A proud part of the Ground Up
Motors family of brands

WHY SHOP WITH US?

- **HELP WITH THE PROJECT, NOT JUST THE PART.**

We have thousands of parts available in our inventory, ready to ship. Making it easy for us to help you find the perfect fit and get your project moving.

- **EVERYDAY SUPER SAVINGS!**

We're here to help you save with Free Shipping or 10% Off available all year and exclusive kits and bundles to save you time & money.

- **FAST SHIPPING & SATISFACTION GUARANTEE:**

Most orders are packed, shipped, and delivered within 3 days from Miami to New York and as far West as Colorado and Texas. If you are not satisfied with your purchase you can return it for an exchange or refund.

PTS-A70F

PTS-A70F-CRB

1970-72 Chevelle Pro Touring Front Spoiler Kit

This front spoiler is just what your pro-touring or resto-mod Chevelle is missing. Brand new to the market & a Ground Up Motors Exclusive, these spoilers are easy on the wallet, easier to install, and designed with enthusiasts in mind. This front spoiler kit includes the 1970-1972 Chevelle front spoiler, mounting hardware for a complete upgrade or replacement, and a detailed set of installation instructions.

Fitment:

This 1970-72 Chevelle front spoiler features a simple bolt-on application that only requires slight adjustment to the car's original structure.

Durable: Unlike some of the other spoilers on the market, Addictive Flow spoilers are made from a durable polyurethane material (similar to the material used for reproduction spoilers) that is forgiving on both the spoiler and the car. Worry no more about bottoming out and potentially damaging your beloved classic.

Customizable:

Designed with Pro-Touring & Resto-mod enthusiasts in mind! If you want to color key your new spoiler to your car, it's as simple as prepping the surface and spraying on the color of your choice.

Easy Installation: Addictive Flow spoilers have been thoroughly tested and streamlined for bolt-on application. All components and instructions are included to make installation a breeze.

Affordable:

Addictive Flow worked directly with the manufacturer to reduce costs where possible. Because of this, we can pass those savings on to our customers and supply a great looking and affordable front spoiler for your American classic

PTS-A70F	1970-72 Front Spoiler "Flat Black Look"	139.99 kit
PTS-A70F-CRB	1970-72 Front Spoiler "Carbon Fiber Look"	199.99 kit

Super Interior Kits (BLACK ONLY)

If your interior is destroyed then our Super Interior Kit is a no brainer! This kit is much more complete than the junior kit and is perfect when most of your interior is wrecked or missing! We use "Out of the Box" PUI door panels and PUI seat covers in our kits!

Pre-Assembled Bucket Seats

If you're thinking about having your original bucket seats reupholstered, consider these pre-assembled bucket seats from PUI instead! Seat backs, side covers and seat tracks are included. Just open the box and bolt them in. It's that simple. This saves hours of time and money over buying seat covers, foam and paying an interior shop a premium price to upholster your seats. Available in all factory PUI colors.

OER ORIGINAL EQUIPMENT REPRODUCTION

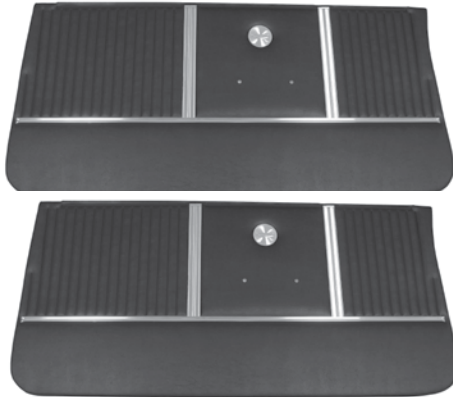

OER Interior Paint

OER's revolutionary formula provides 40% more coverage than standard dyes and lacquers and actually penetrates and molecularly bonds to the surface to permanently seal in the color. Dries to the touch in 45 seconds, forms a complete bond in just 10 minutes. UV stable and color fast, it will not crack, flake or peel. For use on vinyl, leather, ABS plastic, polycarbonate, polypropylene, polyurethane, acrylic, lexan, fiberglass and recycled plastics. These paints are designed to match our colored PUI interior products. 12oz aerosol can.

1970-72 Door Panels

Platinum Edition

PUI Platinum Edition Door Panels

These Platinum Edition door panels from PUI feature crisper, more beveled pleats just like the original. They have the original contours and dimensions because every dimension and measurement is taken from GM originals. These pre-assembled panels also include improved moldings with correctly turned edges for a cleaner, more original look.

SSDASH-GAUGE-6500-W	1971-72 SS 6500 RPM Tach	859.99 kit

1970-72 Super Sport Gauge Kits

This Chevelle Super Sport dash gauge upgrade kits comes with new gauges, tachometer, oil pressure, fuel and amp gauges. These gauges are as close to OE original as you can get. They feature the correct fonts and colors. The tach has the correct three screws and not two rivets like other incorrect reproduction. The tach also does not have a needle stop just like the original GM gauge. The fuel, oil and amp gauge come complete with their metal mounting plates. This kit is for cars with floor shift and no dash mounted gear indicator. 1970 gauges have green letters, 1971-72 have white letters.

SSDASH-6500-UP-W	1971-72 SS 6500 RPM Tach	368.99 kit

This kit does not come with a clock or speedometer.

Dakota Digital RTX Gauge Kits

The RTX series is the latest from Dakota Digital, focused on retaining that stock look without sacrificing the late-model features you love. Every effort has been put forth to incorporate OEM design elements regarding the layout, face styling and indicators. A casual glance may dismiss these as original equipment, but once you hit the switch and the LED back lighting comes on in your favorite color scheme, all doubts will be removed.

HDX-70C-CVL-S

Dakota Digital HDX Gauge Kits

Ushering in a new era of muscle machines, Chevelles have long been turned into hot rods. Keep the tradition alive and bring yours up to spec with this direct-fit instrument system! It attaches directly to a stock or reproduction bezel (available separately) and supplies you with six analog gauge sweeps and a pair of high visibility TFT message centers. Available with your choice of black or silver alloy gauge-face styling, each HDX system allows the user to select independent illumination colors for the gauge readings and needles, as well as the message centers.

VHX-64C-CVL-S-R

VHX-66C-CVL-C-B

Dakota Digital VHX Instruments

Fully lit needles, backlit faces and highly visible LCD message centers are a few of the things that you can see which set the VHX Series apart from yesterday's traditional approach to instrumentation. A few of the features which you don't normally see are the micro-controlled precision stepper motors, solid state sensors for unparalleled accuracy and user-customizable display feedback, all supported by an unrivaled limited lifetime warranty which has become the standard for Dakota Digital instrumentation systems. Completely engineered and manufactured in the USA, the VHX Series has completely revolutionized the instrumentation industry!

QuietRide AcoustiShield

The QuietRide AcoustiShield kit is a multi-stage automotive and sound dampening system to give your muscle car the quiet riding comfort found in today's new cars. AcoustiSHIELD kits are designed on current state of the art auto acoustic technology to insulate and control the noise, vibration and heat in the passenger cabin. Kits are pre-cut and come with easy to follow installation instructions: Everything you need to do the job right! The first stage consists of pre-trimmed, self-adhesive sound damper pads which are bonded to strategically located trouble spots to control body panel vibration and noise. These spots are mapped and labeled in the detailed instructions.

Complete Kits include Body, Cowl, Floor, Roof (except convertible) and Trunk Floor Kits.

Flatline Carpet & Sound Deadener Kits

Are you looking to replace your worn original Chevelle carpet with something that meets your high standards for quality and originality? Look no further than our Chevelle carpet and Flatline sound deadener kit! This is not a cheap reproduction carpet that will fade out in a year or two! These carpets feature a true 80/20 rayon and nylon looped blend and it is molded for a perfect fit. Flatline Barriers is the new leader in automotive thermal acoustic insulation products. Utilizing cutting edge technology and materials, Flatline is able to offer a solution that significantly reduces unwanted sound and heat. Did we mention that the product is ultra-lightweight as well? Extremely lighter than other insulation products, packing the same punch in sound and heat control properties. Flatline Barriers designs are created by in house automotive enthusiasts and DIYers, making our kits easy to install, logical in layout and highly effective. All of this provided to you at an extreme value. Remember the name is Flatline, it's that quiet.

Looking to replace your Chevelle or El Camino carpet with something that meets your quality and originality standards? Look no further than our ACC brand OEM carpet sets. We are proud to offer these carpets in several styles, from factory original 80/20 rayon and nylon looped blend (cut pile for 1974-77 models) to our new ESSEX Style for those who are looking for a "modern" auto style carpet seen in high end Mercedes or Porsche cars, to our "Mass Backing" carpet sets which offer factory installed sound deadening material built-in for an overall quieter, cooler and more comfortable interior. ALL of our ACC brand carpets are factory molded with correct heel pad & dimmer switch grommet for a model specific fit.

Premium Quality Console Kits

Ground Up Motors Exclusive Premium Console Kits offer a superior design! Our console bases start with a heavy and more distinct "Pebble Grain" finish like original GM. Both automatic and 4spd top plates are detailed and finished in a high quality chrome plating w/ correct flat black insert accenting. Rear lamp assembly has an even contoured fit and finish.

1968-72 Automatic

- Premium quality console shell w/ correct grain and trim • Pre-assembled lid and hinge
- Hardware for final assembly • Top plate w/ correct brushed accent and black paint
- Pre-assembled shift indicator plate w/ correct lettering

IX-68A-HQ	1968-70 w/o Push Button Lock (Green Lettering)	463.05 kit

Hurst Shifter & Installation Kit

This complete Hurst Competition Plus shifter and linkage kit includes a famous Hurst Competition Plus shifter, chrome Hurst shifter handle and white shifter ball with 4 speed pattern as well as a complete Hurst installation kit with all rods, levers, swivels and hardware. This kit will provide you with that vintage muscle car look as well as provide reliable shifts every time!

HURST-KITA64M	1964-67 Muncie.....	782.07 kit
HURST-KITA68M	1968 Muncie.....	765.87 kit
HURST-KITA69M	1969-72 Muncie.....	765.87 kit

Part Notes: Please verify that the year of your transmission matches the year of your car before ordering. 1964 to 1968 Muncie 4-speed transmissions can be identified from later models by the way the transmission arms attach. Early Muncie side covers had a stud and the shift arm attached with a nut on the stud while the 1969 and later model side covers had a hole and the shift arms attached with a bolt.

American-Retro Steering Wheels

This 15-inch American-Retro steering wheel replaces the original 17-inch stock wheel from your ride. This sporty replacement gives your car an original look, yet provides drivers the comfort and handling of a 2-inch smaller diameter modern size wheel, a benefit especially for cars converted to modern power steering. The American-Retro wheels comes complete with a chrome horn ring and a center cap. Installation is easy - just bolt it on! Paint to match.

USA-74CH67

USA-74CH68

USA 740AM/FM 300 Watts

The USA-740 offers the same classic look that Custom AutoSound has always been known for with today's latest features. Now, with built-in Bluetooth (microphone included), answer calls and get Bluetooth streaming music from your Bluetooth capable phone or Bluetooth compatible device. A solid 300-watt peak power should be all the juice you need, yet the USA-740 has Hi 4 volt, 4 channel RCA pre-outs and a subwoofer RCA pre-out for additional amplifiers. The USB input allows you to plug in a USB flash drive for playback of MP3/WMA/FLAC/WAV song files. A front 3.5mm mini jack auxiliary audio input and a rear RCA auxiliary audio input provide versatility for options like satellite radio, iPod or any portable player you wish to use. Match the dominant color of your instrument cluster with user selectable multiple LCD color choices with LCD dimmer control. The AM/FM RDS tuner shows station, song and artist on the LCD display. For those of us committed to music collections on compact disc, the USA-740 fully controls the optional Custom AutoSound CD player. Classic style with today's sound and performance taking every road and curve with you in your Chevelle.

