost kindness and respect.

Well done to **Gabriel Singh**

GRADE CONTROLLERS AWARD

Female Grade Controllers Award:

·This award goes to a young lady who started at Bryanston Last year. She had a little bit of a rocky start when she arrived, but she turned over a new leaf and has really done well, making herself part of Bryanston. This award goes to **Kelebogile Du Plessis**

Male Grade Controllers award:

·This award goes to a young man who from day one has displayed the characteristics of a true blue gentleman. Although he has not always had it easy this year he has never allowed this to stop him from making the most of every opportunity. Whenever there is something to be done this young man will always raise his hand to help his peers or sports team mates. He has been respectful to his peers and teachers and immersed himself in the life of Bryanston High. This award goes to **Othaniel Tshabalala**.

HEAD BOYS SPEECH

A LETTER TO US CHAMPIONS.

Our time has to an end matrices and let's just say that it's been one hell of a journey because high school was not like "High School Musical". Now writing this speech was quite tricky because I had no clue what to say but I guess here it is.

Just approximately 4 years and 10 months ago, we walked in through these school gates and now we are about to exit them and most probably for some us never look back. Till this day I still can't believe that we have made it this far but before I get into the gist of this speech I'd like to personally thank Amo for being an amazing partner in crime in our roles as the heads of the school. I truly could have never asked for a best friend who knows exactly what she's doing and for her guidance as we led the school. Mother dearest, Mufunwa wanga, I can't thank you enough for all that you do for me, your prayers and your confidence towards me kept me going and pushed me towards my limits. Nothing would truly be possible without your guidance and your support. To my dad who works faraway from home, I thank you for your love and for paying for the fees and uniform required for my education. To Mr Lawrence and Mr Crighton I thank you for being a part of our journey as the heads of the school and for all your dedication towards the matric learners' journey. "An act of traveling from one place to another," or in the context of my speech "A long and often difficult process of change and development." We are all on a journey, whether it is something enjoyable or not. Each journey is special to the individual riding it out every single day. Some might say their journey is happy, full of life or others might say their journey is frustrating, filled with trials. What is your journey? Are you ecstatic to see what lies ahead? Or on a journey that has too many tests/trials causing a whirlwind of feelings? What type of journey am I on?

Well for starters during my journey through high school I've come across many challenges but I'm proud to say that I've achieved what I've wanted ever since I came into this school. I started off with no friends and now I'm surrounded by God-given friends that I could never have asked for. I became your president alongside the rest of the Exec and the councillor body- we have been on a journey that will be unforgettable and I thank you for your time and efforts.

For the past 12 years of our education we have been on a journey - a journey full of experiences, challenges and accomplishments and that includes fighting for our life in maths and especially science or even the fact that our councillors were the most brutal individuals but they really shaped us into what we are today. It hasn't always been what we expected and certainly not easy, but as we progressed down the road, we stretched ourselves to reach across barriers and found ourselves in new and expanding roles. We were given the opportunity to explore our interests and discover what really excites us. We have become more independent and complete individuals.

Tonight we stand at a crossroad where each one of us will take a new direction in our life's journey. Walt Whitman said "Not I - not anyone else can travel that road for you. You must travel it for yourself." Where we end up isn't the most important decision, but instead it is the road we choose to take to get there. The road we take is what we will look back on and call our life. Life is a journey of everyday experiences, teaching us moment in and moment out.

And so we find ourselves ready and eager to move on. We take with us the strength and knowledge we've gained through our interactions, encounters, and accomplishments at school and at home with parents, teachers and friends.

As I come to the end of my speech I would like to bring you to a word we are all familiar with...

Generation Z or better know as gen z

The unified, diverse, realistic, and technologically advanced generation, making them the generation with the power to impact the world. Generation Z is the most open minded and diverse generation history has seen so far.

In case you didn't pick that up- we are gen z, the ones who have the power to impact the world, the ones who are the most open minded and diverse generation that history has ever seen so far

So no matter where the journey takes you, you have the power to impact the world, personally I don't know how but I know each and every single one of you eventually will

HEAD GIRLS

SPEECH

There is a famous Nigerian proverb that says it takes a whole village to raise one child. This proverb's meaning is that raising a single child is a task that can only be accomplished by the combined efforts of a group of individuals investing in the future of the child, educating the child in the village's customs and even disciplining them to help them develop into a successful and self-reliant adult.

Everyone in the village participates in the child's upbringing. Parents, grandparents, siblings and even neighbours. Everyone in the community possesses something that the young child will require in order to successfully mature.

In the same spirit as the Nigerian proverb. I want to suggest to everyone in attendance on this momentous day that it takes the entire BHS community to raise a whole person. I'd like to thank everyone at Bryanston High School who has worked with the class of 2023 to get to this moment in our lives, where we can walk across the stage after completing four rigorous years of preparation.

To Mr Lawrence and Mr Crighton, thank you for stepping into this role and inspiring the student body with your humility and burning desire to see young people turn the world upside down for the cause of Christ in whatever field they've been called to.

Educators we are grateful that you continuously provide us with intellectually challenging material. I am positively convinced that no other school has teachers who are as passionate about their charges as you are.

Every single tear is dedicated to our parents, who have never stopped supporting us and encouraging us with their words of affirmation, love, and, most importantly, their checks to the finance office every year.

To pv-2, my lifelong friends. It is because of you this high school experience was one of a kind. It is because of your love for me, and support that I have been able to face what some might call the trials and tribulations of high school. You see, any matriculant sitting where they are right now would be unable to do anything without the assistance of the various groups of people who were just stated. To raise a complete individual, the BHS community must come together and operate as one entity.

Despite the fact that we haven't quite achieved the height of totality yet, each person is crucial in the journey for wholeness that we have been on for the past four years. I can guarantee you that we have been adequately prepared to walk out the journey towards being entire people because of the training, development, love, and partnership that we have received.

To the class of 2023, when Jesus was hanging on the cross before he breathed his last breath, he spoke 3 words that will forever reverberate through the sound waves of history "it-is-finished". It was not just a signal of his death, but a cry of victory. The ground began to shake, stones began to split ultimately altering the course of history, no ultimately altering the course of eternity forever, there is power in finishing.

By completing matric, hopefully, we have opened a door for God to use our lives to make history. The world is waiting for us. Nelson Mandela once said that education is the single most important weapon you can use to change the world. The world is ready for us to come with every tool we have been equipped with during our time at Bryanston. The world has searched for answers to its problems but soon it is going to have to search no more because we have been equipped to bring them the kingdom.

