ARKON RESOURCES, INC.

ENGINEER:	CHRIS C.	MATERIAL:		TITLE:	CELL PHONE HOLDER
DRAWING DATE:		UNLESS OTHERWISE SPECIFIED:		DESCRIPTION:	

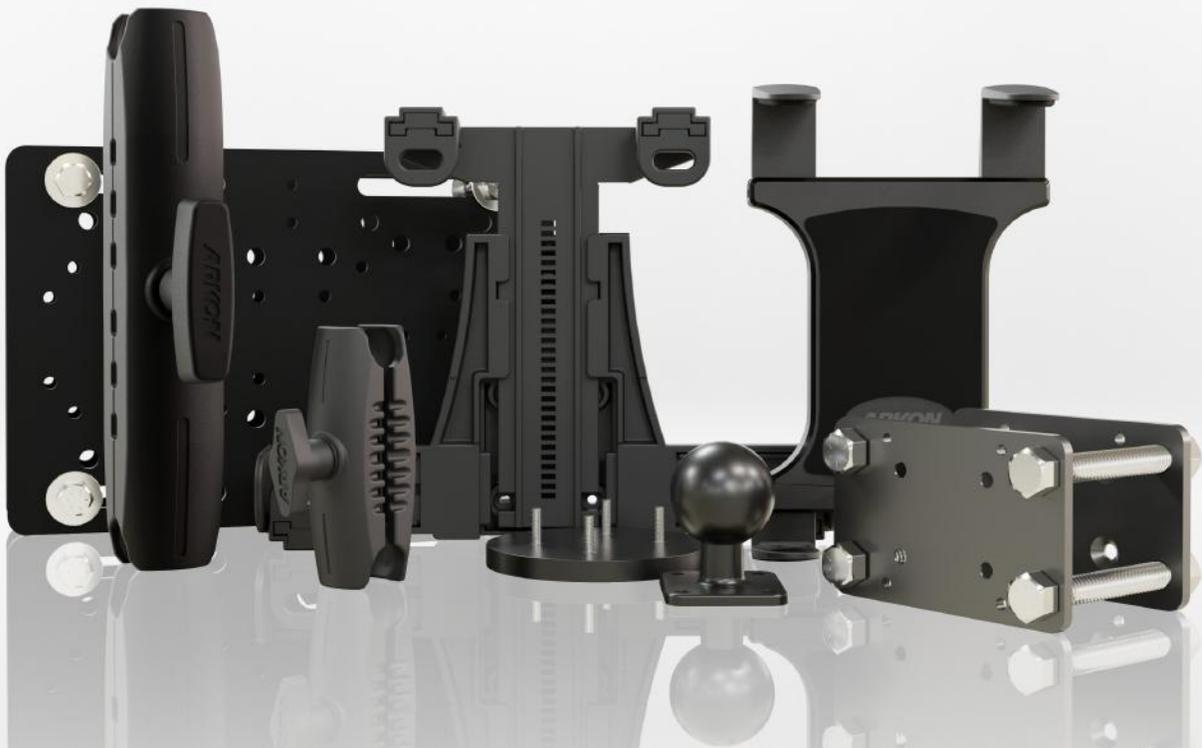

PRECISION-MADE DEVICE MOUNTING SOLUTIONS SINCE 1988

Since our inception in 1988, we have meticulously refined the craft of creating precision device mounts and holders. Our solutions, fashioned from premium composite and metal materials, are celebrated for their enduring reliability.

Our accomplishments span an extensive portfolio of patents and an array of award-winning products, underscoring our steadfast commitment to innovation. With pride, we claim over 100 groundbreaking contributions to the mounting industry, including the pioneering of the innovative DUAL T quick-release mounting pattern.

As leaders within our industry, our unwavering dedication to maintaining a tradition of excellence propels us forward. We are driven to forge ahead in the pursuit of innovation.