USA-230 AM/FM 200 Watts

A great look and sound at an awesome price. This Concours series USA-230 radio has no cassette but comes with Auxiliary Input for iPod, MP3, Satellite radio, etc. Classic features with a classic look. These exciting features include:

- AM/FM Stereo • 200 Watts (4 x 50) • Auxiliary Input
- Digital Clock • Electronic Tuner • 30 Pre-sets (12AM-18FM)
- 4 Channel RCA Pre-Outs • 4 Way Fader • Power Antenna Lead

USA-63CH64

USA-63CH68

Custom AutoSound USA-630 AM/FM 240 Watts

The USA-630 is the pinnacle of 30 years of evolution in Custom AutoSound's quest for the perfect classic car radio. This radio has large OEM style push-buttons that give a perfect look in a classic dash. Although it looks classic it has the latest modern features. USB input on the back of the radio. This jack is on an 18" extension which allows you to place it in the glove box or ash tray for easy access (no unsightly wires or plugs hanging out of the front of the radio). The new alpha numeric display (30% larger than previous models) shows the song/artist/album (id3) titles during playback of MP3/WMA files. With the built-in CD controller you have complete control (no FM modulation) of CAS's 10 disc CD changer. This same CD controller also facilitates the optional iCAMKIT iPod® interface that turns your iPod on/off and charges it while giving you control to advance songs or playlist from the buttons on the radio. A great feature so you can keep the iPod hidden away in your glove box or console. With 240 watts the radio should have all the power you may need, if you want more there are four pre-out jacks on the back of the radio for optional amplifiers. The back of the radio also has auxiliary audio input for satellite radio or any portable player you may wish to use.

- AM-FM Stereo • USA/Euro Tuner • Power Antenna Lead • Alpha Numeric id3 Display for MP3/WMA files • Electronic Tuning and Volume Control • 4 way Fader • Left/ Right Balance • Digital Clock • 16 Pre-sets (12FM-4AM) • 4 Channel RCA Pre-outs
- Separate Bass and Treble • 2 Channel RCA Auxiliary Input for Satellite / iPod etc.

CAM-CH92-SBR2

Custom AutoSound Slidebar Radio

The Slidebar Radio provides the best of both worlds, a true working slidebar display and a full-featured digital display in the same stereo. Simply slide the bar in the center of the radio to the right and hide the analog slidebar revealing a full-featured digital display underneath. The slidebar is designed with large OEM style push-buttons to compliment the look of your classic car. Its digital display provides seven backlit color options designed to match the color of your dash instrumentation.

CAM-CH92-SBR2 1969-72 All 377.99 kit

SECRET-SST

Secret Audio SST

Secretaudio SST is a hidden audio system that offers great flexibility for mounting in any type of vehicle. The main receiver/amplifier unit is usually hidden under the seat or behind the dash. A 10ft cord from the Tuner/Amp plugs into a LCD display. The system can be operated from up to 40 feet away with the included RF (radio frequency remote.) Included with the system is a flush mount bezel for console or dash mounting. The small dimensions of the flush mount system allow you to install the LCD display almost anywhere. The LCD also comes with a bracket mount for easy installation in the glove box, under the dash, in the ashtray, sunvisor, console or wherever you choose. Since its only 1" deep its especially handy for custom or streetrod applications where there may be wiring or ducting routed behind the panels you wish to utilize for mounting. When your installation is finished you'll be rewarded with a quality professionally installed look.

Features:

- AM/FM Stereo 200 watts 4x50
- RF Remote Control (radio frequency no line of sight required, up to 40' range)
- USB MP3/WMA Flash Drive Player
- iPod® Direct Control Interface (built into tuner/amp unit) iPod Docking Cable Included
- Alpha Numeric LCD Display Shows Artist / Song Titles for USB, iPod® and Satellite Radio
- Satellite Radio Input (for optional Sirius® satellite radio tuner)
- Direct CD Changer Control (CD changer optional)
- Auxiliary Audio Input
- 4 Channel 3 Volt RCA Pre-Outs (for optional Amplifiers)
- Subwoofer Pre-Out (for optional Subwoofer Amplifier)
- Electronic Volume, Bass, Treble, Balance, Fader - 5 Selectable iEQ Curves - pop/jazz/classic/beat/rock
- Zero Memory Current Draw (will not drain car battery when unit not in use)
- 24 Station pre-sets (18FM / 6AM)
- 10 Foot Cable from LCD Control Panel to Black Box (tuner/amp unit)
- Power Antenna 12V Trigger Lead
- Blue LED Illumination on Buttons and LCD Display with Contrast Control
- LCD Flush Mount Trim Bezel Included
- LCD Swivel Mount Bracket Included

Antique Auto Radios

If you are looking for a radio that sounds great and looks just like your original. This Antique Auto Radio is perfect for you! Max power 180 watts, RMS 45W x 4 MOSFET on board power amplifier. Analog controls look and feel just like your original. AM dial scale in foreground looks original with a FM dial scale in background. All controls easily accessible. Volume, bass, treble, balance, fader and tuning from original looking controls. Digitally tuned AM/FM/Stereo front end provides stable, high quality reception. Shafts are the original size, for quick and accurate mounting just like your original. Also included are additional line outs and output options: 3 RCA jacks for left channel, right channel and sub-woofer, a 6 foot 3.5mm male-to-male auxiliary cable, 3.5 mm phone jack for input from iPod, satellite radio or MP3 player, switch selectable for 1,2,3 or 4 speakers, switch selectable for North America or Europe mode. Doesn't include a remote or a USB for a flashdrive or SD card port.

All Antique Automobile Radios now feature built-in Bluetooth 3.0 EDR compliance; Place and answer calls or stream your favorite programs while maintaining the original appearance! Includes a built-in microphone for HFP (hands free profile calling). HSP, A2DP, AVRCP profiles are also supported.

The System by Custom Autosound

The System solves the age old problem of where to put speakers in classics, customs and streetrods. The System allows you to keep the integrity of your vehicle intact yet enjoy quality sound like many of us have in our new cars. Satellite speakers look like AC vents and can be mounted under the dash, on the kickpanels or even the back package tray. The woofer is optionally mounted under the seat but can be mounted in the trunk if space requires it.

CAS-SYSTEM1

System 1

Flat active aluminum subwoofer enclosure with 3 channel amplifier. Two 3" mid-tweeter satellite speakers in die cast metal housings and 8" woofer. Wire remote for bass level. Amplifier installation kit included.

Factory Style Radial Tires

If you're going for an authentic Chevrolet restoration, be sure that you don't overlook the tires! Previously, this meant sacrificing modern ride quality and handling characteristics for an authentic appearance, but now you can have the best of both worlds with these modern radial tires that have a period correct appearance. This factory style Firestone Wide Oval tire is an almost exact replica of the original, engineered from the ground up to provide excellent ride quality, tread life and safety, while retaining the correct tread pattern and raised white lettering.

AFXDC46C-GUPX

AFXDC4WDS11-GUPX

1964-1972 Chevelle Ground Up Motors Exclusive 4 Wheel Disc Brake Conversions

Upgrading your Chevelle to four-wheel disc brakes is one of the easiest and most cost-effective things you can do for more driving enjoyment and increased safety. Classic Chevelles had great performance and styling from the factory but left a lot to be desired in the braking department. Upgrade your outdated braking system today with this convenient Ground Up Motors Exclusive four-wheel disc brake kit and cruise with peace of mind. This kit is complete with a front brake kit and a rear brake kit.

FBB-6

11" Delco Moraine Booster

Crafted with the same gold cadmium plating as original as well as the Delco Moraine logo stamping for the ultimate in authenticity.

FBB-6 1964-72.....198.99 ea.

FBB-3

9" Delco Moraine Booster

Crafted with the same gold cadmium plating and Delco Moraine logo as our 11" booster, this 9" booster allows more clearance when running tall valve covers.

FBB-3 1964-72.....198.99 ea.

FBB-6-UP

Power Booster w/ Upside Down Logo

Correct 11" power brake booster featuring the "upside down" Delco Moraine logo for the ultimate in authenticity. Gold cadmium plated. Includes factory correct check valve.

FBB-6-UP 1964-72 11"198.99 ea.

FPB-1102

11" Delco Style Booster

This is a brand new power brake booster crafted with the same gold cadmium plating as original.

FPB-1102 1964-72.....143.99 ea.

FPB-9022

9" Delco Style Booster

This is a brand new power brake booster crafted with the same gold cadmium plating as original. This 9" booster allows more clearance when running tall valve covers.

FPB-9022 1964-72.....198.99 ea.

FPB-1003C

Chrome Booster

This is a brand new power brake booster crafted with chrome plating to set your car apart from others.

FPB-9021C 1964-72 9"261.99 ea.
FPB-1003C 1964-72 11"198.99 ea.

FPB-7137C

7" Dual Slimline Booster

A good booster when room is tight. Great for big block cars with tall valve covers. Roughly the same assist as a 9" single booster.

FPB-7537 1964-72 Gold.....109.95 ea.
FPB-7537C 1964-72 Chrome.....119.95 ea.

FPB-8131

8" Dual Slimline Booster

Our most powerful Slimline booster. 10-15% more assist than a 9" single. Compact enough to fit most applications.

FPB-8531 1964-72 Gold.....115.99 ea.

FPB-9002S

9" Single Slimline Booster

Nice clean looks and performance that won't disappoint. A good choice if you're undecided on which booster to get.

FPB-9102 1964-72 Gold143.99 ea.

FBLK-100

1964-66 Distribution Blocks

Correct factory drum brake distribution block. It is the correct size, shape and thickness. Made of brass with a phosphate bracket.

FBLK-100 1964-65 Single Master.....20.99 ea.

FPR-114

1967-68 Pro Valve

Correct brake proportioning valve for factory original disc brakes. This valve is located under the master cylinder and includes the bracket.

FPR-114 1967-68 w/ PDB 99.99 ea.

FPV-89

1969 Pro Valve

Correct brake proportioning valve for factory original disc brakes. This valve is located under the master cylinder. Bracket & boot not included.

FPV-89 1969 w/ PDB 96.99 ea.

FPV-7

1970 Pro Valve

Correct brake proportioning valve for factory original disc brakes. This valve is located under the master cylinder and includes the bracket.

FPV-7 1970 w/ PDB 89.99 ea.

FPR-102

1971-77 Pro Valve

Exact to original concourse level proportioning valve with correct wire lead for direct replacement.

FPR-102 1971-77 w/ PDB79.99 ea.

GM Style Replacement Pro Valve Kit

These are the same pro-valve kits that are used in our disc brake conversion kits to provide correct front to rear balancing. Complete with valve, bracket, hardware and brake warning light harness.

PVK-71COMBOKIT Front Disc 101.99 kit
 PVK-72COMBOKIT 4 Wheel Disc 101.99 kit
No Volume Discount.

PVK-71CK

Chrome Pro Valve Kit

Includes a new valve, bracket, hardware and a brake warning light harness. This kit is meant for someone putting together their own non-original disc brake setup and is required for proper front to rear balancing.

PVK-71CK Front Disc 146.99 kit
 PVK-72CK 4 Wheel Disc 146.99 kit
Will NOT work with original lines!