I'll leave you with the words of Harriet Tubman: "Every great dream begins with a dreamer always remember, always remember, always remember you have within you the strength, the patience and the passion to reach for the stars and change the world". I

believe that God has endured each and every one of us with a power and spirit that when we go our separate ways to the utter most bounds of the earth each and every one of you go with boldness.

Thank you

COUNCILLOR

CAMP

It was wonderful to take this group of councillors back to Konka this year. Konka did not disappoint.

The councillors fully embraced all of the activities and showed themselves to be the leaders they are. They learnt how important communication is and how important it is to listen more than they speak. The common thread in the activities was how to play to your team members' strengths.

Competition was strong among the three groups : This, That and The Other. There were no holds barred. This was first seen in the tire activity where one tire was grabbed and pulled by members from the three teams to their respective team points. They held nothing back. The purpose of this activity was to teach the councillors to fight their hardest for what they want and to leave their personal feelings aside.

No camp is complete without the mudstacle course! Aside from the question of what was in the muddy water besides the councillors, they worked as a team to complete the obstacle course and put their team members' needs before their own. The councillors felt that this set the tone for the year ahead : that they were a united front and that nothing was going to change that. Their mantra became "We don't hesitate; we dominate!"

Thank you to Mrs Hughes, Mr Vorster, Mrs De Lange, Ms Jordaan, Mr Harilal and Mr Dobie for being such an integral part of the Councillor Camp training.

MATRIC DANCE

On the 29th September the Indaba Hotel hosted the Bryanston High School 2023 Matric Dance. The Staff Team led by Mrs. Weir and Mrs. Venter, together with Grade Controllers Mr. Harilal and Miss. Jordaan, and assistant grade controller, Mr. Dobie, were in charge of selecting the theme and décor for this prestigious occasion.

Casino Royale didn't disappoint, and to the backdrop of the beautiful décor and fitting music our matrics arrived in their beautiful outfits ready to party away the evening.

IGNITE YOUR FLAME

GRADE 8 CAMP

GRADE 10 CAMP

The Grade 10 group embarked on a fun-filled journey to Konka camp. The 3-day-trip brought new-found friendships and strengthened bonds through exhilarating activities including kayaking, ziplining and navigating the tough terrains of the mudstacle course.

Thank you for hosting us, Konka!
We cannot wait to return for our next adventure.

Mrs K Knight

GRADE 11 BOYS LEADERSHIP CAMP

The Grade 11 boys embraced the essence of leadership at the recent Grade 11 self-empowerment camp at Sediba Kwele.

Set against the backdrop of the North-West bushveld, they plunged into a dynamic blend of exhilarating physical challenges and thought-provoking mental activities. The Educators guided these young leaders through team-building exercises that tested their resilience, communication, and adaptability.

The camp was a holistic experience, blending adventure with introspection. Equipped with newfound wisdom and a heightened sense of self, these young men returned to school with the potential to ignite change, inspire growth, and lead by example as the Matrics of 2024.

Mr C Dobie

GRADE 11 GIRLS LEADERSHIP CAMP

We had a fabulous few days at Camp Discovery where many memories were made that will last a lifetime.

The ladies were encouraged to participate fully in everything and they worked hard in their groups, supporting each other all the way. We saw them bond with each other and most importantly, saw them smile. They enjoyed every opportunity that came their way and had loads of fun.

Miss E Venter

SPORT

SPORT DIRECTORS

MESSAGE

As the Sports Director of Bryanston High School, I am proud to reflect on the exceptional year of sporting achievements we have experienced in 2023. From the upgraded courts to the lush fields, our students have demonstrated unwavering dedication, sportsmanship, and talent across a diverse range of sports.

Our teams have shone brightly, clinching several notable victories, and displaying remarkable teamwork and skill. The atmosphere at the games has been a testament to the hard work and commitment of our players and coaching staff.

The sportsmanship and camaraderie displayed by our athletes have been truly inspiring.

Our kids have soared to new heights, breaking records, and achieving personal bests in various events. Their dedication to training and their unwavering determination have set a shining example for the entire student body.

Our talented athletes have made waves, showcasing their extraordinary skills and achieving remarkable results in both individual and team competitions.

As the year ends, it's clear that our students have embodied the values of teamwork, perseverance, and dedication. I am confident that the successes of 2023 will serve as a solid foundation for even greater achievements in the years to come.

Yours truly,

Wian van Wyk

A YEAR OF TRIUMPH

MR W VAN WYK

CRICKET

This year the focus during the cricket season once again shifted to getting the best out of individual players and developing a better team culture moving forward in the season.

An outstanding 2022 lead to momentum being built up for the start of 2023. A ruthless bowling attack aided by some stand out batting performances ensured that the dream of having the most successful season in recent years became a reality.

Our enthusiastic juniors have given us hope that the work being done to right the cricketing ship at Bryanston will not be in vain. With a squad of juniors, often too many to play, that were eager to take to the field and learn the intricacies of the game, whilst making lasting friendships along the way – the future of BHS cricket once again looks bright as the blue flame burnt brightly on cricket fields around Gauteng.

Mr C Dobie

SWIMMING

We cannot help but feel an overwhelming sense of pride and accomplishment when we look back on our swim team's journey throughout this year. Despite the hurdles we faced, the Bryanston High School Swim Team emerged stronger and more determined than ever before. The 2023 season was a turbulent one from the get-go, presenting us with a unique set of challenges. Our school's swimming pool was undergoing a much-needed renovation, leaving our swimmers without their usual training ground. But as they say, when one door closes, another one opens, and in our case, that door was located at Brescia House School. We extend our heartfelt gratitude to Brescia House School for graciously allowing us to utilize their pool once a week for our training sessions. Their generosity and sportsmanship demonstrated the true spirit of camaraderie in the world of competitive swimming.

Despite the initial setbacks, our team rose to the occasion, approaching the season with unwavering determination. The 2023 season was highly competitive, and we were faced with opponents who were equally committed and skilled. For the first time in years, we competed in the C-League, a new challenge that we accepted with open arms. Maintaining our place in this league was no small feat, and it showcased our ability to adapt and excel in the face of adversity.

One of the hallmarks of this season was the remarkable performance of our swimmers in their galas. Many of our athletes not only qualified but also excelled at the Prestige Gala. Their impressive displays of skill and determination left an indelible mark, proving that the Bryanston High School Swim Team is a force to be reckoned with on any stage.

The journey of the Bryanston High School Swim Team during the season exemplifies the spirit of resilience, dedication, and unity that defines our team. We faced challenges head-on and emerged stronger, a testament to the unwavering commitment and talent of our swimmers. As we look forward to the future, we are confident that our swim team will continue to make waves both in the pool and in the hearts of all who support them. Thank you, Bryanston High School Swim Team, for a season to remember, and here's to the adventures that await in the pool and beyond!