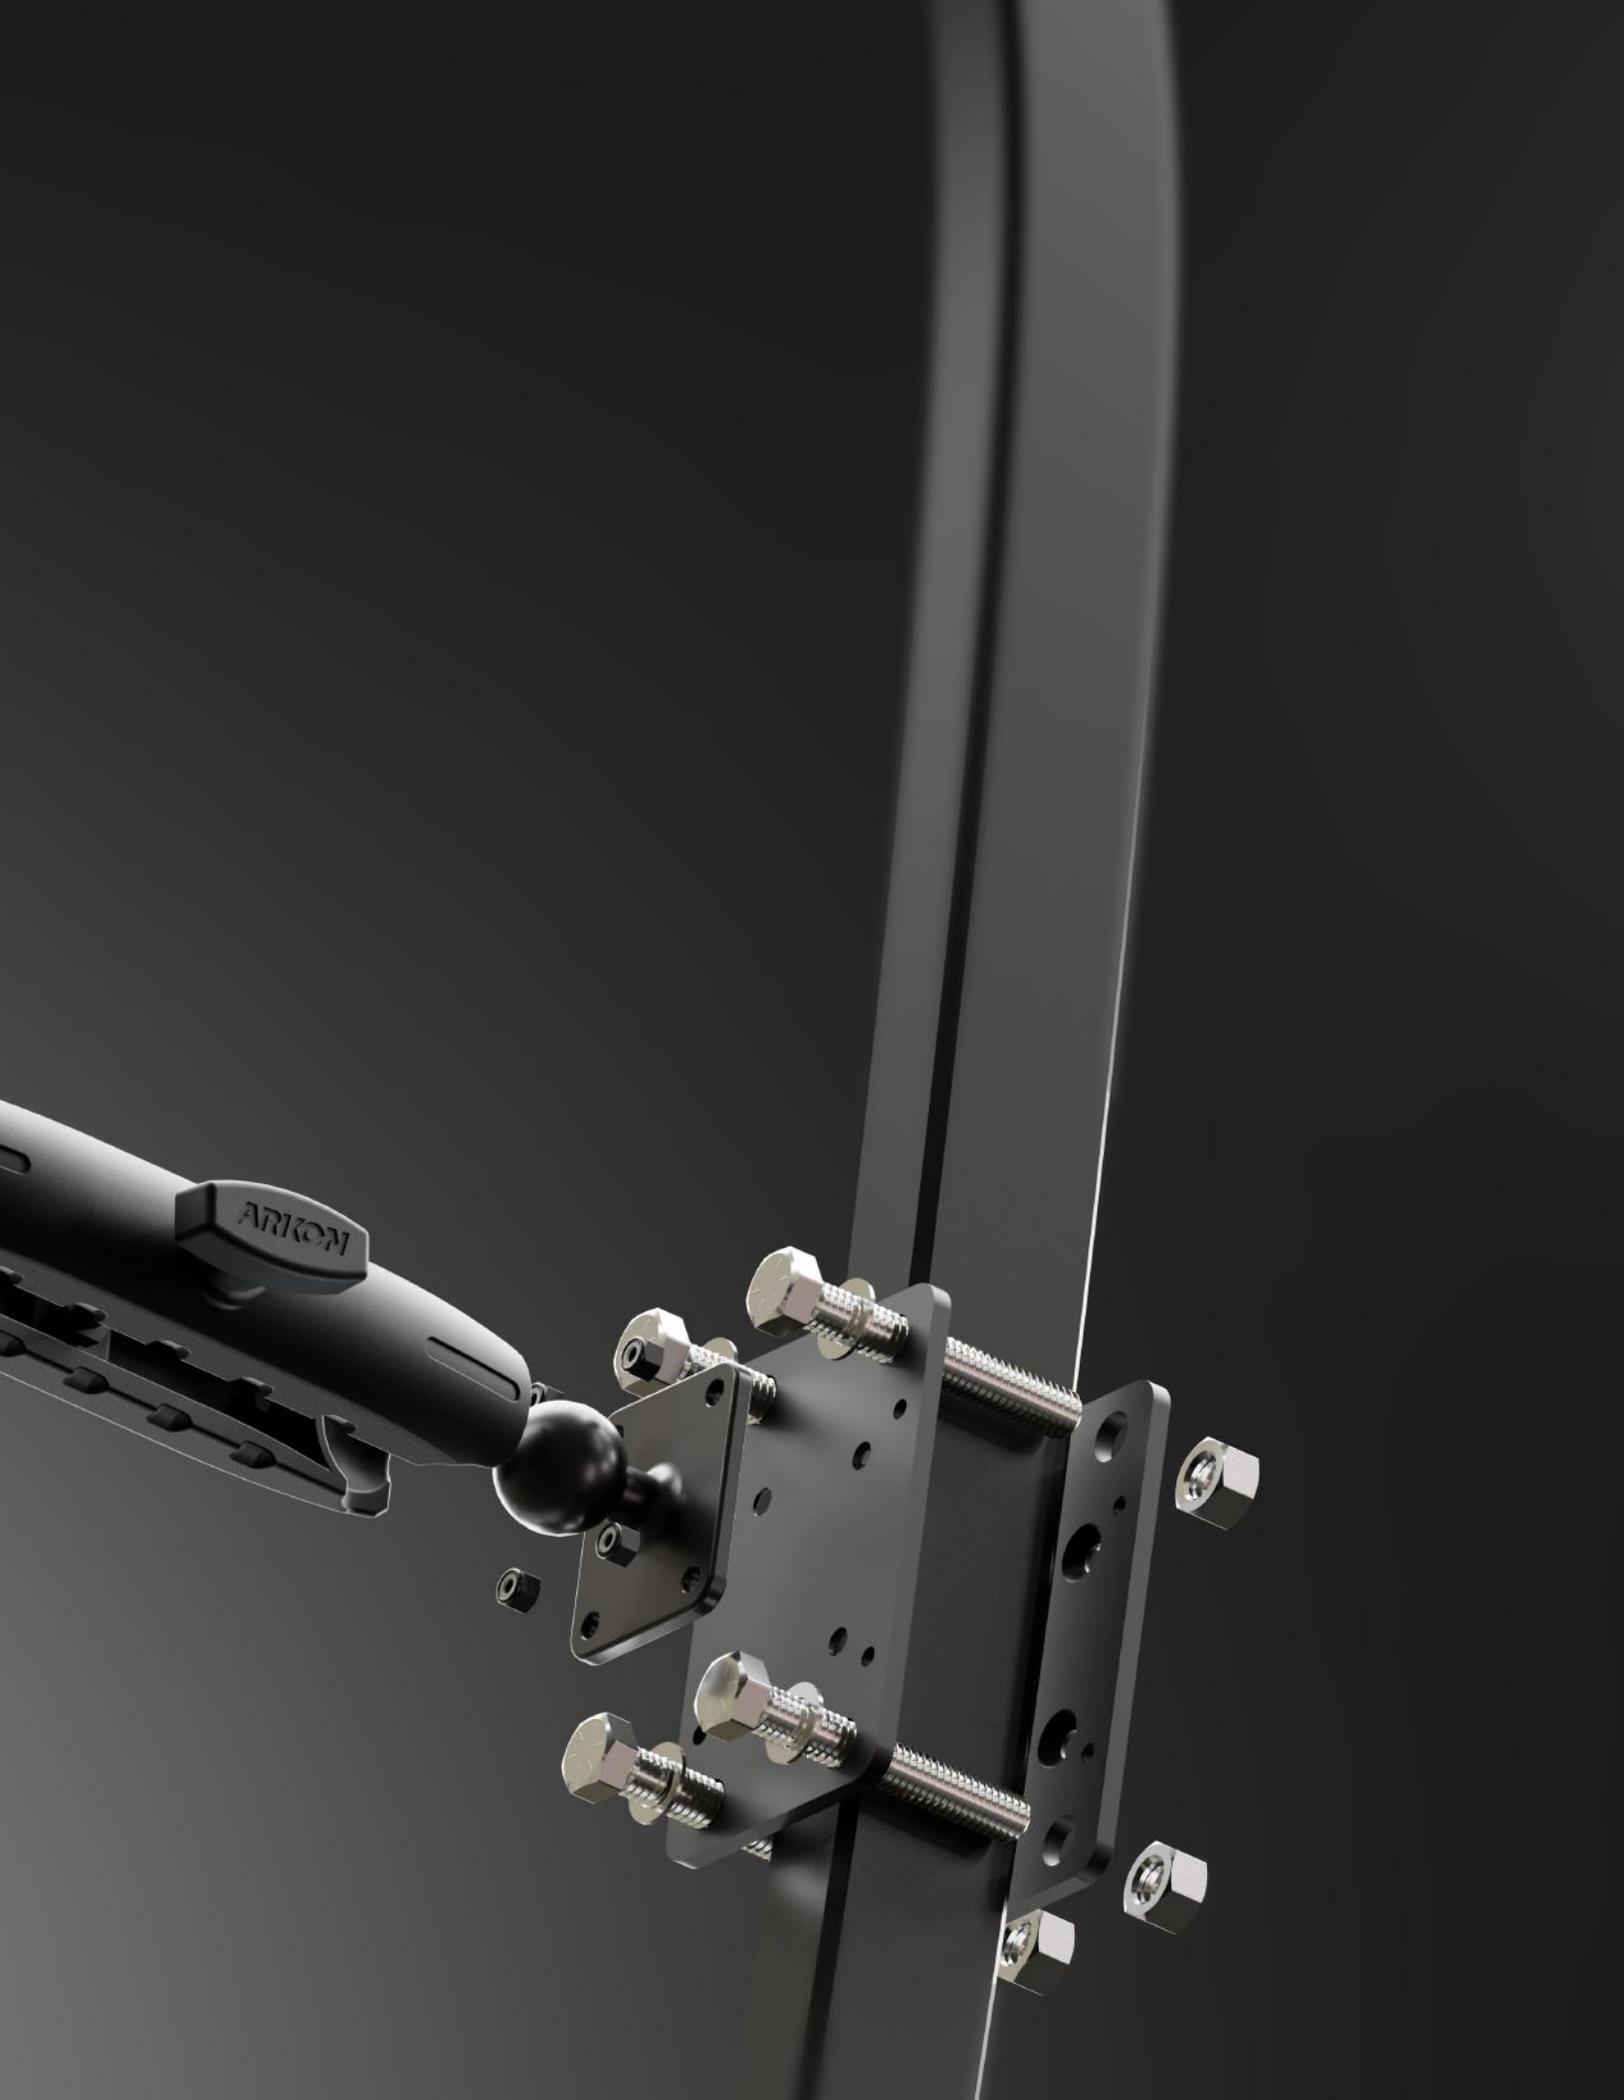

Our collaborative relationships extend globally with partner distributors and resellers. Positioned strategically, our network bolsters our reach without boundaries.