FBRK-04

1971-72 Valve Bracket

Correct reproduction of this proportioning valve bracket unique to 1971-72 Chevelles.

FBRK-04 1971-72 29.99 ea.

HURST-1745000

Hurst Roll Control Line Lock

Used primarily in drag racing to provide positive locking action to the front wheels of race cars, reducing the chance of "Rolling the Lights" and producing more effective "Burn Outs" for heating up the tires. Rigorous testing has proved a 1/100,000 of a second release time and vibration tests have seen up to 30 G's applied without mechanical failure. Adaptable to most domestic and import hydraulic brake systems.

UMI Performance UMI-406503-B

UMI Corner Max Handling Kit

UMI's Corner Max front end kits are a comprehensive system with our best corner carving parts under one easy to find part number. The Corner Max system combines geometry corrected a-arms with tall ball joints, higher rate springs, UMI rebound adjustable monotube shocks, heavy duty sway bar and a bump steer kit. The foundation of the kit includes our coilover-only lower a-arms featuring caster improvement, tall ball joints and the ability to remove the spring and shock without taking the spindle apart. The upper a-arm features rod ends for smooth operation and the ability to adjust without shims. The 1-5/16th inch sway bar upgrade complete with UMI's fabricated end links reduces body roll and helps speed transitions. Racing coilover springs are paired with UMI's rebound adjustable coilover monotube shocks. Fine tuning is accomplished with a UMI bump steer kit. Insert color choice: R_Red, B_Black

DSE Tubular Control Arm and Forged Spindle Kit

The DSE spindle is 1-1/2 inches taller than the stock Chevelle spindle and provides 2 inches of drop from stock height. The taller spindle height improves handling by modifying the camber curve resulting in a negative camber gain during suspension compression. The stock steering arms mount in the optimal location to minimize bump steer. Detroit Speed's tubular upper control arms provide increased strength and additional positive caster. DSE's lower tubular control arms feature a robust tubular design with gussets and a cross brace. Uppers and lowers feature five axis laser cut tube ends and ball joint pockets for a precise fit.

DSE030104	1964-66 All	DSE030104	2295.99 kit
DSE030105	1967-72 All		2349.99 kit

Installation should be followed by a professional alignment. When using stock disc brakes, the stock caliper brackets will have to be notched out slightly to fit the DSE spindles. Ships Oversized. Not eligible for free shipping. No Volume Discount.

DSE03175

DSE Camber/Caster Kit

This kit allows you to adjust camber easily with our one-piece slotted camber shims. Each shim is machined from 6061 aluminum and is then anodized black for durability. Includes four 1/16" shims, four 1/8" shims and two 1/4" shims.

UCA6472-KIT

Economy Tubular Control Arms

Economy upper and lower control arms come complete with ball joints and cross shafts and sway bar endlinks. Improve your front suspension with increased caster built into the arm. Arms are made from large diameter DOM tubing. These specially made arms are designed to fix camber angle problems caused from using drop spindles or drop coils. This set is for the budget minded guy looking to install a set of upper and lower tubular arms with out breaking the bank.

UMI Upper & Lower Tubular A-Arms

The stock geometry lower a-arms, which work with most popular springs and coil-overs, feature tough tubular construction with greasable polyurethane bushings for precise handling and smooth suspension motion. Optional Delrin® bushings offer additional precision and decreased friction. The ball joint mount is angled slightly from stock to permit usage with lowered vehicles and the design offers additional wheel clearance. The tubular upper a-arms feature Delrin® bushings as well as billet chromoly cross shafts. The relocated ball joint mounting pad increases caster, steering feel and stability without excessive shims and can be loaded with 1/2" taller upper ball joints to improve camber performance. Red or black powder coat finish guarantees your performance parts stay looking new. Included with each kit are recommended alignment specs along with detailed installation instructions. Insert color choice in __. R = Red B = Black

Tall Ball Joint Option: UMI is proud to offer a number of tall ball joint options. In addition to standard height ball joints, we offer 0.5" tall lower and both 0.5" and 0.9" tall upper. Additional ball joint height functions the same as adding a taller spindle at a fraction of the cost. Drag and cruising oriented cars work fine with standard height while tall ball joints optimize cornering ability. No Volume Discount. Not eligible for free shipping.

UMI-403534-R

UMI Front & Rear Sway Bars

UMI Performance Chevelle solid sway bars are designed to reduce body roll, understeer and increase cornering capabilities resulting in a more balanced suspension. UMI Performance sway bars are manufactured from 4140 chromoly steel and formed as one piece to ensure maximum strength and performance. The rear sway bar is heat treated to maintain longer memory than a cold bent sway bar. The front sway bar is CNC bent for a precision fit. Comes with poly end links and bushings. Available powder coated bright red or gloss black for a durable long lasting finish. Insert your color choice at the end of the part number in __. R = Red B = Black

UMI Performance Rear Control Arms

UMI's direct replacement lower control arms are designed to improve traction by replacing worn out factory bushings and weak stamped material. UMI offers a large variety of rear control arms designed for virtually any application. All control arms feature reinforced sway bar holes and are supplied with polyurethane bushings or Teflon® lined rod ends. Roto-Joints, which offer a good compromise between firm polyurethane bushings, soft rubber bushings and spherical rod ends are also available. The upper control arms are direct replacements to minimize wheel hop, improve cornering and help track consistency. They feature TIG and MIG welded construction and are assembled with polyurethane bushings, spherical rod ends or Roto-Joints.

Lower Standards Heavy Duty Cromoly

These race style control arms are designed for aftermarket sway bars that do not attach to the control arms; control arms are supplied with no sway bar holes.

UMI-4023CM-__	1964-72 Double Adjustable Rod Ends F/R	319.99 pr.
UMI-40230FCM-__	1964-72 Double Adjustable Rod Ends F/R Offset Ends*	329.99 pr.

*These feature offset aluminum bushings and smaller diameter tubing that place the control arm inward for additional clearance when running large tires. No Volume Discount.

UMI-4022-B

UMI Lower Control Lift Bars

The UMI rear lift bars replace the factory rear control arms adding traction while not changing vehicle ride height. Lift bars work with axle torque to load the chassis of the car, forcing the rear wheels downward pushing the tires into the ground, resulting in harder launches and improved 60-foot times. Lift bars are designed to improve traction and reduce unwanted wheel hop. Lift bars feature greaseable polyurethane bushings which are designed to reduce bushing deflection while being street able. Lift bar kit features the correct provisions for adding a stock or aftermarket sway bar, the sway bar holes are placed in the correct pattern to maintain the sway bar level with the rear end while the lift bar is in the lowest hole. The rear mounting brackets feature three settings that allow the lift bar to be lowered 2, 2-3/4 or 3-1/4".

UMI-4012-R

UMI-4010

UMI Lower Control Arm Relocation Kits

Optimize your Chevelle's instant center and improve forward traction by lowering the rear of the lower control arm 2, 2-3/4 or 3-1/4. These brackets are CAD designed to accommodate factory lower control arms as well as all popular aftermarket styles. Robust flanges inside the brackets add reinforcement and ensure factory bushings bolt right in. Brackets installed can provide an average 0.10 second (or better) 60-foot reduction and an overall improvement in launch consistency. Brackets are constructed of 3/16 mild steel and CNC laser cut for precision tolerances. Relocation brackets are designed to work on both lowered and non-lowered vehicles and feature multiple settings to optimize vehicle handling and traction.

UMI Pro-Touring Rear Suspension Kit

UMI's new pro-touring kit features all of our top of the line Pro-Tour style components in one convenient package. The GM A-Body lower control arms are loaded with Roto-Joints on each end and feature TIG welded sway bar sleeves along with the awesome articulation of the double Roto-UMI's. The upper arms have Roto-Joints on one end and are fully adjustable to set pinion angle and lateral location. Our new 2999 Roto-Joint axle housing bushing completes the package and ensures bind-free articulation. This 8 Roto-Joint package is the ultimate combination of street comfort and race winning capability. For Pro-Tour cars that see highway use, this kit is like having rod end suspension that just happens to be comfortable. 100% manufactured with pride in Philipsburg, PA - USA.

UMI-4029-R

UMI Trailing Arm Reinforcements/Frame Braces

Trailing arm mount braces are designed to reinforce the upper and lower front control arm mounts on your classic Chevelle. The more power your ride makes the better chance of bending or breaking the rear control arm mounts. These tubular reinforcements tie the upper and lower control arm mounts together for added strength and driving performance. Control arm braces are manufactured from DOM steel; TIG welded and feature adjustment for a perfect fit on all Chevelles. Kit includes new longer Grade 8 hardware, nuts and washers.

DSE042201

DSE Tubular Rear Sway Bar Kit

Unlike the factory A Body sway bar, DSE's rear sway bar attaches to the rear end housing and to the chassis crossmember as opposed to the stock lower control arm mounted bar. By using the chassis to stabilize the rear axle as opposed to the stock lower control arm, deflection is minimized as the car is placed under a heavy cornering load.

DSE041603

DSE Rear Speed Kit 1

Detroit Speed and Engineering's rear Speed Kits are designed to make your Chevelle maintain optimum geometry and tire contact through the full range of rear suspension travel. Through the use of DSE's patented Swivel Links, the rear end housing becomes fully articulated, without the use of noisy spherical heim joints.

Speed Kit 1 contains: • Swivel Link Rear Control Arms • DSE Chassis Brace Kit

DSE041603	1964-67 All	1239.99 kit
DSE041604	1968-72 All	1199.99 kit

**Does not include chassis brace. Ships in Multiple Oversize Boxes. Not eligible for free shipping. No Volume Discount.*

DSE041609

DSE Rear Speed Kit 2

DSE's Speed Kit 2 includes everything in Speed Kit 1, but also gives you a DSE tubular rear sway bar which attaches to the chassis for a substantial improvement in cornering ability.

Speed Kit 2 contains: • Swivel Link Rear Control Arms • DSE Chassis Brace Kit • DSE Rear Coil Springs • Koni Classic Shock Absorbers • DSE Tubular Rear Sway Bar Kit

DSE042106

DSE Swivel Link Kit

DSE's unique A/G Body rear trailing links incorporate our patented Swivel-Link™ system. These Swivel-Links™ eliminate bind and allows the suspension to fully articulate without the use of noisy spherical rod ends. Swivel-Link™ Rear Links allow for easy pinion angle adjustment for improved traction and lower driveline vibrations.

DSE042106	1973-77 All	999.99 kit
-----------	-------------	------------

Not eligible for free shipping. No Volume Discount.

DSE042301

DSE Chassis Brace Kit

DSE's chassis brace kit offers substantial improvements over the original rear chassis braces. By triangulating the rear crossmember, frame rail and upper control arm mount, rear chassis deflection is reduced.

DSE042301	1964-72 All	306.99 pr.
-----------	-------------	------------

Designed as a bolt-in for cars originally equipped with chassis braces, but can be installed on cars without original chassis braces with minimal effort.

DSE Drop Coil Springs

Give your Chevelle a modern pro touring stance while improving ride and handling with Detroit Speed and Engineering's new A-Body coil springs! These 2 inch dropped springs offer improvement in both ride and handling over soft factory coils.

AAS-300102

Aldan American Coilover Kits

Aldan Road Comp kits are designed to convert your suspension to coilovers. Aldan Phantom Series, single adjustable coilovers deliver superior handling and ride quality for a drastic improvement over stock suspension. Aldan high tensile, high travel coil-springs provide greater consistency over stock springs. Aldan's rear bolt-on shock absorber kit includes 2 TrueLine Series shocks, 2 brackets, 2 T-Bars and hardware. Uses OEM shock mounting locations. TrueLine adjustable shock absorbers are designed to work with factory and aftermarket springs to add a more consistent, smoother ride.