Mr A Mawdsley

This year kicked off with a spectacular performance by our young swimmers. Our open water athletes showed prowess and immense determination when they participated in the annual Aquellé Midmar Mile at the start of 2023.

For many of our swimmers, this was their first encounter with a mighty distance of roughly 1.6km in the Midmar Dam.

Three learners performed exceptionally well in their swims. Caleb du Toit (grade 10) completed his swim in a school record time of 28 minutes. Amy van der Merwe (grade 9) completed her very first swim in an astonishing 32 minutes. Last, but certainly not least, Jessica van der Walt (grade 11) swam not only to represent Bryanston High, but also to represent Hearts of Hope foundation, raising money and awareness for vulnerable children.

A special mention must also be given to Erin Raath (grade 11), a young lady with more stamina than most, who swam not only the Midmar Mile twice in one day, but also the Eight Mile. This puts her at a total of 16km for the weekend.

Our learners have shown their passion for Open Water Swimming and are already preparing for the 2024 Midmar Mile, completing several seeding swims and events to improve their stamina and time.

We look forward to the next Midmar Mile and wish our swimmers the absolute best for their upcoming swims.

OPEN WATER SWIMMING

ORIENTEERING

Orienteering combines the mental skills of spatial literacy and strategic planning with the physical attributes of fitness, agility and speed.

Being able to read a map and plot the most efficient course is far more important than simply being able to run faster than the opposition.

For this reason, students who excel and enjoy Orienteering are often not particularly talented in other sports and find a home where a combination of abilities is rewarded. This year Bryanston Orienteering again saw upwards of 60 students taking part. Courses covered scenic and undulating terrain ranging from the corridors of historic schools to ravines and slopes of rugged hills. With upwards of 150 students from 10 or more schools taking part in the league, Bryanston's highest overall positions in 2023 are as follows:

Junior Boys: Matthew Wilson (8)

Senior Boys: Kellen Pretorius (11)

Junior Girls: Tegan Pretorius (14)

Senior Girls: Nadia Ludwig (6) and Amy Rigden (7).

And special recognition goes to Nadia Ludwig who came first in the Senior Girls final, on a very complicated and demanding course.

Cheerleading has had an absolutely amazing season this year. It would not have been possible without our incredible coaches and a team of very supportive parents. We are super proud of the cheerleaders and their achievements this year. 2023 marks the 20th year that cheerleading has been going at Bryanston and what a year it has been. Thank you to all involved and I look forward to an even better season in 2024.

Mrs C Bukris

Our 2023 season started with us having approximately 150 cheerleaders. Bryanston is the largest team in the country! Our Large All Girl and Large Co-ed Teams won the majority of competitions during the season and won the Provincial Championships in both categories. Our Small All Girl and Small Co-ed Teams placed consistently in the top 3 of their categories and both placed second at the Provincial Championships. For the first time, Bryanston entered the Performance Cheer category and took the top 3 placings in all of their league competitions as well as at Provincials. Nationals was a triumph with Bryanston entering 9 sections as well as representing South Africa for the International Cheer Union Africa Continental Championship where 5 of our teams qualified to compete. We came home with 4 gold, 3 silver and 2 bronze medals for the National Championships as well as 3 gold and 2 silver medals for the Continental Championship. We had 6 teams competing in the Cheerleading categories during 2023 as well as 6 Performance Cheer teams competing. Eighteen of our Athletes were awarded Provincial Colours and we had 9 Athletes who were selected as part of the South African National Team and represented South Africa at the World Championships.

Candia Lonsdale
Head Coach

This year has been a spectacular one for the sport of Volleyball. We have progressed in leaps and bounds. The learners have represented the sport and Bryanston High School with pride.

The Boys U17 team has a mixed bag of talent, adrenaline, and sportsmanship. The accolades that they have achieved were, winning the U17 Cluster Games. The team also competed and won the district games. Six of the boys were selected to represent the region at Provincial selections. Kaelab Naidoo has been selected for the Provincial Team and has attained Gauteng Colours in the sport.

The Girls U17 team also displayed their tenacious and competitive streak by winning the Cluster Games as well as the District Games. Six young ladies were selected to represent the region at Provincial Selections.

The American International School Invitational Tournament that was held on the 6th and 7th of October saw our young ladies competing against the likes of Heron Bridge, St Marys, DSG and Westville Girls. They managed to secure a 3rd place and Caiden Govender was selected into the "All Star Team"!

Our last tournament for the year was the Soncini Games on the 28th and the 29th of October 2023. Three Boys and two girls were chosen to play in this tournament. This initiative's purpose is to develop the sport of volleyball and to bring players together.

VOLLEYBALL

We as the coaches and team managers are looking forward to our first inaugural Kwa Zulu Natal tour. This tour will include tournaments and clinics. The tour is tentatively scheduled for the first week of the Easter Holiday in 2024. The confirmation for this exciting new venture will be posted next year.

As the MIC for volleyball, I would like to extend my sincerest form of gratitude to all coaches and managers, parents and the learners who have invested their time and energy in establishing this sport at Bryanston High School.

Mr V Mangray

Best Senior player 2023: Gabrielle Gerstl

Bev Weir Trophy for the overall Player of the Year 2023: Carla Grobler

We would like to take this opportunity to thank our matric players for their service to tennis at BHS. We wish you a bright future ahead. This year we say farewell to Carla Grobler, Pryanshi Das, Petro-Mari van Heerden, Heather Williamson, Lakita Winkel, Nomalanga Zulu, Zizwe Zulu and Kwamala Nyambosi.

Thank you to all the players who participated in tennis in 2023. We had a fantastic year, and we hope to see you all back in 2024.

Bryanston High had a strong year of Girls Tennis in 2023. Thank you to our coaches, staff and parents who have supported our players on and off the court. Thank you to our captain and vice-captain for their leadership and keeping up the spirit and love of tennis within the team. Thank you to each and every player for your dedication to the team.

GIRLS TENNIS

TENNIS COACHING

We started the year off with a coaching course run by Tennis Inc which was attended by a large group of enthusiastic BHS players.

CONGRATULATIONS TO THE PLAYERS AND STAFF WHO COMPLETED THE COURSE:

Lakita Winkel

CERTIFICATE OF MERIT:

Gabrielle Gerstl, Petro-Mari van Heerden, Zizwe Zulu, Nomalanga Zulu, Shanna Withers and Taylor Davies.

