ABOUT US

Established in 2025, Mohan G Enterprises is a trusted manufacturer and supplier of high-quality organic agricultural products. Backed by 10 years of industry experience, we specialize in Cow Dung Cakes, Vermicompost, fertilizers, and other eco-friendly farming solutions. Our products are carefully processed to improve soil fertility, enhance crop productivity, and support sustainable agriculture.

Mohan G Enterprises is more than just a manufacturer – we are a partner in sustainable farming. With a state-of-the-art production facility spanning over 40 feet containers and a production capacity of 100 tonnes, we ensure that every batch meets the highest standards of quality. Our commitment to eco-friendly practices, combined with customised packaging and flexible order quantities (minimum 20-foot container), makes us the preferred choice for clients worldwide. From India to global markets, we deliver excellence in every product, backed by a dedicated team of 70+ professionals and a turnover of up to 50 Cr. Our journey is driven by innovation, integrity, and a deep respect for nature.

- Premium Quality Cow Dung Cakes
- Organic Vermicompost Manufacturer
- High Performance fertilizers Supplier
- Eco-Friendly Agricultural Products

Cow Dung Cake is a traditional and highly effective organic product, meticulously crafted from 100% pure cow dung. It is an excellent soil conditioner that improves soil fertility, enhances water retention, and promotes healthy plant growth. Our Cow Dung Cakes are prepared using age-old methods, ensuring that all natural nutrients and beneficial microorganisms are preserved.

They are ideal for organic farming, home gardening, and as a natural fuel source for rituals and ceremonies.

At Mohan G Enterprises, we ensure that every Cow Dung Cake is produced with the highest quality standards, making it a trusted choice for farmers and gardeners across India and worldwide.

Premium quality Vermicompost, produced using earthworms to convert organic waste into nutrient-rich compost. Perfect for organic farming, gardening, and sustainable agriculture. Vermicompost is a nutrient-rich organic fertilizer produced through the natural process of earthworm composting. Our premium vermicompost is created using high-quality earthworms that convert organic waste

into a dark, crumbly, and nutrient-dense soil amendment. This powerful organic fertilizer is packed with essential plant nutrients, beneficial microorganisms, and humus that improve soil structure, enhance water retention, and promote vigorous plant growth. It is an ideal choice for organic farming, home gardening, landscaping, and sustainable agriculture.

OUR PRODUCTS

Pooja Items

Premium quality Pooja Items, crafted with traditional methods using pure and natural materials. Perfect for religious ceremonies, rituals, and spiritual practices. Pooja Items are an essential part of traditional Indian rituals and spiritual practices. Our collection includes a wide range of high-quality pooja products, meticulously crafted using pure and natural materials to enhance your divine experience.

From cow dung cakes to sacred threads, incense sticks, and other ritual essentials, every item is prepared with utmost care and adherence to traditional methods. Our products are perfect for daily worship, festivals, special ceremonies, and spiritual gatherings. At Mohan G Enterprises, we take pride in offering premium pooja items that uphold the sanctity of traditional rituals.

OUR PRODUCTS

Cow Dung Diya

Premium quality Cow Dung Diya, handcrafted from 100% natural cow dung. Perfect for traditional rituals, eco-friendly lighting, and spiritual ceremonies. Cow Dung Diya is a traditional and eco-friendly lamp crafted from 100% pure cow dung. These beautiful diyas are handcrafted using age-old techniques, preserving the sanctity and spiritual essence of traditional Indian rituals.

Cow dung diyas are an excellent alternative to conventional clay or metal diyas. They are biodegradable, sustainable, and emit a pleasant earthy fragrance when lit. These diyas are perfect for daily worship, festivals like Diwali, and special ceremonies where you want to create a divine and eco-friendly atmosphere. At Mohan G Enterprises, our cow dung diyas are crafted with precision and care, ensuring each diya meets the highest quality standards.

Premium quality Organic Fertilizers, made from natural and eco-friendly ingredients. Perfect for enhancing soil fertility, promoting healthy plant growth, and sustainable agriculture. Organic Fertilizers are natural plant nutrients derived from organic sources such as plant materials, animal waste, and natural minerals. Our premium organic fertilizers are specially formulated to provide essential nutrients to

plants while improving soil health and promoting sustainable agriculture. Unlike chemical fertilizers, our organic fertilizers release nutrients slowly, ensuring long-term soil fertility and reducing the risk of nutrient runoff. They are safe for the environment, beneficial for soil microorganisms, and ideal for organic farming, home gardening, and commercial agriculture.