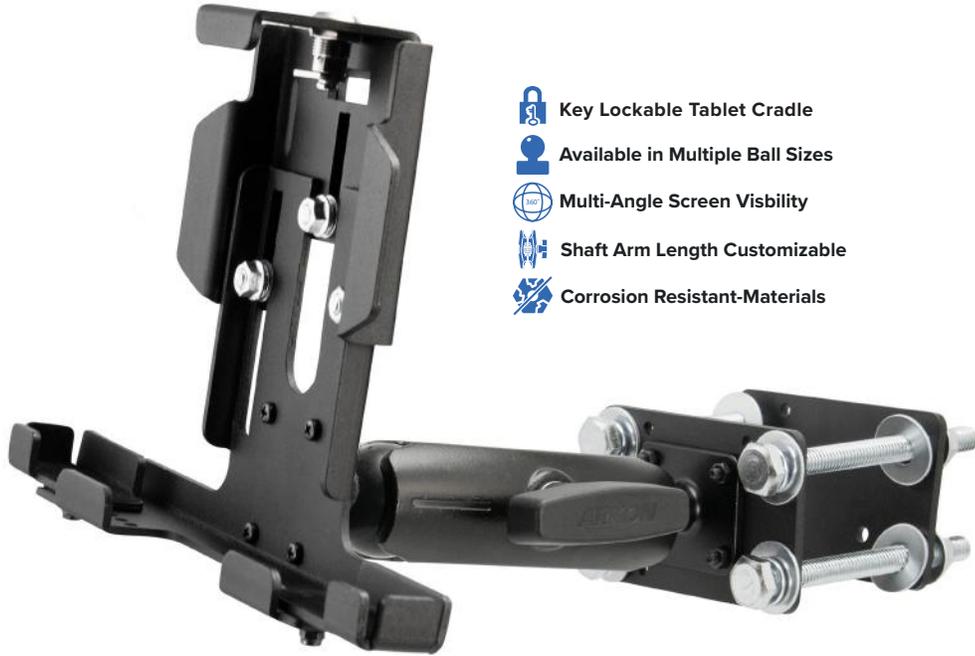

ARKON®

FORKLIFT FRONT GUARD DEVICE MOUNTS

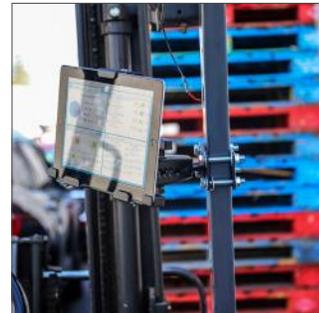

ARKON MOUNTS®

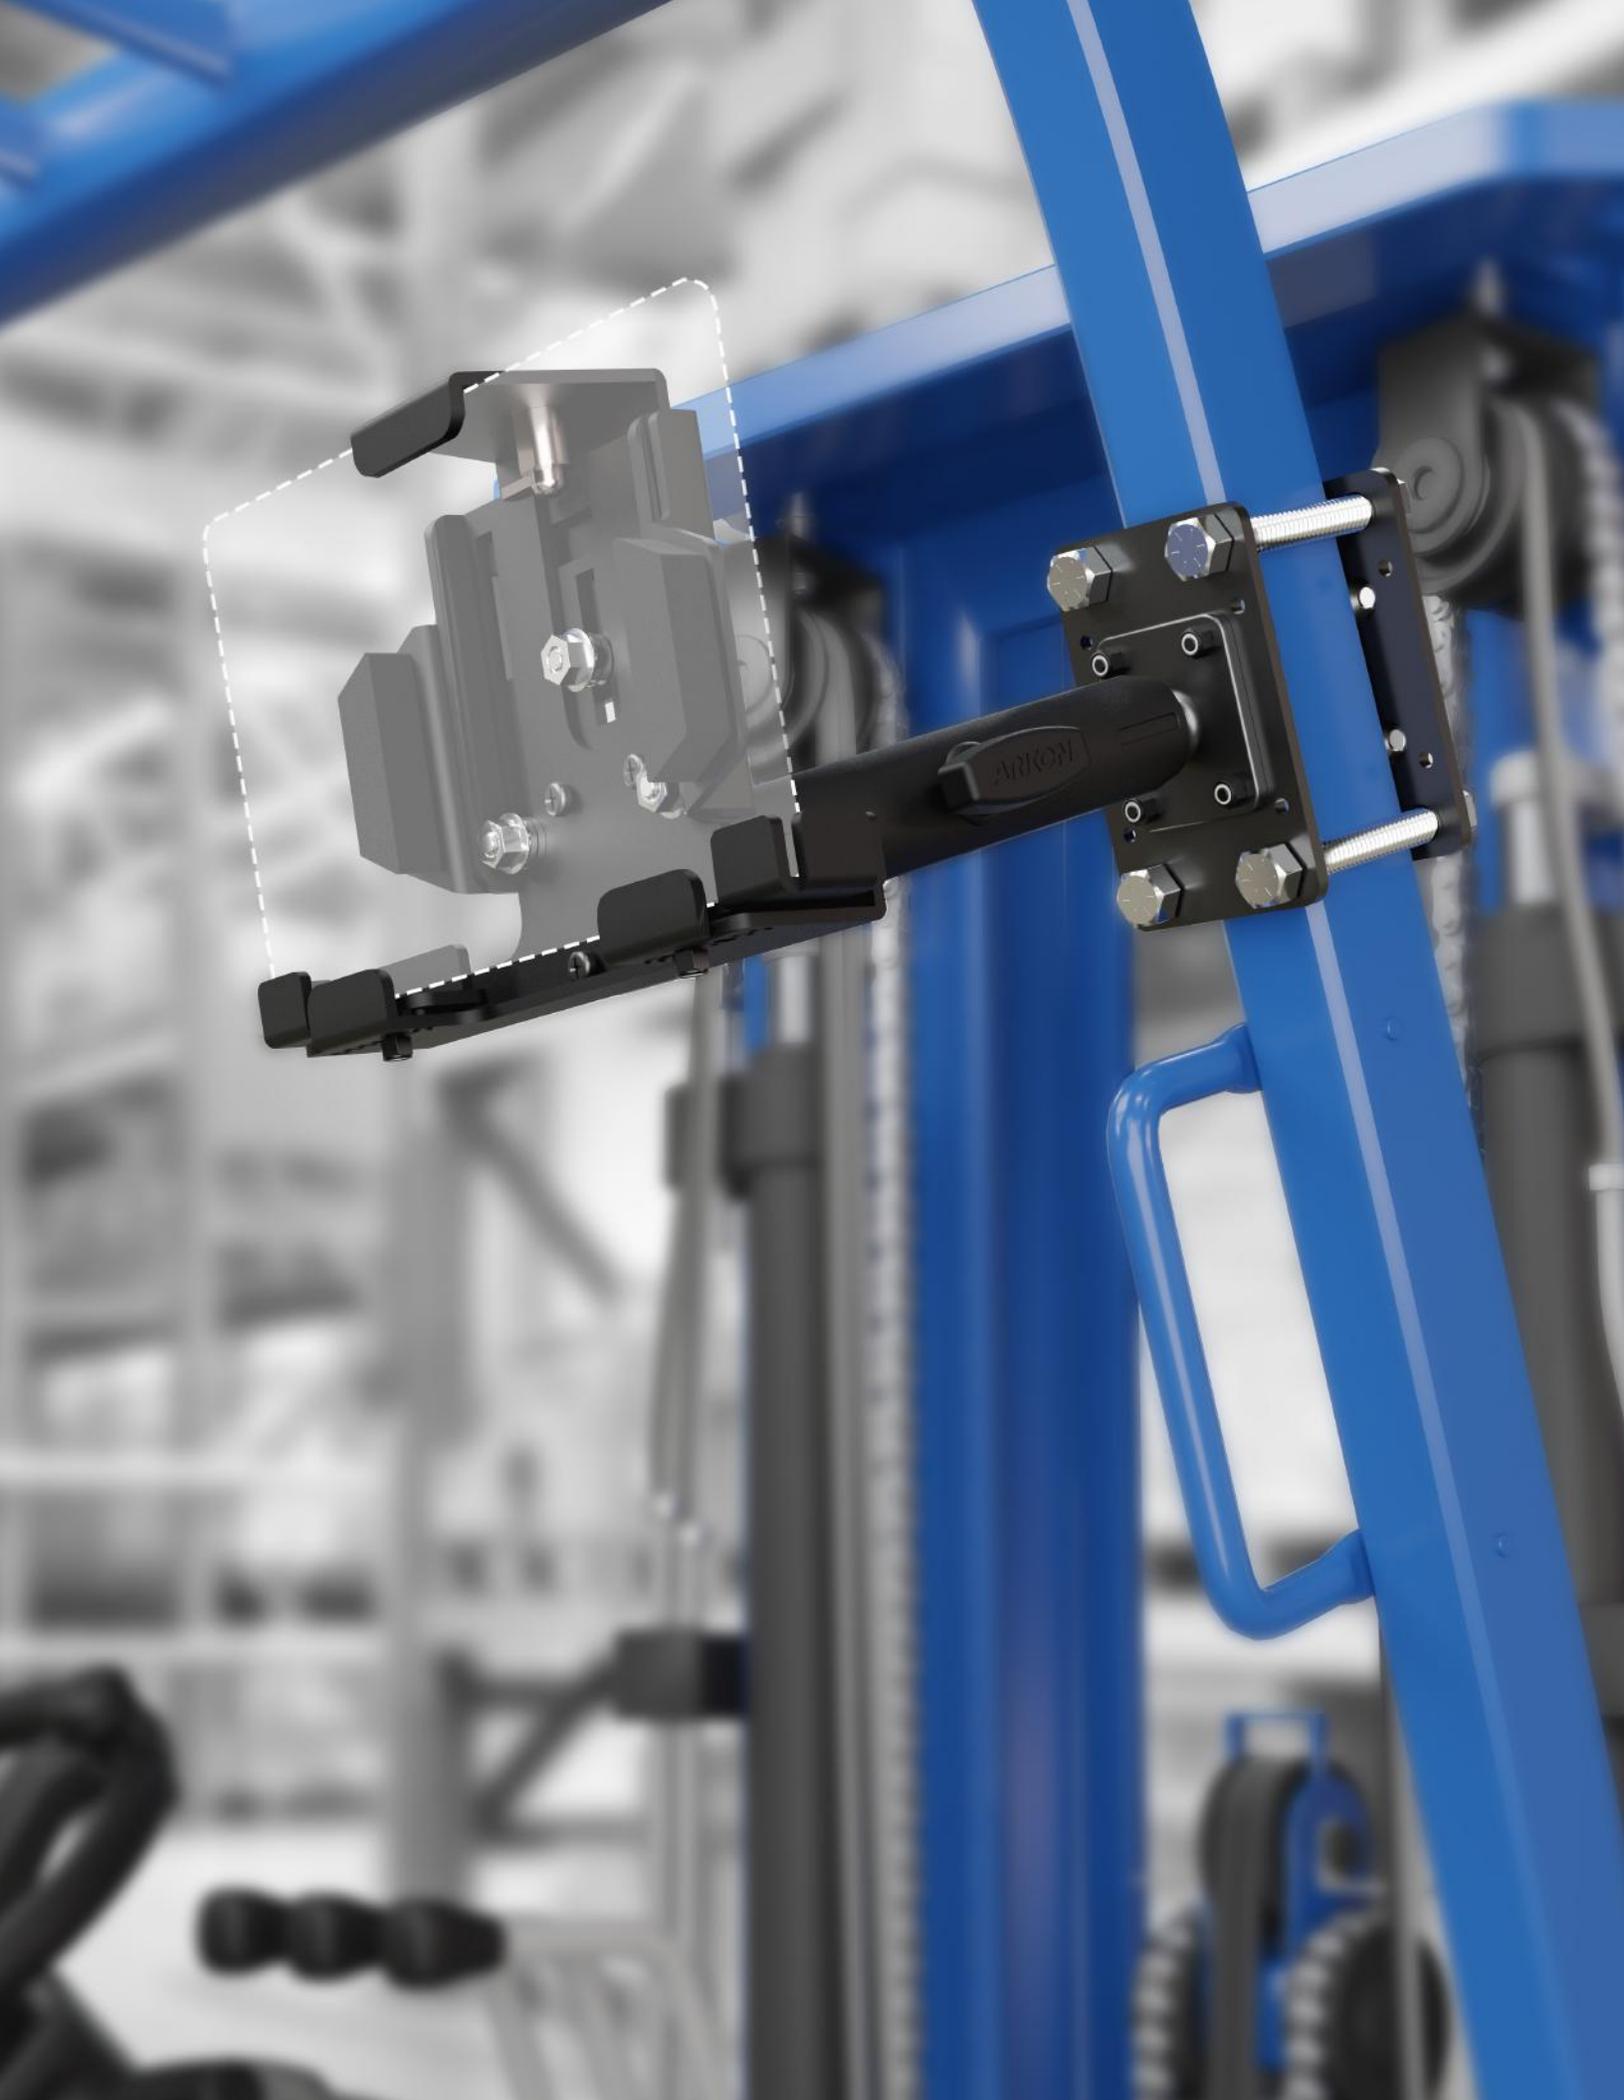

ROBUST SERIES LOCKING METAL FORKLIFT
FRONT GUARD TABLET MOUNT

-  Key Lockable Tablet Cradle
-  Available in Multiple Ball Sizes
-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant-Materials

- Ideal for forklift pillars, pallet jacks, and other warehouse utilities
- Fits tablets 7" to 10" in screen size
- Includes aluminum locking universal tablet holder with hardware
- Heavy-duty steel and reinforced composite construction

Arkon's Robust Series Forklift Pillar Aluminum Locking Tablet Mount includes a sturdy locking tablet holder made of aluminum and features multiple horizontal and vertical adjustment points along both sides of the holder, making it compatible with tablets 7" - 10" in screen size. The double ball shaft arm offers limitless positioning and provides 360° viewing of the device screen. Creating a more convenient work environment by placing devices where they can easily be seen by forklift operators and material handlers.