Thank you to all the coaches who dedicated their time to developing tennis at BHS. We are so grateful for your service and contribution.

BOYS TENNIS

Boys will be Boys, give them a set of tennis balls and they will smash it, this is how I would describe the opening of our season this year. This was my first year as the MIC of Boys tennis. We said a fond farewell to Mr Gillespie who was the mainstay of boys' tennis for many years. We lifted our hats to him for his lasting and legendary contribution to boy tennis.

This year was an unusual year for boys' tennis as the league operated more on an informal basis. This was due to the disastrous impact of Covid on school sports. However, it must be noted that the Blue Flame always burns bright at BHS. Our boys had a slow start, but with professional coaching they soon rose to winning ways. We won a staggering 89% of our games to end the season on a high. We eagerly await the 2024 season, to see what our boys will do. Our focus was on the junior boys to build up a stronger team for next year. I am extremely positive that 2024 will be an excellent year for boys' tennis.

2023 – The year where our 1st netball team made history. It was the first time that our U19 A Team Netball went through to Regional Champs since the start of the JOMO league.

Our wonderfully successful year started off with our 1st Team Netball Tour. We headed off to the South-Coast again this year and entered into the Margate Sport Schools' Netball Clinic, Coaching and Tournament.

We had a very good tournament, winning 4 of our matches, drawing 1 and only losing 1 match narrowly.

This was the preparation the first team needed not only for their own netball season and achieving results but also in preparation to be the example to all our other 10 netball teams. They sure did set the standard high and earned their respect from the other teams in Bryanston when they started performing beyond expectation.

Looking at our League results we performed well overall. It is always important to not only perform with a 1st Team of a school but also to invest in growing and developing the Junior sides and even C-teams.

Our first team ended 2nd in the pool by goal difference to Trinity. We then had to go to Play-offs to determine who would go through to Regional Champs. BHS first team fought during that play-off match against Krugersdorp High and ended up winning 26 - 23. This meant they were off to experience the big guns at Regional Champs.

Regional Champs was a whole different story. But the experience the girls got was incredible. We unfortunately did not progress to Gauteng this time. But we will be ready next year to take on the challenge again.

We also got to host the “Rivals Unite” Derby day this year against Fourways High. Our charity that we decided to support this was the CHOC foundation. All funds that were raised during and leading up to the day were donated to CHOC. Our first teams of Bryanston all got play in a new kit – the COW kit. They absolutely loved it and played their hearts out for their school and pride but also for their charity, CHOC. 1st team beat Fourways for the second time this year 29 - 22.

We had our Annual Teachers vs 1st Teams fun day. This was a huge success yet again and everyone had the MOST fun. Our teachers are getting better each year and hopefully 2024 they will be victorious but for now... 1st team Netball girls remain the Champs. They girls also took on the boys in a match and showed them how netball is played. This, however, was not the case when the girls took on the boys in a touch rugby match. The boys showed why they play 1st team rugby during this match.

We had another successful Fast Five tournament again this year at St. Stithians. We entered a Junior and Senior team into the competition and they made us so proud. Our Junior team ended 4th and our Senior team ended 3rd in their respective categories.

We concluded our season with a Boerie Braai up at the Pavilion where we rewarded some of our girls for their achievements during the season. We could give some recognition to those that improved the most as well as our 1st team Netball who was awarded Team of Year for 2023.

The year ended with the Prestige Sports Awards where 1 player per age group was invited to attend as “Player of season” for that age group. The following awards were given at the Awards:

- U14 Player of the Year: Caitlin Heyneke
 - U15 Player of the Year: Mandisa Madisa
 - U16 Player of the Year: Sandisile Zulu
 - U17 Player of the Year: Phehello Madisa
 - 2nd Team Player of the Year: Ashante Robinson
 - 1st Team Player of the Year: Justene Henn
- Floating Trophy Awards:

- Junior Player of the Year: Mackenzie van Notten
- Senior Player of the Year: Justene Henn

I would like to thank each and every player for their commitment and dedication to Netball. We have been so successful this year and we are truly proud of their performance.

I would also like to thank all the Parents for supporting us this year.

A special mention to our SGB and Deputies for your support this year.

Lastly, a huge thank you to all my coaches, umpires and technical staff for everything they have done for netball this year. The long hours and your immense dedication to the sport does not go unnoticed.

Netball Regards
Mrs. N. Johnson

STAFF VS 1ST TEAM NETBALL

STAFF VS 1ST TEAM RUGBY

As we mark the end of a thrilling rugby season, it is time to reflect on what has undeniably been an interesting, but phenomenal, season for Bryanston High School rugby!

The u14 age group can be extremely proud of what they achieved this season.

A massive 31-0 victory against Fourways, a hard fought 21 all draw against league leader King David and a narrow 17-7 loss to Trinity. Results aside, this age group is definitely one to look at for the future!

The u15 age group had a tough season having to fight participation amongst their peers, a handful of boys stuck it out and the resilience shown can definitely not be overlooked.

The u16 age group must be praised for the quality of rugby played this season.

The boys also managed a spectacular win against Fourways, as well as a draw against King David. The boys went on to qualify for the knockout stages of the Pirates grand challenge for the third year in a row and although losing, can hold their heads high as they move onto open rugby in 2024.

The open group undoubtedly showed that work pays off.

The lads thumped the 2022 open rugby win percentage, as well as beat rivals Fourways in a home derby that will not soon be forgotten by only one point.

A big thank you has to go out to all those involved behind the scenes and an even bigger thank you has to go to the Matrics of this year for their five years of service to Bryanston rugby!

We are very excited for the 2024 season and believe that the goals we have set for ourselves as coaches and players will help us have a great season.

Mr B Wright

RUGBY

The 2023 season was an eventful one. Preseason training started early in the year in preparation for our hockey season. Our first teams travelled to Potchefstroom for the annual winter sport tour in March, where we played fixtures against other schools and were lucky enough to get training sessions by Potchefstroom's University student-athletes. The players created new bonds between each other which gave both teams great momentum going into the school hockey season! Overall, all teams this year performed well in terms of results, participation and commitment. A few players from the school received provincial colours and were selected to represent Southern Gauteng at the various Interprovincial tournaments. Congratulations to Polite Nyoni, Thuliswa Skenjana, Zita Revell and Melody Mpe.

HOCKEY

Finally, thank you to all players, coaches, managers and parents for all your efforts and support this year! We look forward to the 2024 hockey season!