QA1-52537

QA1 Upper & Lower Tubular Control Arms

QA1's GM 2.0 Control Arms provide increased positive caster compared to OE arms, are among the lightest arms available featuring lower unsprung weight and improved performance without sacrificing durability. They include QA1's integrated ball joint design: stronger than OEM and rebuildable for tunability, providing long-term reliable service. These arms feature billet cross shafts for reduced weight and durability for the long haul. Double-shear lower mounts are coil-over ready for a clean installation. QA1 GM 2.0 Control Arms look incredible and use no unsightly additional adapters! Form meets function - these newly designed arms look and perform great and don't require painstaking restoring like factory stamped steel control arms. High strength, low alloy steel enables optimized thinner wall construction and results in overall lighter weight. QA1's integrated low-maintenance ball joints feature integrated ball joint dust boots, are stronger than competing ball joints, give long-term service and are rebuildable. QA1 GM 2.0 Control Arms will work with either OE or drop spindles. Increased positive caster design improves straight line stability. Mounts in OE location with no cutting, fabricating, or welding required. Accommodates either factory or aftermarket disc brakes. All of these arms are designed to add 3-4 degrees of caster and 0.5 to 1 degree of negative camber when used together (i.e. upper & lower). When used independently they will add approximately half of the preceding numbers. All parts sold in pairs and including mounting hardware. Made in the USA.

QA1

QA1-5249

QA1-5204

QA1 Rear Trailing Arms

All QA1 upper tubular and lower boxed trailing arms use polyurethane bushings on both ends, while upper adjustable and lower tubular trailing arms use a spherical ball or rod end assembly on the chassis end to eliminate bushing bind, allowing the suspension to move smoother for better control. This keeps the tires planted firmly on the ground for improved traction and a more predictable, better handling car. For a long-lasting finish, tubular and boxed trailing arms are powder coated gloss black, while the adjustable arms are zinc plated and anodized. Made in the USA.

QA1-GS501-10400A

QA1-MG401-10650C

QA1 Front Coilover Shock Kits

The QA1 Pro Coil System is a great option for anyone looking for fully adjustable ride height and valving control. Choose a spring rate and adjust ability that fits your driving style, adjust the valving to match and you are on your way. These shocks also utilize a fully threaded body that allows you to adjust your ride height for the perfect stance or to finely tune the weight balance for superior handling. Specially designed for QA1's Pro Coil Systems, the American-made lightweight high travel springs have fewer coils and a smaller wire diameter, resulting in increased travel due to the larger distance between the coils. They reduce unsprung weight and react faster, optimizing suspension performance. Adjustable Pro Coil System Features: Available in MOD Series, independent compression and rebound double adjustable, simultaneous compression and rebound adjustable, or Drag R Series adjustable. Lightweight Billet Aluminum Coilover Shocks High Travel Springs Easy, Bolt-In Installation Ride Height Adjustable. Made in the USA

Small Block Included spring rate: 400 Lbs. ideal for front axle weight between 1801-1900 Lbs.

QA1 Rear Coilover Shock Kits

QA1 bolt-in rear coilover conversion kits. These kits include specially designed USA made mounting brackets, single, double or MOD Series adjustable aluminum shocks, springs and all necessary hardware. Single adjustable shocks provide 18 positions of simultaneous rebound and compression adjustment while QA1's double adjustable shocks provide 18 positions of compression adjustment and 18 positions of rebound adjustment, for a total of 324 possible valving combinations. MOD Series shocks also feature a double adjustable design but include adjustable low-speed bleed as well for fully independent control over compression and rebound characteristics. These shocks also utilize a fully threaded body allowing for ride height adjust ability. Multiple spring rate options are also available, and have been successfully tested in various applications, from casual street driving to hardcore race applications. With our highly popular adjustable struts and the addition of the rear coilover conversion kit, you can now get a complete suspension makeover for both ends of the vehicle. Bolt-In installation. Made in the USA.

Included spring rate: 130 Lbs. ideal for soft ride feel.

QA1 Sway Bars

Give your chassis the stability it needs to keep your tires planted on the road. These sway bars are an easy bolt-on upgrade to help reduce body roll and handle corners better. For maximum strength and durability, QA1 sway bars are manufactured from either lightweight hollow-core (4130) chromoly steel or heavy duty solid-core (1045) cold formed steel. The bars are formed using precision CNC equipment for a true bolt-on installation, then gloss black powder coated for durability and corrosion resistance. Sway bars include new mounting components to replace old and worn out sway bar bushings and end links. Made in the USA.

HURST-67510020

Hurst Transmission Swap Crossmembers

These ultra-trick Hurst transmission crossmembers have painstakingly been designed and fabricated from thick steel plate and heavy gauge steel tubing for a perfect fit and finish that has no equal. These bolt-in units are much stronger than the factory stock crossmembers and help maintain the correct transmission and driveshaft angle. Precision cut and fully MIG-welded, then given a durable black powder coating finish to last a lifetime and give you peace of mind knowing you're buying the best parts available for your Tremec TKO 5-Speed or Magnum 6-Speed conversions. You can surely trust the company that originally started out making conversion mounts back in 1958, Hurst Performance.

HOL-319-575

LS Clutch And Flywheel Kit

This Kit includes all the hardware and components needed for a complete clutch install on a 6-bolt crank LS engine using a T-56 transmission. A 12-inch organic disc with 6 spring helix sprung hub provides superior grip needed for the strip, while the matched diaphragm style pressure plate provides a pedal feel comfortable enough for the street. This provides 30 percent more clamping pressure and transmits that through a billet steel flywheel.

Muncie - Hurst Adapter

This handy bracket allows you to bolt up your original Muncie shifter handle to a Hurst shifter. The original Muncie handle featured a top mount design while the Hurst handle features a side mount design. The Hurst design is much stronger. Once your shifter boot is on, no one will know it isn't stock!

FHB-64 1964-67.....69.99 ea.

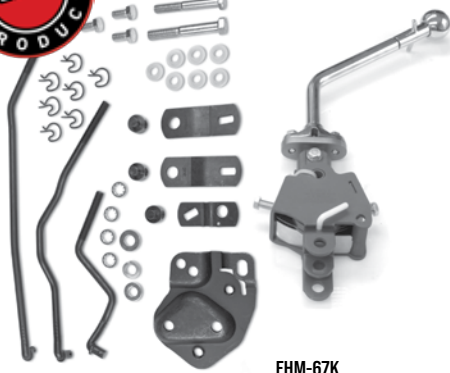

Hurst Shifter & Installation Kit

This complete Hurst Competition Plus shifter and linkage kit includes a famous Hurst Competition Plus shifter, chrome Hurst shifter handle and white shifter ball with 4 speed pattern as well as a complete Hurst installation kit with all rods, levers, swivels and hardware. This kit will provide you with that vintage muscle car look as well as provide reliable shifts every time!

HURST-KITA64M 1964-67 Muncie.....782.07 kit
 HURST-KITA68M 1968 Muncie.....765.87 kit
 HURST-KITA69M 1969-72 Muncie.....765.87 kit

Part Notes: Please verify that the year of your transmission matches the year of your car before ordering. 1964 to 1968 Muncie 4-speed transmissions can be identified from later models by the way the transmission arms attach. Early Muncie side covers had a stud and the shift arm attached with a nut on the stud while the 1969 and later model side covers had a hole and the shift arms attached with a bolt.

FHM-67K

FHM-69K

Hurst/Muncie Shifter Kit

This Ground Up Motors exclusive Hurst/Muncie shifter kit allows you to keep an original style Muncie shifter handle and mate it to a Hurst shifter and linkage. Original Muncie shifters performed very poorly, so we created this exclusive kit to keep your car looking original while utilizing the strength and reliability of a bullet proof Hurst Competition Plus shifter. Everything under the shifter handle is covered by your shifter boot so no one will be able to tell it isn't stock.

B&M Automatic Floor Shifters

From the originator of high performance manual shifters our line of performance, street and racing shifters for automatic transmissions won't let you down. With classic good looks and proven mechanical designs giving choices of either positive ratcheting actions or gated racing shifters, provide positive shifts guaranteeing you won't miss a shift when it counts.

Starshifter

Features include NHRA/ IHRA reverse lockout, backup light switch, neutral safety switch, polished T-handle. Cable operated for quick installation and accurate shifting.

BM-80675 All 2&3 Speed289.99 ea.

Megashifter

The B&M Megashifter has it all, form, function and classic style. This all adds up to bring you a quality shifter that's been one of the most popular automatic shifters of all time. First off let's talk function. The Megashifter's positive ratcheting function won't allow you to over shift and miss a gear at that critical moment, along with the reverse lockout feature meets NHRA/IHRA safety rules for those weekend grudge races at the track. The look and feel of the T-handle and accordion style shift boot really shows off the racing heritage of the Megashifter.

BM-80690 All 2,3,4 Speed 449.99 ea.

Quicksilver

The B&M Quicksilver features a ratcheting action for positive shifts, Chrome Knob, neutral safety switch, NHRA/IHRA approved reverse lockout.

BM-80683 All 2,3,4 Speed 415.99 ea.

Hammer

The Hammer shifter may just be the most comfortable and versatile shifter available. The unique design of the shift handle easily fits all sizes of hands providing the best wrist angle and feel when shifting.

BM-80885 All 2,3,4 Speed 319.99 ea.

Pro Stick

The Original Pro Stick shifter delivers rock-solid performance, mixed with clean design cues and compact size. This is why you see so many Pro Stick shifters at the race track.

BM-80706 All 2,3,4 Speed 409.99 ea.

Stealth Magnum Pro Stick

The Stealth Magnum Grip Pro Stick shifter delivers rock-solid performance, mixed with clean design cues and compact size.

BM-81052 All 2,3,4 Speed399.99 ea.

Pro Ratchet

The Pro Ratchet shifter is one of our most popular and easiest to operate race shifters. Features include a positive ratcheting design that self-centers the handle after each shift giving you maximum clearance behind the shifter and won't allow you to miss a shift by over-shifting a gear. This versatile shifter will operate both forward and reverse shift patterns.

BM-80840 All Silver 2 Speed Powerglide399.99 ea.

BM-80842 All Silver 3,4 Speed*399.99 ea.

BM-80843 All Carbon 3,4 Speed*399.99 ea.

Hurst Automatic Shifters

From the originator of high performance manual shifters, is our line of performance street and racing shifters for automatic transmissions that won't let you down. With classic good looks and proven mechanical designs giving choices of either positive ratcheting actions, or gated racing shifters providing positive shifts guaranteeing you won't miss a shift when it counts.

Pro-Matic 2

Ratchet-action shifter with its chrome-plated stick and black knob is quality engineered for years of precise, trouble-free operation. Once the shifter is installed, the textured console and brilliant top cover that can be trimmed to fit any floor contour integrates the shifter with the interior.

HURST-3838500 All 3 Speed399.99 ea.

V-Matic 3 Shifter

Designed with a park and reverse lock trigger actuating system that allows smooth and flawless ratcheting through the forward gears.

HURST-3838530 All 3 & 4 Speed.....449.99 ea.

Quarter Stick

The Quarter Stick shifter provides positive gear change control for both street and race applications. Its compact size fits easily in racecars with limited space and is very lightweight at only 2.5 pounds. Features include black oxide coated steel construction, 1018 hardened steel gate plate, forged aluminum shift stick with 7/16-20 tpi and a classic white Hurst shift knob.