ARKON MOUNTS®

ROBUST SERIES LOCKING FORKLIFT FRONT GUARD TABLET MOUNT

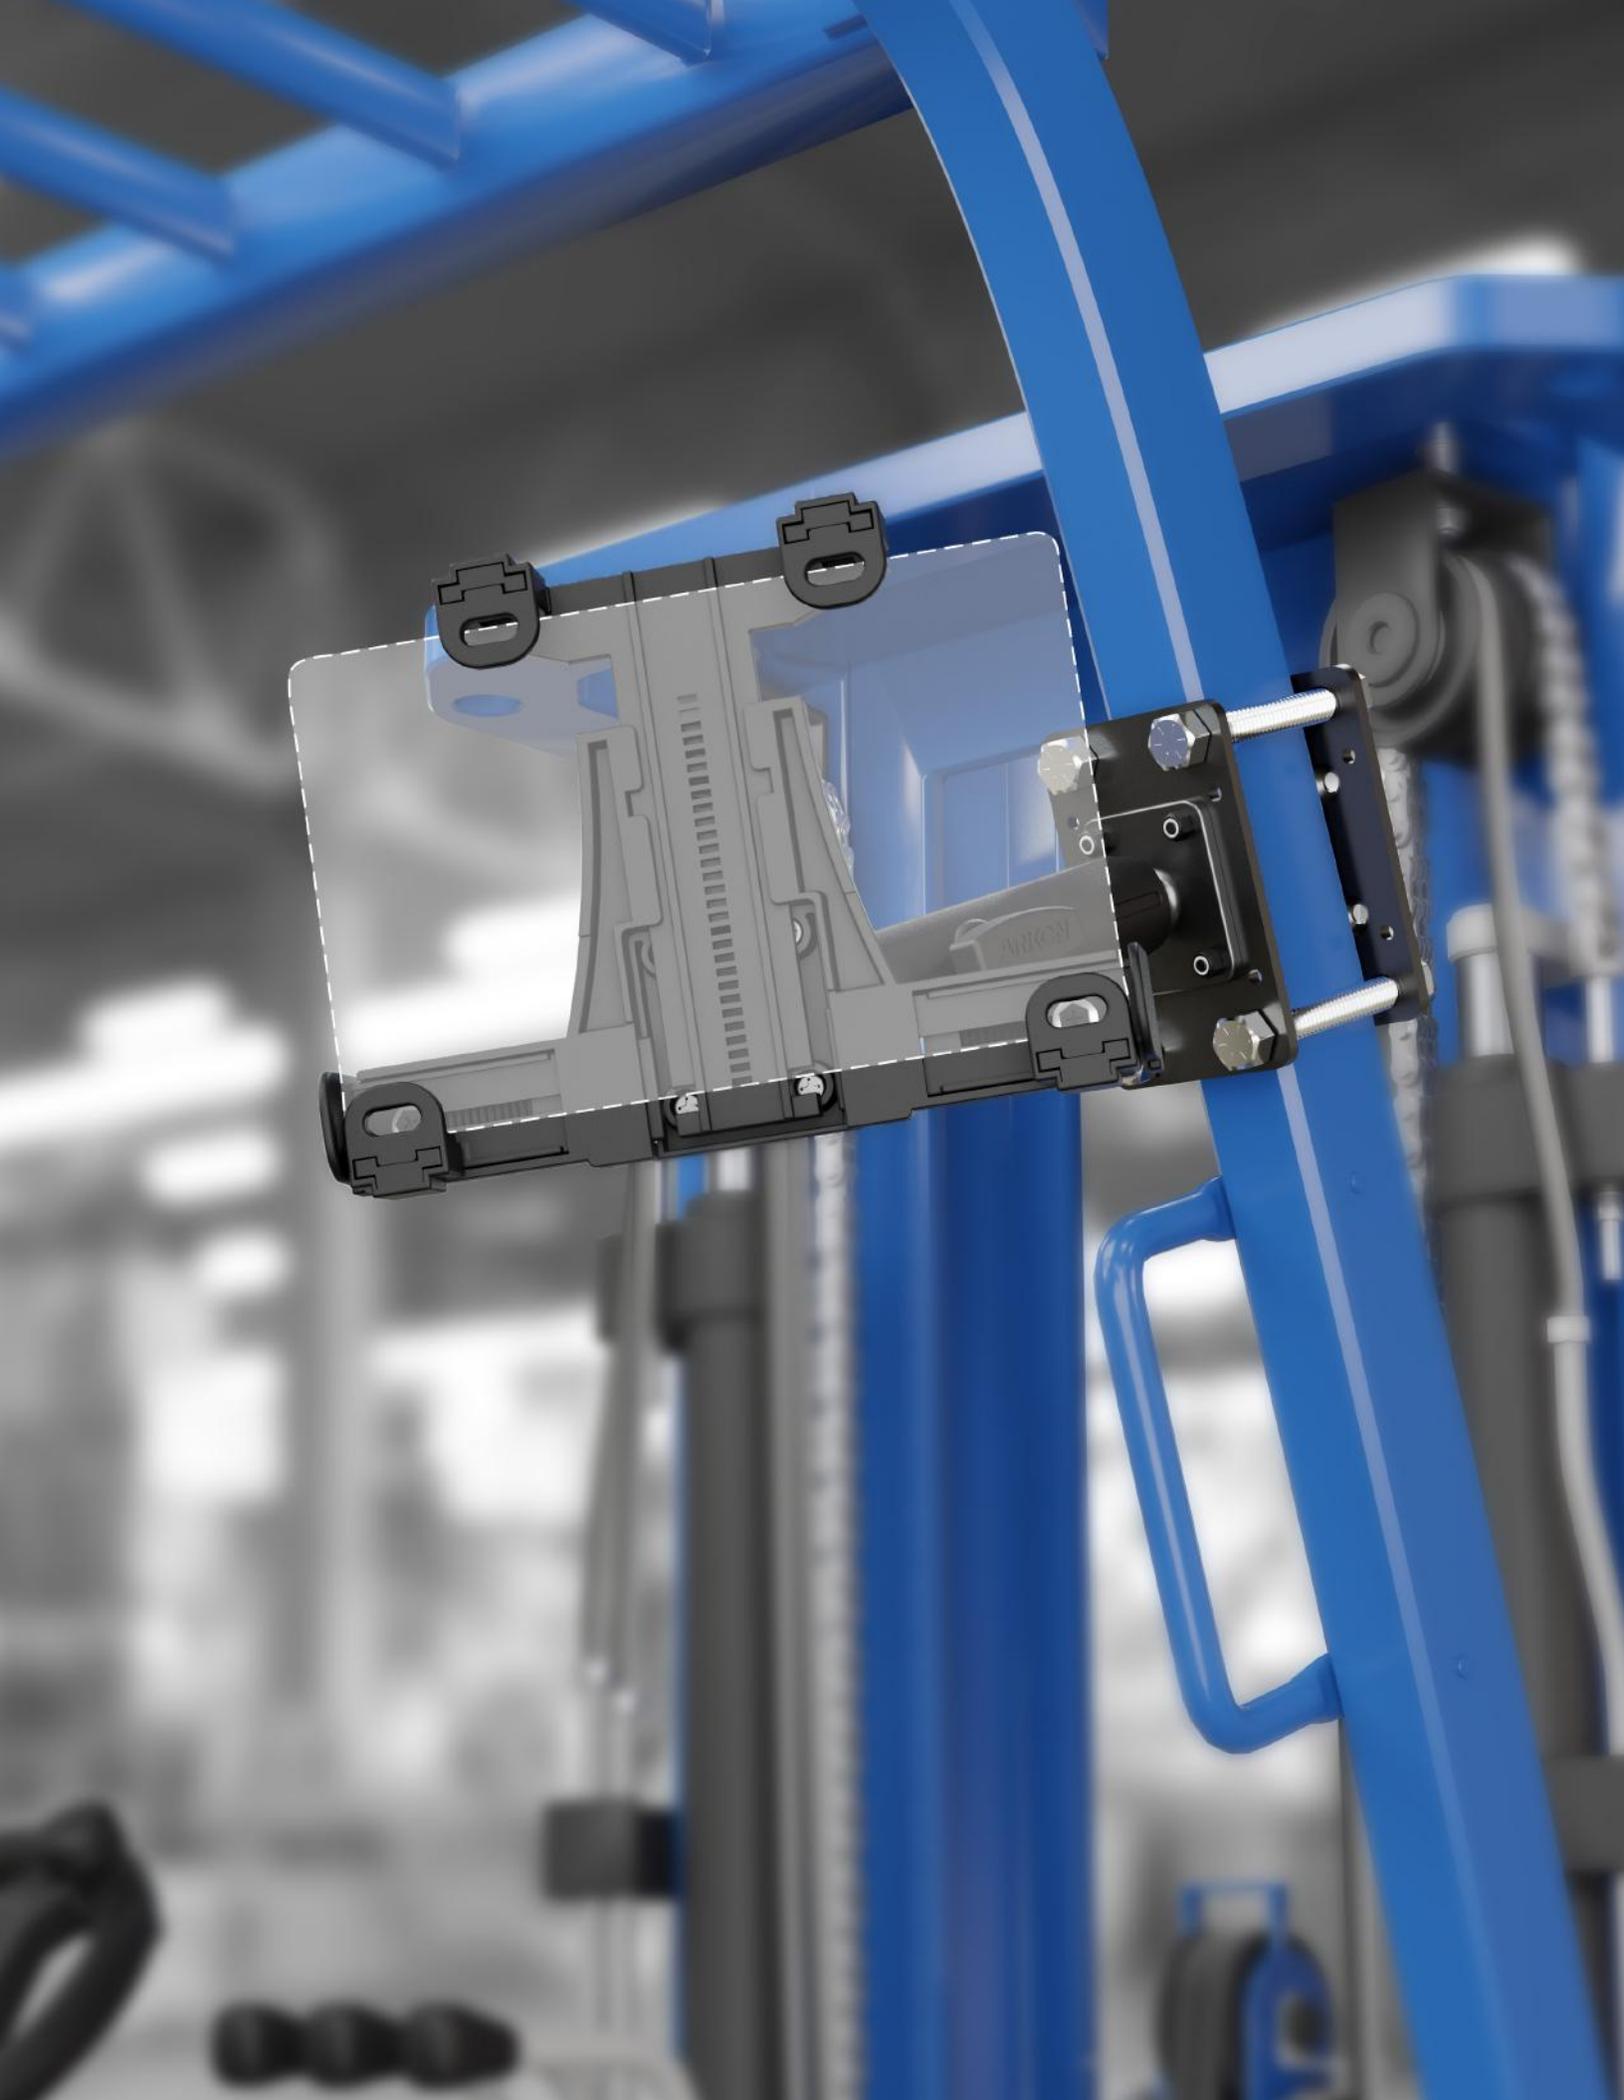

-  Key Lockable Tablet Cradle
-  Available in Multiple Ball Sizes
-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant-Materials

- Ideal for forklift pillars, pallet jacks, and other warehouse utilities
- Fits tablets 7" to 10.5" in screen size
- Includes locking universal tablet holder with keys and security hardware
- Heavy-duty steel and reinforced composite construction

Space-saving and tough. Arkon's Robust Series Forklift Pillar Locking Tablet Mount is an ideal solution when security and maximum adjustability is needed. Its 360°, double-ball shaft arm allows for the positioning of the tablet screen for maximum visibility while operating the forklift. The sturdy key-lockable tablet holder system is made of high-strength composite and includes two steel plates with a black powder coat finish for securely mounting to forklift pillars. It is proven to withstand tough environments, such as construction sites, factories, and warehouses.

ARKON MOUNTS®

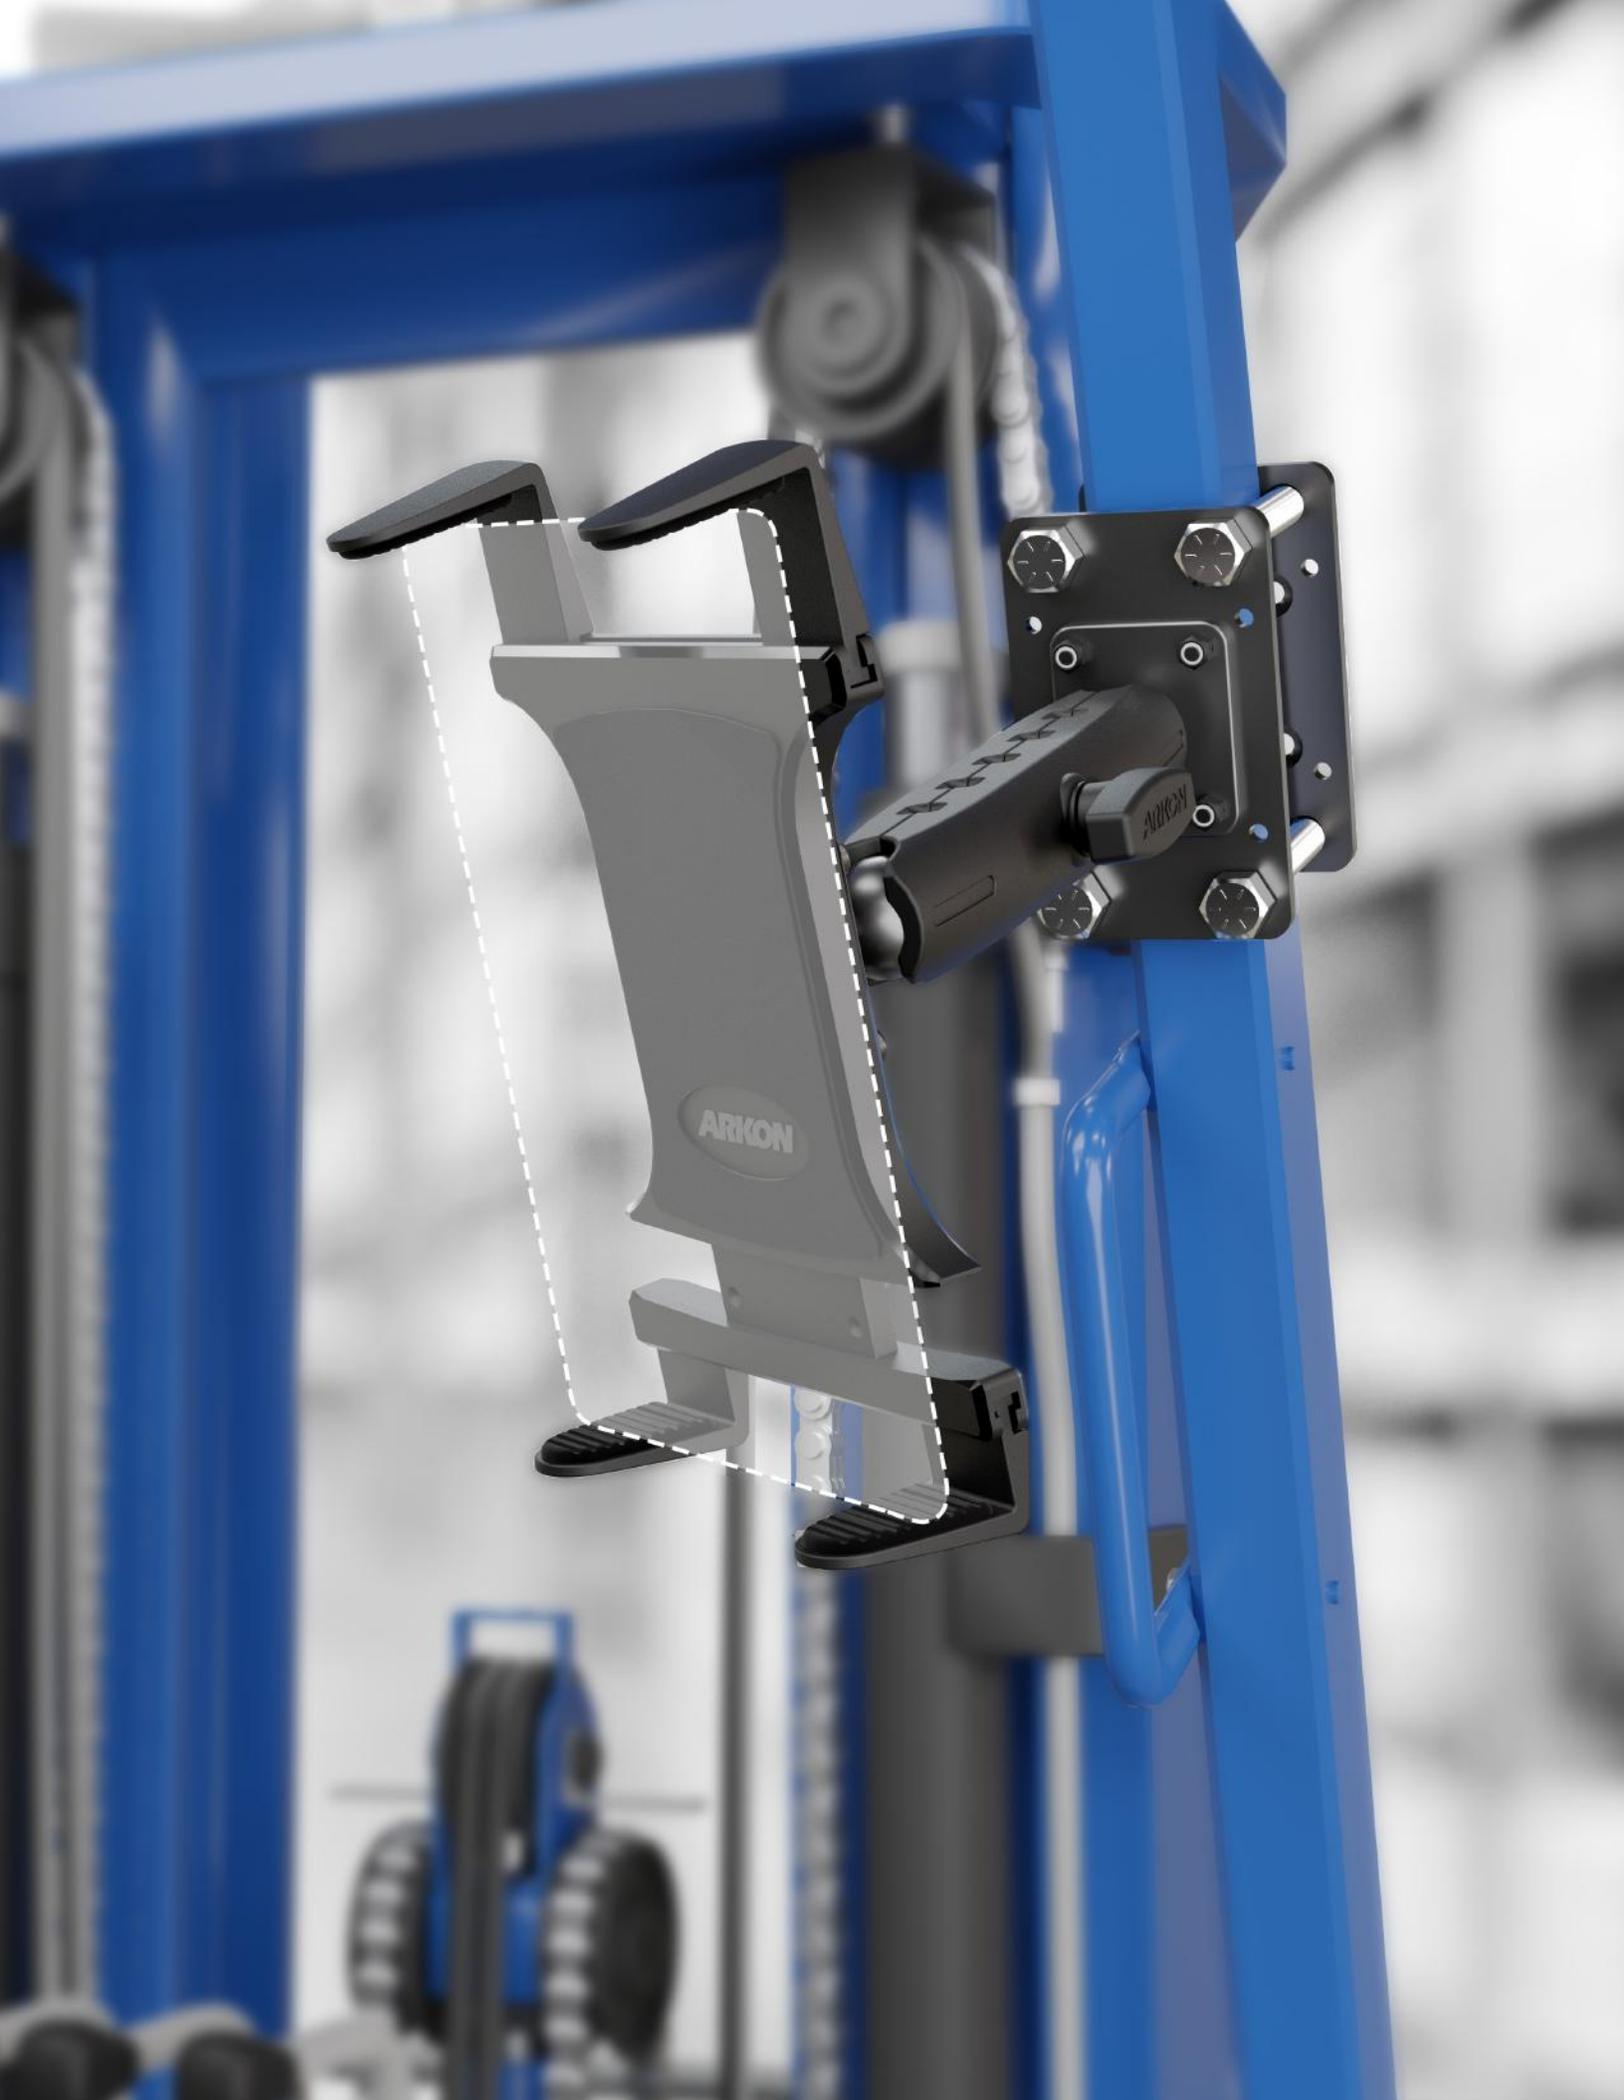

ROBUST SERIES FORKLIFT FRONT GUARD
TABLET MOUNT

-  Available in Multiple Ball Sizes
-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant-Materials