The 2023 cross country season was challenging with top class competition but this did not hinder our talented cross country athletes. The BHS cross country athletes once again won the Northern Districts League. Many of these very devoted and talented athletes juggled not only the cross country practices but also other winter sports. The temperamental weather conditions saw many meets being postponed due to lightning and rain but this did not deter the athletes and they succeeded beyond expectation this year. We are so very proud of our cross country team and can't wait to see you in action again next year.

Thank you to our captains for leading the way and being the best role models to our younger athletes. A big thank you to all the cross country coaches for your time and expertise in insuring such a successful season.

The 2023 season started with a dynamic holiday training program that led to an intra- school event that was held the first week of term 3 . This then started the athletics season in full swing.

The athletes went off to compete every Wednesday in league meetings. These meetings meant running against a mixture of league competitors from A to F league. BHS came second in our annual Torch trophy.

The athletics season culminated in the inter-high meeting held at Boksburg Athletics Stadium between Edenvale High, Krugersdorp High, Edenglen high and Bryanston. Bryanston finished 1st overall and won the B – league Inter high. The tensions and nerves were high as the score board jumped up and down between Bryanston and Edenglen.

The winners of their respective races then competed against the best athletes from every league at a prestige meeting held at Germiston Athletics Stadium.

Well done to all the athletes for an outstanding season, we have a lot of hard work ahead of us in preparation for next years A- League. A big thank you to all the coaches for their hard work and hours of coaching to ensure our B league inter high win.

Mrs I De Lange

EQUESTRIAN

SA National Schools Equestrian Association results
The Bryanston High Equestrian team were very busy this holiday at the schools league National competition representing Gauteng.

The riders competed in Eventing, Show Jumping, Prix Caprilli, Equitation and Working Hunter disciplines

The results were as follows

Kelsi White - Individual 3rd place and team 2nd place for Equitation, Team 1st place for Show Jumping

Madison Polchet - Team 1st place for Working Hunter, Individual 5th and Team 1st place for Stadium Eventing, Individual 5th and Team 2nd for Eventing

Erin Magee - Individual 5th and Team 2nd for Prix Caprilli test B, team 3rd for Prix Caprilli test A

Bryanston High came 36th out of 115 in Gauteng which is a great achievement with only 3 riders!

All 3 riders have received their Gauteng Colours through the South African National Equestrian Schools Association. The Graded Equestrian disciplines also brought some proud moments for 2023. Madison Polchet was selected to represent South Africa at the Africa Shield Eventing hosted in KZN and then the Gauteng Eventing team which competed at SA Youth Champs in July.

J Polchet

SPORTS AWARDS

FIRST AID

First aid is an integral part of any sporting event. During this year, the first aid team has worked hard to ensure every event has taken place without major injury. A course at the end of term 1 and end of term 3 ensured that the learners who are passionate about helping others become qualified individuals. These courses are essential for helping the learners work hard towards a future in first aid, or simply adding it to their skillset and achievements. As life can be unpredictable, these valuable skills are always needed wherever the learners may participate. During the year, we had several learners who excelled and worked tirelessly to achieve their colours:

FULL COLOURS:

Jessica Van Der Walt

HALF COLOURS:

Tyla Iyakannoo

JUNIOR COLOURS:

Damian Welensky

Leena Singh

These learners worked countless hours and offered up several weekends to ensure our athletes and sport-men and -women are safe when participating in their respective sport activities.

Our learners represented Bryanston High during the year's Derby days and all major sport events. These learners were also asked to assist with external events, such as the Touch Rugby Tournament.

During 2024 we hope to further the knowledge and skills of our learners.

Mr L Vermaak

BLOOD DRIVES

185 PINTS DONATED THIS YEAR!

GAFAS

CULTURE

We've got chills!...they're multiplying!... "Grease- The Musical" was ELECTRIFYING!

Putting together a well-loved, well-known musical with a team of learners who had definitely heard the songs before, but had really not known or completely understood the storyline behind "Grease" was truly an eventful experience! We had tons of laughs over jokes that "just aren't funny" as learners of the current day do not relate to past experiences. It was a ton of fun laughing together over months of preparing for this show, but make no mistake- it was a grueling experience for all involved! This cast, production, backstage and lighting team worked tirelessly to put together the most amazing production. We are immensely proud of their efforts!

Bigger than ever before, the set was wonderful, and required intense work. Parents of our backstage team should be extremely proud of them- and the skills they have learned.

Our main cast have been very involved in this production, and have given everything they have to achieve the success of the show!

Only a cast/crew member & their parents will truly understand the dedication, commitment and sacrifice required to participate in major production!

We wish our matrics well, who have taken their final bows on the BHS stage... we will miss them so much! Thank you for your dedication to major production over the years. You will leave an imprint in our hearts. Thank you to those matrics who joined the cast for the first time ever, and experienced the magic of major production!- Saying goodbye to you all is not as exciting as saying goodbye to "Sandra-Dee",- it is "the worst thing I could do"

To the cast-

As the sun has set on another amazing production, we hope you are enjoying your "summer nights"...

We've been lucky to experience your talent, and growth... and all the "magic changes" that came with it!

"We go together" as a family, a team who have argued, loved, laughed and learned.

We will forever have "Greased Lightnin" in our hearts!

GREASE is the word!

xx Major Production Team

GREASE

SOUND AND LIGHTING

The sound and lighting team this year have grown enormously, with the juniors of the school showing their interest in the activity. This year we have been through the highest of highs and the lowest of lows, making friendships along the way. It was awesome to see the sacrifices that the sound and lighting crew were willing to make to make sure that everything we did for the school was done to the best of our abilities. I am extremely proud of this year's team and what we have achieved through the year: from a successful major production to all the entrepreneurial days. I can't wait for what next year has in store for us and the challenges we will have to face. I would like to extend a special thank you to our master in charge, Mr Malebana, and for all the support he has showed us. This is the sound and lighting team for 2023 signing out!

Connor Byrne

BACKSTAGE

The chess scene at Bryanston High School has hit an all-time high in 2023. Our chess enthusiasts stepped onto the board with determination and strategic prowess, achieving remarkable feats that have elevated our school's status in the world of chess.

Participation in a multitude of leagues, including the Dainfern College Chess League, Steyn City School Chess League, and St. Peter's College Chess League, showcased the versatility of our players. Not to mention, a valiant performance at the St. Peter's College Sports Fest earned us a prestigious third-place finish among over 20 participating schools. Our A-Team clinched the top spot in the St. Peter's College Chess League, proving their mettle. Meanwhile, our B-Team outshone the competition in the Dainfern College Chess League, securing a well-deserved victory. To cap off this triumphant year, our school hosted the second Bryanston High School Chess Tournament, where over 30 learners displayed their tactical prowess, with Kashvir Dukhan, Anashe Mufandaidza, and Siddharath Kaushik emerging as the winners. As we look ahead, the future of chess at Bryanston High School is radiant, and we anticipate even more strategic conquests in the years to come.