B&M Differential Covers

B&M Cast Aluminum Differential Covers are designed to strengthen the differential by preventing case distortion and ring gear & bearing cap deflection. Constructed of A356.0-T6 aluminum, these rugged covers significantly increase the fluid capacity and dissipate heat much faster than the stock factory unit to prolong the life of your ring and pinion gears.

HOL-19-105

1964-72 Sniper Fuel Injection Fuel Tanks

Converting the carbureted fuel system on your car or truck over to EFI can be a daunting task. We have made this conversion easy with our complete tank and fuel system kits! The heart of a fuel system begins with the fuel tank. When converting to EFI, it is crucial that you do not contaminate your new parts with dirt, rust, and sludge from an old fuel tank. Sniper fuel tanks are designed to meet or exceed the quality of your factory fuel tank. Sniper tanks are made from steel with a galvanized finish that are manufactured to the OEM specifications for your Chevelle or El Camino.

Chevelle Tank With Pump & Sender

HOL-19-105	1964-67* 550HP	629.96 ea.

HOL-12834

Holley Chrome Fuel Pumps

Mechanical pumps designed to work with stock or mildly modified engines.

Free-flow output of 80 GPH (SB) or 80-130 GPH (BB). Body castings can be rotated 360-degrees to ease mounting in difficult places. Heavy duty construction can withstand long periods at high RPM. 1/4" (SB) 3/8" (BB) pipe thread inlet and outlet ports.

HOL-12834	Small Block.....	107.96 ea.
HOL-12835	Big Block	107.96 ea.

Note: Not compatible with methanol or alcohol. Cannot be used with fuel injection systems.

QF-30-350QFT

Quick Fuel Technology Fuel Pumps

For the street cruiser, it's tough to beat the simplicity and reliability of a mechanical fuel pump. Quick Fuel Technology's mechanical pumps flow 110 gallons per hour and utilize lightweight aluminum housings. They feature integrated shutoff valves that are preset at 6.5- to 8 psi, eliminating the need for a separate pressure regulator. For added installation flexibility, the pump casting can be rotated to accommodate various plumbing configurations. 3/8" NPT threads. Gasoline only.

QF-30-350QFT	Small Block.....	116.96 ea.
QF-30-454QFT	Big Block.....	134.96 ea.

No Volume Discount.

QF-30-125-10FT

Quick Fuel Technology Electric Fuel Pumps

QFT's electric fuel pumps are perfect for combinations that are neither stock nor all out race cars. These pumps flow more than enough fuel to support between 400-750 hp. Mounting hardware and brackets are included.

- 125 GPH Flow Rate
- 14 PSI Maximum Pressure
- Features 3/8" NPT Inlets and Outlets
- Draws 4 Amps or Less at Full Load
- For Carbureted Gasoline Applications Only

QF-30-125-10FT	Pump Only	134.96 ea.

Holley

HOL-12-426

Holley Electric Fuel Pumps

Holley is proud to introduce the all new Holley Mighty Mite™ electric fuel pumps! They're big on performance, but small in size!

They're quiet, easy to install and work with gas, diesel, blended alcohol and E85!

12 volt operation . 25 gal/hr flow . Good for up to 300HP naturally aspirated. Simple 2 wire hookup. Self-priming and regulating. Quiet operation - 65db. Hose barbs fit 5/16" Fuel Hose . Made in the USA

HOL-12-426	All 25 GPH 1.5-4 PSI	59.36 ea.
HOL-12-427	All 32 GPH 4-7 PSI	59.36 ea.

No Volume Discount.

Holley

HOL-12-803BP

Holley Fuel Pressure Regulator

Holley fuel pressure regulators are designed to precisely control the fuel pressure from the fuel pump to the carburetor. Too much fuel pressure for a given needle and seat assembly will overload and may cause flooding or drivability problems. Each Holley fuel pressure regulator is fully adjustable so regulating the fuel pressure to your engines needs is simple.

12 volt operation. Preset to 7psi. 3/8" NPT ports (1 in, 1 out, 1 bypass or return). Used in systems with a return line back to the fuel tank

HOL-12-803BP	All Carbureted.....	107.96 ea.

Pypes Performance Header Back Exhaust Systems

Pypes Exhaust Systems are designed to deliver enhanced performance, provide extra punch in the passing lane and improve gas mileage. The smooth, 16 gauge, mandrel-bent, Stainless steel pipe ensures maximum exhaust gas flow, which can significantly boost horsepower. The stainless steel construction of the pipes and mufflers enables them to resist corrosion, extending the life of the system. Pypes systems come complete with a pair of precision matched Pypes mufflers, correct tailpipes, clamps and hangers. Can be installed at home without any special tools.

Hooker Cast Iron LS Exhaust Manifolds

Hooker cast iron exhaust manifolds have been designed to hug close to the engine block so they fit into a wide variety of replacement and engine-swap applications. Their contoured design aims the exhaust directly at the exit port for improved flow. Being cast iron means they will provide years of leak-free performance with less under hood noise than traditional headers. Plus, their shorty design means you can route exhaust tubing close to your frame/floor pan for maximum ground clearance. "Hook" up your GM LS engine with Hooker cast iron manifolds today!

- Intended for all GM LS (except LS7 and LS9) engine swap applications where durability, quiet operation, emissions compliance and leak-free sealing is desired
- Cast from Hi-Silicon-Moly Ductile Iron to provide durability and corrosion resistance
- 2.25-inch outlet diameter
- Free-flowing for good performance and catalytic converter efficiency
- Recommended for strong performance on engines making up to 500 horsepower

FLOW-814110

Flowmaster Scavenger Series Elite Long Tube Headers

Scavenger Series Elite long tube headers deliver maximum performance and are suited to the enthusiast who wants the best. Like all Flowmaster products the benefits include improved throttle response, power and engine efficiency. Designed for an easy fit these headers include gaskets and necessary hardware for easy installation.

- Ball & socket collector
- Ceramic coated
- 0.375 thick laser cut flanges
- 3 inch collector outlet

Flowtech Afterburner Headers

Flowtech's Afterburner Turbo Chamber Headers represent the first new major design change in exhaust technology in decades. This design combines the race-proven 4 into 1 design with the torque managing capabilities of a Tri-Y header. The turbo chamber helps smooth out exhaust turbulence for increased performance and a broad power curve.

- Horsepower and torque increased over conventional header design
- Big 3" secondary collector for reduced back pressure
- Tuned-length primary tubes combine with velocity tube to smooth out exhaust pulses
- All hardware and premium gaskets included for a complete installation
- Patented Velocity tube increases cylinder scavenging

Flowtech Mid-Length Headers

Flowtech headers are the perfect combination of performance and value. Flowtech Mid-Length headers are precision engineered using mandrel bent tubing, formed collectors and 5/16" flanges with sealing rings for a leak-free seal.

- Tuned-length primary tubes for street performance
- Mandrel-bent tubing for smooth exhaust flow
- Light weight & sturdy 16 gauge tubing
- Mandrel-formed Power Plenum collector for low back pressure
- Sturdy, leak-tested O-Ring port seals
- Engineered for an easy, trouble-free precision fit
- Includes all mounting hardware and premium gaskets

HKR-2451HKR

HKR-2455-2HKR

Hooker Competition Headers

Hooker Competition headers offer the best value in the high performance header market. Designed for the value-conscious buyer who is running either a "stock" or "mildly-modified" engine, these headers offer premium features at a very competitive price. Made of durable 16 gauge mild steel tubing, header design utilizes a long transition collector to reduce back pressure and increase exhaust flow. A perfect sealing surface is assured with the 5/16" machined flanges, with welded O-ring seals. Experience has proven that this flange size is ideal to maintain header integrity and be pliable enough to seal each exhaust port. Tubing is mandrel-bent to maintain metal strength and provide consistent tube diameter at radii to maximize performance.

- All necessary hardware included for a complete installation
- Designed for easy, trouble-free fit
- Industry's best welds for durability
- Long transition collector for decreased back pressure
- Tuned-length primary tubes for street performance

AFS-1912 1971-75 SB 29.5" Wide..... 174.99 ea.

AFS-71B2 1971-75 BB 28" Core 29 5/8" W x 18 1/2" H..... 119.99 ea.

**This fan shroud duplicates the original GM fan shroud part number 6261914 used on all 1969-70 SS396 or SS454 models. This shroud was used on both standard 26" core radiators as well as heavy duty 28" core radiators. This shroud did not fully cover the entire 28" radiator but this is correct. Use our AFS-71B2 if you wish to cover your entire 28" radiator.*

**1971-72 uses a 2 piece design. 26" core is standard, 28" core is HD.*

Note: Minor drilling and trimming required for install.

Aluminum Radiators by Champion Cooling Systems

These aluminum radiators are made to the highest of standards paired with unequalled quality, precision and workmanship. The highest of aluminum grades available are used in all manufacturing processes. All Champion aluminum radiators are constructed using 100% welded seams brazed core technology and absolutely no epoxy. All Champion radiators come with a lifetime limited warranty and are made to install with little or no modifications using your original mounts giving you the confidence you deserve. Choose from the following series:

EC Economy Core Series - 2Row - Two Rows of 3/4 inch Tubes = Approx. 400-600+ Horsepower Cooling Capacity.
 CC Champion Core Series - 3Row - Three Rows of 5/8 inch Tubes = Approx. 600-800+ Horsepower Cooling Capacity.
 MC Monster Core Series - 4Row - Four Rows of 5/8 inch Tubes = Approx. 800-1200+ Horsepower Cooling Capacity.

Requires 2 - 12" fans +1 relay

COLD-542M

COLD-541MFK

Cold Case Radiators

These COLD-CASE radiators are TIG welded 100% aluminum. These radiators have dual oversize 1" cooling rows making them more efficient than four 1/2" rows seen on 4 row models. Cold Case aluminum radiators cool 20% better than OEM copper radiators and are more than 50% lighter. They are original in appearance with OEM style stamped tanks for strength and that OEM original look. Once painted, they look like originals to all but the concourse fanatic. Each radiator is pressure tested, direct fit and carries a Lifetime Warranty!

Frostbite Performance Cooling

High-Horsepower street cars and race cars can be a challenge to keep cool. A proper cooling system starts with Frostbite. When it comes to keeping your ride cool, Make it Frostbite!

Aluminum Radiators

Our line of Performance Aluminum Radiators are available in 2, 3, and 4-row sizes as well as specific LS-Swap applications.

- 100% TIG welded (brazed) seams
- Aircraft quality aluminum core, fittings, and tanks (up to 30% weight savings)
- Billet Aluminum Filler Neck and OEM Style Brass Petcock
- Custom Frostbite High Performance 16lb. radiator cap
- Polished top and tanks for custom show appearance
- 2-Row Radiators supporting applications with 300-500 horsepower
- Transmission cooler provisions

VA-964464

Vintage Air SureFit kits are the most complete, bolt-in climate control systems available for your Chevelle. SureFit kits install easily and utilize most of the factory sheet metal and body features and are engineered as "vehicle specific" complete systems.

Our SureFit kits are designed to place the evaporator case and air duct hoses behind the dash for a factory-clean look. In most cases, the SureFit system will be controlled by your stock dash controls using our exclusive patented "Cable Converters." In some applications, a new "factory" look control panel is included with the kit.

All SureFit systems provide full OEM-style operations including air conditioning, floor or vent exit heating and a powerful dehumidified defroster. To retain a true factory look, the AC air exits through the factory dash louvers, if originally equipped in your car's dash. SureFit kits also offer the most complete and straightforward installations available anywhere. Our award-winning instruction booklets and carefully engineered system packages should make your SureFit installation job simple, fun and very cool!