- Ideal for forklifts, pallet jacks, and other warehouse utilities
- Includes spring-loaded universal tablet holder with customizable support legs
- Heavy-duty steel and reinforced composite construction
- Fits tablets 7" to 18.4" in screen size holder with customizable support legs

Arkon's Robust Series Forklift Pillar Tablet Mount is the perfect companion for material handling and warehouse utility vehicle operators. The space-saving mounting base consists of two steel plates with a black powder coat finish. It includes heavy gauge steel mounting hardware made to last in rugged environments, such as construction sites, factories, and warehouses. The holder features a one-hand operation, spring-loaded design that allows for easy tablet insertion and removal. Double ball adjustment points provide flexibility and 360° visibility of the tablet screen at all times. Allowing seamless operation and reducing operator distractions.

ARKON MOUNTS®

FORKLIFT GUARD MOUNT DEVICE HOLSTER

-  Shaft Arm Length Customizable
-  Available in Multiple Ball Sizes
-  Corrosion Resistant-Materials

- Store a barcode scanner on a forklift pillar for ease of use in fulfillment centers, warehouses, or factories
- Heavy-duty steel and reinforced composite construction
- Holster available in composite or durable nylon

Arkon's Forklift Front Guard Mount Large Device Holder maintains a stable location for the barcode scanner holder. The base of the mount is made up of two pre-drilled powder coated steel plates that provide quick and easy installation. The large holder is perfect for placing your barcode scanner in any environment and easily accessible. This mount is compatible with 4-Hole AMPS components and can be mounted on any forklift guard.

ARKON MOUNTS®

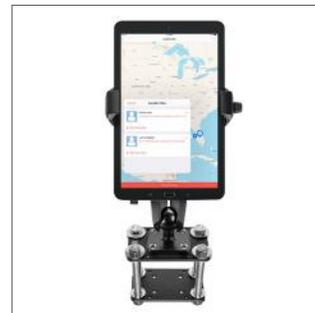

ROADVISE ULTRA™ FORKLIFT FRONT GUARD BRACKET PHONE AND TABLET MOUNT

-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant-Materials

- Compatible with all Phones and most Tablets
- Mount on forklift guard, pallet jack, warehouse vehicles
- Fits phones and tablets 2.43" to 5.25" in width.
- Heavy-duty steel and reinforced composite construction

Arkon's 5-inch RoadVise® Ultra™ Forklift Front Guard Bracket Phone or Tablet Mount is designed for use on a forklift, pallet jack, or other warehouse vehicles. This product is made with heavy gauge steel construction to last in tough environments, such as construction sites and factories. The two steel plates are powder coated and the installation hardware is stainless steel. The RoadVise Ultra™ unique design can grip a Phone, handheld terminal or Tablet and features a cavity compatible with Apple MagSafe® Charger or similar Qi wireless chargers. The rugged holder is spring-loaded and has an adjustment knob to fine-tune the grip for a stronger hold.

ARKON MOUNTS®

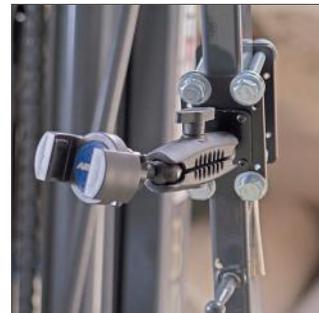

ROADVISE® FORKLIFT FRONT GUARD
PHONE/TABLET MOUNT

-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant-Materials

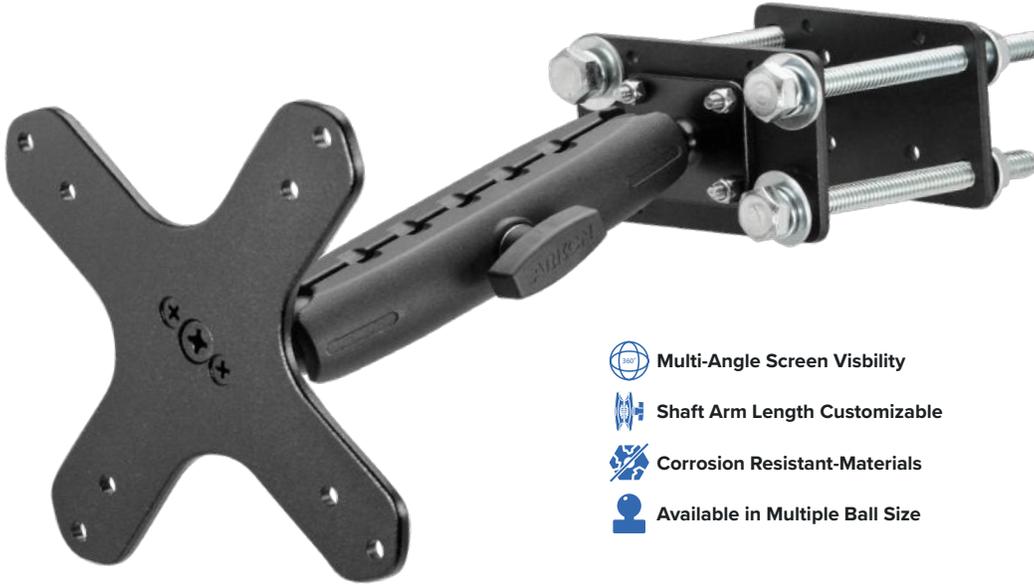

- Phone or tablet mount for forklift, pallet jack, and other warehouse utilities
- Includes RoadVise® spring-loaded universal phone holder
- Heavy-duty steel and reinforced composite construction

Arkon's RoadVise® Forklift Front Guard Phone/Tablet Mount's solid construction provides strength and reliability. Securely gripping smartphones and small devices with or without cases, up to 5" wide. It features a spring-loaded design to hold your device even when repositioning. The steel plate mounting system allows easy installation on forklifts, pallet jacks, racks, and warehouse workstations. The double ball shaft arm provides 360° viewing of the device screen. Creating a more convenient work environment by placing devices where they can easily be seen.

ARKON MOUNTS®

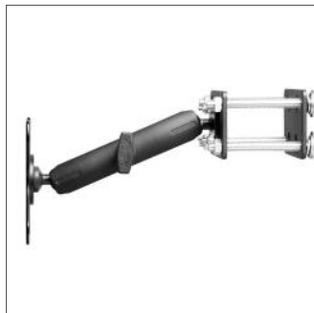

ROBUST SERIES FORKLIFT FRONT GUARD VESA MOUNT

-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant Materials
-  Available in Multiple Ball Size

- Mounts on forklift guard, pallet jack, warehouse vehicles
- Heavy-duty steel and reinforced composite construction
- Designed to mount VESA 75 & 100 compatible devices

Robust Series Forklift Front Guard VESA Mount is specifically designed to mount a VESA 75 & 100 compatible device on forklift pillars or brackets, pallet jacks, or other warehouse vehicles. Consisting of two steel plates with a black powder coat finish and accompanying mounting hardware, this system is made with heavy gauge steel construction to last in tough environments. This mount is composed of a Robust Mount shaft with double ball adjustment points and a 4-Hole AMPS Adapter. Secure installation is quick and easy with included stainless steel hardware.

ARKON MOUNTS®

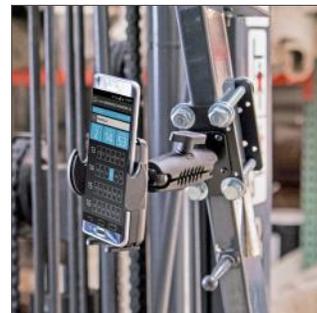

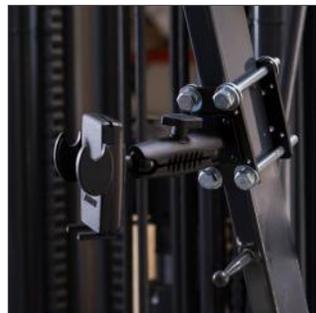

MEGA GRIP FORKLIFT FRONT GUARD PHONE MOUNT

-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant Materials

- Compatible with all phones up to 3.62" wide
- Heavy-duty steel and reinforced composite construction
- Mounts on forklift guard, pallet jack, warehouse vehicles

The phone holder's unique spring-loaded side-arm mechanism provides a strong grip that's easy to use, yet makes it easy to insert or remove the smartphone. Just set your phone in the holder and close the arms to lock in place. A push of the holder's side button releases the phone. The space-saving mounting base consists of two steel plates with a black powder coat finish. It includes heavy gauge stainless steel mounting hardware made to last in rugged environments. The double ball shaft arm provides 360° viewing of the device screen. Creating a more convenient work environment by placing devices where they can easily be seen.

ARKON MOUNTS®

ROBUST SERIES FORKLIFT FRONT GUARD AMPS MOUNT

-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant Materials
-  Available in Multiple Ball Sizes

- Mounts on forklift guard, pallet jack, warehouse vehicle
- Heavy-duty steel and reinforced composite construction
- Designed to mount 4-hole AMPS compatible devices

Robust Series Forklift Front Guard AMPS Mount is specifically designed to mount a 4-hole AMPS compatible device on forklift pillars or brackets, pallet jacks, or other warehouse vehicles. Consisting of two steel plates with a black powder coat finish and accompanying mounting hardware, this system is made with heavy gauge steel construction to last in tough environments. This mount is composed of a Robust Mount shaft with double ball adjustment points and a 4-Hole AMPS Adapter. Secure installation is quick and easy with the included stainless steel hardware

ARKON MOUNTS®

POWERED TABLET LOCKBOX FORKLIFT FRONT GUARD MOUNT FOR SAMSUNG GALAXY TAB A7 LITE 8.7

- For Samsung Galaxy TAB A7 Lite 8.7
- Key lockable tablet holder for forklift front post or pallet jack
- Includes heavy-duty locking holder, AMPS mount, and charging harness
- Heavy-duty steel and reinforced composite construction

Key Lockable Tablet Cradle

Multi-Angle Screen Visibility

Corrosion Resistant-Materials

SEE PAGE 55 FOR PRODUCT SKU

Securely install a Samsung Galaxy Tab A7 Lite 8.7 on your forklift pillar, pallet jack, or other warehouse vehicle with Arkon's Tablet Lock Box Forklift Pillar Mount. The tablet is protected by a durable protective case with integrated charge port ensuring the tablet is being charged at all times. The locking cradle has a spring loaded design that securely grips the tablet while in use. Optional locking mechanism is included. Cutouts are provided in the tablet enclosure for easy access to the camera, power button, and power outlet. The lock box features a hand strap for easy handling of the tablet outside of the vehicle, and a 3 Amp quick charging system designed to not overcharge the battery while providing appropriate power to the tablet.

