# Effective Emergency Response Starts Here

## 1. Build Kits

Gather essential supplies already on hand, such as bottled water, food, first aid items, and personal care products. Then, acquire any additional critical resources to ensure your team is fully equipped for emergency response efforts.

## 2. Activate Your Plan

Collaborate with your team to execute your emergency response plan, ensuring it meets your organization's specific needs.

## 3. Stay Informed

Keep your team up-to-date and prepared with real-time emergency alerts for swift and effective action.

## 4. Recap & Improve

After the emergency, review your response efforts with your team to identify key learnings and areas for improvement, so you're even better prepared next time.

Be prepared, stay safe, and let DollarDays assist you in both preparation and in times of need.

**Call us at (866) 942-4483 to learn how we can help.**