CHESS

Spanish Club: ¡Viva el español!

This year has added yet another remarkable chapter to the Spanish Club at Bryanston High School. It has been a dynamic journey filled with both language enrichment and endless fun.

The club's mission is simple but impactful: To nurture an enduring appreciation for the Spanish language, cultivating language skills that will stand the test of time. But beyond the learning, we also make sure to infuse every moment with laughter and friendship, proving that language acquisition and having a blast can go hand in hand.

This year has been a treasure trove of memories, but as the year draws to a close, we also bid farewell to one of our own. Our exceptional matric, Vuyo (Joy) Mdlambuzi, who has been an invaluable member of our club. As we say goodbye, we extend our heartfelt wishes for success and happiness in all your future endeavours!

I welcome everyone who would like to learn a new language whilst having fun in the process to join the Spanish Club next year. We aim to create a welcoming and nurturing environment for all learners at Bryanston High School. ¡Nos vemos!

Mrs Jorden

SPANISH CLUB

DEBATING

DEBATING CHAIRPERSON:

Annabel Key

VICE CHAIRPERSON:

Sachin Charles

JUNIOR CHAIRPERSON:

Gabrielle Naidoo and Katleho Makoeng

Our junior debaters this year went up against some strong competition and had to work hard to earn their place at District Championships. The following junior debaters all received their Gold Junior Certificate: Kemaiya Persad, Magang Fongang, Gabrielle Naidoo, Kalteho Makoeng, Abhay Rajcoomar, Brooke Mestrum and Aubrey Mhepo. Special recognition goes to Kristin Norsworthy and Tiro Moyo who ranked a remarkable 24th in the league, thus achieving their full junior colours for debating. Katleho Makoeng also ranked an impressive 42nd in the league while Brooke Mestrum, a brand new Gr8 debater managed to rank a wonderful 37th. Our impressive juniors not only ranked well but also managed to progress all the way to quarterfinals at district champs this year! We are so proud of each of our young debaters and can't wait to see the amazing things they will do as senior debaters next year!

This year our senior debating teams continued to shine, showing how all their hard work and effort paid off. This incredible team managed to rank 39th of 99 teams entered! Our first team this year consisted of Annabel Key, Sachin Charles, Gareth Lewis, Inga Mdanyana and Sayandisa Gwiji, all of whom managed to achieve their full colours. Our first team did their best during the regional rounds allowing all of them to be awarded best speaker at least once. This allowed our team to progress through to the District Championships once again. Special recognition goes to Annabel Key who was not only recognised as best speaker twice, but also managed to rank overall 6th in the District of around 350 speakers! Annabel is also the recipient of the prestigious Hughes Rhetoric Trophy this year. Another debater that deserves special recognition is Gareth Lewis who offered his expertise to coach our junior debaters in addition to his own work for the first team, while also acting as an adjudicator at Junior District Regionals. We are immensely proud of our incredible first team and we will sincerely miss all of our talented Grade 12 learners. We wish them only the best in their way forward.

Our senior team this year consisted of Pako Motshweni, Kavya Kannan, Keerthana Nair, Yuvir Charles, Nhlamulo Mayekiso and Khumo Modise. This team of powerful and talented individuals worked hard and earned the rank of 45th in the league of 99 teams entered, competing and winning against teams not only older but also more experienced. This allowed them to progress and to compete at District Championships. Special recognition goes out to Pako Motshweni who, as a fantastic speaker, was recognised as best speaker twice this year. Keerthana Nair, a young debater, who in her first year of debating managed to be recognised as best speaker not only once but an astounding 3 times also deserves special recognition. We are so proud of this group of talented young debaters and look forward to seeing them grow and progress even more next year!

Miss N Stander

ENGLISH OLYMPIAD

This year the Olympiad was centred on “A better world...”. The texts were challenging and the ideas expressed in the anthology difficult, through-provoking and informative. The seven young ladies who attempted this exam were remarkable and took time to attend sessions and debate the ideas presented.

The examination was written on the 7th of March and this was a four hour exam. I am very proud of all candidates who fared extremely well. These are the results:

Jaswitha Mutyala	Silver
Tinicia Pillay	Silver +
Kaizen Musape	Gold
Anne Eldo	Silver +
Happy Modiba	Silver
Kiarah Patrisko	Bronze
Sharanya Shukla	Silver +

KEY TO THE RESULT SYMBOLS

D – DIAMOND (90 to 100%)

G – GOLD (80 to 90%)

S – SILVER (70 to 80%)

B – BRONZE (60 to 70%)

M – MERIT (50 to 60%)

P – PARTICIPATION (under 50%)

U – unclassified – did not complete paper

HOD English

LEADERSHIP IN ACTION

As we have come to the end of our term as the LIA of 2023, we would like to thank everyone for their support throughout this year. To the parents, thank you for your involvement throughout this year through sponsorship, volunteering and most importantly, your support. To the school, thank you for supporting us during all the various events that we hosted at the school. Lastly, to the teachers involved, thank you for holding our hand through this journey and helping us learn more about our strengths and weaknesses. Thank you for encouraging us and not allowing us to quit when it got tough. We have managed to raise a large sum of money which will go towards bettering our school facilities for the years to come and this would not have been possible without all your support. Thank you, once again.

LIA 2023, signing out!

THE VALENTINES BALL

The Valentine's Day ball was hosted on the 18th of February 2023. The theme of the Valentine's Day ball was "A Night in Paris" and it is safe to say that we lived up to the theme. Despite the challenge of trying to balance the preparations for the Valentine's Day assembly and the Valentine's Day ball, it was all worth it in the end because it taught us how to work under pressure and help each other out when needed. The girls came dressed up in their elegant ball gowns while the boys dashed in their well-tailored suits. We were served the most delicious dinner and then had the opportunity to dance the night away in "Paris" to the DJ's trendy music that we got to pick. We could feel the beat in our hearts. Lost in the lively music and each other's company, we danced till the very last minute. As the evening drew to a close, we left with our hearts filled with cherished memories.

Sanelisiwe Mkhwanazi

It was our final event... the last time for us to make our mark as the LIA of 2023 and boy, did we shoot and score!

Our LIA Soccer Day was hosted on three different days during the windy month of August.

The first day, 4th August 2023, was an action-packed day, where teams were competing for a spot in the next round with high hopes and a large amount of support and passion being shown. Our round of 16 knockout 1stages tournament was well underway. Teams may have lost but everyone left eager to see what the next week would bring.