ARKON MOUNTS®

FORKLIFT FRONT GUARD MOUNT

 Corrosion Resistant-Materials

- Use forklift mount to attach devices on forklift
- 4-hole AMPS pre-drilled hole pattern
- Heavy-duty steel construction
- Stainless steel mounting hardware included

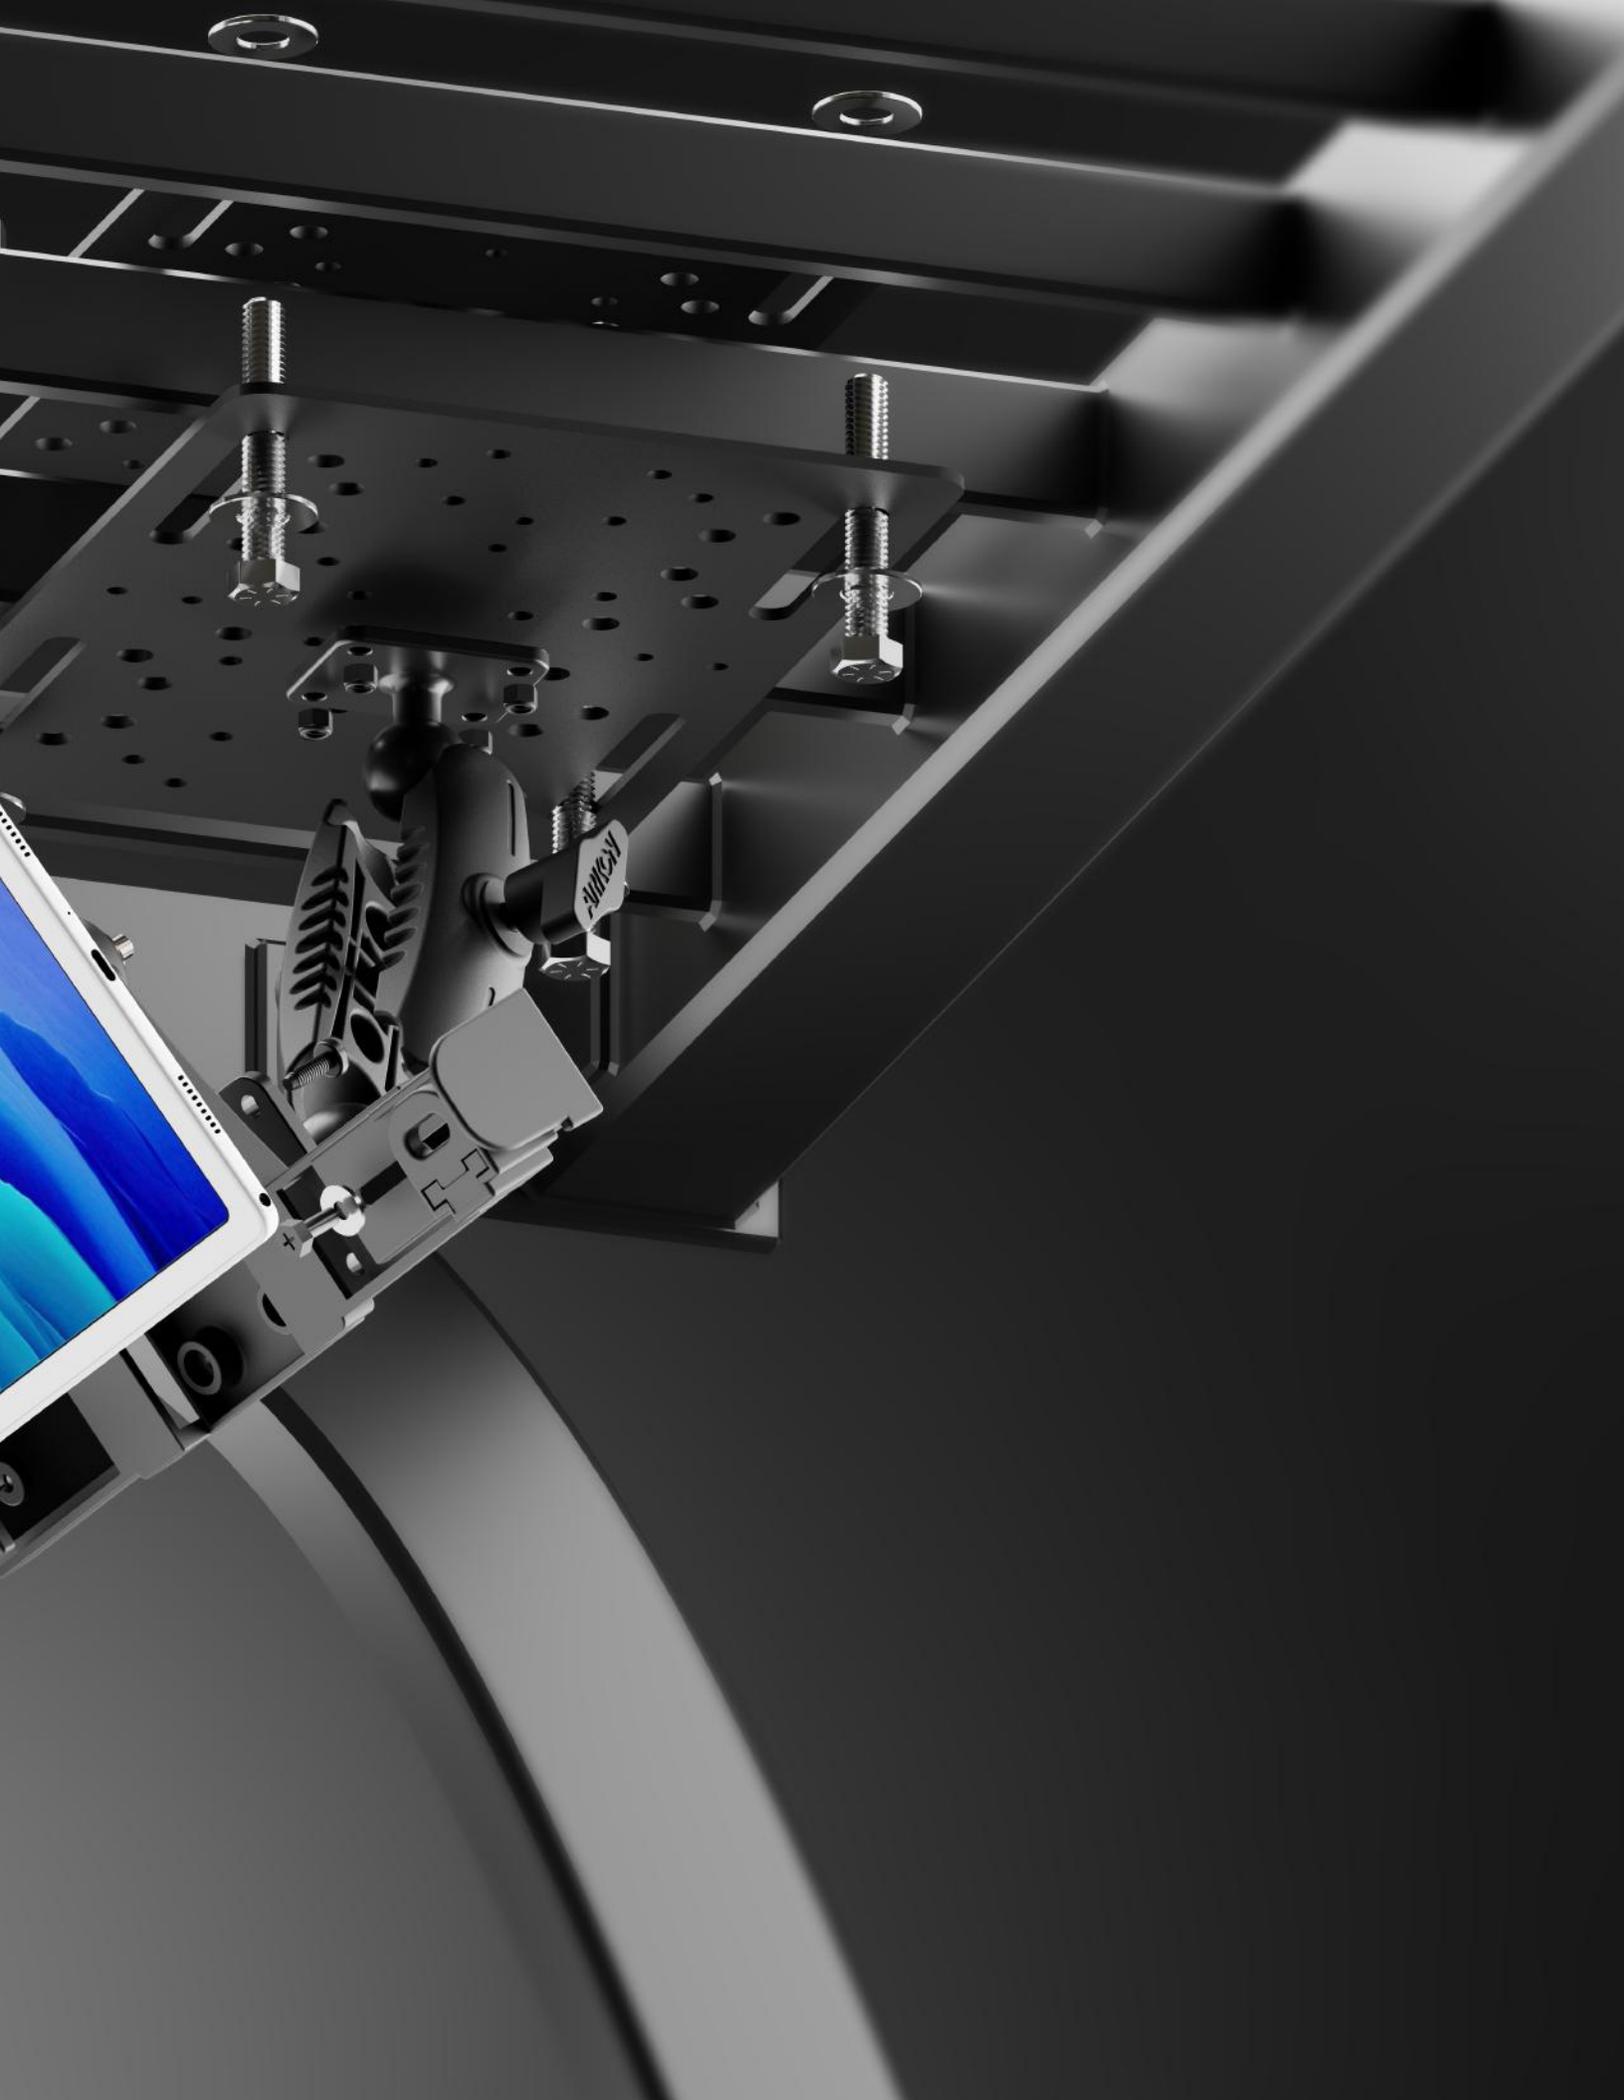

Consisting of two steel plates with black powdercoat finish and accompanying stainless steel mounting hardware, FLIFT02 is made with heavy gauge steel construction.

