WELCOME TO
World Finds

Hello! WorldFinds is a brand of ethically sourced jewelry, accessories, and gifts that partners with women artisans across the globe through fair trade.

Sustainability is embedded in everything we do. We thoughtfully consider every detail, and create designs that have the most impact in our artisan partners' communities and the least on the planet. Our designs use elements like repurposed textiles and scraps of wood, all reimagined with a modern aesthetic.

We wouldn't be celebrating 24 years without your support! Thank YOU for making a conscious choice to shop ethically. You're truly helping to create a chain of goodness around the world.

HOW ITS MADE

The Original Kantha Jewelry

These colorful & sustainable styles are resourcefully crafted to make use of materials on hand. They've been creating joy since our first collection launched over 13 years ago!

- 1 Artisans start by carving beads from scraps of reclaimed wood from local furniture factories.

- 2 Next, they cover the wooden beads with repurposed Kantha & Sari fabric, giving the textiles a new life!

- 3 Then, they create amazingly textured jewelry & accessories using the colorful fabric beads.

- 4 This work & your support of our Original Kantha Jewelry creates incredible impact in artisan communities!

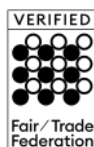

meet our artisan partners!

These amazing women are at the heart of all we do!

Our designs create impact in marginalized artisan communities across India, Bangladesh, and Indonesia.

Twenty-four years of fair trade partnerships have helped create & sustain jobs that provide economic self-sufficiency. Artisans receive fair wages, training, healthcare, childcare and have a renewed sense of pride.

We work closely with our artisan partners & see this change first-hand: Fair trade helps empower women, send children to school, and transform communities.

*WorldFinds is a proud, vetted member
of the Fair Trade Federation.