The second day, 11th August 2023, even more action came as teams played off for their spot in the semi-finals. We witnessed some great quality football as well as great support from friends and peers, with a group singing performance from Porto FC after they were victorious in their game on the day.

The third and final day, 25th August 2023, the semi-finals saw the pinnacle of the tournament's talent - Brighton FC, Newcastle FC, Mumbai FC, and Porto FC - each determined to etch their names in the finals. In a nail-biting elimination match, Porto locked horns with Mumbai. Porto delivered a spectacular performance, netting an astonishing 4 goals, while Mumbai's defence remained untouched. During the half-hour interval, supporters had a chance to get some snacks from our vendors and participate in the Cross-bar challenge. Needless to say, this was so much fun. Contestants had to run on a soapy and slippery plastic-like sheet and try hit the cross-bar with plastic bags wrapped around their feet. We also had a poster competition, where our judges spotted the best poster of the day and the winner was awarded R500 cash.

After a brief but charged half-hour interval, the stage was set for the grand culmination between Brighton and Porto. The entire Bryanston High School community gathered in anticipation of what was bound to be a monumental showdown. The two teams stood as equals, the atmosphere pulsating with tension. Then, in the climax and dying embers of the match, Porto seized the moment, securing a goal that would have them crowned as champions.

Christopher Benzy, Ryan Blyth and Liam Krishnasamy.

LIA SOCCER DAY

VALENTINE'S DAY ASSEMBLY

The 2023 LIA Exec had an opportunity to do a Valentine's Day assembly for the school. This LIA group decided to do something different from the previous years. This year the LIA decided to do a 90s theme. The LIA was required to dress the part as well as dance the part using our Hip Hop moves. We also hosted a game show at school which was inspired by the famous "Family Feud" starring Thato Malaka as Steve Harvey. The game was extremely intense, but all the tension was broken down with the dances and awards during intervals. We handed out awards to students for various categories – the winners were voted by the school prior to that. This was one of the many events that showed us as a group that taking a risk sometimes pays off.

Thato Malaka

CARNIVAL DAY

Carnival Day is a much-anticipated event in our school calendar. This vibrant celebration is brought together by the school's LIA (Leadership in Action) committee and each grade 8 class. Carnival Day celebrates the culture and traditions of various countries chosen by the participating groups. It is a day where imagination knows no bounds, and students get the chance to showcase their talents and teamwork by representing their countries' food, traditional dance, and cultural clothing.

Our school is transformed into a kaleidoscope of colours with brightly decorated stalls and creative costumes. This year's countries represented at carnival day were Jamaica, India, Mexico, South Africa, USA, Mauritius, France and China. Each group performed their respective country's traditional dance in assembly for the whole school to enjoy. This provided a platform for students to shine through their dazzling performances leaving the audience in awe of our school's incredible talent. Post assembly students and teachers participated in a wide array of games and activities such as South Africa's Dance competition, Mauritius's Dunk Tank, USA's basketball competition and Mexico's face painting - day of the dead. India's breyani and Mexico's nachos were one of the many delights of the day. A sense of friendly competition was brought upon the countries to raise the most money, adding to the exciting carnival spirit. A special congratulations goes to Mauritius for raising the most money. The profits are used to improve the school's infrastructure and any other needs of the school.

Carnival Day is a reflection of our school's diversity and high-spirited community. Students from different grades and backgrounds working together to bring their unique ideas to life, fosters a sense of unity and reinforces the importance of teamwork and understanding. The memories created on this remarkable day will continue to inspire and unite us throughout the school year.

A huge congratulations to each participant in this successful and momentous celebration!

Mishalia Moodley and Caitlyn Blyth.

STRONGER TOGETHER.

BOK FRIDAY

GRADE 9 BUSINESS GAME

ESKOM SCIENCE EXPO

The Johannesburg Regional Eskom Science Expo was held at Wits University on the 29th July 2023. Congratulations to BHS learners who received medals and awards at the regional expo:

Kinisha Vairagi: Silver medal

Likitha Chundru: Gold medal, winner of the Agricultural Sciences category, special prize for sustainable development.

Keerthana Nair: Gold medal, winner of the Biomedical Sciences category, prize for best female scientist (overall).

Likitha Chundru and Keerthana Nair were selected to participate in the Eskom Expo for Young Scientists International Science Fair (ISF) held in Johannesburg from 2-6 October 2023. The science fair included delegates from across South Africa as well as other countries.

Congratulations to BHS learners who received medals and awards at the ISF:

Keerthana Nair: Gold Medal and the special award for Best Innovation Project (overall)

Likitha Chundru: Gold Medal, Soil Society of South Africa award, Bursary from the University of Pretoria, Meiring Naude Memorial Award, special award for Best Project in the Agricultural Category, special award for Best Female Scientist (overall), special award for Top Senior Scientist (overall).

Congratulations to BHS learners who performed exceptionally well in both the regional and ISF expos in 2023. We look forward to seeing what innovative projects our learners come up with in 2024!

Mrs M Lester

GRADE 8 NATURAL SCIENCE OLYMPIAD

The following Grade 8 learners, Rida Rarooq, Jeriel Kadiwa, and Kganya Chidi have showcased their remarkable academic prowess by successfully participating in a Natural Science Olympiad and advancing to the Provincial level. Their exceptional achievements in this competition have been a source of immense pride and accomplishment for Bryanston.

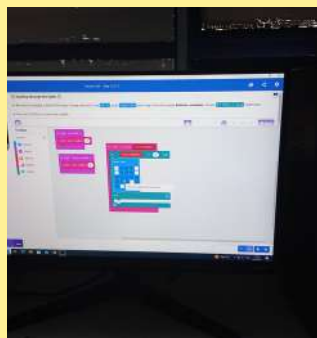

We commend their dedication, hard work, and intellectual excellence, which have enabled them to excel in this prestigious competition. We look forward to witnessing their continued success and further accomplishments in their academic journey.

Mr S Harilal

ROBOTICS AND PROGRAMMING

The Grade 8s of 2023 had quite a challenging and exciting year in IT skills. They learned how to code, develop their computational thinking skills and program their BBC micro:bit (a small little robot). They learned all about algorithms, pattern recognition and computer programming.

Computer programming languages that the Grade 8s were introduced to this year included the Blockly code for the communication to the micro:bit linked with Python and JavaScript. Lovely animations and websites were made using HTML and CSS. I am very proud of the hard work and effort shown by these learners and I encourage them to enter interschool challenges next year.