ARKON®

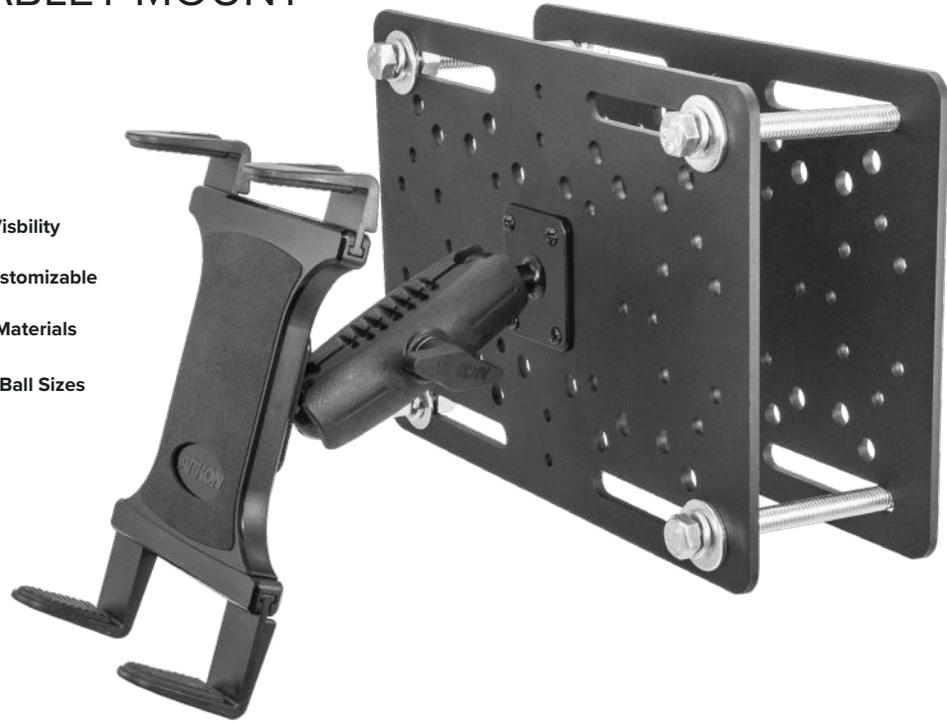

FORKLIFT OVERHEAD GUARD DEVICE MOUNTS

ARKON MOUNTS®

ROBUST SERIES FORKLIFT OVERHEAD GUARD TABLET MOUNT

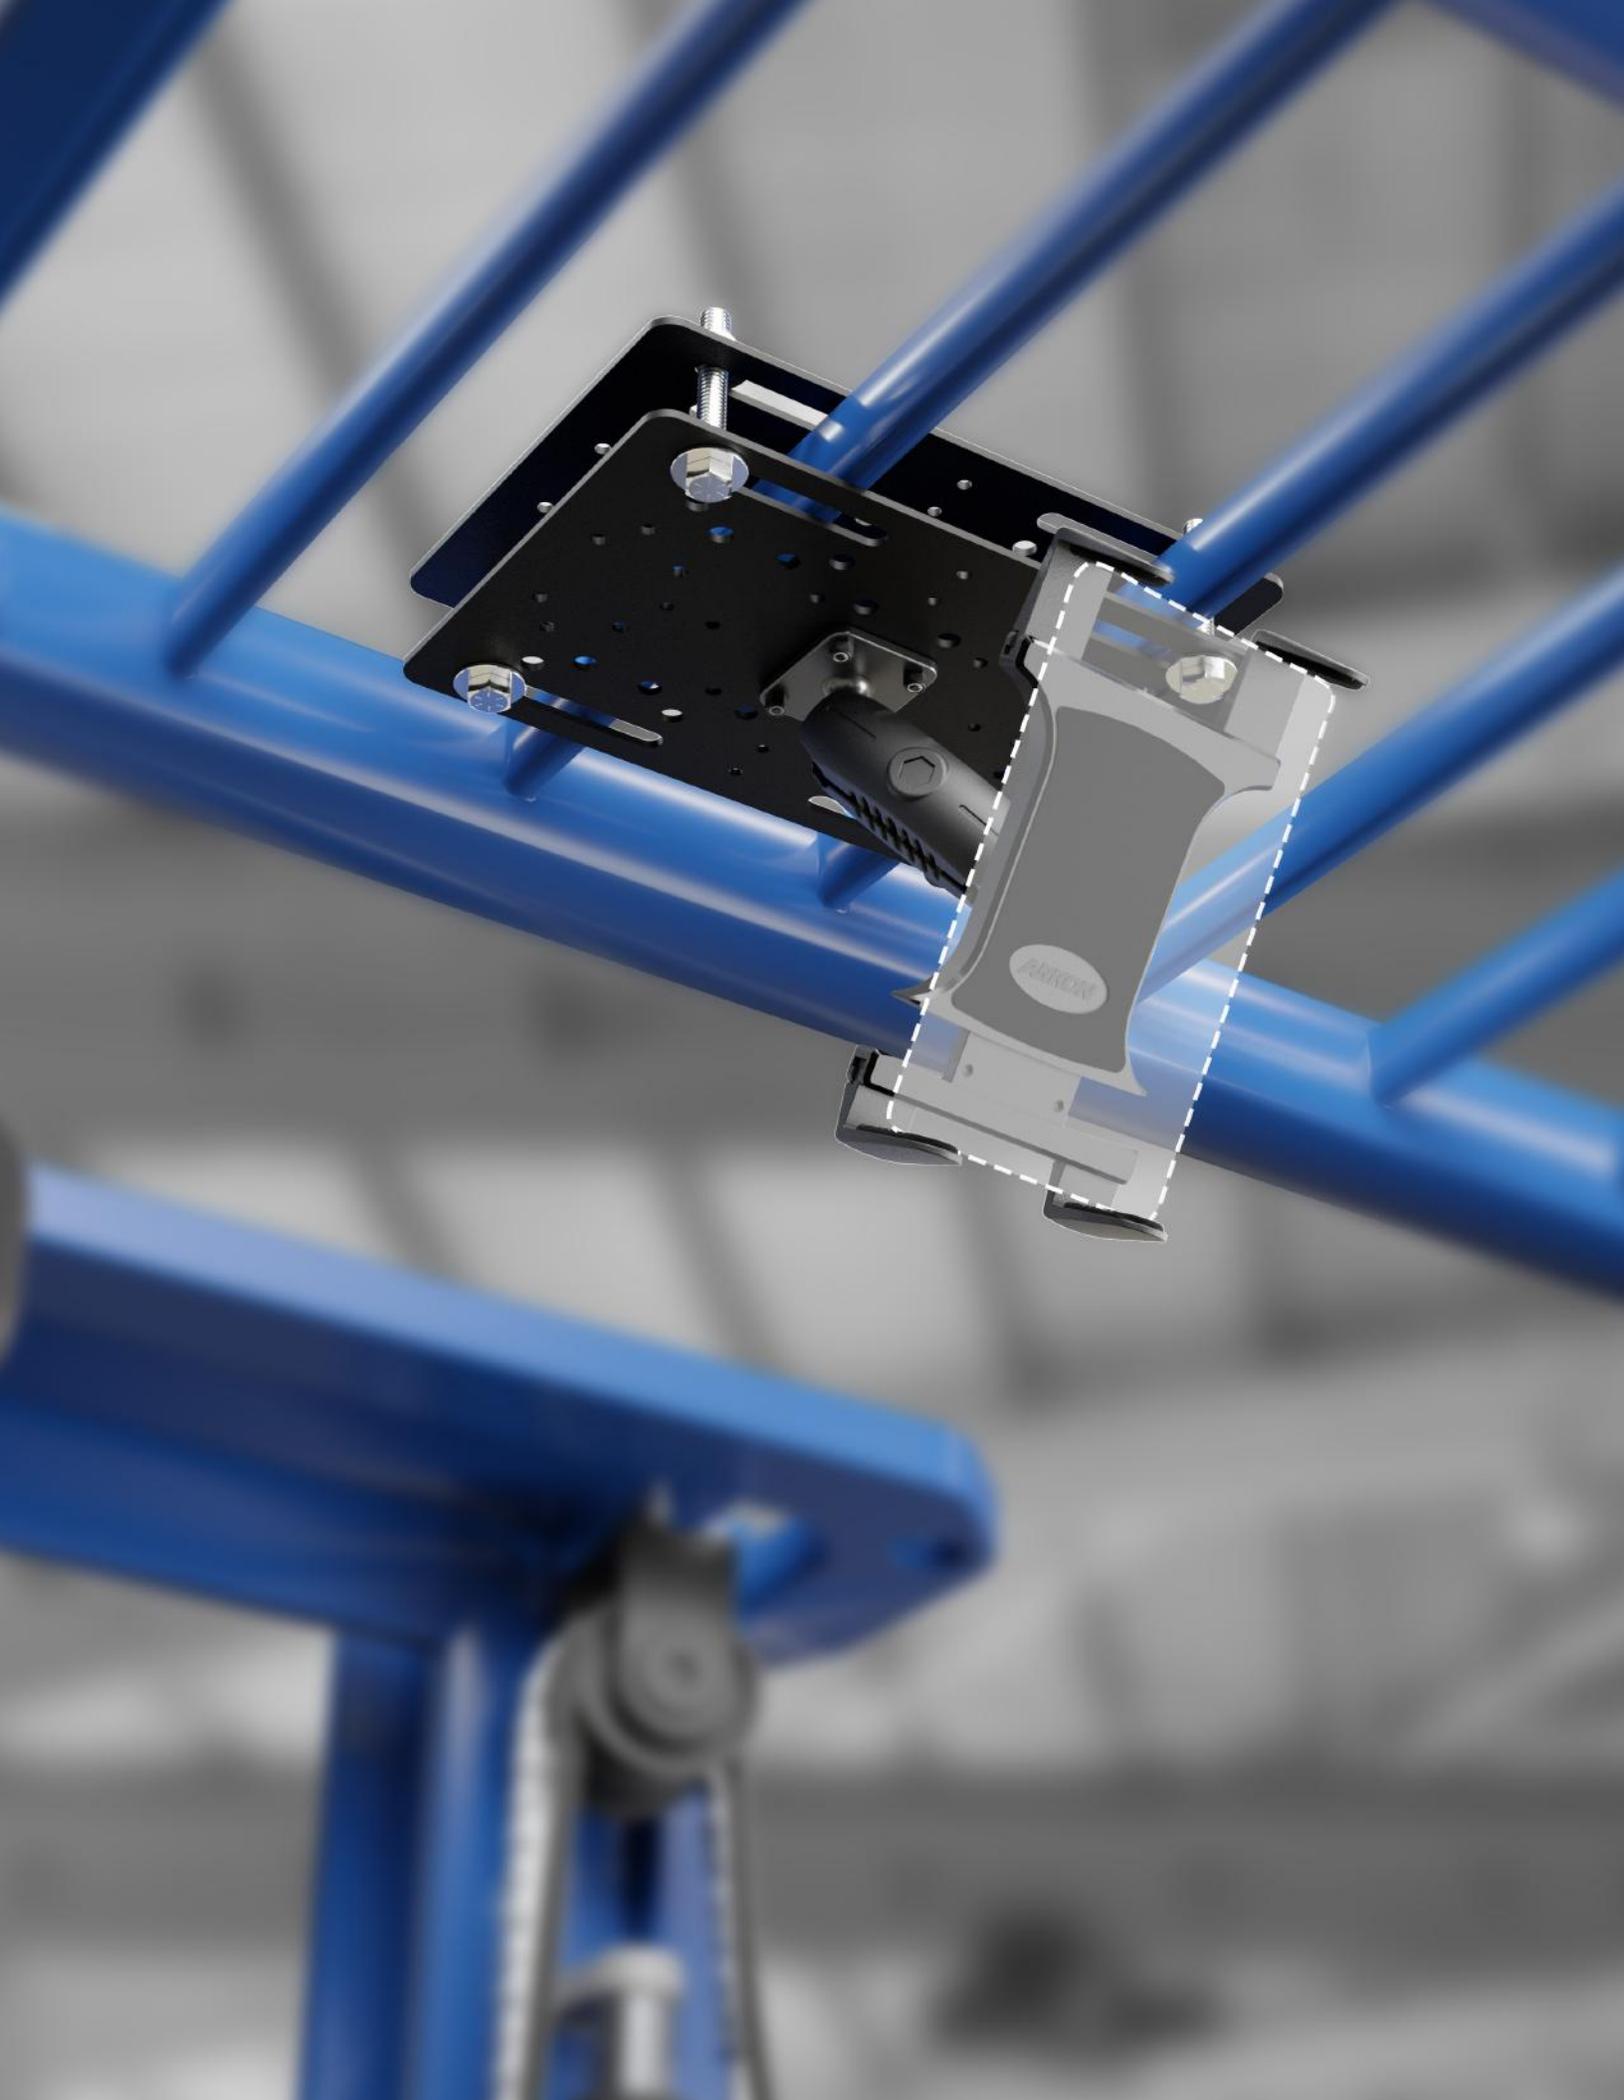

-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant Materials
-  Available in Multiple Ball Sizes

- Ideal for forklift overhead guard mounts
- Includes spring-loaded universal tablet holder with customizable support legs
- Fits tablets 7" to 18.4" in screen size
- Mounting plate features 4-Hole AMPS pattern
- Heavy-duty steel and reinforced composite construction

Specifically designed for use on forklift overhead guards, the mounting system offers a variety of bolt positioning options to insert between the guard beams securely. The system includes two heavy gauge steel plates with a black powder coat finish, metal or reinforced composite shaft arms, and Arkon's Slim-Grip Universal Tablet Holder. Multiple size holes (4.9mm, 5.7mm, and 8.5mm) and hole patterns are pre-drilled into the plate, including 4-Hole AMPS, VESA 75, and VESA 100. Allowing multiple device mounting options for future-proofing your material handling operations. the connector conveniently attached to your tablet.