The Gen IV is Vintage Air's most powerful and intelligent climate control system available for your Chevelle. The Gen IV uses an exclusive fully electronic microprocessor control system that eliminates cables or vacuum connections. Separate high-capacity copper parallel-flow heat coil and aluminum plate-and fin-cooling coils provide outstanding performance and instant temperature adjustments.

Complete kits include the evaporator unit and mounting brackets, louvers (where required), duct hose, wiring harness, patented Electronic Cable Converters, compressor, engine brackets, condenser with brackets, preformed refrigerant lines, drier, fittings, hardware and installation instructions.

Features Include:

- Fly-By-Wire fully electronic servo motor controls with no cables or capillary tube to route
- Infinite just-right-temperature air blending
- Infinite blower fan speed adjustment (3-speed on factory air models)
- High-volume dehumidified defrost mode
- Separate high-capacity aluminum plate & fin cooling coil
- Copper/brass CuproBrazed™ parallel-flow heater coil
- Mounts behind the dash
- Uses your factory system controls with our patented Electronic Cable Converters
- Flat steel firewall cover panel
- Replacement molded glove box (reduced capacity)

HOL-0-80670

Holley Carburetors

Holley is one of the most trusted carburetors of all time! Its 600CFM of airflow, vacuum secondaries, single fuel inlet and mechanical or electric choke makes it amazingly universal. The 4160 carbs are constructed from aluminum which compared to its zinc counterpart equates to a weight savings of 40%! Being aluminum also means it will hold its shine and can be hand polished for a custom look! Don't trust your performance to just anyone, Holley is the only modular carburetor company that has been in business for over 100 years and has powered every NASCAR champion since the 60's.

HOL-0-80670 All 4150 670CFM Electric Choke 539.96 ea.

Quick Fuel Technology Carburetors "Innovators in fuel systems" is more than just a by-line. Quick Fuel Technology, since it's inception in 1998, has grown exponentially in its 21 years of business culminating into the benchmark by which performance carburetors are measured.

QF-HR-600

Hot Rod Series is a versatile performer designed for the most discerning street enthusiast. Featuring lightweight die-cast aluminum components, the HR-Series offer all the tunability you would expect from more expensive racing carburetors, including changeable bleeds, idle feed, power valve channel restrictions, and four-corner idle. Offered in either vacuum or mechanical secondary models, all Hot Rod Series carburetors feature electric chokes and dual metering blocks for added performance. Now available in a 450 cfm model for applications with small displacement engines.

- All models feature a fully adjustable electric choke for easy starting
- Dual metering blocks w/ 4-corner idle for smooth and efficient idle quality
- Screw-in air bleeds and idle feed restrictions for quick unsurpassed tuning capability
- Dual inlet fuel bowls with sight glass windows for safe, easy float adjustment
- Universal throttle lever with sealed throttle shafts for smooth operation • Tunable secondary opening rate
- Tumble polished for long lasting shine

QF-SS-650

Super Street Series carburetors combine street-friendly drivability and track-capable performance in a single value-oriented package. Setting them apart from ordinary street carbs, they feature billet dual metering blocks and throttle-bodies that offer tighter tolerances and eliminate porosity. Not only are Super Street Series carbs available with both vacuum or mechanical secondaries, QFT™ also offers models designed and calibrated specifically for E85 fuel and blow-through forced induction applications. Running alternative fuel or boost no longer requires an expensive custom carburetor. All SS-Series carburetors are equipped with universal throttle levers to accommodate a variety of models. Bolting on the ultimate street/strip carburetor has never been easier.

- Red billet dual metering blocks & silver billet throttle bodies for improved durability
- Changeable idle, high-speed air bleeds & power valve restrictions
- Dual inlet fuel bowls with dual sight glass windows for easy float adjustment
- 4-Corner idle for precise idle and smooth transition
- Fully-adjustable electric choke with easy one wire hookup
- Race-ready with notched secondary floats and jet extensions
- Polished or Black Diamond™ finish available (some models)

QF-SQ-650

Street-Q carburetor is intended to deliver legendary Q-Series performance to hardcore street enthusiasts at a reduced price. The major differences between the Street-Q and the race-bred Q-Series is the substitution of cast metering blocks and a cast throttle body in place of fully-machined billet components. All of the critical functionality is retained - 2-circuit metering, downleg boosters, changeable idle and high-speed air bleeds and 4-corner idle. A universal throttle lever to accommodate a variety of models.

- Lightweight die-cast aluminum components
- Changeable idle and high-speed air bleeds
- 2-circuit metering - 4-Corner idle system
- Downleg boosters
- 700-R4 mounting holes

QF-Q-750

Q-Series Race carburetors are purpose-built for the dragstrip. To combat the g's experienced during hard launches, Q-Series carbs are equipped with notched floats and secondary jet extensions. The high-flow aluminum main body isn't just lightweight, but it also features recessed air bleed cavities for improved air flow. Die-cast venturi are machined to exacting tolerances for outstanding throttle response. Billet metering blocks ensure a uniform fuel curve, while throttle-bodies enhance durability. For those days when track conditions vary from one pass to the next, QFT's QuickLink system makes adjusting the secondaries easy on models equipped with mechanical secondaries. The Q-Series is our most comprehensive line of carburetors, with applications available for use with gasoline, methanol, and E85 fuels, forced induction, drag race, circle track, and comes in both vacuum and mechanical secondary models.

- Lightweight aluminum main body
- Mechanical secondary
- Aluminum fuel bowls with dual sight glass windows
- Billet metering blocks with 4-corner idle system
- Changeable idle feed and power valve channel restrictions
- PTFE coated and sealed shafts that have been slabbed for added air flow
- Red anodized billet metering blocks and throttle plate

QF-FX-4710

QFX-Series stands as the flagship model in QFT's lineup. Raised air horns improve entry angle into the venturi while ensuring uninterrupted flow over the air bleeds. Annular boosters with CNC-machined billet aluminum inserts provide increased air flow, a stronger signal, and less turbulence. QFX carbs offer unparalleled fuel atomization with annular boosters specific for either gas, methanol, or E85 fuels. Five-emulsion billet metering blocks and four-corner idle circuits offer flexible tunability that today's high-horsepower engines demand. Ready to run out of the box, the QFX-Series carburetor will help you get to the winner's circle.

- QFX aluminum main body w/ raised venturi
- Billet aluminum metering blocks with screw in restrictions
- Aluminum fuel bowls with dual sight windows and fuel inlets
- Viton .130" Needles and Seats
- Billet Aluminum annular booster inserts
- QuickLink™ adjustable secondary opening adjustment
- Hand assembled and engine tested

ACT-190 190-95 Degrees 6.95 ea.

Tuff Stuff Performance Thermostats

These thermostats flow up to 56 gallons per minute, as compared to ordinary thermostats that flow 37 gallons per minute, to maintain stated temperature. The 50 percent increased coolant flow reduces the delay in engine warm-up times, allowing trapped air in the cooling system to escape and stabilize the pressure of the cooling system. The stainless steel construction with an extra-large center port assures increased coolant flow and bridge design increases strength, stability & reliability and incorporates a bypass valve that allows a small amount of coolant to circulate before fully opening, assuring a fast warm-up. Ideal for high performance muscle cars, street rods and customs.

Tuff Stuff Internally Regulated Alternators

Designed to handle the demand for power needed for today's electronics, Tuff Stuff's high powered internally regulated alternators are perfect if you have added a set of high powered headlights or a high powered stereo system or any other electronic systems to your Chevelle. Although meant for 1971 and newer internally regulated set ups, they can be used on older models that have been converted from external to internally regulated.

No Volume Discount.

MSD-8362

MSD HEI Distributor

For value conscious enthusiasts, the Street Fire HEI is a great choice! We know the importance of a centrifugal advance in a distributor so our engineers made sure that the Street Fire received an advance assembly with coated weights and welded weight pins (not just pressed in like other models). Another area that you cannot afford to scrimp on is with a distributor gear. The Street Fire is fit with the same gear that is used on our Pro-Billet models. The metallurgy of this gear has been refined for years to perform through the harshest conditions.

MSD-8362	All, Red Cap 4 Pin*	229.99 ea.
MSD-8365	All Billet, Red Cap 4 Pin*	579.99 ea.

Note: Standard deck height blocks only. Will not fit gen 5 and 6 big blocks. *Refers to the amount of terminals on the Ignition module. No Volume Discount.

MSD-8360

MSD Pro Billet Distributor

The Pro-Billet Ready-to-Run distributor is the perfect upgrade for outdated points distributors or bulky HEIs. Simply install the distributor in the engine, connect three wires, the coil and fire it up!

MSD-8360	Chevy V8*	469.99 ea.
MSD-85551	Chevy V8**	369.99 ea.

*Does not have nor can accept a vacuum advance canister.

**Must be used with a MSD 6,7, or 8 ignition box. Note: Standard deck height blocks only. Will not fit gen 5 and 6 big blocks. No Volume Discount.

Mallory Unilite Distributor

A legend returns - the tried and true Mallory Unilite Distributor line is back! The easy three wire hookup of the Unilite makes running a stock coil, a Mallory performance coil and even a Mallory HyFire CD ignition a snap. Supplied with a quality cap and rotor, the Mallory Unilite also provides a fully adjustable mechanical advance to dial in the perfect timing curve for a multitude of engine combinations. The Unilite features a compact housing that lends itself well to applications where space is a premium due to tight firewall clearance or blower applications.

MAL-3748201	All SBC, BBC*	409.99 ea.
-------------	---------------------	------------

*Standard deck height blocks only. Will not fit gen 5 and 6 big blocks. No Volume Discount.

MSD-6201

MSD Ignition

An MSD Ignition will improve the overall performance of your engine thanks to its high output capacitive discharge sparks. Below 3,000 rpm the ignition delivers multiple sparks that will clean up the idle, improve starting and throttle response. If you're looking to improve the performance of your modified mill, we have the answer. Whether you've done a cam swap, or bolted on a carb, intake and headers, the 6A is a surefire way to harness all the ponies under your hood. Step up to the 6AL to have an engine saving rev limiter.

MSD-6201	Red All 6A	299.99 ea.
MSD-6425	Red All 6AL	349.99 ea.
MSD-64253	Black All 6AL	349.99 ea.

New reproduction wire set correctly dated for your specific car, pre-cut and ready to install! Each set features correct colored wires and correct angle "cut" boots. Please give your sales rep your desired date. Non-HEI cars only. Here's how to order:

ALL-70BB1Q..... 99.99 set

**For example, if the build date of your car was on or before January 15th of the model year order 3rd quarter of the previous year. If the build date was after January 15th of the model year order 1st quarter of that year. i.e. A 1970 Chevelle built on or before Jan 15th of 1970 would receive 3-Q-69 and after would be 1-Q-70.*

AHC-1508

Spark Plug Wire Sets

New pre-cut OEM replacements.

No Volume Discount.

GCS-S6038

GCS-S6038X

Billet Spark Plug Wire Looms Small Block

These wire looms will keep your spark plug wires neat and organized, minimizing wear on the wires. Also prevents cross firing and grounding of the wires. Choose from plain, ball milled or milled flames in either polished billet or chrome billet. Includes mounting hardware.

GCS-S6039	Plain, Polished	55.99 kit
GCS-S6039C	Plain, Chrome	83.99 kit
GCS-S6038	Ball Mill, Polished.....	54.99 kit
GCS-S6038C	Ball Mill, Chrome	80.99 kit
GCS-S6038X	Flames, Polished.....	61.99 kit
GCS-S6038XC	Flames, Chrome.....	90.99 kit

Note: Fits up to 9.5 mm wires.