Ms McIver
CAT and IT Skills

ENTREPRENEURS DAY

HERITAGE DAY

Bryanston's blue flame spirit was soaring at our heritage day celebration.

The learners as well as staff members dressed in their cultural attire for the day. It was a feast for eyes as an eclectic mix of all heritages was celebrated.

Bryanston High embraces diversity as the one aspect that unites us as a school. It was a memorable event and a huge congratulations goes to all who were part of making this event a success.

We are truly a melting pot of beauty, culture and unity and we are so proud of it!

WHEN
KRISPY
CREME
COMES
TO
VISIT...

We're super proud of all our Bryanston boys for coming out of their comfort zones for a great cause.

It was a fantastic afternoon and in true Bryanston spirit, our boys were just amazing!

Spreading awareness, one purple Speedo at a time!

DARE DEVIL RUN

It has been a real pleasure to have had another busy and active year as the SFC Team at Bryanston High School. Our team of committed parents consists of 62 members who help to host functions, cater, and assist in all areas of the school as required. Once again, we thank all these parents for their loyalty, enthusiasm and commitment to our school.

Sarah Key, Kim Brown and Juliana Ambrosi have all added huge value to our committee and it is with sadness that we bid them, and their families farewell as they finish their tenure at Bryanston High School.

We congratulate our new incoming chairlady Vanessa Rajasakran and vice-chairlady Lynne Mestrum and wish them well as they embark on this new journey. May the SFC Team continue to grow and serve our school as it has in the past.

Bev Weir
Chairlady 2023

SFC

We were delighted to have a full and busy year of School Catering again after the lull of the past two years. Our Team was lead by our Catering Chairlady Salome Katwishi, Secretary Ntokoza Mavuso and Executive members Owethu Zulu and Lusanda Mwali. All four members of our Executive team outdid themselves during the year and their Leadership, Initiative, Skill and participation qualified them all for Full Catering Colours.

The year started with a Catering Basic 1 Course done by Mrs Weir and assisted by the executive team members. We were proud to have 23 new members qualify for their Basic 1 Catering Qualifications. Many of these new caterers went on to actively participate in the full year of Catering.

This young team are responsible for much of the hosting, set-ups, catering and serving at sports and functions throughout the school year. The marketing that they do quietly in the background is often unnoticed. These are some of the unsung heroes of our school and we salute them all!

CATERING

GARDENS

Our Bryanston High School Gardens are steeped in interesting history, having evolved from farm lands in 1968 with a cattle grid to keep out the neighbouring farm cattle to the beautiful well-manicured gardens we have today. Mrs Andrews was one of our legendary founder Biology teachers who helped to select the magnificent array of indigenous trees that were initially planted in the school grounds. Many of which still adorn our beautiful property to this day.

It was Mrs Lorraine Stafford who embarked on a mission together with our original school Gardeners Scotch and William to upgrade the gardens in the 1980s and 1990s. Hundreds of agapanthus and wind irises were sourced from the gardens in Bryanston to make our school more evergreen. New beds were dug, and more shrubs were planted around the school during that era.

Subsequent to this Linda Catto, Kiki Bakker, Heather Moskowitz and Sue Knocker have all helped to manage our gardens. Each bringing new ideas and interesting variations to the theme of our grounds. I have been fortunate to work with all these amazing ladies during my 45-year teaching tenure at Bryanston High. Not only having been part of the gardening management, but also a part of the many Arbor Day planting ceremonies during my own school career here. These Gardens speak to me of the dedication, enthusiasm and love that so many people have put in over the past fifty five years.

Sue Knocker had the idea of simplicity and has opened up many of the areas to grass and clean-cut flowerbeds. Daniel Mampa and his younger brother Jo were brought onto our school ground staff team as the innovative gardeners who have helped to transform this new look. If you take time to amble around the school you will see how much love, care and effort have been put into our grounds. Ricardo Visage has now joined Jo as the second Gardner in the team and it is thanks to them that we have such amazing gardens.

Mrs B Weir

PRIMARY SCHOOLS EXPO

ART

ART AUCTION AND EXHIBITION

The Annual Bryanston High School Art Exhibition and Auction took place at the end of term 3 in a bigger and better way than ever before. Opening on the Thursday our learners filled the hall with their art, what followed was three days of support from other learners, parents and University representatives.

We thank everyone who came to show their support for our Young Artists. We also had two budding professional artists selling their art during the exhibition and auction, Mugs by Denika and Xan's Temporary Tattoos. We are honoured to be able to assist these learners and any others in their pursuit of artistic happiness.

Stadio School of Fashion and the Bryanston High School Art Department would like to congratulate their top 3 matric exhibition spaces by presenting exciting prizes to Annabel Key, Jedidiah Strydom and Heather Williamson.

Our auction received an incredible variety of artwork from our senior artists, thank you to all who supported our auction and sale catalogue.

We look forward to seeing how we can grow and support our Young Artists.

Miss N Stander

ART

TEAM

This year the Bryanston High School Art Team continued to learn and grow as artists. We learned how to start a professional Instagram page, where many of our artists have started selling their art. Thank you to our captains who helped in every area, Annabel Key and Adam Thebus.

We have also been given the opportunity to redesign the House Banners, we will be presenting those year. We also had a team paint a mural in the rugby bathroom that really shows our Blue Flame pride. Thank you to that team, lead by Jedidiah Strydom.

Next year look out for some special surprises, our Art Team juniors have been making Good Vibe Gnomes to hide around the school. Be sure to share any good messages you may find.

Three teams were the first in Bryanston High School to face off in the St. Peters Sports and Cultural festival's Pavement Drawing competition, using the theme Quicksilver. Our teams had an amazing day, enjoying the sun and companionship of so many artists. These teams learned a lot and cannot wait to go back next year and show the other school what we are made of.

With more competitions, lessons and opportunities open to us every year we continue to grow as artists.

Miss C Palombo

CONSUMER STUDIES

2023 has offered many new opportunities to develop and grow this well developed Consumer Studies Department. Our learners are embracing the opportunity to expose themselves to the many facets of consumerism, cookery and nutrition, marketing, production, consumption, housing and interior issues, budgeting, textiles, needlework and clothing. These are the topics that fill this relevant and vibrant curricula, leaving learners with life skills that offer them career opportunities, entrepreneurial skills and lessons for life.

This year has been full of entrepreneurial opportunities, not least of which was our visit to the Indaba Hotel's Career Day.

S.Labuschagne
HOD Consumer Studies

LIFE SCIENCE

YET ANOTHER
PHENOMENAL YEAR!

BRYANSTON HIGH SCHOOL
