Since 1994

The best technology works effortlessly, elegantly, even emotionally, to improve the space around you without complication or aesthetic compromise. The essence of true luxury is the experience.

At Dubai Audio, we believe deeply in the exhilarating and irresistible experience of luxury home entertainment. High-fidelity sound, stunning visual clarity, sophisticated design, and not least, effortless ease of use are the hallmarks of all we have to offer.

Our range of products and services meet the needs of discerning home and commercial buyers, as well as consultants, architects, contractors and interior designers. As distributors we exercise rigorous oversight over the dealers we work with, ensuring they provide a level of service and expertise that meets our own demanding standards.

As pioneers in bringing cutting-edge home entertainment solutions to the UAE and across the Middle East, we have established a global reputation for innovation and integrity that makes us the go-to resource for world-class brands looking to enter the region.