GCS-S7251

Universal Chrome Wire Looms Big Block

These wire looms will keep your spark plug wires neat and organized, minimizing wear on the wires. Also prevents cross firing and grounding of the wires.

GCS-S7251 Universal

Note: Fits up to 9 mm wires.

AC43

AC Delco Spark Plugs

This is a brand new set of 8 spark plugs for your Chevrolet. These high quality reproduction AC Delco spark plugs feature the correct green AC and markings as original.

AC43	1964-70 #43.....	62.99 set
AC44	1964-70 #44.....	62.99 set
AC45	1964-70 #45.....	62.99 set

Note: The number on the plug refers to it's operating temperature. The lower number is a cooler running plug which is typically found on the SHP high performance engines. A hotter, higher numbered plug would be used in engines where plug fouling may be or is a problem.

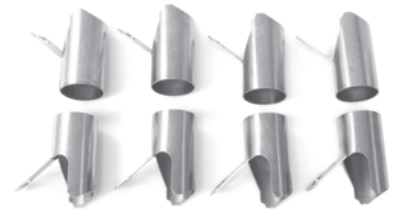

APX-650

Spark Plug Heat Shield Kit SB

OEM Bolts - They Just Make Sense!

It makes sense to use new bolts on new or restored parts! From bumper to bumper, we cover your entire vehicle. We have made our name and reputation on providing those hard to find detailing parts that separates your classic from the rest. All of our bolts are either original, OEM parts from original GM manufacturers or top quality reproductions. Manufactured with original head markings and correct plating (zinc, black phosphate and oiled, gold cadmium and silver cadmium), these bolts make assembly a breeze! Like our OEM paints, new bolt sets are what make a top flight restoration!

Eddie Motorsports Billet Door Handles

EMS billet door handles are CNC machined from solid chunks of 6061-T6 aluminum and will add an awesome custom touch to your exterior. Not only are EMS door handle assemblies stunning to look at but they are also more durable than the factory pieces which are prone to rust, pitting and breakage. Made in USA. Stainless steel fasteners are included.

Ships Oversize. Not eligible for free shipping. No Volume Discount.

Quarter Panels

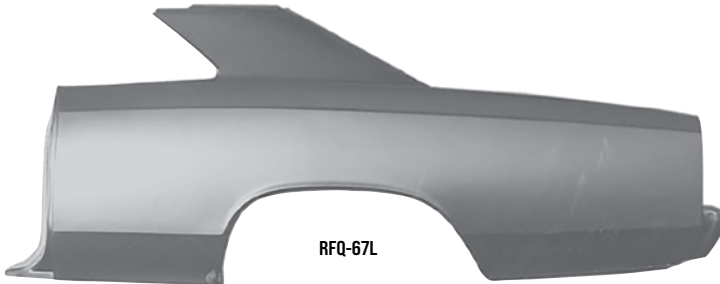

If your original quarter panels are dented or rotted right through to the ground, these reproduction quarter panels are the perfect replacement! There is no need to spend a fortune on an NOS quarter because these reproductions feature a complete door jamb area, complete trunk jamb area and full roof sail panel. These are extremely high quality pieces, so you can be sure to get the best fit possible.

No Volume Discount. All quarter panels ship Truck Freight to a commercial address. Not eligible for free shipping.

Eddie Motorsports Billet Trunk Hinges

These billet trunk hinges are CNC machined from high quality 6061-T6 aluminum. They utilize Nitrogen filled gas struts that replace the stock torsion springs and high quality Delrin bushings for smooth reliable operation. The hinges are designed as direct fit, "bolt on" parts with some minor drilling required for fastening of the strut mount. The hinges come complete with mounting hardware, brackets (where required) and gas struts.

Power Window Retrofit Kits

Ground Up Motors exclusive power window kits are the best available on the market today! They Bolt-into the original mounting holes making for a hassle free installation. Using 1018 cold-roll steel, bronze oilite thrust bearing at all the pivot points and heat treated metal for all gears results in a quality smooth operating regulator that will last for many years. The motors are all brand new and have been thoroughly tested for quality and feature a strong dependable motor. Kits include: new regulators, new ACI window motors, a new completed wiring harness, your choice of switches and the conduit from the a-pillar to the door. F/R= Front and Rear Kit

American Autowire Classic Update Series Kits

Classic Update complete wiring kits are made for the restoration enthusiast who wants some modern amenities in their classic vehicle. These kits include everything you need to modernize your classic vehicle: Headlight, Dimmer and Ignition Switches; Boots, Tubes and Grommets; Fuses, Relays and Flashers; Original Connectors, Terminals and Disconnects.

1964-72 Chevelle

- Replacement headlight switch with internal 30 amp circuit breaker included. Retention collar nut, adjustable length shaft and custom knob are also included.
- Standard turn signal flasher, hazard flasher and horn relay mounted on fuse panel.
- Fuse box designed to fit in original location. All required hardware supplied. New ATO fuse allows easy fuse and circuit breaker accessibility. Harness is laid out and formed to allow for nearly all aftermarket accessories such as; gauge packages, wiper systems, heat and air conditioning systems, etc.
- Original switch connector bodies! (Exclusive to American Autowire)
- Original Dash Panel instrument cluster connector.
- Steering column connectors can plug directly into most aftermarket steering columns or stock 1968-1969 GM columns that use stock GM turn signal switches.
- Under dash courtesy lamps for use in addition to your original dome/interior lighting.
- Instrument Cluster wiring has a "cluster harness disconnect" system for easy service and assembly. Original terminals and connectors (another American Autowire exclusive) are provided for stock cluster connections. Connects into most popular aftermarket gauges such as AUTOMETER, CLASSIC INSTRUMENTS, DAKOTA DIGITAL, STEWART WARNER, VDO and others.
- Rear body harness assembly plugs into the main harness in the stock location. Longer leads allow for stock/custom routing of the wires. Rear body wiring has backup light lead wires with correct lamp sockets, stop and tail light lead wires with correct lamp sockets, terminals to mate with the license plate connection wire, side marker lead and ground wires with lamp sockets and fuel tank sender wire with trunk grommet and tank connection.
- GM bulkhead connectors for the engine and front light wiring (another American Autowire exclusive) and allow for easy installation with original or custom routing.
- Engine wiring includes connectors for original points type as well as H.E.I. distributors. Power and Tach connectors supplied for GM H.E.I. distributors. Alternator connectors are supplied for GM "SI" series internally regulated alternators. GM "CS" series alternator adapter is available separately.
- Original style light sockets, switch body connectors, terminals, etc.
- Front lighting includes extra long leads that can be routed for stock or optional appearances. All headlight, parking and directional light connectors (lamp socket pigtails are also provided for 1971-72 applications) and terminals are provided along with a switched trigger wire for an electric fan relay (usually recommended with AC).

El Camino & Station Wagon Add-On Kits

Add-on for your El Camino or Station Wagon. Provides the necessary rear body wiring.

500999	1964-67	45.99 kit
510166	1968-72	51.99 kit

Note: Does not support ammeters. If you have a station wagon or El Camino you will need 510166 add-on kit. No Volume Discount.

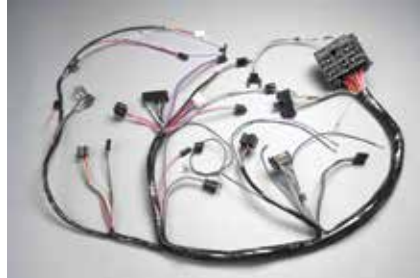

American Autowire Highway 22 Wiring Kit

The Highway 22 Complete Modular wiring system kit includes all the necessary wiring for headlights including: a three position headlight switch; a 40 amp electric fan or fuel pump relay; heavy duty power and accessory expansion; micro-relays for horns and turn signals; an accessory harness for radio, electric wipers, heater, air conditioning, fuel pump and interior lighting. This kit also contains a floor mounted dimmer switch; an ignition switch that has been designed for either dash or column mounting and includes all the connectors and terminals. The Highway 22 was designed to promote complete mounting flexibility and creativity in specialty electrical systems. These kits are perfect if you plan to do a LS/EFI swap as this kit includes dedicated battery and ignition circuits for electronic fuel injection (EFI).

510760 1964-75 All Universal GM..... 557.99 kit

No Volume Discount.

Wiring Harnesses

When you are looking to restore your electrical system, look no further than Ground Up Motors!

All of our harnesses are hand assembled in the USA and are guaranteed exactly as original. Our harnesses always match the factory color code and gauge sizes using correct connectors, terminals and non-adhesive and cloth tape. Our restoration harnesses are simply the best in the industry.

Dash Harness Classic Auto Fuse Series

Our new Classic Auto Fuse Series dash harnesses allow you to maintain the easy plug and play function of original factory type harnesses, while converting the entire fuse block to an Auto Fuse Series (ATO Type) fuse block. This gives you the flexibility to add additional power circuits without the installation headaches normally associated with this type of fuse box conversion. There is no cutting or modifying of any sort. Just plug it in and turn it on. It is completely compatible with the other original harnesses in your car.

AC Delco Spark Plugs

This is a brand new set of 8 spark plugs for your Chevelle. These high quality reproduction AC Delco spark plugs feature the correct green AC and number markings as original.

AC43	1964-70 #43	62.99 set
AC44	1964-70 #44	62.99 set
AC45	1964-70 #45	62.99 set

Note: The number on the plug refers to it's operating temperature. The lower number is a cooler running plug which is typically found on the SHP high performance engines. A hotter, higher numbered plug would be used in engines where plug fouling may be or is a problem.

PACKARD RADIO TVRS LR 3-

Dated Spark Plug Wires

New reproduction wire set correctly dated for your specific car, pre-cut and ready to install! Each set features correct colored wires and correct angle "cut" boots. The date coding identified the quarter and year in which the wires were produced. As an example, a wire date coded as 1-Q-67 would have been produced in the first quarter of 1967. Research has shown that most cars had spark plug wires installed that were dated from 1 to 4 quarters prior to the build date of the car.

LHT-7T-HI Detail

FACTORY T3

HI-INTENSITY T3

T-3 Headlamps

Upgrade your weak old original T3 and Power Beam headlights with a pair of high performance headlights from Ground Up Motors! These headlamps utilize modern bulb filaments with a much brighter high/low beam, which are considerably brighter than the original factory and Power Beam units. These fit and function exactly as original which makes installing these a breeze. They feature a T3 or Power Beam logo and look just like the originals! We tested these on our own 1969 Camaro in our warehouse and you can really see the difference!

OER Interior Paint

OER's revolutionary formula provides 40% more coverage than standard dyes and lacquers and actually penetrates and molecularly bonds to the surface to permanently seal in the color. Dries to the touch in 45 seconds, forms a complete bond in just 10 minutes. UV stable and color fast, it will not crack, flake or peel. For use on vinyl, leather, ABS plastic, polycarbonate, polypropylene, polyurethane, acrylic, lexan, fiberglass and recycled plastics.

Ex. HFB-65 for 1965 Chevelle.

Factory Owner's Manuals

Authentic reproductions of the original factory owner's manuals which came with all cars.