ARKON MOUNTS®

**ROBUST SERIES FORKLIFT OVERHEAD GUARD
LOCKING TABLET MOUNT**

-  Key Lockable Tablet Cradle
-  Available in Multiple Ball Sizes
-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant-Materials

- Ideal for forklift overhead guard mounts
- Includes aluminum locking universal tablet holder with hardware
- Fits tablets 7" to 10" in screen size (XL 12.9" holder available)
- Mounting plate features AMPS, VESA 75 & 100 hole patterns
- Heavy-duty steel and reinforced composite construction

Made of durable aluminum, Arkon's universal locking tablet holder is a rugged solution for securely mounting tablets to forklift overhead guards. Its vertical and horizontal adjustment points provide compatibility for tablets 7" to 10" in screen size. The mounting system consists of two high-strength steel plates with a black powder coat finish and accompanying mounting hardware. With multiple-size holes and holes, patterns pre-drilled into the plate, including 4-Hole AMPS, VESA 75, and VESA 100 for mounting various devices. The fully adjustable double ball shaft arm offers endless viewing angle options.

ARKON MOUNTS®

FORKLIFT OVERHEAD GUARD LOCKING TABLET HOLDER MOUNT

-  Key Lockable Tablet Cradle
-  Available in Multiple Ball Sizes
-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Corrosion Resistant-Materials

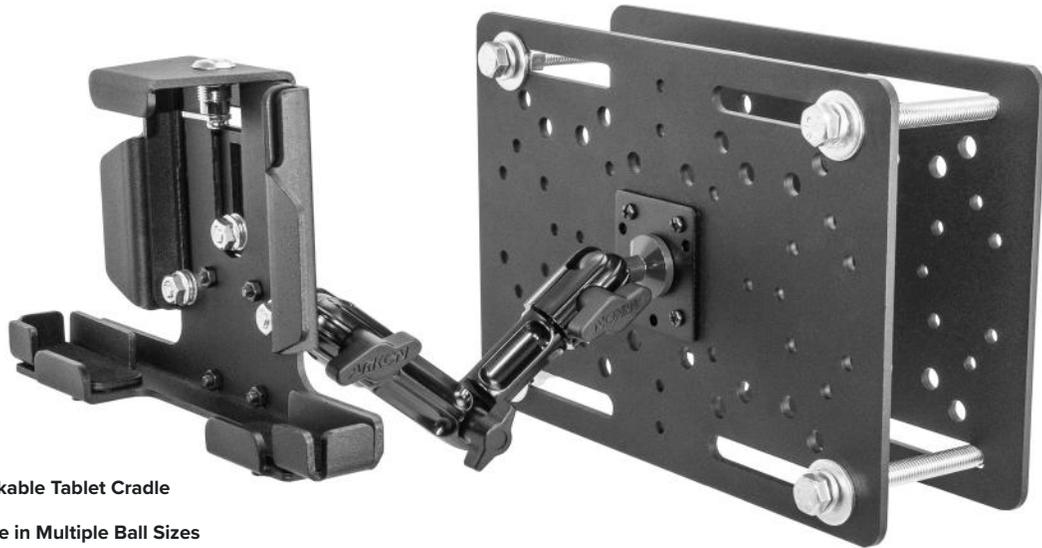

- Ideal for forklift overhead guard mounts
- Includes locking universal tablet holder with keys and security hardware
- Mounting plate features 4-Hole AMPS, VESA 75, VESA 100 hole patterns
- Fits tablets 7" to 10.5" in screen size
- Heavy-duty steel and reinforced composite construction

Arkon's Forklift Overhead Guard Locking Tablet Holder Mount is the perfect tablet mounting solution for material-handling vehicle operators and creates a more convenient work environment. It's reinforced composite holder includes multiple horizontal and vertical adjustment points and is compatible with tablets having 7"-10.5" screen size, including Samsung and Apple tablets. The mounting system consists of two high-strength steel plates with a black powder coat finish and accompanying stainless steel mounting hardware. With multiple-size holes and holes, patterns pre-drilled into the plate, including 4-Hole AMPS, VESA 75, and VESA 100 for mounting various devices.

ARKON MOUNTS®

FORKLIFT OVERHEAD GUARD MULTI-ANGLE LOCKING TABLET HOLDER MOUNT

Key Lockable Tablet Cradle

Available in Multiple Ball Sizes

Multi-Angle Screen Visibility

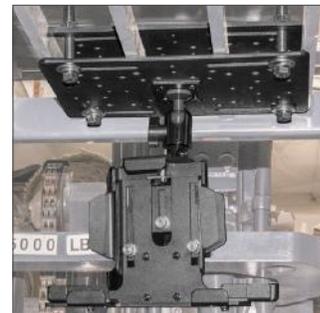

Shaft Arm Length Customizable

Corrosion Resistant-Materials

- Ideal for forklift overhead guard mounts
- Includes aluminum locking universal tablet holder with hardware
- Fits tablets 7" to 10" in screen size
- Mounting plate features 4-Hole AMPS, VESA 75 & 100 hole patterns
- Heavy-duty steel construction

Arkon's Overhead Guard Locking Metal Tablet Holder Mount is made with heavy gauge steel construction. Built to perform and last in tough environments, such as construction sites, factories, and warehouses. This mount also includes an 8" heavy-duty multi-angle pedestal and a Metal Universal Locking Tablet Holder, which features a key lock that keeps the tablet securely in place. The mounting system consists of two high-strength steel plates with a black powder coat finish and accompanying mounting hardware. With multiple-size holes and holes, patterns pre-drilled into the plate, including 4-Hole AMPS, VESA 75, and VESA 100 for mounting various devices.

ARKON MOUNTS®

**ROBUST SERIES FORKLIFT OVERHEAD GUARD
AMPS MOUNT**

-  Multi-Angle Screen Visibility
-  Shaft Arm Length Customizable
-  Available in Multiple Ball Sizes
-  Corrosion Resistant-Materials

- Ideal for forklift overhead guard mounts
- Designed to mount 4-hole AMPS compatible devices
- Mounting plate features 4-Hole AMPS, VESA 75, VESA 100 hole patterns
- Heavy-duty steel and reinforced composite construction

Easily mount and secure an AMPS-compatible device on forklifts, pallet jacks, or other warehouse vehicles with Arkon's Robust Series Forklift Overhead Guard AMPS Mount. The mounting system consists of two high-strength steel plates with a black powder coat finish and accompanying mounting hardware. The double ball shaft arm provides 360° positioning of the device. Allowing forklift operators visibility of the screen and creating a more convenient work environment.

ARKON®

STEADYMAG™ DEVICE
MOUNT SYSTEM

ARKON MOUNTS®

STEADYMAG™ MAGNETIC MOUNT WITH SLIM-GRIP® UNIVERSAL TABLET HOLDER

 Multi-Angle Screen Visibility

 Corrosion Resistant Materials

- High-strength magnetic hold
- Fits tablets 7" to 18.4" in screen size
- Support legs are customizable and adjustable
- Heavy-duty steel and reinforced composite construction

This innovative tablet holder is designed to mount onto any metal surface, giving you the freedom to use your tablet in any position. With its adjustable legs, you can customize the holder to fit your tablet securely and prevent any accidental falls or slips. Once mounted, you can adjust the tablet holder to your preferred viewing angle, allowing you to work comfortably and efficiently. It is the perfect accessory for forklift or material-handling vehicle operators.

ARKON MOUNTS®

STEADYMAG™ MAGNETIC MOUNT WITH LOCKING TABLET HOLDER

- High-strength magnetic hold
- Fully adjustable and key lockable
- Fits tablets 7" to 10.5" in screen size
- Heavy-duty steel and reinforced composite construction

Featuring a magnetic mount, the locking tablet holder can be easily attached to any flat surface, and it is specifically designed for use on forklifts or material-handling vehicles. Its sturdy construction ensures that your tablet stays in place even when the vehicle is in motion. The locking mechanism provides an additional layer of security, ensuring that your tablet is safe and protected from theft or damage.

ARKON MOUNTS®

STEADYMAG™ MAGNETIC MOUNT WITH LARGE BARCODE SCANNER & DEVICE HOLSTER

 Corrosion Resistant-Materials

- High-strength magnetic hold
- Holder allows you to holster the scanner gun when not in use
- For ease of use in fulfillment centers, warehouses, or factories
- Heavy-duty steel and composite construction

Made from high-quality, reinforced composite materials, this barcode scanner/device holder is tough enough to withstand the rigors of everyday use in even the busiest warehouses and distribution centers. It is designed to magnetically mount to forklifts, making it easy to install and remove when required. The device holder is compatible with most standardized scanners and mobile devices, providing operators with the convenience of having their devices within easy reach without worrying about misplacing them or causing accidents.

ARKON MOUNTS®

STEADYMAG™ MAGNETIC MOUNT WITH ROADVISE® PHONE HOLDER

 Multi-Angle Screen Visibility

 Corrosion Resistant-Materials

- High-strength magnetic hold
- Adjustment knob to set the fit for your device
- Holds devices up to 5.25 inches wide
- Heavy-duty steel and reinforced composite construction

Our Magnetic Phone/Device Holder uses powerful magnets to securely attach to any forklift or material handling vehicle's metal surface, providing a stable and safe platform for your device. The adjustable design of the holder ensures that it can accommodate a wide range of devices, from smartphones to tablets, and can be adjusted to fit any viewing angle. Making it easy for workers to stay connected while on the job.

ARKON MOUNTS®

STEADYMAG™ MAGNETIC MOUNT WITH UNIVERSAL BARCODE/DEVICE HOLSTER

 Corrosion Resistant-Materials

- High-strength magnetic hold
- Heavy-duty steel construction
- Holder allows you to holster the barcode scanner when not in use

This barcode scanner/device holder is an essential tool that helps to improve workflow efficiency and reduce the risk of accidents. It provides easy access to devices, reducing the time spent searching for them. The device holder's magnetic mounting feature means that it is easy to install, remove, and reposition, allowing the forklift operator to adjust it according to their preferences. It provides convenience, safety, and ease of use, making it the perfect addition to any forklift operator's arsenal.

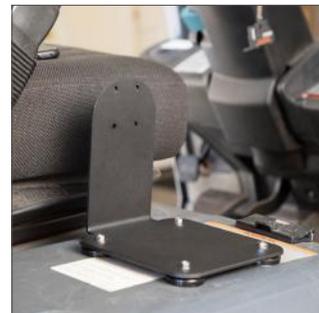

ARKON MOUNTS®

STEADYMAG™ MAGNETIC MOUNTING PLATE

 Corrosion Resistant Materials

- High-strength magnetic hold
- Connects to 4-Hole AMPS compatible mounts and components
- Heavy-duty steel construction

Arkon's SteadyMag™ Magnetic Mounting Plate solutions are a perfect accessory for any forklift operator who needs to install AMPS mounting pattern devices or other utilities to aid in warehouse and material handling tasks. The plate is made of strong steel, which ensures durability and longevity. Whether you need to install a barcode scanner, tablet holder, or other utilities, this plate can accommodate them all. Simply place the plate on a flat surface and let the magnets do the rest.

FORKLIFT GUARD MOUNT LARGE HOLSTER

 Shaft Arm Length Customizable

 Corrosion Resistant Materials

 Available in Multiple Ball Sizes

- Mount on forklift guard, pallet jack, warehouse vehicles
- 38mm (1.5 inch) ball compatible
- 4-Hole AMPS compatible
- Heavy-duty steel and reinforced composite construction

Arkon's Large Holster Magnetic Forklift Mount utilizes a strong magnet base for a quick and secure installation. The magnetic base is heavy-duty and can be attached to any flat metal surface. The large holster is perfect for placing your barcode scanner in any environment and is easily accessible. This mount is compatible with 4-Hole AMPS components.

ARKON MOUNTS®

HEAVY-DUTY METAL AMPS MOUNT
57MM BALL COMPATIBLE
 Corrosion Resistant Materials

- Compatible with devices with 4-Hole AMPS pattern
- Round metal mount base attaches to solid, flat surfaces
- Available in 5" and 8" shaft lengths
- Powder coated aluminum

This heavy-duty metal 4-Hole AMPS mount is part of Arkon's Robust Series. Ideal for commercial use, it features Arkon's metal 57mm (2.25 inch)-compatible shaft arm with circular metal AMPS drill base as well as an AMPS head. It can be combined with our line of forklift pillar or overhead guard mounts, or drilled into solid, flat surfaces, where an extremely durable mount that can hold heavy weight and withstand extreme vibration is required.