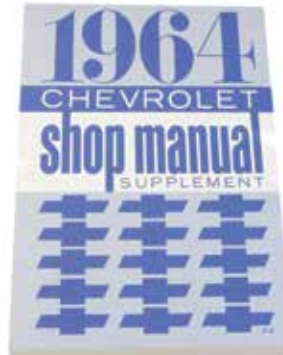

HDG-64A	1964 All	19.99 ea.
HDG-65A	1965 All	19.99 ea.
HDG-66A	1966 All	19.99 ea.
HDG-67A	1967 All	19.99 ea.
HDG-68	1968 All	19.99 ea.
HDG-69	1969 All	19.99 ea.
HDG-70A	1970 All	19.99 ea.
HDG-71A	1971 All	19.99 ea.
HDG-72A	1972 All	19.99 ea.

Owner's Manual Bags

Correct factory plastic bag for your owner's manual and dealer information.

HMB-1	1964-66 All	14.99 ea.
HMB-2	1967-68 All	14.99 ea.
HMB-3	1969-72 All	14.99 ea.
HMB-4	1973-88 All	14.99 ea.

Factory Service Manuals

This manual was used by GM dealers to service your car when new. From simple maintenance to major component repair, this manual has all of the info needed to service your car.

HSM-64	1964 All	29.99 ea.
HSM-65	1965 All	29.99 ea.
HSM-66	1966 All	29.99 ea.
HSM-67	1967 All	29.99 ea.
HSM-68	1968 All	29.99 ea.
HSM-69	1969 All	29.99 ea.
HSM-70	1970 All	29.99 ea.
HSM-71	1971 All	29.99 ea.
HSM-72	1972 All	29.99 ea.

Blank Build Sheet

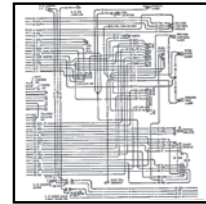

Reproduction of the factory build sheet which allows you to make your own custom paper, perfect for a restoration car!

HBS-66	1966-72 All	10.99 ea.
--------	-------------	-----------

Blank Window Stickers

Reproduction of the factory window sticker which allows you to make your own custom paper, perfect for a restoration car!

HOB-661	1964-65 All	14.99 ea.
HOB-386	1966-67 All	14.99 ea.
HOB-879	1968-69 All	14.99 ea.
HOB-350	1970-72 All	14.99 ea.

Wiring Diagrams

Original GM wiring schematic from bumper to bumper.

HWD-(Year)A	All	13.99 ea.
-------------	-----	-----------

Ex. HWD-64A for 1964 Chevelle.

Convertible Top Manuals

Reproduction convertible top manual.

HVT-4	1964 Convertible	6.95 ea.
HVT-5	1965 Convertible	6.95 ea.
HVT-6	1966 Convertible	8.99 ea.
HVT-7	1967 Convertible	6.95 ea.
HVT-8	1968 Convertible	6.95 ea.

Chevy Start Sleeve

Reproduction starting instruction sleeve which was installed on the sunvisor.

HSS-69	1969-72	11.99 ea.

Company Policies

Hassle Free Returns

Products may be returned for a full refund, credit, or exchange within 30 days of receipt, provided that the product is in its original shipping condition and has not been modified, altered, painted, installed, or damaged. Products returned after 30 days can only be returned for exchange, store credit, or refund check. All returns after 30 days are subject to a 25% restocking fee. Ground Up Motors – SS396.com will not accept returned goods without prior authorization, any returns without prior authorization will be subject to a 25% restocking fee. The customer is responsible for shipping charges on returned merchandise unless otherwise indicated by Ground Up Motors – SS396.com.

Ground Up Motors – SS396.com always recommends professional installation for all the products we sell. Any item that has been altered, painted, installed, or deemed non-resalable by Ground Up Motors – SS396.com will be returned to the customer at the customer's expense. If the customer does not want to pay for return shipping, the item will be field destroyed. Ground Up Motors – SS396.com is not responsible or liable for any labor fees associated with the installation, removal, modification, or repair of any product purchased, regardless of the circumstances. Additionally, Ground Up Motors – SS396.com is not responsible for any damage or discoloration incurred in relation to chemical products, including cleaners, waxes, polishes, paints, and/or similar items.

Product Availability & Pricing

The availability of all items on SS396.com and in our print catalogs is subject to change without prior notice. Ground Up Motors – SS396.com reserves the right to discontinue products, services, accessories, and substitute products of a similar nature (i.e., different manufacturers/brands) without notice. While Ground Up Motors – SS396.com strives to maintain accurate pricing, please note that prices are subject to change due to factors such as increased costs in manufacturing and materials. For the most up-to-date pricing information, please visit our website 24/7 or contact a Ground Up Motors – SS396.com customer service representative by phone or email.

Backorders

Ground Up Motors – SS396.com will try to notify you in the event backorders are present on your order. While back orders are often beyond the control of Ground Up Motors – SS396.com, most out of stock items are shipped within two (2) to six (6) weeks. We generally ship back ordered items as soon as they arrive at our warehouse, without notification. If one of your items has been out of stock for more than 90 days, we will try to contact you before shipping. If you wish to cancel a back order, please contact us as soon as possible to avoid return shipping charges and restocking fees.

Ground Up Motors – SS396.com will keep track of all backorders on products that are "out-of-stock" or unavailable at the time the order is placed. The pricing on a back-ordered product is not guaranteed due to labor, manufacturing, materials, shipping costs, and other unforeseeable issues that may arise requiring a price adjustment. We will maintain the price on any backorder product for 60 days after the order is placed. After 60 days, the product may be subject to a price adjustment. If a price adjustment is necessary on a particular product, we will do our best to inform the customer before the product is shipped.

Kit Products

Our Parts and Accessories catalogs, as well as SS396.com, offer kits that include a variety of products to provide you with the best value. Please note that most of these kit items are exclusive to Ground Up Motors – ss396.com and are not eligible for further discounting or price matching against our competitor's kits.

Occasionally, we may run out of a specific item that is included in a kit. In such cases, we will generally ship the items that are in stock and backorder the ones that are currently unavailable. You can contact our sales department by phone to verify which items are out of stock at the time of placing your order. As our customer, you have the option to accept a partial kit delivery or choose to have the entire kit backordered until it is ready to ship in its entirety, be sure this is either verbally communicated over the phone or specified when placing an order online. Please note that additional freight fees may apply for multiple shipments, if applicable.

Color Matches

Please note that due to multiple manufacturers of products provided by Ground Up Motors – ss396.com, color variations may occur. Slight color variations, especially among interior products, are common and do not constitute a defect. These products are not eligible for return shipping solely based on color variations.

Additionally, there are products noted online and, in our catalog, as non-returnable. This primarily includes colored products such as interior items, as well as special order or built-to-order products like date-coded glass and custom gauge clusters. If you are unsure whether a product is non-returnable, please contact us via phone or email for clarification. Please be aware that colors displayed on computer monitors and, in our print, catalogs may differ slightly from the actual color of the product. If precise color matching on interior items is a concern, we recommend ordering black and color matching using interior paint or dyes. Returns of colored, special order, or non-returnable items are not permitted and will be subject to 25% restocking fee.

Sales Tax Information

If you live in a state that requires sales tax, Ground Up Motors – SS396.com will collect the appropriate sales tax for your shipping location. Most states currently require sales tax and Ground Up Motors – SS396.com is compliant with all the latest laws associated with state sales tax. Due to regular variations in state sales tax, rates are subject to change without notice based on state and zip code. State sales tax is applied to products as well as shipping fees, handling fees, etc

For more policies and information on discounts/eligibility please see ss396.com for more information.

Ordering Lefts and Rights

Items in this catalog are presented as right hand (RH) or left hand (LH). RH and LH sides are determined by sitting in the vehicle. RH = passenger and LH = driver.

Trademark and Copyright

The content of Ground Up Motors – SS396.com, including the Ground Up Motors – SS396.com Parts and Accessories catalog is copyright 2024, all rights are reserved. No part of this publication including text, photos or illustrations may be reproduced without the prior written permission of Ground Up Motors – SS396.com.

International Orders

Ground Up Motors – SS396.com is happy to ship parts to international customers via International Economy shipping. Shipping can also be arranged per the customer and the packages will be boxed at our dock. Please call our sales department or send an email to logistics@ss396.com to get a shipping quote for the parts that you wish to order.

Oversize Items

We offer shipping for items that are considered Oversize. These items can be shipped via UPS Ground at an Oversize rate, which entails a minimum dimensional weight fee of 30 lbs. for Oversize or 70 lbs. for Oversize 2.

It's important to note that Ground Up Motors – SS396.com reserves the right to charge an Oversize fee on any item that is deemed Oversize, even if it is not explicitly indicated as such. This ensures that the shipping costs associated with handling and transporting these larger items are adequately covered. If a shipping adjustment is necessary on a particular product, we will do our best to inform the customer before the product is shipped.

Truck Freight

Ground Up Motors – SS396.com recognizes that certain products are too large or heavy to be shipped via Ground freight and must be shipped using truck freight. Efforts are made to clearly indicate these items in the print catalogs and website, but there may be instances where an item not specifically marked for truck freight may still require or benefit from this shipping method.

To ensure we are providing our customers with the best possible shipping rate all orders are subject to review by our Truck Department for adequate freight quoting. When placing an order online or over the phone you will not be charged any shipping, and a quote will be provided for your approval which is valid for 10 days from the date it was provided. Orders will remain as a quote until the order has been approved by the customer. Note that products are not reserved until the quote has been approved. Due to the quoting process PayPal payment is not accepted for truck orders. It is crucial to provide us with accurate information regarding the delivery destination. Any fees or charges resulting from the provision of false information or failure to comply with Ground Up Motors – SS396.com's policies are the sole responsibility of the customer and may be applied without notice.

Expedited Shipping

Ground Up Motors – SS396.com provides various expedited shipping options for customers' convenience. To ensure timely delivery, orders must be placed by 2:00 pm from Monday to Thursday, and by 12:00 pm on Fridays. Please note that weekends and holidays are not considered shipping days. It is important to mention that we recommend contacting our sales department to obtain the expedited shipping rates for your order. They will be able to provide you with accurate pricing information based on your specific requirements to ensure you are receiving your expedited order in a timely manner.

APO/FPO Shipping

Please note that for APO or FPO addresses, USPS is the only available shipping method. If you are military personnel with an APO or FPO address, it is important to contact Ground Up Motors – SS396.com prior to placing your order. This will allow them to verify that the desired parts do not exceed the size limit and ensure a smooth shipping process for you. You can reach out to our customer service team by writing, calling, or emailing, be sure to also ask about our Military discounts which we are honored to offer to both active and retired military personnel.

Product Damages & Shortages

We understand that errors and issues can sometimes occur during the fulfillment, shipping, or manufacturing process. If you receive a product that is damaged, missing, or incorrectly shipped, it is important to notify us within three (3) business days of receiving the order. You can do so by contacting us via phone or email. If you are present at the time of delivery and notice any carrier damage it is recommended that you refuse the shipment with the reason of carrier damage. If this is the case notify our customer service team so we can rectify this issue in a timely manner and ensure you are not charged any additional fees.

To ensure a prompt resolution on a damaged or missing claim, we may request additional information, such as images or details about the damaged, missing, or incorrectly shipped product. In most cases, we will provide you with a pre-paid shipping label to return the damaged or incorrectly sent product. Once we receive and inspect the returned item, we will issue a refund or send a replacement, depending on your preference.

Please note that if you report damage, missing items, or incorrect shipments after the 3-day window, you may still be able to make a claim, but will not be eligible for a pre-paid shipping label.

Refusals

In the event of a refused delivery, please note that a restocking fee of 25% will be applied, along with applicable return shipping charges, unless the refusal was due to damage that occurred during shipping (refer to our Damage Claim policy).
